Mr. Peterson, a resident of San Luis Obispo for many years, is also an alumnus of many universities. He has just returned from a trip through New York, Chicago, through George Washington University and other historical places.

Through all she pass Mrs. Morrison kept reminding us or potting before us words of thought. Travel is the greatest of success. She says there is nothing as educational or as broadening as traveling.

Her time was short and Dr. Chappell promised us that she would continue and continue her story some time soon.

Turn Out Seniors
This coming Saturday is the day for the Seniors to compete for the class rifle team. The Juniors were out last Saturday and made some very good scores. It is up to the Seniors to get out and show them what they can do. The shot next Saturday will not be for record but just for a place on the team. The team will be composed of the eight highest men in the shoot. The competition shot will count towards the annual class trophy. The Seniors have a good chance of winning the match. There are many good shots Louis Ouch, Louis Miller, Hansen and Anholm.

Assembly
Mrs. Morrison, a resident of San Luis Obispo for a number of years, is also an alumnus of many universities. She has just returned from a trip through New York, Chicago, through George Washington University and other historical places.

Through all she pass Mrs. Morrison kept reminding us or potting before us words of thought. Travel is the greatest of success. She says there is nothing as educational or as broadening as traveling.

Her time was short and Dr. Chappell promised us that she would continue and continue her story some time soon.

Orchestra and Band
The orchestra of Poly has roused surprisingly. At the opening of the first semester there was something like one-half as many as there are now.

A part of the orchestra will be used to play for the operetta to be given in March.

The band plays at all of the baseball games and not only helps to advertise the school, but also to advertise itself. These many things are all good training for us and are all good for the school. More students with musical ability should take advantage of them.

Jolly Speakers Club
The Public Speaking class, under Mrs. Knox, has proven peculiarly interesting and well-paid. In this class the students have been able to write and deliver speeches on any subject they choose. The fact that the class is composed of several people who are interested in public speaking has made the work much more interesting.

The Public Speaking class is something everyone should know something about and we hope to see many new faces in the class come the coming semester. Students, you are just in time to get into the club, so come along and join a paper class.

Public Speaking is something everyone should know something about and we hope to see many new faces in the class the coming semester. Students, you are just in time to get into the club, so come along and join a paper class.

Lathes for Physics Lab
The Machine Shop has just completed a small lathe for the Physics Laboratory. This lathe will be used for wood-turning and for repair of any apparatus that is injured. The machine has been put under construction for some time and will provide a very valuable addition to the apparatus in the Physics Laboratory.

Advance Electricity
A highly advanced class in electricity is being conducted this semester. The theory to be given in the second semester will be studied and the third semester will be devoted to practical work. The class is being given by Mr. Oldham, both of whom are former Polyites.

"Higher is lower" The man had just informed the Pullman agent that he wanted a Pullman berth.

"Upper or lower?" asked the agent.

"What's the difference?" the man asked.

"A difference of fifty cents in this man. The lower is higher than the upper. The upper price is for the lower. If you want it lower you will have to go higher. We sell the upper lower than the lower. In other words, the higher the lower. Most people don't like the upper, although it is lower on account of its being higher."

"When you occupy an upper you have to get up to go to bed and get down when you get up. You can have the lower if you pay higher. The upper is lower than the lower because it is higher but if you are willing to go higher it will be lower.

But the poor man had fainted. Was it worth fifty cents?

**WOMAN IS LIKE**
A book—usually bound to please.
A train—often gets on the wrong track.
A program—subject to change without notice.
An automobile—often runs people down.
A hang—often picked on by her friends.
A cigar—inclined to be put up at times.
A church—man makes sacrifices for her.
A stove—often needs a new lid.
But still the average man admits there is nothing like her.

**Bella:** Why do you go with Jack? He's such a bad egg.

**Ruth:** I know but I'm afraid to drop him.

**Kenno:** You used to say there was something about me you liked.

**Ellen M.** Yes, but you'vequit it all.

**Bill Lee:** There is a mighty dark street just ahead of us, are you afraid?

**Mary H.** Not if you split out that chew of tobacco.

**Baleman:** How would you like a Woman's Home Question? Miss Chase: I've been dying for one. Come right in.

**Herbert Borboa** (with much enthusiasm): I could go on dancing like this all night.

**Ruth:** I could go on dancing like this all night. Come right in.

**Kenno:** You used to say there was something about me you liked.

**Ellen M.** Yes, but you've quit it all.

**Bill Lee:** There is a mighty dark street just ahead of us, are you afraid?

THE POLYGRAM

POLY DOWN SANTA MARIA

The Poly, quitter as always, added another victory to its list when Santa Maria boys and girls to go for the whole game.

Coach Agostini started the lineup with Lounley, Traver, Lee, Varian and Carroll. They played the game and passed, especially Lounley. Lee was a high point man of the game and showed up to good advantage as did the rest of the players. They seemed to know where the ball was to go and played accordingly.

Another thing that was noticeable was the fewer fouls than in the previous game with Atascadero.

The second team came in and proved themselves able to handle themselves. They proved in coming up a few baskets. The ones who went in, the second team were Irwin, Spindola, Hughston, McMillan and Miller.

The game was refereed by Coach Neander of the High School. He did very good work and his services are appreciated.

There was a large crowd in attendance and everyone seemed to think the game very good. By defeating Santa Maria in basketball, we have wiped out our defeat in football.

POLY VS. ATASCADERO

Atascadero High School went down to defeat Saturday, November 11, at the Winter Garden, to the tune of 33-17.

The score should have been higher, but on account of so many of the players trying to play football, it was not.

The game started out very meekly and moody with Atascadero scoring first. Poly then started to get going and rang in a few baskets, but every- one seemed to be playing a slow game. In about five minutes football tactics started and fouls were called on Atascadero and Poly, one right after the other.

Lounley, Traver, Lee, Varian and Carroll started the game and played well. At the beginning of the second half Irwin, Spindola, Hughston, Miller, and McMillan went in and played well, but could not keep from fouling. The starting lineup then went in and Varian was asked to leave because of four personal fouls. McMillan went in for Varian and then Hughston went for McMillan. In the last few minutes of play Lima, Sparks, Rine- side and Rollins went in.

There was a fair crowd out for the game. The band was there and their music was very much appreciated. In the future let's all turn out for a game because it costs money to bring teams here. Let's get in and support the teams.

Basketball Trip

The basketball team is leaving Thursday morning for a basketball trip of ten days, going as far north as Sacramento. This trip has been anticipated by all the basketball players for this season. All of the men would be taken on the trip, but the lack of money and the expenses, approximate $80, can not allow full trip.

Coach Agostini is taking eight players on the trip. Jerry Brown will go on the trip as are Lounley, Traver, Lee, Varian, Hughston, McMillan and Miller. They will be under Mr. Agostini's instruction. The trip will do a lot of good for the boys.

The boys will get to the San Mateo Junior College. Then the team will go back to the San Jose Junior College. From San Jose the team goes to Sacramento to play the Junior College and then down the valley to Modesto where they meet the Junior College.

Here's wishing the team lots of luck and hoping they will bring home the game and very many victories. The Poly will count on having the backing of the Poly spirit even if we can't be there in person.

POLY'S BASKETBALL SQUAD began a very successful season by winning five games and losing none so far.

All of the opposing teams, so far, have had a hard time trying to keep Lee and Traver from making baskets. These two men are very good and have a fine future before them.

The boys have been showing the right spirit in coming out for basketball. There are a good many men out and they give the first team some very good competition.

"Red" Grange finally got a coast team that was better than his and met a good defeat at the hands of George Wilson's team by the score of 14-9.

"The Frosh" have been putting it over on the upper classmen in the handball tournament.

There is plenty of action in the club lately as there is going to be inter-class football this spring and as it looks now one will have a chance against the "Frosh" with such men as Hankerston, Sparks, Weiser, Harper, Sinclair, Rollins, and Demarest for a fine up.

We would like to see more rooters at the games than there has been. Come on out boys and girls, show your school spirit.

It allows us to thank Mr. Smith for having the band at the games. It coats the game very good. By defeating Atascadero, we can consider ourselves as basketball champions of the county. The Temptation High School has a good fast team, but rather small sized men.

One thing that was very noticeable was the lack of Poly student at the games, especially Lurnley. Lee and Varian have shown the real school spirit and adds passing, especially Lurnley.

The game was refereed by Coach Neander of the High School. He did very good work and his services are appreciated.

There was a large crowd in attendance and everyone seemed to think the game very good. By defeating Santa Maria in basketball, we have wiped out our defeat in football.

Poly Wins From Templeton

Poly, by defeating Templeton Monday night by the score of 35-11, can consider herself as basketball champion of the county. The Temptation High School has a good fast team, but rather small sized men.

During the first few minutes of play the Temperot five made the first basket on a foul. Poly then started, and kept in the lead for the remainder of the game. The score at the end of the first half was 15-4 in favor of Poly.

The team was handicapped by sickness and colds of several of the players. Lounley was not feeling well and only played a few minutes. Varian had a bad cold and was in his best form. Traver had a bad rib, but played a good game.

The starting lineup for Poly included Traver and Spindola, forwards. Lee, centers Varian and Carroll, guards. They played some fast floor shots and it was a good passing game. Lounley went in for Spindola in the second half and played a good game of ball.

In the second half Hughston went in for Varian and Spindola for Lounley.

Varian, Lounley, and Irwin went in for the game in the last quarter. Poly has defeated practically all of the teams in the county except the local high school. But the local high school beat Poly Friday night by a score that will be made known.

One thing that was very noticeable was the lack of Poly students at the games. The band has been supporting the game, but not so with the student body and town people. It costs to bring the team, but not so with the students at the games.

There is plenty of action in the club lately as there is going to be inter-class football this spring and as it looks now one will have a chance against the "Frosh" with such men as Hankerston, Sparks, Weiser, Harder, Sinclair, Rollins, and Demarest for a fine up.
