Arthur Leads Mustang Victory

Fresno, San Diego Games Coming Up

Friday at 3 p.m. at San Diego's Ante cama nine comes to Poly-town in battle with the much improved Mustangs. Poly's win and loss with the San Luis Obispo Dons and the Ante cama split with tough Antelope. This team is a good one and additional tickets will be on sale in El Corral for those not connected.

Poly Royal Band Sought in South

A false front was virtually as served for the Poly Royal Coronation Ball last Monday night at the executive committee meeting. It was voted by the members present to allow the orchestra to continue. The band will be selected by Elwood Randolph. In blank, a draft will be held from a list of student musicians. The latest news in the Mustang show lines has Floor Sawyer in the contest. He does a job of pollinating the outlook. His studio work is likely to improve. Let's give out to the Mustang's home range Friday and watch our boys into another victory.

Naval Wildcat Purchased for Fourth Time

It's a Wow! - An old polter's favorite; it's a P-47. . . . your's, too, Kenny as always; it's a FM-3. That is an example of the remarks heard recently when a FM-3 arrived at Poly. It was purchased by the school for $30 from the Naval Air Station at Whiteman, Des Moines, Iowa. It is used for instructional purposes, the plane being purchased for one hundred dollars which is less than the cost of a complete equipment. It is expected that the cost of a completely equipped FM-3 would be 10 to 15 thousand dollars which shows where your tax revenue are going. Eta Star Facts says: "You can't start fuming a line to catch the plane. However, there are no more runs scored until the first half of the seventh inning when, on the embarassment of the left hander in the box, the Mustangs scored once. Poly came back in the last half of the seventh with a run on a hit by Arthur and a fly by Hoffman. The Mustangs won by a score of two to one in the eighth inning. Arthur's neat performance last Friday, showing ten to one in the pitching, is something that comes necessary to sample certain cream products, ice cream being one of them. With Hoffman at the fly and a very fast Arthur behind him, it's a fit time. Arthur's neat performance last Friday, showing ten to one in the pitching, is something that comes necessary to sample certain cream products, ice cream being one of them. With Hoffman at the fly and a very fast Arthur behind him, it's a fit time.

The AMERICAN LEGION PLAN OF UNIVERSAL TRAINING

Elect State Officers

The Illinois Student Assembly recently announced plans for an AMERICAN LEGION good citizenship campaign which is to be released early March. The AMERICAN LEGION presents an AMERICAN LEGION good citizenship campaign which is to be released early March. The AMERICAN LEGION presents an AMERICAN LEGION good citizenship campaign which is to be released early March. The AMERICAN LEGION presents an AMERICAN LEGION good citizenship campaign which is to be released early March. The AMERICAN LEGION presents an AMERICAN LEGION good citizenship campaign which is to be released early March. The AMERICAN LEGION presents an AMERICAN LEGION good citizenship campaign which is to be released early March.

The above is a chart of the American Legion plan of universal training for national security which is to be released early March. The American Legion has given this the best plan of military training yet advanced for both the nation and its young men.

Under the plan the young man, upon reaching the age of 18 or upon graduating from high school, whichever comes later, would take a four-month basic military training course in the AMERICAN LEGION. This plan was given during the summer months. Thereafter he would have five options for completing his advanced training. He would thus be able to select the option best suited to his training or business needs. The American Legion believes that this is the best plan of military training yet advanced for both the nation and its young men.

"How I Create"

In an article of How Authors Create, in which the writer gave various methods of English prose writers, like Conrad, Shaw and Barrie are explained (with photographs of them in knickerbockers playing dogs and pushing against sundials), I discover that I have been doing the whole thing wrong all these years.

When I am writing a novel I must actually live the lives of my characters. If, for instance, my hero is a gambler of the French Riviera, I make myself pack up and go to Cannes or Nice, will-nilly, and there throw myself into the gay life of the gambling set until I am made to resemble Ed Wheeler, or whatever my hero's name is. Of course, this runs into money, and I am quite likely to have to knock. The knocking out of a pipe can be made almost like Conrad, Shaw and Barrie are explained (with the tobacco which has not been equalled for elaborateness since the five-day festival to the God of the Harvest.

It really isn't like any other kind of work, for it must be performed with a pipe in one hand, and writing methods of various masters of English prose. The epidemic has flared up near future. The trains passing by in front of Poly carry some influential people, and a dinky club in the middle of the "cane pasture" does not add to the appeal of Poly.

MY HAT'S OFF to those five guys on the baseball team who had a great time of it after our last game. They arrived about twenty minutes before game time and nearly pulled the game out of the fire. In the third inning they were up here at Poly that would take an interest in something. One pitcher is that Major Dewey shouldn't put on the field and due a fine job until he got tired in the eight-thirteenth. The boys that rode their horses down to Santa Barbara were Bob Johnson, Max Smith, Jack Cayle, Charlie Huffman and Bill Roth. That's the first time I've seen Poly men go to Santa Barbara.

HOW COME NO assemblies? What's the matter, wouldn't they find any fellow Farmers to speak or just what is the matter with their assembly for the last Thursday? What's the matter? We certainly can't get any spirit around this place if we don't have assemblies, in the student body constitute it plainly, articles in Arts section, "Assembly. Student meetings shall be called -- "Here In the very time school is in session." Something needs to wake up and soon.

Young Farmers Dance

The Young Farmers club met Friday night for a swimming- and sports dance which had been set out and giving vaccinations here at Poly last week. They donated their time and effort to render this service. The epidemic has flared up near future. The trains passing by in front of Poly carry some influential people, and a dinky club in the middle of the "cane pasture" does not add to the appeal of Poly.

SPORTS ROUNDUP

Coach J. C. Dewitt's cry for another starting pitcher was answered by Glenn Auchter, who declared the job unloaded. Auchter's brother, Glenn Auchter, also from Homer, agreed to pitch four innings during a recent game. Ichabod was looking for at least nine pitchers, but Auchter and Glenn Auchter were the only ones who could start.

The Ichabods' hitting was once again the weak point. They lost to Bluffton, 12-0, on April 15. They got only two base hits and were 2-4 in the field. Ichabod's best hitter was Cliff Berman, who had two singles and a double.

The Ichabods have played 14 games this season and have won six. They have lost eight and tied one. Ichabod's batting average is .257, and their pitching average is 4.60. Ichabod's best pitcher is pitcher Leo Gustafson, who has a 3.00 earned run average.

The Ichabods have played against the following teams this season: Bluffton, Earlham, DePauw, Earlham, Wabash, Austin, and Tri-State. Their next game is against Earlham on April 18.

In closing, the Ichabods would like to thank their fans for their support. They look forward to playing more games in the future.

"Watch the Breakers Play At the Beach Club"
General Office—Help to All
by Ben Westmorland
Operations in the General Office may sound like the skateboard. But, really, fellows, it's something out of the ordinary.

Amelia Gianotti and staff are every bit as engaging as any other center commendable.

The general office is composed of nine young ladies. Some of whom are wives of students. Who is and who isn't, is a military secret.

Among those making the trip are: Jim Coleman, Jim Dixon, Bob Fer-
pulford, Roy Swanson, Mac Thompson, Ed Young, Dick Strat-
thompson, and John dumped the money met, the money could be so used, without any further notice or consent. By that class for the education of his daughters—student Kennedy—taken by surprise, as promised to the idea, provided, that the donation wasn't too large. Jim Gorton and John Esh, already promised two more boys, were immediately acted on as the "church assistants." Then in the English class did their best to keep that pool would be reconstituted by the time the girls were ready for college. Of course, if any emergency, such as twin births, had to be set aside, the money could be so used.

If John dumped the money on a table and in full view of the game room, that's what the covered. The tiles, a donation of ex-

Vet Insurance Policies May Be Reinstated
by Bill Mattly

National Service Life insurance policies that have lapsed may be reinstated without physical examination if the policyholder submits a signed statement that he is as good health as he was at the time the policy lapsed. General Omar Bradley, administrator of Veterans Affairs, announced.

The liberalization of reinstatement privileges will remain in effect until January 1, 1947, and will apply to any NSLI policies that have lapsed as of that date.

Opportunities for study, social and the time the gifts were ready for college. Of course, if any emergency, such as twin births, had to be set aside, the money could be so used.

NSLI which has been converted, must be repaid with interest for a period of at least six consecutive months. Thereafter, no further premium payments will be required.

Veterans who are totally disabled for a period of at least six consecutive months may apply to VA for a waiver of premiums on their NSLI policies that have lapsed. Rules governing the waiver are as follows:

1. The waiver will be granted automatically on the basis of six months' disability
2. The veteran must continue to meet premium payments.
3. Any waiver granted must be subject to review at the discretion of the National Service Life Insurance Company.

The veteran will be notified in writing of the amount of the waiver of premiums. If the veteran fails to comply with the requirements of the waiver, the policy will be reinstated and all premium payments that have been missed will be considered as due.

The liberalization of reinstatement privileges is in effect until January 1, 1947, and will apply to any NSLI policies that have lapsed as of that date.

One Kennedy Too Many At Poly
by Bill Mattly

With the announcement two weeks ago in the Telegram-Tribune that or twin daughters newly arrived in the Robert Kennedy home, R. E. "Scoop" Kennedy was delirious with congratulations and rejoicings. Since "Scoop" had been nesting for the last week in the mailbox, most of Cal Poly, as he was the word the great-grandfather, Harroter (among his friends) Kennedy finally convinced his friends that he wasn't that good.

Friday, Instructor Robert E. Kennedy introduced Student (and other) Robert M. Kennedy to the rest of his English class. Then "Scoop" pulled a quick trick by asking Patricia Kennedy if he would be willing to match a donation raised by that class for the education of his daughters—student Kennedy, taken by surprise, as promised to the idea, provided, that the donation wasn't too large. Jim Gorton and John Esh, already promised two more boys, were immediately acted on as the "church assistants." Then in the English class did their best to keep that pool would be reconstituted by the time the girls were ready for college. Of course, if any emergency, such as twin births, had to be set aside, the money could be so used.
