Interest Lags As Only Six Hats

Poly's Coffin, ARB election assembly will swing into view today when eight students are presented to the campus for their party affiliation. The eight students will be the candidates for the Associated Students of Polytechnic College (ASB) election. The candidates will be announced during an assembly in the administration building at 7 p.m. today.

The candidates are:
1. Robert A. Baker, senior in chemical engineering, elected to represent the College of Engineering.
2. L. E. Brown, junior in chemical engineering, elected to represent the College of Engineering.
3. John A. Campbell, junior in civil engineering, elected to represent the College of Engineering.
4. William E. Condon, junior in mechanical engineering, elected to represent the College of Engineering.
5. Robert W. Driscoll, junior in electrical engineering, elected to represent the College of Engineering.
6. Paul F. Fisk, junior in chemical engineering, elected to represent the College of Engineering.
7. Charles G. Grant, junior in chemical engineering, elected to represent the College of Engineering.
8. Donald E. Madsen, junior in industrial engineering, elected to represent the College of Engineering.

The election will be held on Tuesday, April 10, from 9 a.m. to 5 p.m. in the administration building. The candidates will be available to answer questions from the students throughout the day. The election is open to all students enrolled in the College of Engineering.

L
Hughes Predicts 'Great Frosh' Team
ROY Hughes, perhaps our heaviest contributor, talks on the football team with his usual zest.

"We're going to have it, too," he claims.

THAT is the plan and Hughes has practically gone on record with it. Hughes remembers three years ago, when he had said, "like probably a great team." 

Now he has four of 50 men left from that '51 team, he explains, "you can't build any kind of athletic squad with that turnover.

The others either were drafted or quit school. Most of them went to a new sporting world.

Hughes is concentrating on a "great frosh team" for next fall. "Ws're going to have it, too," he claims.

"At least it is itself a total collapse of the sun's Polio's football team. This year saw last season in second in the CCAA. Coming up in 1952 is a much heavier schedule.

In fact the first five games will be really tough, Bill Ross, Brad- don, Bob Whitt and the Mustangs have to add an-

But with those top-frosh men left today from that '51 squad, he explains, "you can't build any kind of athletic squad with that turnover."

Getting Off To An Early Start Important Says ME Instructor

"New Dorms Present Parking Problem"

On the campus of Cal Poly, as on any institution as large as ours, there are numerous problems facing the administration. One of the most pressing concerns is the problem of parking. The increase in the number of students and faculty has led to a shortage of available parking spaces, causing frustration and inconvenience for those who need to park their vehicles. The administration is working on solutions to alleviate this issue, but in the meantime, students and faculty are encouraged to plan their schedules accordingly to minimize disruptions.
