Music Tour Includes 18 Shows and 5 Dances

Wayne Smith

The Collegians and the Men’s Glee Club returned last Monday at Cornell University. Following that, the group visited the Joaquin Valley where we played eighteen programs in the schools of about 2300 students. They also managed to outdo the other schools in the volume of their work. We had our largest audience to date in this area.

We arrived in Tracy on the afternoon of East Monday morning. We have a very good proving ground for poly, and the program very much although some of us were a little jittery since it was the first program.

The next stop was for an afternoon performance in New Mexico. Following that, we went on to Guatia, where we had dinner with the Rotary club and the Petroleum club, at which the University Quartet presented a few selections, we played an hour and ten minutes. We finished the day by playing two hours for a dance. These programs were a great success and the greatest achievement of the tour.

That night the housing situation was a little rough. The group had to drive 45 miles into Modesto to get a place to sleep. After the last two shows, we went to Modesto, and the remaining nine stayed in Guatia.

On the 26th, we were a noisy crew of men. The group that went to Modesto was attended by the mayor, who welcomed them and handed them a warm welcome. The bunch that went to Las Vegas spent the night in the well-known clam bar and lobster house. In spite of being hot (and in spite of a few other things) we played our best program of the tour up to the time at the Las Vegas Hilton.

We then proceeded to San Pablo, where we had both a sea and dance and followed that with another program.

The next stop was for an evening at Poly Poly, where we played an event and everyone was feeling a lot better. I don’t know what did it, but maybe it was because we played an event and everyone was feeling a lot better. I don’t know what did it, but maybe it was because we played an event and everyone was feeling a lot better.

This & That

This bouncing back and forth from four to six pages is very difficult for the whole staff. This week we have El Rodeo to thank for the short-changed type of custom that we got. It seems that so many men can do only so much work in a definite period of time. Editor John Shea pulled his rank on the whole paper and published the weekly news-sheet and declared that the print shop facilities were to be used for his publication. This really isn't a complaint. We are suffering from a general case of spring fever, and can use the rest and relaxation.

We got into another vat of hot water last week by failing to publish a story. Our story of the political jockey on his editorial about communism last week. Everyone is entitled to his own opinion, and no one else's. But we have been accused of communism articles. We even agree with some of the comments. On the other hand, we think we are correct, and so reserve the right to continue it, and we hope to make ourselves interesting to those who disagree with us.

We are pleased to announce that Glenn Arthur has been appointed as our staff advisor. Glenn has been with our college for many years and has always been a source of inspiration to us. We are sure that this year will be no different.

Dear John...

From: Several disgusted students.
Subject: Security?

Dear John,

I'm writing to express my concerns about the recent events that have taken place on campus. In particular, I would like to address the issue of security.

Last week, we heard rumors of a student who was questioned by the FBI. While I understand that security is a concern for the college, I am troubled by the way in which this matter was handled. According to those I spoke to, the student was simply asked for identification and then released. This is not the kind of treatment that I would expect from the college.

I believe that it is important for us to have a clear and transparent policy regarding security. I suggest that we have a meeting with the administration to discuss these issues further.

Sincerely,

[Your Name]

Response:

Dear [Your Name],

Thank you for your concern about security on campus. It is important that we all work together to ensure the safety and well-being of our community.

As you know, the college takes security seriously and has policies in place to address situations like the one you mentioned. However, I understand your concerns and will bring this matter to the attention of the administration.

Sincerely,

[Your Name]

Poly 9 Meets Santa Barbara Here Today
This week two teams will visit Los Olivos town to play the Poly diamond men. A double header is on tap to top the Santa Barbara Gauchos on the high school field, the first game starting at 1 p.m.

The probable batting starters for the Mustangs will be Don Crawford and Jack Fleming, starting in the first game and John Williams and Lee Rose in the second contest.

Saturday, the Poly team will battle with El Toro Mercado for single game on the high school field. Probable starting battery for Poly will be either Don Garman or Karl Frei pitching and Bob Bennett catching.

13 Teams Tied in Volleyball League
By Bill Barnes
Cal Poly's intramural volleyball teams have completed their first week of tournament play and 13 teams are tied for first place.

Three teams have been eliminated from the Tourney, sponsored by Chemical West. The scores were kicked out of the tourney by the Cal Poly gym. The scores were

• COCKTAIL LOUNGE
• DINING ROOM
• DANCING

Motel Inn
Just North of

Poly Merion Ducked In San Jose Splash

The Mustangs nurnered yesterday in the Pacis is the second meet of the season between the two schools. Due to the fact that San Jose State was leading by one point, the Mustangs had to score well in each event to make up the difference. The Mustangs did well and ended up on top.

The schedule is up to this writing. Boots and Faculty, Poultry, Crandall gym, Horticulture, and the Sophmores.

TAVEL TABLES Tpearance
Tourney's table table tourney tournament, sponsored by Chemical West, appeared to be well

MUSTANGS SPLIT ON ROAD
By Roy Bethel

The Mustangs split their two games on the road last week, winning one on the intramural sports scene and losing the other to the favored team.

Friday, the Mustangs met the Spartans and dropped all matches in the first round of the singles matches. Lee jogged off with two red ribbons for a total of 37 points to complete the scoring for the afternoon.

Guochos, Fresno Take Tennis Twin
The Cal Poly tennis team lost twice last week as they were defeated by San Jose State College and Stanford University. The team is now looking forward to the spring quarter, and Lea Grub*.

On the flip side, the team showed the opportunity for growth and the potential for improvement.

Ag Engineers
Hear Berryman

During last Monday's meeting, the Ag. Engineers were honored by the presence of P. C. Berryman, assistant farm adviser of San Luis Obispo county. The meeting brought out the various improvements in farm machinery. He emphasized the point that men working in agriculture should be familiar with farming principles in order to make improvements in agriculture. He also discussed the various new fields which are rising in agriculture engineering.

The Ag. Engineers held an election for new officers for the spring quarter. The new officers are Robert Moore, president; Great Chaffin, vice-president; Dwight Holcomb, secretary-treasurer; and Gene Jones, publicity manager.

Rifle Clubs to Hold First Match

By Arnold Hoffman

The rifle clubs' first firing match will be held on the new range on Sunday, April 20. This first meet will be for club members only. Beeryman has now assumed the helm. The five contests will be for beginners, junior, novice, expert, and master. Beeryman declared the contest to be open to all who attend.

Crops Club Cavorts At County Park Party

The Crops club party, held last Sunday at the county park, was acclaimed a complete success by all who attended. In the first place the park was graced with the presence of a swelling breeze, absent from San Luis Obispo. Both the beverages and the steaks, the latter a la Lomberg, were highly acclaimed for flavor, body and purity by the consumers. The entertainment, a baseball game was started. The game came to an abrupt and timely end with the first smell of food. Both sides claimed a hard fought. Both sides scored a moral victory, but the actual score is unrecorded.

Advise Checking of Money Or Valuables

By Carter C. Camp

Checking of valuables is of the utmost importance, due to recent crimes on the college campus. If you are lucky enough to have a lot of money, it is a wise idea to either deposit most of it in one of the local banks, check it at the business office, or check it with the dormitory superintendent. Never take a large amount of money into the gymnasium locker-rooms as easy access can be made into this portion of the campus. If you lock your locker, the combinations can be "felt" out.

Money and valuables may be checked in the athletic office.

Trials and Tribulations Beset Operators at Chase

Poly Royal General Superintendent Milton Brown is a very busy gentleman with many duties to fulfill here at California State Polytechnic College. Never-the-less, upon occasion he finds the time to engage in certain social practices which meet with popular approval, albeit little material gain. Among such excursions is that activity known as dating. Among the Chase hall coarabiners Charlie Brown enjoys an unimportant reputation. That is to say, he should be good, but is he?

This reporter, to interject a personal note, has a low index in the category under discussion. However, Brown went on a mission the other night, and this reporter tagged along included in the party were several of the official handicappers or raters of Chase and one distinguished tycoon.

The mission proceeded to a certain abode, we haven't given up hope and so won't report the address, in town. Brownie assured us that this was a hot tip. He had actually seen the girl and a campus has indeed, according to Brown. This was a mission to lay the groundwork, for our General Superintendent is no highbrow character, nor does he claim to be a bit and run artist. While we waited in the car, Brown lighted a cigarette and rang the door bell. We awaited the result impatiently.

The door opened, though Milton could not set the propelling force. Yet there stood one of the most blinding we have had the pleasure to lay eyes upon. You all know of the charmer, famed for "Oh, Johnny." The one known as "Wee Bonnie." Well, here stood before us another Bonnie, yeah, with another Bonnie. She was perhaps three feet tall, and some three years old.

And today all that Milton, be of the gnarled physiognomy, can say is that she may have a use.
