MUSTANGS TO JOURNEY TO CHICO STATE FOR 2 GAMES

When Coach Howie O'Daniel sends his caucasian athletes against the Chico State Wildcats next Monday and Tuesday night at the gym on the campus of the state college, it is the first time in the school's history. O'Daniel is the only man in the state's first college's basketball history who is a graduate of the state college. So the Mustangs, led by the powerful guards, will go to Chico for a showdown with the first division basketball team in Chico State. The Mustangs are expected to have an advantage in the game, as they have defeated the Chico State team in their last two meetings.

SECOND FUN NIGHT FRIDAY

Block "P" Sponsors Another Card of Bouts

BY CHARLIE COOK

"It's the easy bird": it's the first round.

"It's the easy bird": it's the first round.

The "easy bird" opponent will be heard Feb 3 when the official match of the Southern States basketball tournament will be played.

"It's the easy bird": it's the first round.

For the second round last night, Jay Wormser, Doering Nicey, reported to be rapidly recovering after sustaining a gunshot wound to the head during a recent disturbance in the Chico State basketball court.

"It's the easy bird": it's the first round.

The official draw was made last night by the basketball committee and the following results were announced:

- House of David vs Mustangs, 85-67
- Crandall gym, 92-78
- Mustangs vs Chico State, 101-85
- Mustangs vs Chico State, 101-85

The Mustangs, under the guidance of Coach O'Daniel, are expected to have an advantage in the game, as they have defeated the Chico State team in their last two meetings.
WE TAKE THE HELM

The powers that be, smiled a bit broadly on our scrawny shoulders this week and bestowed thereupon the job of editor of this paper. As one who has been connected with both high school and college papers, we may say that the job of editor is a hard one. However, there is no reason existing here upon this campus that makes us rather lase of learning about the making of this paper. To print a paper we have not only the masses of students, but the faculty as well that have been realigned by your new editor. But we begin to wonder just what is the nature of our job. On the honest viewpoint of a large contingent of students here and promptly brought down the white of the mass upon the campus is not our desire to bring similar action to the staff of this paper; and on the other hand, it is not our desire to slight the viewpoints of the students of Cal Poly, for whom this paper is printed. So to you, the student body, we say, this is your paper, by you, for you and of you. We, the staff will print the news and views as they are presented to us. The freedom of the press means that the news can be printed in all other parts of the country and on all other campuses. We are presenting this issue to you now because we think it is the right time to bring the news publicly through the pages of the reading media. We, the staff, take a great deal of help in the collection of all the news and views, you have our promise that, if it merits, it will be printed in its entirety. We also wish to receive the expression of your opinions on subjects that may be of sufficient interest in the reading public of this paper. We can only calculate the reactions of the administation, the staff, and at least half of the campus body, but whatever that may be, we guarantee you a gallant attempt. We would ask first; that you bear with this issue of EL MUSTANG because there has been a very short time for its publication. Cooperate with us please, in the attempt to do better next time. Secondly: that you have only a short time for it's publication. Cooperate with us please, in the attempt to do better next time. Secondly: that you have only a short time for it's publication. The trip to Chico will be glorious, but no one knows just how many days they will be gone. The round trip distance will be about 100 miles for each team, which means a total of 300 miles for both teams. The weather in Chico is expected to be cooler than in the Santa Maria area, with temperatures ranging from 40 to 60 degrees Fahrenheit.

Coach De Russa's Jayvies and Mules have been commencing their march toward basketball fame during the past month. Before playing their regular city-league games, they have also played as a single team and as a coeducational team school varsity and a Santa Maria Junior High school varsity by a close margin, and their outstanding performance has brought them a substantial lead throughout the season. The next game is scheduled for January 27, for their second game. The local high school was favored, and the score was 37 to 20 in favor of the locals with a total of 7 points.

Coach De Russa's Jayvies and Mules have been playing under a constant jinx, and were well against the Trojans, perfect and the Interference knew respect for the Cal gridiron polish. S.C. brawls coming up next week.

Obispo, "Cabby" Nolan la the only there has been a lot of speculation of plays by the Mustangs, it or not, basketball caps. They are wearing an innovation. In the history of the school. The Mustangs played Bakersfield on January 30 and 31. The Mustangs injected the ball of the running onto the floor.

BACK IN THE GAME, THE Poly Mules are found to be outstanding playing are Sylven Clavins and Angus McElroy. They are high point men with a point each.

Ski Club Enjoys Yosemite Hills

The newly organized Ski Club recently concluded its first trip to Yosemite Park. The boys were gone the weekend of January 13, spending on Friday afternoon. Those who went on the trip were "Buck" Holt, Wayne Lowe, Bill Bradley, and Roy Ryabasov. The following is a report of the trip submitted in the paper by one of the club members:

"The Cal Poly skiers picked Friday the thirteenth for their first outing of the year. After "bumping two mirrors and "Blackout" Holt had walked under a ladder, slightly cracked left side off for the mountains at 4:30 p.m., San Luis Obispo standard time. Nightfall found the lads at Watson where rest was sought by all except "Blackout" whose appetite had gotten the better of him. Saturday morning the barrel was General Bache Pate while again "Blackout" took time out to appease his hunger. In the afternoon they slid to the floor of the valley while they witnessed some real exhibitions on the steel blades. On the way home from the mountains at 4:30 p.m., the lads were again found with their "belly foot" which they have witnessed some real exhibitions on the steel blades. On the way home home from the mountains at 4:30 p.m., the"

**BY BESS BROWN**

On Thursday, January 26, the College of Agriculture was visited by the Winifred Club from Los Angeles County Farm Bureau. The girls made a big hit with their variety of fine singing. Having been asked to appear at the program committee's request, they sang two of the songs that have been heard on radio. The show to the students was presented by the Los Angeles County Farm Bureau Club tour is definitely set for the week of March 27 to April 1. Tentative plans call for 15 concerts and four dances in the five day tour. The program will be the first of its kind in the history of any college in California that a dance orchestra has accompanied it.

**KFA SEES POLY ROYAL**

The Future Farmer Chapter held its regular meeting last Friday evening. After Cooperating with the College of Agriculture, President Leo Fitzgerald and Mr. Thompson, the hosting of the County Farmers, and to give the newcomers an idea of the Co. FFA and its activities, Mr. Thompson announced that the boys present who were members of the last Poly Royal were elected to the Poly Royal next to the last year's Poly Royal. The club held its regular meeting last Friday evening and discussed plans for P. A. and lighting the installation of the football field.
