CTL and ITS Host "Showcase on Hybrid Teaching" May 5

The Center for Teaching & Learning (CTL) and Information Technology Services (ITS) will host a "Showcase on Hybrid Teaching at Cal Poly" from 4 to 6 p.m. Wednesday, May 5 on the 5th floor of the Kennedy Library. The event is free and open to the public.

The showcase highlights the work of Cal Poly faculty from across disciplines and their experiences with teaching hybrid courses. Hybrid courses combine traditional face-to-face classroom experiences with online teaching and learning.

Faculty will display posters and be available to answer questions. Appetizers and refreshments will be served to celebrate Cinco de Mayo. Posters will be displayed in the Kennedy Library's first floor gallery through May 15, followed by semi-permanent display in CTL in the Kennedy Library, Room 510B. Registration is encouraged. For more information or to register, contact ctl@calpoly.edu or ext. 6-7002.

Fee Waiver Open Forums Set for May 5, 6

Faculty and staff are invited to an open forum on the Fee Waiver Program. The Fee Waiver Program allows eligible faculty, staff and MPP employees and/or their dependents to attend classes at CSU campuses at greatly reduced rates. To accommodate faculty and staff schedules, four open forums will be held in UU 207 (Right wing of Chumash Auditorium); Wednesday, May 5, from 11 a.m. to noon and 1 to 2 p.m., as well as Thursday, May 6, from 11 a.m. to noon and 1 to 2 p.m. Topics will include eligibility, procedures, deadlines and Summer Quarter 2010 information. Attendance is subject to supervisory approval, based on the operational needs of the department. Time will be reserved at the end of the presentation for questions and answers. For more information, contact Karen Stubberfield at kstubber@calpoly.edu or ext. 6-5407.

Inclusive Excellence Workshops Set for May

The Inclusive Excellence Office in conjunction with the Provost's Office and The Center for Teaching & Learning (CTL) invite all faculty and staff to attend a two-part workshop series centered on making excellence inclusive at Cal Poly. The series features renowned author and scholar Patricia Marin of the Gevirtz Graduate School of Education at UC Santa Barbara on Thursday, May 13. The series continues Thursday, May 20 with acclaimed speaker and trainer Lauren Nile from CSU Northridge. Both workshops will be held in UU 204.

Marin will give a talk titled "Does Diversity Make a Difference? The Educational Benefits to All Students." She is a researcher and lecturer who studies issues of inclusion and equity in higher education for underrepresented students. In particular, her work examines issues of diversity, affirmative action, and college access.

Nile's workshop is titled, "Inclusive Excellence at Cal Poly: Envisioning Our Campus Climate."Prior to her position as manager of Professional Development at CSU Northridge, Nile worked for 17 years as a keynote speaker and independent consultant and trainer specializing in providing assistance to employers and others in a number of areas including leadership, team building, communication, cultural competence, conflict resolution and Equal Employment Opportunity. She conducted training for universities, Fortune 500 corporations and government agencies, including members of the White House staff.

Nile will also present a "Train the Trainer" series of workshops this summer for Cal Poly. Attendance on May 20 is not limited to those expecting to become trainers.

Lunch will be provided, and registration is encouraged but not required for these workshops. For more information or to register, e-mail ctl@calpoly.edu or call ext. 6-7002.

Hear Business Experts on Risky Business April 28

So just how risky is risk-taking? Talk with Orfalea College of Business Economics Professor Eduardo Zambrano and find out. His take: The economic problems of recent years came about, in part, because we didn’t understand the risks we, as a society, were collectively taking. Zambrano's presentation and discussion will explore what it means to take individual and societal risks, how to measure those risks, and how economics, engineering and psychology envision risk differently.
