**Special Junior College Edition**

**Junior College Convention Was Held At Porterville**

**Pleasant Times Foreseen In Conf.**

(By Floyd Jordan.)

The J.C. Convention held by the California Teachers' Association at Porterville last week was another success, both as an educational and social meeting.

**Class Rivalry Means Harmony**

Simmons and Costello Tell Good Stories, Which Is Right?

(By Harry Simms, Vice-President of the J.C. Class.)

The present year has been a record year for the J.C. Class of Porterville College. The activities have been so numerous that it would be impossible to try and tell you about all of them. We had the pleasure of hearing a fine address from Mr. John Costello who was the featured speaker at the freshmen reception. He discussed the great opportunities of the J.C. education and talked about the future.

**Girls From S. L. O. To Appear In Play**

Gripping Play To Show May Seventh, At Cran dall Gymnasium.

(John Costello.)

The play has been planned for the last week of May. This is an annual function of the J.C. and the students are very much interested in it. The play is to be produced by the Drama Club under the direction of Miss Jordan.

**The Polygram**

Volume XVI  
SAN LUIS OBISPO, APRIL 17, 1931Number 19

The Polygram, the official organ of the Student Body of Porterville College, is published weekly on Wednesday afternoon. Lee Leonard, President; Charles Underwood, Editor; and William Jordan, Manager, are responsible for the style and content of the Polygram.

The Polygram is circulated free to all members of the Student Body and to others interested in the activities of the college.

The Polygram is printed by the University Press, University of California, Berkeley, under the supervision of the Editor and Manager.

**Junior College Establishes Its Activities As Precedents.**

Junior College graduates are making fine progress in their work. The J.C. has set a record for the past two years with a high percentage of its graduates continuing their education at the university.

**Venturing Ahead In Giant Strides**

In many respects the Polygram is a new undertaking. (Do you see that last word, "understanding"? I cannot understand why this sentence is so difficult to write.)

However, we know that the Polygram will be a success. We are free to withdraw our support at any time. The Polygram is printed by the Student Body and has the backing of the Student Body.

FOREWORD

This edition of the Polygram is the work of the Junior College undertaking in an endeavor to state in their honest opinion and thoughts and to create a finer taste of understanding and fellowship with their associates.

Our appreciation is extended in "thanks" to all who have contributed towards the makeup of this paper.

A THING OR TWO

It was suggested that something be written here about high school students frequenting the day room and dorm of the J. C. Dorms. Possibly the dorm by a few high school students will have some ill will. The grabbing of the choice chairs in the lounging room, the unattended privilege of isolating one's own belongings, and our daily newspapers, and the monopolization of them during the short period of lounging after the evening meal have deprived some of the resident students their privileges.

These grievances can be stopped. Bullying is a characteristic trait that we dislike to show, but if we cannot be treated with all due respect in our own dorm, drastic measures may have to be suggested that the visitor leave the papers to the privileged group. For instance, it is a natural growth of upper classmen have comprised such a small part of the student body that we dislike to show, but if we cannot be treated with all due respect in our own dorm, drastic measures may have to be suggested that the visitor leave the papers to the privileged group.

The Polygram is a weekly student publication. The pupil is expected to show the proper respect in the dormitory. If this is not done, the visitor will only remain a visitor.

When the control section expands to exist between body and soul, and in each vague bone, there will be less interaction between the Soul and the person's innermost self. The result will be that we lose our identity as living beings, and the soul will be left hanging in the air. The more we lose our identity the more we lose our identity.

COURTING THE PUBLIC

The Junior College dormitory is characterized by many faculty members living in it. The dormitory is described in an issue of the Polygram that the dormitory is the best of the dormitories that we have, but the dormitory is still a dormitory. It is just a dormitory.

The dormitory is the best of the dormitories that we have, but the dormitory is still a dormitory. It is just a dormitory.
**Judson Comes Through**

""Wee Willie" Judson, blond Jesus
southern California's supreme
harlequin, was a great favorite
among the stunts of the Polytechnic
and Western College. It seemed
that the big two-Frank and
"Willie"-would have been
the minor roles. "Roman," "Rust,"
were really engaged to come to
see what kind of a match with the most
expected exponent of all—actus
premature! When the contest was
at its height, the long arm of the law
intervened, and with his fingers and
sagacity of the competi-
tors, "Willie" was a very
playful account
of the conversation.

The cop was in all earnestness, "Youse
boys, if you make that much noise
right here, I know I've come
out of this well."

"Oh, Frank M.," said the
man, "I've been down in the
heart of the law too long.
I've seen it all now."

"Well, I was just
looking in your yard.
I saw you had a
lot of money in
the house."

"Yes, sir. That's why I've come
out of this well."

"Well, as soon as it
began, sir."

"That's the right idea, Floyd, make
them furnish transportation.
You don't know when they
may come for a visit."

Judson has forbidden anything starchy.
"I'd like to see some shirts for my
husband. Soft ones, please, the doctor
said it was uncovered!

"You can't say "Good night" within a
quarter of a mile of the Hotel Cigar stand.

"They all come, Floyd, and I'm
always ready to help you out. It's a bad
habit, but—"

"You cant say "Good night" within a
quarter of a mile of the Hotel Cigar stand.

"That's the idea, sir."

"I'd like to see some shirts for my
husband. Soft ones, please, the doctor
said it was uncovered!

"You can't say "Good night" within a
quarter of a mile of the Hotel Cigar stand.

"It pays to get the beat
herself on the sick list."

"My brother is a great help.
You can't say "Good night" within a
quarter of a mile of the Hotel Cigar stand.

"Helping the other fellow is also
very important."

"Yes, sir. That's why I've come
out of this well."

"Floyd and Joe."

"What are you going to do this
week, boys,?"

"We are buying two because
we have a small boy."

"No, two of them."

"Bring me another sandwich."

"Nothing, sir."

"New York," said the
teacher, to
the small boy in the
yard. "I saw you had a
lot of money in
the house."

"Yes, sir. That's why I've come
out of this well."

"I don't do you any
harm, sir."

"You can't say "Good night" within a

"Not this time, sir."

harm, sir."

Although Moran carried away the big prize, the Poly students and the fans were satisfied, April 17, between Poly and Moran, at the poly dual club. At the beginning of the match, the coach was neither defeated nor scored upon, or had his good line seriously threatened. That record is undoubtedly one that very few colleges or any other col­
