ARTMISTICE DAY

ARMISTICE DAY was spent in Santa Maria by the military organization of these three people. Mr. Williams is now the proud possessor of his Poly, and he is still Leoncino in nature and soon after the parade started. The Dorm company football team, which was escorted to a new yell, "Billie Harris," introduced a new yell. After tossing up for uniforms the two companies during the game. The Dorm team outscored the tomm team a few pounds, but the Dorm team was brought up by Mrs. A. P. Agosti, Coach, Poly's 11-0.
EXERCISE AND HEALTH

"All work and no play makes Jack a dull boy" is a saying often quoted and has been found to be true. To prove this, I don't have to bore you with investigations made by health centers and the like, but by an observation that has been made here at school.

On Thursday, November 8, a count was taken from the dormitory, of the boys who were out for some athletic activity after school, and out of the 81 occupants there were 42 on the field, either for football, basketball, or trying their skill on the tennis courts. It has also been noticed that those are the fellows who keep up their health and are successful on the sick list for some little cause.

The prescription is necessary and a certain time should be set aside for that class. That is why the fifth period, which is used for such—to give every boy a chance to limber up and to get exercise that he needs for his own good.

If you notice, the majority of boys follows out for athletics take advantage of that period as well as the town athletes. On the other hand, there are the boys who need the exercise—those who, around and watch the others, and are afraid in saying are the ones who "crash" about drill period.

However, that 45 minutes of recreation does us harm and more good than we realize, so it is in our advantage to make the best use of it. We feel in form, and we're sure that more fun will be the result of it.

EULOGY TO POLY'S MILITARY PROWESS

As an unprejudiced spectator watching from the sidelines, I would say, that the Captain Deuel and to the Poly boys on the fine show they made last Monday at Santo Maria. With Captain Deuel and his platoon they marched with a bearing and a manner that made me proud over the fine appearance of the boys. Beyond a doubt the Poly boys made the finest marching was splendidly done.

The confidence and spirit in the line of March. They looked snappy and clean-cut and their hard play. As individual boys and as a unit they made a fine impression. As individuals.

I would like to mention Lummis, Patchett, Moore, Harris, Harthorne, Mitchell, and Fillmore. Mitchell marched with a bearing that I thought would be a fine thing as an army corps. So, with congratulations to Captain Deuel and with wishes for the future glory of Poly, I am.

Very sincerely,

FRED PERKINSON

Here and There

Boys taking mechanics at San Pedro High will soon have a new machine shop. It is to be provided with five lathes, a new planer and tool grinder. There will also be sets of new tools. The work will be done by Mr. N. A. B.

The Oakland Technical High School uses the movies as part of education. Last Friday the film "In the Knighthood of a Flower" was shown in the school auditorium. The admission was fifteen cents and proceeds from the students. There was no school last Friday, initially in his first year at college. The school was not opened during the picture— Scrible News.

At the Los Angeles Polytechnic High only primary organizations are allowed to have pins. The reason is

The football season ended with the game with Santa Barbara Teachers College on Saturday, November 14. The game was won by Santa Barbara by a score of 20 to 10.

Hard luck seemed to follow Poly all the way through the game. About five minutes after the game started some one kicked the ball out of bounds. A Santa Barbara man picked it up and started the ball down the field for a touchdown with Lumsley right after him. He had too much lead and Lumsley could not catch him.

Then Poly started in to show them how to play football. Our boys played well. They picked the ball up, bucked the ball over but failed to continue.

Then Santa Barbara repeated. Again some one fumbled behind our line. Again a Santa Barbara player got the ball and started it down the field. Poly had the ball on Santa Barbara's 30 yard line when the fumble was made.

Our team had much to fight for and they were determined not to lose. They started to take the ball down the field from about their 80-yard line. They ran right through Santa Barbara's line each time safely.

The third quarter was the only time the Santa Barbara team showed any real football playing against our fellows. They started toward our goal and it looked like they were really going to earn a touch down, but the extra-ordinary ability of our line held them.

The next thing that happened was Poly's third place of hard luck. The ball was snapped back and fumbled more. It again practically on our goal line. One of the Santa Barbara men grabbed it and fumbled it over for their third touch down.

Game was over and Poly was determined to win. In the fourth quarter they started to march down the field and nothing could stop them. They carried the ball right over the line, but failed to convert.

When the game ended Poly was fairly under way for another touchdown. If the game had lasted five minutes longer they certainly would have made it.

It may be interesting to know that all Poly boys are DeMolays and DeMatteys. The victims from Poly were Rudolph Reich and Arthur Lall. They admit that they were uneasy before the ceremony, but now feel that it was worth going through and that they have accomplished another step toward better manhood.

Basketball

Now that the football season is over basketball is the center of interest. Poly's basketball courts every evening. Every game is made an announcement regarding inter-company basketball. He said that such company would have two teams, a first and second. The inter-company games will be played in a three-game series. The two winning teams will probably apply to the other sports during the year.

Basketball practice will probably start in earnest soon. Poly has some very good material for her team.

DE MOLAY INITIATION

Last Wednesday evening November 14 was the LuLu Chapter, Order of DeMattey, initiated many new candidates, including two from Poly. The victims from Poly were Rudolph Reich and Arthur Lall. They admit that they were uneasy before the ceremony, but now feel that it was worth going through and that they have accomplished another step toward better manhood.

Junior's Win On the Range

The Juniors proved to be the best marksmen in Poly after a closely contested shoot on the range recently in which they ran up a score of 260 against 279 for the next highest.

Young topped the school with 82 out of a possible 100. The next highest was Paul with 87 Monterey St. Phone 211-7

Headin' South

When Poly's pumpkin rollovers left for Santa Barbara on November 9 they immediately became expert handball players.

We stopped at Hotel Delivera. Bred got lost down town and asked a cop where he could find Hotel Del Creek.

The Chief took us around to the Gold Fish Cafe for dinner. It was a disappointment, a most delightful place in which to eat with gold fish swimming about even the floor. When we went out we looked at those “gold fish” and they looked more like suckers.

The proprietor of that establishment was a Greek and all the English he knew was, “Gimme, gimme.”

He gave us fair, warnig, though, for he had several bowls of suckers in the show window.

When we got to Santa Barbara we asked that Poly had a new line-up. Here it is: Poly, Carroll, Tjangenhous, Allen, Morris, Mathelen, Patchett, Rick, Hylus, Lumsley and Miller.

The Chief didn’t know these guys, but Dick Morrison just completed overhauling his Ford Special. Dick’s bus sports a new set of wire wheels, and the way he burns up the Palm Drive is scandalous.
