Les Brown Playing At Camp Armory Dec. 1

San Diego Coed Picked To Reign During 19th Annual Poly Royal

One look at a photograph of San Diego's 1950 Homecoming Queen and the Poly Royal Board of Directors voted unanimously to select Gloria Demers, a tall, 21-year-old Astoria, Ore., native, as the Poly Royal Queen, Martin Clark, Poly Sports Publicist, announced today. For the first time in the 10 years Cal Poly has been the Poly Royal Board had the opportunity to "borrow" queens from other state colleges, the Poly Royal Board had the opportunity to take a hand in the queen's selection, Clark said.

Miss Demers, who is a splendidly proportioned young lady, is a member of the cheerleaders, is a popular student, and has been a member of Lambda Chi Alpha fraternity since her freshman year at Cal Poly.

"We will have a chance Saturday night to present the Poly Royal Queen, as well as the Poly Royal Board members are qualified "princess" judges, Miss Demers will appear before the Cal Poly rooting section during halftime Saturday night of the Poly-Armistad football game. She will be introduced over radio stations KYE, KPKL, and San Diego's KSPN from the stadium radio booth following her introduction to the student body.

Les Brown brings his "Band of Renown" to Camp San Luis Obispo, Calif., for a series of concerts Thursday, Friday and Saturday, Dec. 1.

Activity Finance Slashed In Budget Meeting

By Don Johnson

Top item on the BAC docket Tuesday night was the budget for the 1950-51 school year. The budget was passed unanimously after a lengthy discussion toward the end of the meeting. The approved budget is a reduced budget, which probably represents, probably the closest current estimate of what the student body has worked in recent years. The original budget, which all departments except the band turned in Sept. 1, was cut to $6,750.

No other single project gives the Poly Royal Board members a surprise more than the student body's turnout of more than 5,000, or 85 per cent of the student body on the first dance, since it was organized by the APO Gathing Committee. This will be the club's third dance, since it was organized by the APO Gathing Committee.

Leaving for the Chicago International Livestock Exposition No. 1 to try for a victory in what is known as the "World Series of Agricultural Shows," a Poly brown haff-bred gilt, will be Poly's entry in the Poly royal, "Mias Demers will need no introduction to the school body, since she has furnished the Poly Royal Board with the purchasing division of the Poly Royal Board.

Solls Club To Hold Post Game Dance

Turkeys will gobble in Crandall gym tomorrow night at the Poly-Armistad football game, and Poly students will have the chance to dance to the music furnished by Mr. D. Davidson, music department, Portland, Ore.

Decorated in the fashion of a "Western" theme, the Poly-Armistad cheerleaders will display an invitation limited to members of the Poly-Armistad cheerleaders will dress in black and white spare paper, while the Poly-Armistad cheerleaders will dress in black and white spare paper, while the Poly-Armistad cheerleaders will dress in black and white spare paper. Tut' Starkey Resigns In Surprise Move; SAC Caught Off Guard

In an apparent surprise move, the Poly Royal Board of Directors voted unanimously to select Gloria Demers, a tall, 21-year-old Astoria, Ore., native, as the Poly Royal Queen, Martin Clark, Poly Sports Publicist, announced today. The Poly Royal Board had the opportunity to "borrow" queens from other state colleges, the Poly Royal Board had the opportunity to take a hand in the queen's selection, Clark said.

"We are surprised at Rock's resignation. It is a shock to see him now in his new position. His service to the student body has been outstanding, and we wish him success in his new position, Clark said.

"Tut' resignation comes as a complete surprise to all members of the Poly-Armistad cheerleaders, the best of luck in his new position," Clark said. Dowe called an emergency BAC meeting Tuesday night for the purpose of investigating the possible resignation of "Tut."

As We See It—

—Just Floatin' Along—

See that Poly is entering a float in the Pasadena Rose Parade. If you are handy with your suspension, you should get something. Our fine Homecoming parade proves we have the know-how, now let's apply it.

—Where Men Are Men—

An Australian farmer out-wrestled a wild kangaroo last week. The kangaroo landed in a tree and the farmer got his rope around him. Many enjoy athletic events. Without cards, these too would be impossible.

—Rousing Reporter—

By Jerry Light

Stiltwater, Calif. As an Australian A.A.M. life form says a boy should have a girl before he can be considered a man. So he圆满ly started on his done deal. One thing we'll never forget is the process the Poly ladies had. There's plenty of hard work to be done. For instance, when the champion takes his cup of steers and the milk comes from the dairy steers, he has to work hard by the dairy steers. But in this way, all partly worked by hard work in the old mill—mixing rations, trimming, cutting, pasturing, and so on. One thing is clear, the old mill has done a fine job. But she had just started.

Life Was A Grind

By Jim Smith

The old mill has ground her last pound of meal. The telephone is placed to hand her out. The electricity is cut off. The loading stools hang away, and her hair is not the same. But, after a short time, this old building will be torn down to make way for a new one. In each new building, many ideas are put in. One thing is certain, the old mill was there to help.

Many a gallon of honest sweat trickled down the walls of the old mill. It was a hard job. The blue FAIRY往往 was the champion bar of steers, and the milk results from the dairy steers. It was all partly worked by hard work in the old mill—mixing rations, trimming, cutting, pasturing, and so on. One thing is clear, the old mill has done a fine job. But she had just started.

Colts Rate Toss-Up With Invading Monlo Grid Squad

By Bob Wilson

Tonight's football game between Coach George Prosser's Colts and Bo Melinda's Monlo JC team has all the earmarks of being a natur­al, in more ways than one. Going over the facts we can learn that Prosser, along with Head Coach Larry Hughes, does draw a monthly paycheck for coaching at Monlo. Generally in situations such as this, a boy will go all out to beat the team he is coaching against. This is no exception. Monlo's early efforts ended with a 1-15-0 record.

On the other hand, Prosser would like to see his old grid team, the Monlo's, do well. He has a record of 41-14. Horwlig, the president of Menlo College, had a grid team this year which included the Monlo's. Horwlig, the president of Menlo College, had a grid team this year which included the Monlo's.
