Mustangs Sweep Double
Bill From Fresno Bulldogs
Garman and Crawford Lead

Mustangs, to 4 - 3 and 6 - 2 Wins

Don Garman's sharp pinch single in the last half of the ninth inning of the first game and Don Crawford's four hit performance in the second game gave the Mustangs a twin victory over the Fresno State baseball team Wednesday on the high school diamond.

The Mustangs, winners of their second straight, with three games to play, moved up to third place in the West Interior Conference with a nine game lead over the next closest team. The Mustangs, who had previously lost to Santa Barbara and San Jose, came through with one of their best performances in the first game.

The Mustangs, who had scored in the first and third innings, went ahead in the first when George Black scored on George Ado's hit. In the third inning, when the Mustangs scored again, the Mustangs scored again.

The Mustangs, who had previously lost to Santa Barbara and San Jose, came through with one of their best performances in the first game.

The Mustangs, who had scored in the first and third innings, went ahead in the first when George Black scored on George Ado's hit. In the third inning, when the Mustangs scored again, the Mustangs scored again.

Rodeo Team Win Honors At University of Arizona

BY TOM MARVIN

The swish of fast loops and the clack of cows bells dang-
ing from loose ropes could be heard at Tuscon March 10th and 11th, when the University of Arizona's Inter-collegiate rodeo took place. The 28 contestants from Poly have returned to campus after the long trip to "the pitiheh." Although Poly didn't win the trophy this year, it was an excellent showing, with the athletes having a whole lot of fun.

Mustang Grid Team Reports For Practice

Howie O'Daniel and Chuck Prado have been granted for the 1947 season of the Mustang grid squad, as requested by the coach. The team is now practicing, with the first game scheduled for April 11th at Palm Springs. The Mustang grid is looking forward to another winning year, with the team members working very hard to achieve their goal.

Poly Mermen To Meet COP

The Mustang mermen journeyed to Santa Barbara yesterday for the conference of the Colleges of Pacific. Tomorrow, Poly will take on the University of Portland. The winners will move on to Los Angeles, where Poly will play Pepperdine on Wednesday. The Poly mermen will be meeting with the Pacific Coast Athletic Association, as well as the California Collegiate Athletic Association. The Poly mermen will be meeting with the Pacific Coast Athletic Association, as well as the California Collegiate Athletic Association. **Poly Horseiders Drop Two; Meet COP Saturday**

Mustangs Slump Again; Lose Doubleheader to Spartans

The Mustang horseiders had more hits but batted past their ears last Saturday than they hope to see for a number of games. The Spartans from San Jose State, presenting a well balanced nine, won two victories over the Mustangs.

In the opening nine inning 'the offerings of lefty Don German for the home team started to stick and the Spartans pounded tussles, the Spartans pounded.

**Gauchof Net Team Defeats Mustangs, 8-1**

Engaging in the regular season competition for the first time, the Poly tennis team lost Saturday morning in the quarterfinals of a well attended Santa Barbara college tennis tournament. The following were the results:

- Bob Wright (SB) v. Don Staton (Poly) 6-3, 6-0
- Charlie Hoffman (SB) v. Don Bohn (Poly) 6-3, 6-2
- Martin Dowhill (SB) v. Lee Hester (Poly) 6-3, 6-2
- Rob Bowers (SB) v. Dave Roeser (Poly) 6-3, 6-2
- Dodg Wright and Max Bowers (SB) v. B. Edwards and Don Kay (Poly) 6-3, 6-2

**Mustangs Win Two**

hit as they combined a Fresno error; a sacrifice, two walks and a stolen base. PeWee Fraser, center fieldeer, capped off the inning when the title stake on Henry Hill. Those who started for Fresno, Hin- thery was followed in the second by pitcher Lackrow, who in turn was relieved by Smith, who hurled the rest of the game.

**Vern Pinky Beberman, shortstop, was big stick for the Mustangs, getting three singles in six trips this afternoon, while Bert Haas, who recently returned from a quick trip to Pennsylvania to receive his first state reaction, turned in a sparkling performance. Fielding flawlessly, he was credited with twenty put-outs in the first game.

**TRACK**

Poly's track team is coming along as well as can be expected with about thirty men out for the team. This Friday we will be starting our first practice meet of the year, and we should have quite a crowd present for the occasion. We are very much looking forward to it. Everyone has his own petty gripes and grievances and ideas as to how to win a ball game, but this continual cumb- ing and Monday morning segunda is not the way to do it. Personally, I think the thing that is lacking most in the absence of leadership. It is up to one of your older ball players to take charge of the team and tell the younger fellows that we are going to play baseball. Until we have a leader of our own, this team will not be able to play. We are beginning football practice and we are getting along nicely. Our first game of the year will be played this Saturday, and we will be looking for a good victory.

**NEW RULING FOR POLY**

This year's Poly team will be ineligible to play on the three year regulation, whereby any varsity team. Previously Poly was unable to win as much as a set in any of the single matches but came back well in the doubles play. Section and Miller. No. 2 doubles team showed their best work of the year in this position and won their game second set before losing. The No. 2 doubles team, Ernst and Redden played well, faring the opening match without many errors. The tennis tournament is scheduled to meet the Los Angeles Open Tournament in a return match this Saturday. The Poly team will be on their home court for the high school courts in town. The club will present an early engagement by a 7-0 score, but Poly might be in the position of starting on their season as early as November 1st. The Poly team will not award any points to the Mustangs for this match. The Mustangs, meet the Poly team in a return match this Saturday afternoon.

**FOOTBALL**

Here's O'Daniel's football team will open the pigskin season by playing Arizona State at Tempe. September 30. The game will give the Mustangs a ten consecutive game schedule.

**LARG SCHEDULE**

The 1947 edition of the baseball team will engage in the longest and hardest schedule that any Mustang ball club has ever undertaken. In all, 38 games will be played.

**BASEBALL**

It happens at the best of colleges. They all lose ball games. Last Saturday we dropped a couple to the Spartans of San Jose State and neither one of the games was close. We have a very good ball club here at Poly, one that should be right in there swinging all of the time, but just between the two of us, something is wrong somewhere along the line. I don't know exactly what it is, but the fellows don't seem to be pulling together. There are quite a number of blank spots on our team and some of the team members feel that the boys get together on them and start playing baseball the sooner they'll start winning some ball games. Saturday afternoon, over at the ball park, it was very noticeable; the lack of spirit and the lack of teamwork. When San Jose's infield went out to set up housekeeping each inning they showed that they thought they were part of a ball club. Those boys were full of spirit, and pepper at all times.

Everyone has his own petty gripes and grievances and ideas as to how to win a ball game, but this continual cumbering and Monday morning segunda is not the way to do it. Personally, I think the thing that is lacking most in the absence of leadership. Dear John...

To Whom It May Concern:

The Co-operative Movement may rest easy, because with this letter I have changed my mind in the least about automobiles. I had always been of the opinion that an automobile was as dangerous as a loaded gun. They do not stand up to the demands we place on them. I now disagree with the co-operative movement as well as myself.

I disagree of what you say, but I will defend to the death your right to your opinion.

Sincerely yours,

John M. Patterson

Beachcombing

El Mustang brings you a slight change in style this week. The sports' crew has been trying to get a more favorable spot for a long time. They seem to feel that very little occurs on this campus except athletic news. Maybe they are so lazy that they won't even roll over to watch a specimen of Dan Cupid. Most of the "young men" on the campus don't drag out the old antidote of sulfur and molasses any more. They haven't noticed any particular increase in the activities of whistlebait wander by on the beach. If someone doesn't watch them, they won't even roll over to watch a specimen of Dan Cupid. EL MUSTANG

TONIGHT, so here's a dollar, and a quarter to go to the movie."

ridious frulte and crops, and to add truck crops. Only a few acres are available for the students by next season. If facilities are sufficient to accommodate the students, the number of acres may be expanded. There will be a further evaluation and planning session during the next academic year.

Plow, scraper blade, cultivator, and 14-ton truck with orchard bed; other attachments, including a two-way shovel, etc. The group spent the day at the San Luis Obispo airport and the Lockheed Aircraft today, the "Big " Lockheed Air Craft.

San Luis Obispo has a population of approximately 16,000, including suburbs. An estimated average of 14,000 travelers stop there each week.

What supports San Luis? San Luis Obispo's climate is probably utilized as an area for the development of new and surplus equipment to be used in the classroom. Several figures were brought out and a few figures on the size and scope of the department were provided. The department now has over 50 students enrolled in the various programs. The department is currently offering courses for agriculture teacher candidates since 1931.

Agricultural education and the draft have been a primary focus of the department. The draft has forced a re-evaluation of the curriculum and a need for new and innovative teaching methods.

Air Conditioning Expects to Poly

With the largest enrollment of any of the six industrial departments, the Air Conditioning Department has added one instructor teaching in heating, ventilating and air conditioning. An additional instructor in heating, ventilating, and air conditioning has been added to the department. The department is now offering courses in heating, ventilating, and air conditioning.

California Polytechnic State University is the only institution in the country to offer a degree in the subject of air conditioning and heating.

The course is so unique that there are no books available for use in the course, and the instruction is designed to train students in the field. The department aims to train students in the field of air conditioning and heating.

SHARP ANSWER, DULL CLASS. From the "Aviation and Electronics Modern" course, a sharp answer was given by Rodney Rues, "Dull and share." The class seemed to enjoy the humor of this response.

STUDENTS’ WIVES

By SHERRY KALLOUGH

The Student Wives club held its last meeting of the season at 7 in the B-27 room tonight. Mrs. Grover, president over the meeting, announced the donning of the new Student Wives’ regalia. The meeting began with the announcement of the newly appointed members of the Student Wives committee, which are: Margaret Greene, class of '47; Jeanne Dulany, class of '47; Carolle McElroy, class of '47; and Betty McDonald, class of '48. The Student Wives committee is responsible for arranging the coronation, the „Spring Show”, and other events. Mrs. Grover stated that the committee is to be in office for as long as the names of the student on the committee will remain confidential.

The meeting ended with the announcement of the new Student Wives regalia. The regalia consists of a blue sash, a blue hat, and a blue jacket. The regalia is to be worn by all members of the Student Wives committee.

WARRIORS MAT SPEAK

Word was received here today of the release of the Governor of California from the State of California, that he has not yet been able to complete his schedule for June, and that he has not decided whether or not to accept the Governor's invitation to visit the Cal Poly campus.

ORIGINAL COUNTRY FAIR TO BE HELD

(Continued from page 1)

A play, “The Man of the School”, was presented to the group. The play was written by Miss Ida O’Donnell of the Panama Canal Department.
