First Conference Complete Success State Welding Men

Last week's welding conference held at Poly for the first time was complete success. "The first Welding Conference ever held was a complete failure," said T. E. Jefferson, editor of the weekly student newspaper The California State Polytechnic Student. Jefferson said that the conference was a complete success because it was the first time that the conference had been held.

Jefferson said that the conference was a complete success because it was the first time that the conference had been held.

Traffic Troubles, Again

Numerous students have taken it upon themselves to challenge the school traffic regulations. The excuse, or reason, given by most of these non-conformers is, "well, I saw some of the visitors doing it." There is no doubt that a few of the visitors during the past few weeks have violated the regulations on several occasions. It is possible, though hardly probable, that the action of these few throw several Poly students into momentary confusion which resulted in their violating the code.

Ernest Steiner, chief security officer, had this to say concerning the visitors: "We must make allowances for visitors and give them time to familiarize themselves with the premises. "We must make allowances for visitors during the summer. Steiner and the security department should not be considered as a criterion for the rest."

The school traffic regulations are not so rigid as to punish drivers, residents of that nature, but penalize only the school code.

The Mustangs actually
maaaaoro, the Mustangs actually
from B-18.

A game from McCleen to
The tournament was scored by
adding up the totals on six selec­
ted holes and subtracting it from
the player's gross. Thus the
duffer became equal to the pro­

Drumm's gross was 85, but he
lost to Glenn Ammit of Health­
cap. Ament ended up with 61
points after a gross of 91. With
a 15 point handicap lowering his
net to 76, Drumm was linked. For
his efforts he received three golf
balls donated by the Morro Bay
Golf Club. Ament was awarded a
two-year membership by the
Chairman of Chambers.

The chief duffer, who was
awarded a set of odd-luckies, was
high score both before and after
the clubhouse.
Burning Questions Answered

Why...?
The current issue of the library periodical has a reading room, except on certain days when the temperature is over 90 degrees. It is said to be a heat wave, but there is no record of any such event in the past.

to face heat in the steam radiator in the hall near the entrance. Coffee and other hot drinks are not allowed.

Doesn't the telephone directory have a phone listing for your business?
Yes, it does, but it is not made available to the public until the business has been in operation for six months.

To answer the second question, the reason for this is that the deadline for adding a new listing is the second Tuesday of each month. However, some exceptions are made for businesses that have been in operation for less than six months.

The phone listings are very hard to replace and often go out of order. The phone company has many calls on it, so they try to keep the listings as accurate as possible.

"Bessie The Bull" Wins Top Honors

Cal Poly's 18-hand dairy cattle show using returned to the campus last Monday from a 10-day period of breeding and calving. This breed is known for its hardiness and fertility for the trophy class.

The bulls are to be sold at the sale by a local breeder at the California Dairy Show. "Bessie The Bull" is a son of Sir Bess Busse of the University of California, and "Bessie" is one of the best bulls of the University's herd. The bull is of the Black Star line and is known for its fertility.

The Holstein bulls of the University's herd were also exhibited, but they were not entered in any classes.

The show was sponsored by the Dairy Science Club of Cal Poly, and was judged by a panel of judges from the California Dairy Show. The show was held in the Recreation Center, and was open to the public.

Before the show, the students were given a tour of the University's dairy facilities, which were on display. The students were also given a chance to see the different breeds of cattle that are raised at the University.

Four New Traffic Rules Included

Better take another look at the latest traffic rules.
- Four restrictions have been added.
- The new regulations are very strict, and they are enforced by the Sheriff's Department.

These rules are the result of several years of experience that have shown the need for stricter traffic laws.

The new regulations include:
- Driver's licenses will be required for all drivers.
- All drivers must have their licenses with them at all times.
- All drivers must be at least 16 years old.
- All drivers must have a minimum of 10 hours of driving experience.

Both the Sheriff and the Police Department have coordinated their efforts to make sure these rules are enforced.

Castles For Sale;
Buy Of A Lifetime

Americans can buy a castle in Germany, or the Rhine, on a decent basis. In fact, you might get a 100-room house for the price of 100-room house in Los Angeles. You might even get a 100-room house in a 100-room house for the price of 100-room house in Los Angeles.

Of course there is no plumbing, heating, or electricity, but on the other hand the tax collector doesn't want it, and you can find yourself with a tax free home.

This is not unusual for one in the spotlight attraction, that has been issued a license to operate.

You may have better settle for that little dream house right at home, and go on building castles in the air.
