FARM MACHINE MEETING ATTENDED BY JOHN DUNN

Visiting the 15th annual Farm Machine conference Jan. 91 and 20 in California’s Serrano campus was John Dunn of the A. E. Department. He reported operating with material rather than in a conference, principal example of the latest advancements in machinery. In his address on “Teaswater Labor and Mechanization,” given by R. E. Price, head of the A. E. department, he reported on the conference, speeches also were given by members of the staff on various phases of mechanized animal husbandry.

Three Poly Penguins Enter Tin Hat Derby

After a week of training and testing their mounts, three members of the Poly Penguins Motorcycle club leave tomorrow for San Jose to enter the Tin Hat Derby motorcycle endurance run. The three men, Milton Brown, Ralph Foulk and Bill Mincher, will ride in the 250-mile event as a team representing Cal Poly. They will make 30 to 40 miles an hour in some of the state’s top rides.

Gals More From Kitchen

Women’s place is in the home,” advocates received a rousing applause from the University of Nevada that the gals have now moved from the kitchen to the livestock pen.

New 600 Ton Capacity Barn

A new storage barn with a capacity of 800 tons in the making, according to the construction department. The excavation is being made by two men who, on the building is being built in the middle of the field and the north end of the barn.

Panes Stickers

Students selling their sticker epids remove the panes sticker. Chief of Police and School Superintendent were sold last week for $400. The blank etched glass is always persons age-

SALIS PICK AND AUGER
Newly Organized Club

The newly organized Pick and Auger club held its first business meeting last Wednesday in room 208, Ad building.

Highlights of the evening was an illustrated talk given by D. J. Hider, director, plant and food division of Smith and Wesson. Recently elected officers are: Stewart Porter, president; Merrill White, vice-president; and Jim Pierce, treasurer.

CP Alumni Section To Meet

An alumni section meeting for all Cal Poly employees will be held Thursday, Feb. 16, at 7 p.m. in the J. C. room of the A. E. department and will last until 8:30 p.m. The program will consist of short speeches, music, and an opportunity to meet old friends. Reservations may be obtained from Harry Warner in the welfare office.
Student Wizard Eats Hot Coal For Poly Phase

By Bob Ladd

It looks like a building in the form of a regular household in the form of a cool whirlpool of the 1960's. The building is the Student Union Hall, and the kid who eats it is the Student Wizard.

Elliot wanted to perform his performance with the electric engineer and the wizardry. As the building is felt to the coal, and washing it down with water, Elliot truly enjoyed it. He was eating his tips and having a good time. He had a good time in having his wizardry.

Belting Finemet

After and detail brought on the table, Elliot set about taking the Poly. Louis Grumet over his entire body. At the time of the hailstorm, he was given a bracing out, he began spitting flames from his mouth.

The 12 minutes of thrill and the pleasure of the type that anticipated a roaring inferno. Elliot shouted when he offered to let other Poly students have a try.

Anyone Can Do It

He explained, "Why anyone can do these feats. If only you have the courage to accept the challenge." Elliot encouraged others to join him in his attempt to conquer his fears and overcome their primitive fears of fire and flint. At any rate, Elliot shows no visible signs of being burned by the invisible coal.

Elliot learned to do these things with the aid of his wizardry, eighth army air force. He used to report for duty in the north Africa, where he became acquainted with a primitive, savage Arab tribe.

In particular, the tribe of Arabians which was noted for its intelligence and skill, was a model for Elliot. The Arabians taught him about the nature of their primitive fears and fire, which consist mainly of walking around a fire and touching it until he has overcome his fear.

After having tried with the tribe, Elliot persuaded the natives to let him join in their firewalk. The firewalk took place after four days, according to Elliot, who stated that it was a great experience without being burned. Elliot said he was now convinced by the primitive firewalk and his successful experience at the Poly phase.

Grey Hairs Caused By Architectural Project

Architectural sophomores ended their last day of classes and change their plans for an alteration project. They returned for grading on Wednesday morning.

An archetypal picture of the architectural department office building was selected for its beauty. The building was designed to resemble the existing building. The plans for additions and alterations to the office building were designed by George M. Brown, member of the faculty.

Temptations Overlooked in Honesty Experiments

San Jose State's students were referred to as the "Boys of Honesty" after a student honesty experiment was conducted recently. San Jose's student honesty experiment was based on the morning ritual of all students filing into the campus building. A panel lighted was left in the school at the noon hour. Students were told that they should return the panel during the school day. The honest students were the ones who returned the panel.

The experiment was conducted recently.

Compliance and approval in the form of a signed article, typed, approved by all committee members, are being typed in the college library.

Winners in Honesty Experiment

Winner's article was important that serious problems could be alleviated. Winner had a Bachelor of Science degree at the college community and was a second-semester student. Winner's article was submitted the morning of the experiment.

"A student who does not have his honesty impaired and approved in his article for March 4 will receive an 'E' grade for the winter quarter. These 480 students are members of various groups. The experiment will be conducted recently.

The last day for accepting compliance will be April 8.

Students are reminded that the experiment will be conducted recently.

SLO Annual Art Show

Fourth annual San Luis Obispo County Art Show is scheduled to open Feb. 28, at the City Recreation building, and run through March. It is sponsored by the American Women's branch of the University Club.

The show is mounted to the best advantage. All works are on display and are for sale. The show is to be opened to the public on March 4.

Cal Poly Represented At Growers Convention

Attending the California Beet Growers convention held last week at the Palace hotel in San Francisco and representing the entire Poly electron students, Elliot said he had a great time.

It seems a meand by which Elliot has been experimenting on the raising of the E. M. C. (California) and the poly electron students, Elliot said he has been experimenting on the raising of the E. M. C. and the poly electron students.

Student Court

At the present time members of the Cal Poly administration are carefully studying the plans for a proposed student court. We say carefully because it is a well-established fact that such a court has failed twice before, and the embryonic proposal seems doomed before birth.

One criticism of these plans is that the third attempt is not free from many of the objections raised against the previous ones. Specifically, the legal machinery to make decisions. Fall, though the courts have failed on two previous occasions—

Another argument thrown against the SAC plan is the fact that such a court does not have a legal leg to stand on. According to many critics, including a local lawyer, such a student court cannot be placed into operation without the establishment of a regular court system. These plans are a part of the student union building before the spring meeting of the Inter-dub council. This drive will be the only charity drive that will be conducted on the campus this school year.

George K. Krotch, who recently read the front page of last week's El Mustang, you saw that article about a student court. Time was this article was written, the author of that small passage

Money in the Pot, Boys

By R. P.

"Please, master, will—(pause) you listen to me—(pause) for a minute.—(pause) my name is Billy—(pause) and I need—(pause) your help!" The rhythm of the words of the master was such that the ability to speak in this faltering manner was almost impossible. Without even the slightest ability to get out of the iron lung, he will need a wheel chair, braces, crutches and professional guidance. Fortunately, the money from $10 to $50,000 can only be assured by your help.

"Cal Poly can be a contributing factor to the success of the BLD program. If the rambling of the Hayes campaign in now-extended week, some How? Through the joint charity "Dollar Days" drive sponsored by the students of Cal Poly, the students have the only charity drive that will be conducted on the campus this school.

As we all know, the students are members of the Student Assembly and will be working on the campus during the week of March 17-18. With the help of the students, we will be able to provide the money for the iron lungs, crutches, and other equipment that the students need.

"Now don't forget, we gotta be home by 10 o'clock when the train leaves!"
ME Society

Richard E. Wiley, head of the welding department, gave a lecture on welding given in the Mechanical Engineering Department on Jan. 26. The title of his talk was "Elements of Welding Design." Mr. Wiley stressed the importance of welding design today.

Two movies, "Lukenslads" and "Steel Shapes for Industry," produced by the Lukens Steel Co., were shown.

The next lecture is scheduled for 7 p.m., Feb. 9, in the Engineering auditorium. John B. Reinhart, mechanical engineering department head, will speak on the mechanical equipment of buildings. A color film, "Handouts of Progress," showing how fixtures and doors are made, will be shown.

Student Wives

The Student Wives club presented a fashion show last Tuesday in the California Young Homemakers at Hilmar Inn Thursday. This was one of several programs planned by the wives for the Young Homemakers.

At the next meeting, the Homemakers will be held in conjunction with the Young Farmers' convention, at Poly Feb. 2, 3 and 4. Mrs. John Rohrer was chairman of the committee in charge of the fashion show.

FFA

J. I. Thompson, livestock specialist with the State Bureau of Vocational education in California, was the guest speaker at the regular meeting of the College FFA held Wednesday. Thompson's talk was "Projects for FFA members." It was followed by Qrewteg Cates, head of the mechanical engineering department.

At the meeting plans were discussed for holding the annual banquet to be held on Feb. 18 in the Engineering auditorium. H. E. Williams, club president, and other member officers were present.

Ag. Society

A discussion concerning safety in the Los Angeles area was held by the Agriculture Engineering Society last night in the Engineering auditorium. Roy Marasco announced that a card party for club members and their wives will be held on Feb. 9 for all members of the student engineering society.

Junior Class

At a meeting held Thursday, Jan. 26, in the Engineering auditorium, the Junior class voted to hold a benefit in Ranch. President Ron Billing and Roy Marasco acted as chairman of the committee on arrangements. The proceeds from the meeting were to be turned over to the "Cal Poly Students Joint Fund," headed by Walt Beeman.

Dairy Wives

The Dairy Wives club met on Thursday, Jan. 26, to complete plans for the Valentine party to be held by all members and their husbands. Trudie John­son was elected chairman of the Rosemary Martelloni's position (state director) an until the time of the annual banquet will be held in the Cal Poly auditorium. It was announced that the Dairy Wives have been asked to help decorate the tables for the Dairy banquet.

LAS

There was a presentation talk at the Jan. 26 meeting of the student branch of the Institute of Aeronautical Sciences. Glenn H. Morris talked on the Wright Turbo Cyclone 16 engine, Arnold Mathey on the Berry trouble analyzer and Lewis E. Lewis on turbo prop propeller problems.

An English movie, "Target for Tonight," was shown after the talk. It showed how the English get prepared and carried out a winning mission.

Young Farmers

Young Farmers will sponsor another movie picture show to be held near future.

M. J. W. club was held last night 1n room 511, Administration building.

Junior Class

A meeting was held last night in the Engineering auditorium. The Junior class voted to give a benefit in Ranch. President Ron Billing and Roy Marasco acted as chairman of the committee on arrangements. The proceeds from the meeting were given to the "Cal Poly Students Joint Fund," headed by Walt Beeman.

Fire Alarm System Undergoes Changes

A new air born fire alarm system has been installed in the Cal Poly Cougar house, Ernest Dietler, chief security officer, announced today. The system has been divided into eight codes to aid authorities in identifying a building in case of emergency. Code numbers have been assigned in each area. Cables with the code numbers and their related buildings have been posted on all bulletin boards.

There will be no change in the present method for reporting a fire, to police. The posted directions should be followed. The electric areas will remain for crandy purposes.

New Equipment Aids Chemistry Facilities

An addition to the facilities of the physical sciences department is the new chemistry laboratory in Classroom B, according to Woodford E. Bowles, department head. Included among the equipment are two modern benches to carry off unpleasant odors from experiments and a de-lacher, which produces chemical odors quickly and cleanly rather than the old-fashioned

Riley's DRY GOODS APPLIANCE

STORE HOURS 9:30 TO 5:30 DAILY
The Outlook

By Ed Jorgensen

While listening to hymns at the Monterey and Oso Youth center, I was asked to tell what appeared to be a misinterpretation of the hymns. A closer examination revealed him to be a Poly student. He asked me to think of the hymn and put it into a square meal cut out to be none other than young Joe Griffin, ex-sports editor of this Westside. I instantly sensed that he was going to ask me for a loan. I tried to make him see that I was no fool, and forced him to buy me a 50 cent soft drink. After downing the concoction in one gulp, Mr. Griffin thanked me and then proceeded to give this boy a severe tongue lashing.

No Criticism Intended

It seems that Joe and many others about the school, including members of the basketball team, received the impression that I was criticizing the efforts of the Mustang sagers too harshly in last week's column.

I contend that the efforts of the Mustang sagers too harshly in last week's column. I didn't mean to discuss the Poly sagers at all. My contention was, and still is, that the ad

crude Kraushaar and company, appreciated the gesture. It was an all-around performer, showed in the sport as witnessed by the number of candidates who turned out for the team, several members from last year's team.

The only one returning was veteran Ed Strait while Strait specializes in the

heavyweight class, pinned Octavius Downey, 6-1, Jan. 26 in Oso gym. The local negatives from last year consisted of eight machines. Poly's Bob Thomasin in the heavyweight class pinned Octavius Downey, 6-1, in Friday night's match. The locals showed what might have been a close game by a two-point margin. The locals included John Edminster, Bob Hope, and Paul Wilde, via only returning

members from last year's team. Several members have been working out since last fall. The team's daily workouts were held at 7 p.m. in the locals with 11 points.

There has been quite a bit of comment from the students who attended the UCLA game and were assessed six bits for doing so. Ed Jorgensen and squad, to give forth with my most humble apology for any untoward opinion that may have inspired the comments of the students who attended the UCLA game and were assessed six bits for doing so.

There is no criticism intended.

Mustang Gym Team

In Initial Contest

Cal Poly's gymnastics team will face the locals Feb. 13 at 7 p.m. in the Mustang gym. This will be the only gymnastics affair scheduled before the conference meet is held here.

Coach C. A. Noble is building his team around veterans Ed Strait and Paul Wilde, the only returning members from last year's team. Several members have been working out since last fall. The team's daily workouts were held at 7 p.m. in the locals with 11 points.

A great deal of interest has been shown in the sport as witnessed by the number of candidates who turned out for the team. Several members have been working out since last fall. The team's daily workouts were held at 7 p.m. in the locals with 11 points.

It is estimated that 100 people will be in attendance at the contest. The locals will have 10 entries while Strait specializes in the

After Three Straight Losses

| Varsity Seeks Revenge Against Waves, Aztecs |

By Al Cohoe

Cal Poly's basketball team seeks to break a three-game losing streak and get a measure of revenge tonight when it faces the Pepperdine Waves. Tomorrow evening, the Mustangs engage the San Diego Aztecs. Both clubs hold wins over the local cagers. Pepperdine defeated the Poly five last Friday by a score of 69-61. This weekend, San Diego won 61-50 over Jorgenson's crew by a 61-55 count.

The locals have had a hard time finding the range throughout the season, and tonight's slugfest was no exception. Over the second half, the Mustangs averaged less than 45 points per game.

The possible return of forward Bob Coughan is awaited to beef up the lineup of the Green and Gold cagers. Before his injury, Coughan was enjoying a scoring spree and definitely had his eye on the basket.

Los Angeles Times

A five-minute conference period for Poly during the Pepperdine contest last Friday cost the Mustangs any chance for rally they might have had. At one point in the third quarter, the locals had hauled the ball down to 16-18. However, Pepperdine scored 13 straight points and proceeded to lose the game.

While the Mustangs have averaged less than 45 points per game, the Mustangs couldn't register a basket the last three contests. After winning their first game of the year, the locals have averaged less than 45 points per game.

After building up a 10-point lead and less than midway through the second half, the Waves decided to have a little fun and treated the crowd to some laughs with their trick ball handling and long shot attempts.

The All-Time hosts took advantage of thesee moment and closed the gap to 21-25. The Mustangs' total of 16 points was scored by both teams in the last minute.

Close For 10 Minutes

During the early part of the first half, the game was anything but a walkover for the Philadelphia Phaums. Baskin kept the locals in the contest with three long field goals, and the rest of the squad gave a good account of itself.

However, O'Brien, the former Poly center, started hitting the basket from anywhere on the floor and the team was deadlocked. The Rams led at the half, 48-47.

Several Phaums Misses

Mike Bloom, captain of the pros club, shot nine of 11 of most of the first half. Bloom had 20 points, and several other members of the club also scored. In fact, they didn't even show up.

John Farling, 6'5" center for the Pepperdine Waves. The rangy center was one of the main reasons for the Mustangs' defeat last Friday.

Schedule Changed

Changes will be made in the intramural basketball leagues to avoid conflicts with athletics. According to Bob West, director of athletics:

At the conclusion of play on Thursday night, Feb. 8, the top two teams of each league will be selected to participate in a single elimination tournament which will start Monday, Feb. 11. These games will be played on the fall court.

Pepperdine, newest member of the OCCA, has met and defeated the Mustangs twice in football.

Philadelphia Phaums Rout All-Star Five

The Philadelphia Phaums coasted to an easy 86-2 win over the Cal Poly All-Stars last Tuesday night in Crusader gym. Forward Bob Coughan (a former Poly star) paced the Quintet with 35 points, as the Mustangs' losses to take high points honors.

After building up a 10-point lead and less than midway through the second half, the Phaums decided to have a little fun and treated the crowd to some laughs with their trick ball handling and long shot attempts.

The All-Star hosts took advantage of thesee moment and closed the gap to 21-25. The Mustangs' total of 16 points was scored by both teams in the last minute.

Close For 10 Minutes

During the early part of the first half, the game was anything but a walkover for the Philadelphia Phaums. Baskin kept the locals in the contest with three long field goals, and the rest of the squad gave a good account of itself.

However, O'Brien, the former Poly center, started hitting the basket from anywhere on the floor and the team was deadlocked. The Rams led at the half, 48-47.

Several Phaums Misses

Mike Bloom, captain of the pros club, shot nine of 11 of most of the first half. Bloom had 20 points, and several other members of the club also scored. In fact, they didn't even show up.
Young Republicans Plan Celebration

All Cal Poly students, faculty and other staff members and their families are invited to a county-wide celebration of Abraham Lin- 
coln's birthday on the evening of Feb. 11 in the 1000 hall 
Lincoln Hall. This was announced by the committee chair- 
man of the San Luis Obispo county 
Young Republican club, which is 
sponsoring the affair.

Features of the program will 
include addresses by State Assem-
blman James Fulmer of Salinas 
and Proctor P. Jones of San Mateo, 
man of the San Luis Obispo county 
Young Republican club, which 1*
include addresses by State Assem-
by the Obispo. Thl* was announced 
sponsoring the affair.

Candidates for the team are requested to 
furnish their own gloves and 
shoes

San Jose Boxers Win
(Continued from Page 1)
ning with a TKO over Poly's Jack 
Frost in the heavyweight division. 
It was the first time Frost had 
ever boxed, and he gave a good 
account of himself until he tired 
in the second round.

Both Coaches Rob Rice and 
Porter expressed their gratitude 
in the crowd for its display of 
good sportsmanship.

Cal Poly offers the Bachelor of 
Science degree for completion of 
the four-year curriculum in the 
following major fields: Social Science, Matha-
ematics, biological science, physi-
cal science and physical education.

Brong Busters Wanted 
For New Rodeo Club

An organizational meeting to 
form a Cal Poly Rodeo club will 
be held Tuesday night, Feb. 7, in 
room 815, Administration building, 
at 7 p.m.

Club membership is open to any-
one interested in horses or rodeo 
activities. The Rodeo club will 
sponsor a rodeo team, and club 
activities will include trail rides, 
barbecues, horse shows and horse 
judging events. Rodeo practice 
will be held each Wednesday for 
the season.

Robert W. Miller, AH instructor, 
will act as one of the club's 
facultv advisors.
