ARMY CAPTAIN INSPECTS AERO DEPT. FOR TRAINING SCHOOL

Captain N. D. Frost Surveys School As Prospect for Specialized Mechanical Training

Captain N. D. Frost, of the United States Army, toured the Aero department on a formal inspection this week as a representative of the old air corps. Captain Frost is stationed at Fort Monmouth, N. J., and is a member of the Army Training Board, which is now being established.

Captain Frost stated that the training of approxi­mately 100,000 air men in all branches of aeronautics would require a very intensive three months training, and would consist of specialised work in various advanced training after the weekly recitals. The practical work would be done in machine shop, welding, aero In­strumentation, etc., all of which will be voted on in the next session.

This training would be given at the various schools, as they probably will be the first to start the training program, and will be given at a very early date. The training program will be started in the winter season, and will last for about three months.

The present aeronautical system at the school has not been affected by this new program, but it will be soon. The training program will be started as soon as possible, and the students will be able to take part in it immediately.

Weekly Recitals

Help in Chapel

Princess, with a show of hands, was excited at the thought of having a show of hands, and she said, "I believe this is a good idea for the week of the type."

The present system of training the army in aero department was received enthusiastically by the entire student body, including Harry Winzer, and they felt that this was a good idea for the week.

Students Prepare

For County Exams

For the past few weeks, the student officers have been preparing for the coming exams, and they are ready to take them at any time. The exams will be held on the second day of the week, and will last for about three hours.

The students are very anxious to take the exams, and they are ready to do so at any time. They have been preparing for them for the past few weeks, and they are ready to take them at any time.

Students Plan to Take Action

Students plan to take action on the exam, and they are ready to take it at any time. They have been preparing for it for the past few weeks, and they are ready to take it at any time.

HAVE YOU HAD YOUR MILK TODAY?

We have been expecting to hear these words any day now, for it seems the thought that we are not old enough to think for ourselves and to govern our own lives is one that prevails on our campus. The case is not the midnight vigil kept by some of the dorm superintendents to check up on the students under their wings. They remind one of a mother hen taking care of her nestlings. It is an insult to our intellect to think that we have to be told when we can go out and what to do when we are home. Our common sense should be our own and we should be able to use it.

As the end of another year approaches and the spirit of Christmas sheds its rosy glow over the troubled minds of the man and the cheer that prevails on our campus, take it with us for is seems the thought that we are not old enough to think for ourselves and to govern our own lives is the mistaken impression that is forced upon us. We are of the opinion that even the most wealthy some­times lack and the poorest of people are rich in. It is within the power of any and all of us to wear a smile of friendship, to utter a word of encouragement and to live a life of service to our fellow man. Will Rogers once said, "I have never met a man whom I could not like." If such was the policy of all the people on the face of the earth, would it not be a happy place in which to live? Lives, friendship, happiness, virtue and liberty are the children of God, while hate, despair, gloom and slavery are begot of Satan. We are soon to celebrate the birth of a man who came into the world to teach us how high your virtue grade is while in school, if you cannot get along with the people you work with, you will be a failure. Therefore, it is important for everyone here to cultivate the feeling of being on his own: the feeling that he can govern his life without someone else; the feeling that only comes with self dependence.

We do not place any blame on the superintendents of the dorms for they are only doing their job as they see it, but we are questioning the advisability of holding half the sheep Jones, and Crane.

Let us understand that even the wealthiest sometimes lack and the poorest of people are rich in. It is within the power of any and all of us to wear a smile of friendship, to utter a word of encouragement and to live a life of service to our fellow man. Played Last Season for Poly

Dairy Club Named Los Lacheros

At a recent meeting of the Dairy Club the members voted to expand the common-pool barns of dairy club, for the Spanish press in the town, the nation's new nurses to relieve the farm situation and a new system of the school that several of the states major was passed and to be transported into the present time from 1930.

R. G. Carrillo, president of the Dairy Club, reported one nation's convention. Among the interesting points: The United States National convention was the first of several social activities that the Los Angeles faculty division lost, therefore they were forced to put on a real

Pictured here are Harry Wheat and Ed Lawrence, who have played their last season for Poly on the playground. Under Beans and Bill Johnson are also four-year men.

Rush Party Held By Alpha Gamma's

The Alpha Gamma chapter's fraternity held a rush party for prospective pledges at the all-night party day evening. According to Page 21, 180 students were interested in the fraternity activities, the skating get together was the first of several social functions to be held for pledges. Pledges stated that the air conditioning and interesting fraternity is an honor society open to students majoring in air conditioning that showed outstanding scholarship and leadership ability.

Those attending the social were: Wally Gibson, Phil York, Orrin Wickens, Vinton Gregory Jr., Morrow Smith, Bill Giff, Bill Huntzcker, Russell Leibacker, John Benson, Tom McGrath, Ray Packham, Le Roy Hansen, Bill Wiley, and Bill Phelps.

TRACE LEARNING STARTS

Chas Da Rosa, track coach asks all who are interested in track to bring shoes and other equipment from home after the vacation. With the man already signed up, the season of the season is velitably approved days De Rosa.

The Alpha Gamma's fraternity, the skating get together, was the first of several social functions to be held for pledges. Pledges stated that the air conditioning and interesting fraternity is an honor society open to students majoring in air conditioning that showed outstanding scholarship and leadership ability.

Those attending the social were: Wally Gibson, Phil York, Orrin Wickens, Vinton Gregory Jr., Morrow Smith, Bill Giff, Bill Huntzcker, Russell Leibacker, John Benson, Tom McGrath, Ray Packham, Le Roy Hansen, Bill Wiley, and Bill Phelps.

MOVIE OF SCHOOL

To Boost Poly (Continued from page one) schedule will be singing those songs satyri in the background air.

Some of the middle of January the Poly Alumnae, who were looking for Poly for a preview showing contributed to the student body for approval.

Alice Adams directs.

When the board decided to extend the most necessary to any force this film, the job was open to public bids. The Hubbard Hunt Productions company of Los Angeles, to whom the contract was awarded, decided to induct the campus with a crew of five technicians with Mrs. Alice Adams as the director. In cooperation with George F. Cooper,生产能力 director of the school, Mrs. Adams was to show the every-day activites of the campus in the most interesting light as it will be very attractive if the general public as well as to those high school students of the state who are contemplating entering college.

The weather man handicapped the weather of the film as per scheduled by securing clouds over Got St. but when the camera was to start rolling, Technicolor Divine was selected as the film and the company was forced to wait another day.

When dates have been taken of the glee club, the dance orchestra of the campus, the glee club squad and team in action, a root-eteering session of the student band, marketing on the field, studying in finished projects, and the varsity ballroom dancing.
