Background statement: Academic Senate resolutions AS-188-85/GE&B, AS-189-86/GE&B, and AS-211-86/GE&B each contain Academic Senate-approved courses for GE&B Area F. In President Baker's July 23, 1986 response to the above resolutions, he placed a hold on all of the recommended and future courses for Area F. This hold was to remain in effect pending Academic Senate clarification of guidelines for Area F courses, specifically that many of these courses did not appear to adequately cover both the "Applications" and "Implications" of Technology as required in the Knowledge and Skills statements.

Such clarification was requested to permit inclusion of new Area F courses in the 1988-90 catalog. As a result of subsequent meetings between the GE&B Area F Subcommittee and the Associate Vice President for Academic Affairs, it appears feasible to provide administrative approval for inclusion of the already-recommended courses for inclusion in the 1988-90 catalog only while the Academic Senate works to clarify the Area F guidelines for approval of additional courses.
