President Baker earns leadership award

President Warren J. Baker has received the 2004 Chief Executive Leadership Award from the Far West Region of the Council for Advancement and Support of Education (CASE). The award was created in 1999 to honor institutional leaders for outstanding contributions to their campus, for efforts to promote and support public understanding of education, and for support of advancement at their campuses. Baker was honored at an awards luncheon during the CASE District VII Conference Dec. 6 in San Francisco.

Engineering buildings to rise on Library lot

The Kennedy Library parking lot will close permanently Friday, Dec. 17, in order to make way for two new buildings for the College of Engineering: Engineering IV and the Bonderson Engineering Projects Center. The lot, officially shown on campus maps as the H-2 lot, will be the site of the two state-of-the-art buildings and a landscaped plaza, with major construction set to begin in February. “There will still be parking available on campus when the winter quarter begins, but to avoid potential headaches, commuters need to be prepared for the changes before they return to campus in January,” stressed Cindy Campbell, associate director of University Police. The total number of faculty and staff parking spots available on campus will remain the same, but will be relocated after the H-2 lot closure. For tips, tools, and information on commuting options, students, faculty and staff can visit www.commuteoptions.calpoly.edu or call ext. 6-2323.

Special new carpool slots available

Beginning in early January, a limited number of parking spaces will be designated for use by staff and faculty members who sign up with the Options pilot carpool program. The carpool spaces will be held for registered participants from 7 - 10 a.m. each day. After that, the spaces will be available for non-carpool staff/faculty parking. The spaces will be clearly marked and will be located throughout campus in convenient areas. Commuters need only two staff/faculty participants to get started, so find a ridersharing partner and sign up today. Pilot program participation is limited. To sign up or to find out more about this program, contact Susan Rains at ext. 6-6680.

Panel named to select new provost

President Baker has announced the formation of an 18-member committee to search for a new university provost and vice president for academic affairs. The university intends to have the position filled by the beginning of the next academic year. The new provost will succeed Robert Detweiler, who has been serving on an interim basis since January. Members are David Hannings, chair, Academic Senate; James Vilkitis, Agriculture; Barbara Jackson, Architecture and Environmental Design; David Duran, Education; Len Myers, Engineering; Douglas Keesey, Liberal Arts; Susan Eirod, Science and Mathematics; Phillip Fanchon, Business; Lanny Griffin, faculty member at-large, Engineering; Barbara Andre, professional consultative services, International Education and Programs; Lori La Vine, staff representative, Chemistry and Biochemistry Department; Sandra Gardebring Ogren, vice president, University Advancement; Peter Lee, dean, College of Engineer-ing; Preston Allen, assistant vice president, Student Affairs; Karen Webb, assistant vice president, Administration and Finance; Steven Knudsen, student representative, College of Agriculture; Matt Weber, student representative, Orfalea College of Business; Michael Suess, associate vice president for academic personnel.
