Visits School

George W. Bradley, Chairman of the Board of Trustees, visited Poly College Saturday, October 29. He was present at the Poly—San Jose game and then visited the Poly campus. The Board of Trustees is considering a request for $250,000 to build a large dormitory on the Poly campus. The President of the Poly College, J. C. Tufts, met with Mr. Bradley and the Board of Trustees. The visit was very satisfactory to both parties.

Target Practice

The Poly College Board of Trustees has authorized the purchase of new target practice equipment for the Poly College. The equipment will be used for the Poly College's annual target practice, which is scheduled for November 1.

Dramatics Advances

The Poly College Dramatics Club has made great progress in recent weeks. The club has been working on a new play, which is scheduled for production early in November. The play is titled "The Conspirators." The club has been working hard on the production, and the play is expected to be a success.

Uniforms

Men, you should have a little more style in wearing your uniform. Don't look your best by tying your necktie around your forehead, wrapping your legs together, wearing a hat, and shining your shoes, instead of wearing a mixed-up uniform.

Manners—The final and perfect flower of noble character.

Winter—The Best Sacrament
The lack of proper football practice field has been the greatest handicap under which the Poly football squad have had to train. The condition of the practice field has been caused by injuries being sustained in practice. The present condition of the practice field is not only hazardous, but unnecessary for the development of a good football team. Therefore, we feel it is necessary for the Poly students to demand that something be done to improve the practice field. The condition of the practice field needs to be improved for the benefit of the students and the university. The condition of the practice field needs to be improved for the benefit of the students and the university.

The Poly students have a right to demand that something be done to improve the practice field. The condition of the practice field is hazardous and unnecessary for the development of a good football team. The Poly students should demand that something be done to improve the practice field for the benefit of the students and the university.

POLY IS VICTOR

(Continued from page 1.)
The first quarter was hotly contested, both sides fighting and holding in the pinch. When the game was but a few minutes old, Poly scored three points on a point-in-a-key block by White. The Mustangs were given a scare when the Spartans got away with some snappy passes and had the ball six inches from the scoring zone. The green and gold warriors showed the metal men are made of by holding the opposition for four downs, and the contest lost out of danger. The minutes later the quarter ended.
The game for spectators was a clean game and looked best in the second quarter. Poly had the ball in its possession for a few minutes when it passed as a means of gaining ground after it was stopped at the two-yard line. Poly failed. Neither team scored in that quarter.
The Mustangs opened the half in brilliant style. Under the leadership of the coach, they played a defensive game. San Jose scored on a punt early in the period, but Poly scored another three points on a punt return. The score at the end of the third quarter was 2-0 in favor of Poly. Pete Traver received the ball on a punt and went 56 yards before being downed by a Purple and Gold line led by Captain Sparks. The Poly隗s were thus rewarded. A few minutes old. Poly scored three points. The Mustangs, with Captain Sparks and Johnnie White, were the outstanding players for Poly. Since the Coach is strong this week, the coming cage of men will in all probability prove an interesting one.

COACH INTERVIEWED

Reveals Basketball as a Favorite Sport

As football season wanes, our attention gradually turns to basketball. Mr. A. P. Agosti, Poly's basketball coach, reveals the fact that he chooses the indoor game as his favorite. With so much likely-looking material, a large turn-out of candidates is expected. This speaks well for Poly. Since the Coach is strong for this sport, the coming cage of men will in all probability prove an interesting one.

S P O R T  B R I E F S

An editorial in the Modesto College student paper, Sportsmanship, tells of the clean playing of Poly and J. C. In the same column the two schools. Poly continues to build up a reputation for sportsmanship.

Thirteen new men are out in uniform as the result of a call made by Coach Agosti. The regulars will have to work hard to keep their positions as some of these are former high school players. Ms the weight and confidence of all the fellows stay with us, some good material will be developed for future teams.

Military

Three military companies have been organized—Company A, Company B, and Company C. The commands, Captains Varian and Frank Guillon; of the Los Angeles Musketeers and Eicher Tignani; and of Company C, Lewis Travis and Captain Ervin.

The three military companies as a whole have shown a great improvement, but as an individual company, Company C has made the best showing. One of this week, probably Friday, a special battalion review will be held.

At the State Capital

The coach address of his men was late this morning for Sacramento, where they will take part in the Capital Games of that city in the third conference of the season. They went by train and expect to be in good condition to meet the Senators on Saturday.

Next week the squad goes to Chico for another conference game to be played on Armitage Day with the Chico Wildcats.

Mules Start Schedule

The Mules met the San Luis eleven yesterday on the new high school field in the first of a series of games being scheduled for them by Coach Agosti. Each Wednesday the lightweight eleven will play a non-leaguer high school team.

Talks Over Radio

Monday night; October 12, Donald Fuller gave a talk over the radio on Dramatic Art. Those who are taking private lessons appeared on the program as well as the student. The program was on the San Luis Obispo songs, and some of the songs sung by the San Luis Obispo Union, and a student from the University of California. Mrs. Brown accompanied the pianist, Mrs. Brown accompanied the pianist.

The program was a San Luis Obispo program broadcast by the San Luis Obispo people at the Santa Maria broadcasts. The San Luis Obispo show should be preferred by the talent possessed by a number of her citizens.
