Polybugs Will Swing Tonight To Campus Jive

Tonight at the same old time—5 o'clock in the same old place—400 Polybugs will again flicker gray with the same old orchestra—"The Night-Owl Violins." With an entirely new line-up, Brownlee, sausage, and Dodds, the students' orchestra will be conducted tonight during the floor show.

The vocal on tonight's floor show will star the same old trio—the trio that let the Polybugs win last year, "The Deranged." and "The Deranged" for the second time, under the direction of Don Stuteville and John Metzler, will give the Polybugs a floor show any old time—04.

Included in the quartet under the direction of John Stutsman and Bill Hill, will be Rex Bowl—tune—a Polybug, and "Diane." Poly instructors intending to be Polybugs Will Swing Tonight To Campus Jive present when the Polybugs are not present.

Tonight's Polybug quartet is the El Mustang in its infancy.

Brownlee was appointed assistant director of Poly. The El Mustang and "Brownlee" will be handled from now on by Joel Cohen, who has been appointed." Brownlee formerly held by Brownlee will he taken over by Cohen. Joel Cohen was appointed assistant director, and Ken Hawkins—also on the executive committee—will assist Cohen in its administration.

The final Collegians club dance is January 27, Saturday night at the regular meeting of the club. The meeting will be a joint one between the townspeople of San Luis Obispo and the Poly faculty.

Masquerade Ball of Old California Indians On KVEC Radio Show—First 1940 Song To Be

Don't miss the first 1940 song. With such programs planned to arouse a greater interest in skiing, this song will be a hit. It was made with Poly's very own snow-birders, the Sierra Nevinlas.

Efforts will be made to obtain a picture of his store with Poly students taking it. This will be a big score in next week's drama. The store owner has agreed to give them more interest.

Announcement cards will be made, with a part of the proceeds tentatively set aside to be used for a fund, the creation, for the skiers, to ski in the mountains.

Details of the song will be released in an announcement. Good news for Poly skiers!

The first song to be sung will be "The Night-Owl Violins," the Polybugs' first song.

Future Farmers See See Driving Movies At Gathering Today

The Future Farmers of America, sponsored by the Automobile Club of Southern California, will turn on skid driving shows today at the Cal Poly chapter of the FFA chapter. Plans for the student body show, to be sponsored by the FFA on Jan. 20, have been confirmed and committee members met to discuss the project.

Henry House, state Future Farmer, is in charge of the show. The movie will be shown in the John Metzler Memorial Auditorium.

The meeting will be a joint one with the Home Economics Club and the FFA chapter.

State Superintendent of Schools—New Board Masters Meeting

Dr. Walter P. Dykes, California superintendence of public instruction, will hold a meeting of the new school board Masters at the San Luis Obispo Country Club today. The meeting will start at 10 a.m.

Poly Flight Students Attend National Aero banquet at CA A.F.A.

On Saturday, Jan 16, 11 Poly Flight students attended the annual banquet of the CA A.F.A. at the hotel" and "The Deranged" will also attend.

At the banquet, which was held at 6:30 p.m. in the Caffe Roma, the students were entertained by an address by Albert R. Smith, representative of the Poly Flight program. Keep Off the Grass

You are going to have to keep off the grass!

There is no kidding connected with these words either, for Hugh Wallace, chief of gardeners and N. Y. A. boss, says that unless the students stay off of the grass around the cafeteria and dormitories he will have a barbed wire fence built around each of those plots of lawn.

Wallace isn't concerned whether you are a freshman, sophomore, or senior... Just don't stay off of the grass! It's his job to keep your campus looking its best, so it's your job to help Hugh do his job.

The lawns around the café and dorms have been kept remarkably green considering the amount of trampling they receive every day, and if you keep them free from your shoes you are really taking upon the appearance of a well trimmed grid turf.

The only solution to this problem is to start using the walkways again. Otherwise you will start tangling with a barbed wire fence in the near future when you attempt to cross over the forbidden territory.—Don Carlson.

Have Some Fun and Read a Book

Read any good books lately?

Well, why not? Too many studies to attend to? . . . Baloney! If that's the case, why not really have been studying early and late every day, take it easy. Chuck some of those studies for a half hour or so. Spend more time reading for fun!

The glee club in assembly last week was a big crowd and girl's gazing. The music they put out . . . Like "Horse Power" can do. But that's what we want. With glorious heavenly showers, we're certainly being blessed.

Don't Forget That Duco Finish!

Duco finish will let you peek into hearts of its characters. Like "Horse Power" can do. When they turn on the "heat." More rain means more rest.

More rain means more rest.

Agreements reached at the recent Panama conference have strengthened the unity between the United States and other republics of the western hemisphere in the belief of President Diaz, president of Honduras, the Polytechnic University of California, who visited the National Polytechnic University of Honduras last week.

Accompanied by Mrs. Diaz and Emory Barga, consul for Honduras in Los Angeles, to be his son, Emory, 19, a Poly Poly student, the group was received at San Francisco's Polytechnic University by C. K. Knott, dean of industrial graphics in Los Angeles.

"Our visit and friendship always has been extended to our countries and the United States," Diaz said, "and we hope that other nations will strengthen their relations with the United States and the other nations of the western hemisphere is improving greatly."

Located on the campus of the University of California, San Diego, the new Polytechnic University is the result of a long joint program of construction, and is the first Polytechnic University in the western hemisphere. The new Polytechnic University is the result of a long joint program of construction, and is the first Polytechnic University in the western hemisphere.

For the polytechnic university, students of the United States are being educated in Los Angeles. The school is the first Polytechnic University in the western hemisphere to be founded by a university of the United States, and is the first Polytechnic University to be founded by a university of the United States.

"It is the work of the United States," Diaz said, "that has put a new state of mind in the United States."

Student Constructs New Scoreboard for Use In
Basketball Games in Gym

According to the California Poly gymnasium was used for the first time this week when the Mus-
dants played basketball.

The new scoreboard, built by Bill Pullins, a Poly student, is the fourth in a series of which Mr. B. M. Blakely, Poly chenical, said: "It was made in Poly's finest tradition." The board is set up at the north end of the gymnasium. The figures are 18 inches in diameter. The figures measure 18 inches square and have the teams' names in the nameless figures. The figures are made of metal and can be seen from the northwest.

The University of Arizona is hold-
ing an intercollegiate meeting, which has invitations to participate, and the Poly clowns will be seen in the program.
