INSTRUCTIONS FOR AUTHORS

All material submitted for publication in Ethics & Animals should be addressed to the Editor. Reviews and articles should be typed, on one side of the paper only. One copy is sufficient for all submissions except articles, of which three copies are requested. Reviews, reports, directory entries, and other such matter are screened only by the E&A staff, but article manuscripts are evaluated by 'blind' referees. To facilitate such 'blind' reviewing of articles the author's name should not appear on the manuscript, but should be on a separate sheet of paper which also bears the title of article. If possible, authors should also remove internal references which would identify them (such as "as I argued in my article on animal liberation in The Journal of Beasts"). Such references can be re-inserted before publication.
