McAdams is Soph President

The Sophomores class held its organizational meeting last Thursday night. At that meeting, class officers were elected and plans started for participation in extra-curricular activities. Leon McAdams was started as proxy of the class. Jim England was elected vice-president and Ted Haskell was elected secretary. England was made a member of the fire department board, which is in charge of handling the class wreaths in U.S. Banks.

Norton Sharpe, class advisor, presented to the class several ideas concerning activities for the class including participation in athletic competition between classes.

The next meeting for the class is tentatively scheduled for March 16. All sophomores are urged to attend this meeting.

Instructions for Vets Changing Curricula

On February 18, 1947, a notice was posted to the effect that any veterans enrolled under Public Law 22 must clear through the Veterans Administration Office in order to receive permission to change his major curriculum or level of instruction.

The Veterans Administration has now ruled that the recommendation of the California Polytechnic School through the department heads involved will be accepted in cases where a Public Law 22 veteran wishes to change his major curriculum or level of instruction, except where such change is made as a result of the student having received sufficient failing grades to prompt him to make the change. In all cases where the changes mentioned above are made as a result of failing grades, the Public Law 22 veteran must obtain permission from the Veterans Administration Training Officer.

The information above does not apply in any way to veterans enrolled under Public Law 16.

Edward Kennedy Addresses Poly P.C. Club Meeting

By W. R. Robertson

Edward Kennedy, famous journalist and foreign correspondent, was the honored guest at the Poly Press Club meeting held last Monday evening in the Gonda Tea Room. Kennedy gave an informal talk on foreign affairs and answered many questions from the members of the club.

Kennedy, who is now with the Santa Barbara News Press, was for ten years a correspondent for the Associated Press in Europe, and was widely publicized when he escaped the world by releasing the Berlin News. Kennedy was later cleared of all charges made against him, and was reinstated as a correspondent.

The press club was also honored at the dinner meeting with the presence of President J. A. Moore.

Prior to Kennedy’s talk, a short business meeting was held in which the club adopted a new constitution and reorganized the temporary executive for the remainder of the school year. Those officers are John Pattison, president; Lawrence Evans, vice-president; Paul Madge, secretary; Kent Press, treasurer; and Robert Standish, public address.

Other business discussed at the meeting was an invitation to the campus of the National Cross Country race, and plans for the coming meeting.

Also attending the meeting were R. E. Kennedy, and "Honest" Patterson, who are the club advisor, and twenty-two members of the club.

IMPORTANT NOTICE

No more credit sales to either veterans under Federal Laws (No. 318 or 16), or men under the rank of Lt. Commander U.S.N., for either credit or cash. They must clear through the Veteran's Administration Office.

FINAL EXAMS AND REGISTRATION

The entire Final Exam schedule and registration procedures are on page 6.

March 6, 1947

By the time this issue hits the streets the "P" should have a new coat of whitewash, weather permitting. Maybe I am being a little optimistic in writing about it now, but I have faith in Bill Othart and his administration of the freshman class. Keep up the good work, Bill, and maybe you'll get more than just a handful at your next meetings.

The road running into the campus up Hillcrest way is in shape. There are lots of red clay, deep to a tall giraffe. There is enough traffic on this "boulevard" to warrant a regular job. If the right man would wish to rent the county, I think that a little black top could be diverted in that direction.

One of the biggest improvements we've had around here in a long time, at least to my estimation, is the trimmed palms along California. It not only makes for better appearance but also easier to see any on-coming traffic. The wheel turns slowly but keeps turning at any rate.

Last Saturday afternoon three of us were standing on the lawn in front of the dairy barn when a bike came zooming up the hill passing three cars at once and nearly clipping a white post just below the units. It seems that some guys never learn or never think that they aren't the only people on this earth. Just last week there was a serious accident on the campus, and if such driving keeps up there will be more. I have a car, but never have yet found any need to drive fifty miles an hour from the Aero shop in Hillcrest down. So you in the dark blue roadster from Hillcrest, watch your driving.

I'm ashamed to admit it, but I missed the fights last Saturday night, but I have a good excuse—I was job hunting. As much as I hate to work, I have to start sometime. Looks like we can't even get a square deal on our home stamping grounds. Have heard rumors to the effect that the first referee couldn't see the Tas. Tak, took such an interest in the tower that the referee could not talk with the Tas. The four fights they were the best they have seen around here in many a day.

I just can't turn this column in without saying something about that hangover game last Saturday night. I put it in a nutshell, it was wonderful. The boys really put out and came through with a bang. The display of sportsmanship by the students was great. It was a great tribute to a great coach and a real young boy, Bob Stotz.

This Week's Kettle of Fish goes to whoever conserved my column of last week.

---

Cores Are The Berries Says Voohls

"The more strawberries you eat in the Missouri Osarks, the more you have to raise, to raise more strawberries in order to raise more strawberries in order to raise more strawberries."

Ralph told an interesting story of how the immigrants who came to Europe had to be shown how to raise grapes in their new homes. It was a way of getting them started on things they might never have done before. Perhaps the way we have been told how to raise strawberries in Missouri is a way of getting us started on something we might never have done before. 

"The Osarks Are The Berries Says Voohls"
Hort Club Announces Plans For Poly Royal Exhibition

By Paul Tritenbach

The Ornamental Horticulture department has completed plans for the Poly Royal committee to announce a three-point program. This will include reorganizing stock, weed control, and pruning hedges and shrubs, and cleaning the buildings. A flower arrangement contest will complete another part of the program. The contest will be open to all, and an expert judge will be selected. A third feature will be the usual plant identification contest, to be held at the Propagation House. Some of the more beautiful plants will be given as prizes for both of these contests.

Chuck Burg/Index, chairman of the department's Poly Royal commit­tee, stated that the Landscape unit would, as usual, be open to all interested in the field.

Guidance Center Has Veterans' Aids

The Guidance and Achievement Center, located in Room 25, Administration Building, has announced receipt of numerous books and pamphlets describing opportunities in various occupations, and these are available-for the use of all veterans.

Featured in these booklets are such items as job requirements, oppor­tunities for advancement, average salaries, preparation required etc.

The titles of particular interest to Cal Poly veterans are the following:

"Opportunities in Farming "Jobs in Rural Service"
"A Career in Engineering "Jobs in the Aircraft Industry
"Employment Trends in the "Trades"
"Jobs in Rural Journalism "Horticulture"

Paul Hyland, Acting Chief of the Guidance Center, states that all veterans whether under Public Law 21 or 45, are entitled to the use of these materials. The center is open from 8 a.m. to 4 p.m. Monday through Friday.

Drum to Class

Sudder Jerseys

George M. Drum, head of the Dairy Department, has been asked to drum to class by the Sudder Jerseys at Poly's substitute for the Ranch Cattle Club.

Sudder Jerseys, well known as the makers of potato ships, mayonnaise, peanut butter and various other food products, have built up a herd of Jersey cattle in California.

In his "Drum to Class," George M. Drum, head of the Dairy Department, has been asked to drum to class by the Sudder Jerseys at Poly's substitute for the Ranch Cattle Club.

The advanced judging and dairy herd management classes enjoyed a very interesting field trip through the Santa Maria - Guadalupe area. The farmers visited two of the Primo Freddi, Arthur Atla­naugh, and Canavotta and Chelanum are former dairy students at the Poly.

Latest equipment in both farm­ing and dairy operations was on display by the students of the herd. Some of the heifers have been averaged around the 1,000 pounds of butter fat which is a very good average for Poly Herds. Primo Freddi had a cow that produced 100 pounds of butter fat that month.

Field Trip to Nurturary Dairies

The Poly Phase club will hold its meeting today in the A. C. Auditorium, located in Room 23, Administration Building.

The club members will be present. This will be a bus trip to the north ern part of the state until after "Poly Royal." The club has already planned to go to Santa Clara.

By Roy Bethel

In the concluding game of the season, the Mustangs entered the match with a victory when they used the height of their forwards and the inside work of their forwards, to emerge victorious over San Luis Obispo, 54-46 on the Mustang home court.

The loss put the Aztecs in a three way tie with Santa Barbara and San Luis for second place in the conference standings, with five wins and five losses. College of Pacific took over the conference title with 10 wins and no losses.

Led by Hank Moroski, Poly's forward for all conference honors, the Mustangs went into an early lead and were never headed in the contest. Moroski finished the season in a class of scoring, coming 29 points in an amazing long game.

John Swesey, g 1 1 0  8

TIlstra, g; Tilstra, g; Moroaki, g.

won one conference game, they narrowed the lead to 48-44 after the second half, but the opposition's superior floor work and getting the rebound work and all around defense of Poly made it look as though the scrappy Mustangs would have to content themselves with the consolation prize. The Aztecs had a 38-37 lead after eight minutes in the first half, but the Mustangs turned the tables and started pulling away to a 44-40 lead at half time.

Although the Mustangs only won one game in the conference, they are hopeful of having a good season. They are a very talented team and with a few additions, they could become one of the top teams in the conference.

Moroaki finished the season, scored 14 points. Not to be outdone, the San Diego State Aztecs made it a closely fought game. The Aztecs had a 27-20 lead at half time, but the Mustangs came back to win, 52-48.

In the second half, Poly was able to match the Mustangs baskets for baskets, but the opposition's superior height and reserves strength all the way, managed to hold Poly to a 3-point margin for the balance of the game.

Mottmen took an early 18-8 lead and led 26-20 at the half, but the opposition's superior height and reserves strength all the way, managed to hold Poly to a 3-point margin for the balance of the game.

POLY BOXING TEAM LOSES

The Mustang leather pouchers lost a close 3-4 team score to the Gauchos from Santa Barbara college last Thursday night in the Poly Gym. More than 20 enthusiastic fight fans witnessed a pro­
gram packed with thrill, charity, and good-natured fun. The cheers were for the contest­
and the fine spectacular per­ormed that the men presented.

The boxers were for the first referee.

Leo Longly.

Beginning with the sixth fight, Joe Repose, of Arroyo Grande,
took over the duties of referee, and di­
ved a very good job of officiating.

The curtain for the even­
ning’s festivities were Leroy Hooge
and his gang of eight. The Mustangs -
Gauchos punched his way to a 3-2 three round decision.

Leo Longly then stepped into the ring to oppose Cormier of the Golden Gloves. Longly showed
class and boxing skill, and the fight went down to the wire in a split decision of the judges, refer­
eree Longly awarded the victory to Cormier.

Gill Ramos, Matthews, of Santa Barbara proved, that he had too much experience over his opponent, Rey Lopez, and in the second round had stopped in the second round.

New Louie Mast of Poly oppo­
ted and the Golden Gloves champion, Golden Gloves champ.
Bob S. Harris of the Mustangs, Gates punched out his way to a 3-2 win.

Mast had his best fight of the night; his opponent, 

By using his left jab to great ad­
vantage. Gressett, in the third round, knocked Mast with a hard right to the head. Mast came out once but Gressett following up with a barrage of blows scored a K. O. with only five seconds re­
main on the fight.

Russ Barr, of Poly, then stepped into the ring and showed the fans the real boxing talent by winning a close cut victory over Sean Caturelli. Referee Longly first awarded the win to the Catholic, but both Judges jumped in their feet as they had before awarded the fight to Barr. Russ was then declared the winner.

At this junction, a change in officials was made, and Joe Repose took over.

Dave Hagen, opposed by Jimmy Wall, put on a fine performance. After three hard fought rounds, Hagen was adjudged the winner in a close decision. Hagen’s ring experience and defensive ability gave him a first round, final win for himself.

Howard Ross, of Cleveland, fighting his first intercollegiate mach, had on easy time with Charles
Ermey of Santa Barbara. Ross caught the back peddling To­
morrow in the second round with a barrage of lefts and rights. Referee Repose halted the bout in 1:34 seconds of the second round.

In the heavy weight division, Billy Steele of the Gauchos was awarded the verdict over the three round faithful. Steele 26 pounds. The fight finished with Steele one of the outstanding col­
legiate boxers.

Gene Pimentel will wear the Green and Gold on August 31. He will weigh about 170 pounds and may spring a surprise by capturing high honors.

The program will be head­
led by Fred Adams of San Diego Poly. Adams will be a leading
candidate in the weight division. Gene Pimentel will wear the Green and Gold.

Dave Rissinger, pepseed by Jimmy Watt, put on a fine performance. After three hard fought rounds, Rissinger was adjudged the winner in a close decision. Rissinger’s ring experience and defensive ability gave him a first round, final win for himself.

Study Group
Hearts Loctch

What to eat and why was the topic of the third Parenthood study Group meeting, held at the junior high school.

One of the facts stressed was that the food a woman eats during pregnancy, will influence her baby what it needs before birth and sufficiently nourished, have a better chance to have a normal life. It was pointed out to students that their food intake and diet are closely related to what their body can uses.

STUDENTS’ WIVES

Students’ Wives will meet at the following time and place. The class of officers for next term is a program planned for all members following the business meeting.

Other matters discussed included the plan of a weekly meeting of the Junior Matrons held in the Junior High library.

The next meeting will be held on Wednesday, March 12, at 11:00 A.M.

The topic of the next meeting will be a half-hour knitting class sponsored by the Junior Matrons was held in the Junior High library.

Spring Quarter Registration Instructions for New Students, California Polytechnic College.

New students should have made arrangements for their rooms and meal tickets previous to entering registration line.

To secure permits to register at the north door of the administration building beginning at 8:00 A.M. Stuents involved in completing registration and schedule classes will include:

1—Secure permits to register at the north door of the administration building beginning at 8:00 A.M. Students involved in completing registration and schedule classes will include:

2—Pay necessary fees at the accounting office.

3—Secure actual forms of on and second floor of administration building at least at the south end of the building.

4—Report to department head and complete schedule.

5—Turn completed schedules in to instructors in Room No. 984.

6—All students who plan to use any motor type of vehicle transportation must register their vehicles. In the registration line you will be provided with necessary registration forms which must be completed and turned in before registration is complete. These forms will be provided to students at the time they are turned in class and registration area.

7—Students not owning a car or motorcycle are still required to complete the forms and provide the information that they will not be driving on the campus during the spring quarter. Students who acquire a motor vehicle during the quarter must register it in the office of E. A. Stinson, security officer.

8—Report to classes beginning at 9:00 A.M. on Tuesday, March 14, 1944.
