How About Turf Field?—Polytechnic's athletic standing has been raised into the junior college class, and we are one meeting of a higher class than we have ever before played. Attention to the new requirements, it is fairly certain that better athletic organizations are to be anticipated. A new gymnasium, to be provided, would greatly to the prestige and appearance of the institution. A new gymnasium would figure in the comfort of the players if we could have a better one. The possibilities are in this as in everything else.

The idea has been suggested that we should construct a new gymnasium. The cost would be approximately $10,000. This would be entirely paid for with a contribution from the school's athletic fund. The new gymnasium would be equipped with all necessary equipment and would be available for use at all times. The cost of the new gymnasium would be about $1,000 per year. The entire cost of the new gymnasium would be paid for within three years.

There is no question that the new gymnasium would be a great asset to the school. It would provide a much-needed facility for all the physical education classes, and would also be a valuable asset for the school's athletic teams. The new gymnasium would also provide a much-needed facility for the school's social functions, and would also be a valuable asset for the school's athletic teams.

The new gymnasium would be constructed on a site that is conveniently located near the main campus. The site would be selected after careful consideration of all the factors involved.

THANKS OF STAFF

As this will be the last issue of the Polygram this year, the Staff would like to take this opportunity to thank the students for the good cooperation of the year. We have received more pictures and ideas from them than from any other year. Some have given us more active support than others, but the whole family and every student has helped the Polygram to the best of their ability. We are ready to receive any suggestions for the support we have received.

There will be a Polygram party on the traditions of Poly in all the activities next year. There will probably be a great many strange faces about the campus next fall and these new students will bring new ideas that are much better than those of the old students. That is a fine thing for without new ideas the Polygram will fall all into ruins and stagnate, and be unable to think the same as handling dynamite. It is a very right manner by an experienced hand to force to tear out something that impedes our progress or to大城市同的大学山

Paso Robles—Poly Game
The Green and Orange ball outdid
thought they would like to meet the Bear Cats at Paso Robles so they took
a trip over the grade and found the Bear Cats bounding around on the
green turf up there. The game was
very close, the score being 5-1 in
favor of Paso Robles. Our ushers
wondered if it was ever going to stick
the ball. Johnny Carroll struck out
five men and Broxter, the Paso-Poloso
twirler, struck out six. Three bases
were made on balls off Carroll and
one was passed by Broxter. A two-
base hit was made by Hatchett, Paso
right fielder. Their left fielder made
the only stolen base for the Poly. And
Broxter took their base after being
hit by a pitched ball.

The Poly Prep School of Trinidad, enrolled at the University of Pennsyl-
ania, has revealed, according to an announcement today, that only fifty-
four out of a class of 1000 had engaged
in no form of athletic activity before entering the institution. Of the score
of tennis led in popularity, with base-
ball, football, track, basketball, swim-
ing and rowing following in the order named. In reply to further questions,
61 of the class said they had done manual labor for compen-
sation, while the remainder admitted
never having done such labor on any sort.

Some More Chatter
We have heard a great deal to say for himself to Charlotte when she
heard that he had lost control over
himself while in the company of three
pretty Paso Robles high school girls on Senior Class ditch day? Of course
we were not there to see the action at the height of his glory, etc., but
that doesn’t mean.

What happened to "Mary" (William Fredericksen) lately? He
seems to be the life of women for life. He seems to have fallen into a pretty
little black dress, and the Lu-de-Lu High who is now a very close friend of Vincent
Jungbluth for several weeks after he fell in love with another girl for a few more times he might get over his feeling.

Paso-Paso Return Game
The Paso Robles Bear Cats were
very much enthused in their recent
victory over Poly at Paso Robles
and as a result very little encour-
agement was necessary to get them
to come over to Poly and play a return
game. They came and did better than
before as the score 7-1 shows.

The batteries handled Carroll’s slants very
effectively while Higara and Batellis
formed the battery for the Bear Cats.
Two base hits were made by Moreno,
and Traver, but Carroll was on the spot.
The only three base hit was made by Higara, Paso twirler. A sacrifice hit was made
by Traver, no stolen bases. Two double
play—Graves into Glinn and Gligg to
White. Paso led six on bases and Carroll
scored on balls off Carroll and one was
made off the second on balls. Higara
struck out seven men and Carroll
took his base because he was hit by a pitched ball.
