Record Turnout Expected
On Universal Fee Issue

By Ed Isler

A record number of voters are expected to flock to the polls next Tuesday and Wednesday to cast ballots on the red-hot issue of Universal Student Body cards. This has been something of a hot potato throughout the entire school year and, consequently, will give a chance to settle the fees once and for all. Last Spring Polytechnics voted overwhelmingly against universal fees. However, a number of students felt that the impression that "something must be done" is dictated by the SAC to hold an election on the question. It will require a two-thirds affirmative vote of those casting ballots to defeat the fees, adds Miss. Vernie Maxwell, ABB vice-president.

All student body officers, pending the outcome of the fees issue, continue to favor the fees, reports the poll. Maxwell, VMB, and ASB Secretary Alice King state that the fees will assist the student organization in providing service to the student body in the future. This has been growing concern among the students favoring the fees, adds Miss. Maxwell, ABB vice-president. The poll states that the fees will help in the future to reduce the cost of the ABB card itself, which is currently $11.50.

VA Ready To Buy Vets' ASB Cards

With many of the ABB cards purchased by the VA under the GI bill or for the ABB card from the VA, this is likely to continue for the future. The poll states that the fees will aid in providing a better future for the students of the school. ASB Card Election

VA fertilizer may prove to be the issue which will tip the balance in favor of the fees. It is predicted that the fees will be raised, as there is no danger that the student body will be dropped off in the engineering auditorium.

Maxwell said that the fees will be raised, as there is no danger that the student body will be dropped off in the engineering auditorium.

Students' AVS Card Election

Schedules the election for next Thursday night, 9 p.m. in Hillcrest lounge, says Miss. Maxwell. The students favoring the fees are not expected to make any move in the near future.

No Cash For Card?

When they have the chance under the new budget, reports the poll, many of the students favoring the fees are not expected to make any move in the near future.

Mize Tells What's Possible
If Universal Fees Adopted

I would like to take this opportunity to explain my reasons for wanting to support the Universal Student Body card on this campus.

The reasons should be self-evident, but in just case they are not, I shall enumerate some of the most important ones.

If Universal cards are not adopted here, a cut in ASB funds will be made, and the school will lose a portion of its ABB funds. Without funds, the school will lose a portion of its ABB funds. Without funds, the school will lose a portion of its ABB funds. Without funds, the school will lose a portion of its ABB funds. Without funds, the school will lose a portion of its ABB funds. Without funds, the school will lose a portion of its ABB funds. Without funds, the school will lose a portion of its ABB funds. Without funds, the school will lose a portion of its ABB funds. Without funds, the school will lose a portion of its ABB funds. Without funds, the school will lose a portion of its ABB funds. Without funds, the school will lose a portion of its ABB funds. Without funds, the school will lose a portion of its ABB funds. Without funds, the school will lose a portion of its ABB funds. Without funds, the school will lose a portion of its ABB funds. Without funds, the school will lose a portion of its ABB funds. Without funds, the school will lose a portion of its ABB funds. Without funds, the school will lose a portion of its ABB funds. Without funds, the school will lose a portion of its ABB funds.

Maxwell sees End Of Activities If ASB Fees Dropped

"Money is said to be the root of all evil. Without money, we cannot have any activities," reports Miss. Maxwell. The students favoring the fees are not expected to make any move in the near future.

Shutter Bug Jewett Tells Woes In Routine Of Student Photo Hounds

By Warren Jewett
Little did Bill Rush know what he was in for when he agreed to let me sign up for his course in photo. He little dreamed that a Brownlow would be the focal point of his questions. I, who always thought that a Brownlow was the most interesting person around, thought that the course would be the most interesting one. I had never even met a Brownlow before.

I was to pose for my first picture, and I thought that my classmates would laugh at me. I had never been in front of a camera before. I thought that the course would be too difficult for me.

I was to be the subject of the first photograph, and I thought that it would be the most interesting one. I had never been the subject of a photograph before.

I was to receive a grade for my course, and I thought that it would be the most interesting one. I had never received a grade before.

I was to be the subject of the second photograph, and I thought that it would be the most interesting one. I had never been the subject of a second photograph before.

I was to receive a grade for my course, and I thought that it would be the most interesting one. I had never received a grade for a course before.

I was to be the subject of the third photograph, and I thought that it would be the most interesting one. I had never been the subject of a third photograph before.

I was to receive a grade for my course, and I thought that it would be the most interesting one. I had never received a grade for a course before.

I was to be the subject of the fourth photograph, and I thought that it would be the most interesting one. I had never been the subject of a fourth photograph before.

I was to receive a grade for my course, and I thought that it would be the most interesting one. I had never received a grade for a course before.

I was to be the subject of the fifth photograph, and I thought that it would be the most interesting one. I had never been the subject of a fifth photograph before.

I was to receive a grade for my course, and I thought that it would be the most interesting one. I had never received a grade for a course before.

I was to be the subject of the sixth photograph, and I thought that it would be the most interesting one. I had never been the subject of a sixth photograph before.

I was to receive a grade for my course, and I thought that it would be the most interesting one. I had never received a grade for a course before.

I was to be the subject of the seventh photograph, and I thought that it would be the most interesting one. I had never been the subject of a seventh photograph before.

I was to receive a grade for my course, and I thought that it would be the most interesting one. I had never received a grade for a course before.

I was to be the subject of the eighth photograph, and I thought that it would be the most interesting one. I had never been the subject of an eighth photograph before.

I was to receive a grade for my course, and I thought that it would be the most interesting one. I had never received a grade for a course before.

I was to be the subject of the ninth photograph, and I thought that it would be the most interesting one. I had never been the subject of a ninth photograph before.

I was to receive a grade for my course, and I thought that it would be the most interesting one. I had never received a grade for a course before.

I was to be the subject of the tenth photograph, and I thought that it would be the most interesting one. I had never been the subject of a tenth photograph before.

I was to receive a grade for my course, and I thought that it would be the most interesting one. I had never received a grade for a course before.

I was to be the subject of the eleventh photograph, and I thought that it would be the most interesting one. I had never been the subject of an eleventh photograph before.

I was to receive a grade for my course, and I thought that it would be the most interesting one. I had never received a grade for a course before.

I was to be the subject of the twelfth photograph, and I thought that it would be the most interesting one. I had never been the subject of a twelfth photograph before.

I was to receive a grade for my course, and I thought that it would be the most interesting one. I had never received a grade for a course before.
