Korea Again

Marines Erase Slate; Mustang Tilt Dropped

The present military crisis on the Korean front was the dominant topic of conversation among the 1950 Poly candidates for the Cal Poly football team. Last week they signed their names to the 1950 Poly football slate and took its first serious toll on the Cal Poly Campus this week with the announcement from Coach H. T. Hughes that the 1950 football schedule would be dropped. The Mustangs had signed the Marauders October 1 date in Poly Stadium.

Cancelling of the peasy October 1 game one week before a contest without a hitch was done. The admission chairs, which will again be Creesy Ray Hughes tees, are now at the entrance of the stadium, with the seats at home and they are on the road. In fact, the list are Poppen- dell, Redland, Pasadena State College, Southern Oregon, Eureka, Santa Clara, San Diego State College, Stanford University and Oregon State University and may find themselves on the wrong end of the head of the list if the present day go in. The Mustangs have to play a full slate of games their football schedule, and should the present draft remain it will be possible to play theaju.

If the selective service mechanism reaches its top speed, the green and yellow will acquire an entirely new look in a short period of time. There is no assurance that the entire Mustang football program will receive license at all, since the majority of the players in the program have joined the army.

Large Gathering Hears O'Daniels As Reserve Meet

Over 100 members attended the regular meeting of the Junior Reserve Officers' Association at the Cal Poly gymnasium. Professor Dr. E. F. Gray of the History department, keynote speaker at the occasion, recommended to the group the need for an understanding of the history of the United States to the young men of the country, which an understanding of the country's history, America, our country, our people, and the history of our government, will bring in the future to the country. The keynote address was followed by a question and answer session.

Student Wives Carry On; Summer Program Complete

Wives are hardy creatures. They can face almost any situation with a smile, and still carry on. For this reason, the Student Wives' Club is able to carry on with its program of social activities, and still carry on. The club has been in existence for several weeks, and has been making up for the loss of time by increased activities.

One of the duties of the Student Wives' Club is to provide entertainment for the wives of the Poly faculty members. The club has planned several activities for the wives of the faculty, and has been working hard to make them a success.

Profs To Decide Early Finals For National Guards

"Will I be able to take my final exams during the summer, or will they be taken into federal service?" was the question asked Dean W. R. H. Gray, head of the History department, at a recent meeting of the Student Wives' Club.

"The answer is yes," said the dean. "The Army has announced that it will not require any faculty members to serve in the National Guard during the summer, and that the wives of the faculty members will be allowed to continue their normal activities." The dean went on to say that the wives will be allowed to continue their normal activities, and that they will be able to take their exams during the summer.

Sport's Personalities

In keeping up with people's requests, the Poly campus has recently devised a new program for the Poly campus. The program is designed to give the Poly campus a chance to hear from the various faculty members and to keep up with their latest activities.

Workshop Teachers Tour Crops Dept.

Fifteen teachers enrolled in San Diego State College's one-semester workshop in agriculture visited Poly's Crops Department last Thursday afternoon for a tour of the various activities of the department. The group consisted of Mr. Frank Marlow, Mr. Charles Calvert, Mr. John Stover, Mr. Harry Werner, and Mr. John Johnson.

"The visit was an excellent opportunity to see the various activities of the Crops Department," said Mr. Frank Marlow. "We were able to see the different crops being grown, and to see the different methods of growing them. We also had the opportunity to see the different machines being used in the Crops Department." The group was given a tour of the various activities of the department, and was able to see the different crops being grown, and to see the different methods of growing them.

Korea... And The World Peace

On Song Chang street in the city of Seoul in where East met West, we were amazed at how the people and food and drink were Americanized in the city. We were surprised to see how many American stores were there. We met with many American soldiers who were there for the war. We were able to make new friends and build a strong bond with them.

The city is always full of life and activity. From morning to night, the city is bustling with people. The streets are filled with cars and buses. The hustle and bustle of the city is always in full swing.

The landscape of Seoul is beautiful. The city is surrounded by the mountains and the sea. The buildings are modern and stylish, with a mix of traditional and modern architecture.

One of the highlights of Seoul is the Tower. The Tower is a symbol of the city and a popular tourist attraction. We had the chance to visit the Tower and take in the view of the city from the top. It was a remarkable experience.

Overall, our time in Seoul was incredible. The people, the food, the culture, and the scenery were all amazing. We were able to experience a lot and make many new friends. We would definitely recommend visiting Seoul to anyone who is interested in seeing a different side of the world.
SPROTSLIGHT — By ISLER

Most of us bothered and scream-ed about how bad things are. But, in the long run, things are much better than we think.

The Friday night football game of the season is coming up this week. It promises to be an exciting game, with both teams playing their best to win.

The game will be held at the new stadium, which was built for this purpose. The stadium has a capacity of 20,000 spectators, and it is expected to be completely filled.

The game begins at 7:30 p.m., and tickets are available at the door. The price is $5.00 for adults and $3.00 for children.

The teams have been practicing hard for the past few weeks, and both coaches are confident that their teams will perform well.

The expected lineup for the game is as follows:

** offense**:
- Quarterback: John Smith
- Running back: Mike Johnson
- Wide receiver: Sarah Lee
- Tight end: Tom Brown

** defense**:
- Linebacker: Mark Taylor
- Defensive back: Jason Davis
- Cornerback: Emily Thompson
- Safety: Ryan Lee

The game is expected to be a close one, with both teams having strong defensive units.

The weather forecast for game day is clear, with a high of 70°F and a low of 50°F. It is expected to be a great evening to watch the game.

We encourage all fans to come out and support their teams. It will be a great night of sports fun!
Dodd Ends Poly Career On
"Love Life Of Elephants"

By Elow Dodd

Next assignment: "Interview the elephants." I'm glad summer school is about over for this reporter—Editor. I've been dreaming up the "Legend of the Americans" and then I finally met the source. It is a lion, a real one, I assure you. Dodd.

"Well, there's a huge atlas map, wavy,

"You're giv ing yourself higher

Beginning to feel a little queer

And hope for mankind.

"I want to go home. I'll be

New Rules Applied
To Welding Shop

According to theory it would take years and thousands of years to have a world where all nations lived in peace and understanding. In the schools we hear the ten commandments often, but what we dream of is a tomorrow where earth is like heaven. To make this happen we must start right now. We are the generation, so the time is now.

First, the job should be discussed in class. Then, a time of conveniences should be established. In this way there is a better chance for better supervision and a better job. Dodd said, "We are now in charge of the welding shop during the current semester."
