1948 El Rodeo Goes To Press; Editors Plan For 1949

With the 1948 El Rodeo still in the statues of the printers, the Public Relations Board yesterday sounded the call for 1949 this week by sponsoring a general meeting for interested artists, writers, and photographers. The meeting was held in room 17 of the administration building.

Determined to meet deadlines early or at least on time next year, staff members Art Garrity, Frank Fawaz, Marv Chamberlain, and Bob Creath last week with advisor Bob Kennedy for preliminary discussions and plans to attempt contact with interested students again as soon as possible.

Work on El Rodeo carries with it many concerns on artistry, key, scholastic credit in Journalism, and valuable experience in public relations procedures. Presenting and publishing college year books, while valuable, is by its nature a waning process. Students know how to read and look at pictures can he found something of value in the work.

Students to be decided on include Pauline Rines, a junior, who generally makes a fool of himself over Mary. The law states that unless all the trouble is played by John Davis, his grandfather (finger) in order to get into the mood. Elenor Mettler got killed by the second act, he then fits off to the sea, and hand other to the audience throughout the remainder of the performance.

Senator Tom Button, who turns Mary's son with the hero and heroine, has a high time, (drinks up everything in sight). Wing Lee Goodman finds the evidence that the hero and heroine are the same people.

The whole crew goes into a dance and takes the off the line at the exit, throws their hair by the fastest.

The feature performers are Jim Fieldeman as the father. He finally starts the trouble by marrying Jay's gal twenty years ago. Myron Davis as an eccentric performer, falls on his ear-ear, and takes the universe.

Jim Fieldeman, who left the stage early, generally makes a fool of himself over Mary. The law states that unless all the trouble is played by John Davis, his grandfather (finger) in order to get into the mood. Elenor Mettler got killed by the second act, he then fits off to the sea, and hand other to the audience throughout the remainder of the performance.

A PRACTICAL DEMONSTRATION... in the art of baby care is given by student Bob Keaton using his 8 months old daughter Mary Evelyn as a model. Bob gave the demonstration in Speech instructor Louis Shepard's 201 class speech, henceforth known BABY CHANGING 201.

The assignment in this case was to give a demonstration speech and demonstrate Bob did, with the aid of his Poly Royal Queen, Miss Poly Royal 1966 was an ideal model and was not in the least bothered by her male audience. She seemed more preoccupied with Bob's key and chain between her mouth and fist than she was with the 22 men in the class.

To the fathers in the class the demonstration was valueable from the standpoint of broadening their own techniques. To the bachelors, it was indeed, if nothing else, an indispensable warning.

Electrical Dept.

Get Equipment

From San Simeon

The electrical engineering and construction class has been picking up transformers and other electrical equipment at San Simeon for use on the Poly campus; according to E. C. Glover, department head.

C. E. Knott, engineering and industrial division head, said that the procurement of this equipment was negotiated through M. R. Eubanks, who is in charge of the department at the ranch. Eubanks is a graduate of Poly, class of 1914.

FOR SALK.

GAMMA PI DELTA ELECTS

Adhering to the constitutional principles of a free and democratic organization, the Gamma Pi Delta, honorary agricultural fraternity, elected its new club officers this week. Popular choices were: Fred Morgan, president; Bob Kennedy, vice-president; Fred Sheperd, secretary-treasurer; and James Drumm, sergeant-at-arms.

GAMMA PI DELTA ELECTS

Feeling in a festive mood the members also chose to have their annual barbecue on Friday, May 21.

A good way to prevent噪声 is to keep the old snailhouse out of peoples business.

Dairy Leader

Classifies Jerseys

G. M. Drumm, head of the Dairy Husbandry department and Official Classifier for the National Jersey association, reports that while classifying Bridorfield's Jeramey Farm of Paso Robles, California, he classified the highest Jersey cow that he has yet classified.

WHILE classifying this herd he also gave eleven other cows the highest rating, "excellent."

Semans Speaks

At YMCA Meeting

Dr. Semans, dean of the division of Science and Humanities, gave a highly interesting talk on the accreditation of Cal Poly to the YMCA at their regular meeting.

Dr. Semans pointed out the progress that has been made to date and the steps that will have to be taken. According to Dr. Semans, the state board of education has granted a general secondary teaching credential to the school and because of this the school is now in contact with the U.S. Office of Education in an attempt to change the classification of the school from a professional rating to the college and university class.

He also pointed out that this would give more employment opportunities to engineering graduates.

Madera Takes
FFA State Finals

More than 600 Future Farmers of America representing 84 high schools and all parts of the state competed in the State FFA Finals recently at the University of California at Berkeley. The event was sponsored by the National FFA.

The FFA State Finals at Berkeley, the largest in the state's history, attracted more than 600 Future Farmers. The contest was open to all Future Farmers of America representing 84 high schools and all parts of the state.

Students planning to return in Fall quarter must sign up to reserve rooms on or before May 15. Report to Room 107 in the Agricultural Education building for making reservations.

With the beginning of the Fall quarter all room rents will be payable in advance. No room assignments will be made to returners after May 16 when the number of vacancies can be determined. Students who reside in Hillcrest dormitories, in the State final judging for the summer classes will return in Fall quarter.

Madera won the state competition in the State final judging for the summer quarters. Madera was the only team to participate in the State final judging for the summer quarters. Madera was the only team to participate in the State final judging for the summer quarters.

The officers will arrive sometime today via Naval aircraft to make a final decision on the matters. There are sufficient local interests to return and are the facilities at Mirro Bay adequate?

U.S. Navy

The milk judging was also won by Santa Rosa second and Madera third. Petaluma was second, and Lodi, with Santa Rosa second and MADERA third.

Cal Poly Mustangs open their fourth week of conference play this Friday against the potent Spartans from San Jose State. In Saturday's two contest, a double header starting at 1:30, the Mustangs put up a double record of four wins against five losses. Last week they knocked off the Long Beach State Bobcats twice, and are ready to take the league lead by beating the Aztecs two games out of three.

Ralph Penrose, head of the Spartan pitching staff set a new CCAA conference strikeout record when he sent 16 Aces to the bench via the third strike face. Teammate with Romero on the Spartan starting staff is Bob Penfield, an All-Conference selection last season.

Returning veterans from last season include Starter George Wahler, first baseman; Ralph Romano, second baseman; Francis Viss, third baseman; Jack Marcovitz, second baseman; and Bill Lupo, the top, Ralph Romano, pitcher; and Bob Popovich, catcher. The only change expected for the Spartans will give them a strong second and third place spot in the league.

On the other side of the field, Coach Bob Mott has given the guided offense and defense a collective name, "Lefty" German to open the Friday double header. He is closely pleased with the return to form of "Lefty" German to open the Friday double header, and for the win and second place spot in the league.

On the dark side of the picture were movies preceding Coach Mott's left fielder, with Barry and Mark Viss, left-handed batters, suffering a serious injury suffered in the Friday double header. He is called by his fellow teammates as "Lefty" German to open the Friday double header. He is closely pleased with the return to form of "Lefty" German to open the Friday double header, and for the win and second place spot in the league.

HOW TO SUCCEED

Ed Note—The following editorial was "borrowed" from the April issue of TRIEDNESS. We clipped it for its timeliness.

Prospective college students are asked sight "can you quantify this about the launching of the editorial?"

"Can I read five consecutive paragraphs on a given topic and express myself coherently, correctly and intelligently?"

"Can I read an article in The Atlantic Monthly rapidly (400 to 500 words per minute) and retain the main arguments lucidly in my mind in 60 minutes?"

"Can I listen to an address or lecture and note briefly the main points so that, when I've gone home, I can reconstruct the essential theme of what the lecturer said?"

"Can I prepare successfully for an examination so that I don't become confused, panicked and inefficient when I face the necessity of taking a test or examination?"

"Can I go to the library and find quickly the reference source books I need for preparing a paper and take the necessary notes effectively for writing an assignment on the topic?"

"Can I make up a budget for the daily use of my time to meet all necessary assignments, have a proper amount of recreation, and get adequate exercise without daydreaming and frittering away my time?"

"Have I learned to systematize? Can I put order and system into my daily work and studies?"

"Can I write five consecutive paragraphs on a given topic and express myself coherently, correctly and intelligently?"

"Can I write five consecutive paragraphs on a given topic and express myself coherently, correctly and intelligently?"

Air Force Base. Basic graduates of the Air Force commissions under the United States Air Force program. Men who qualify for the July pilot training class will receive approximately one year of the most expert and complete flying instruction in the world. Basic training lasts 15 weeks and an additional one year of specialized training, either in single-engine aircraft at Arkansas’s Williams Air Force Base, or in multi-engine aircraft at Barkdale Air Force Base in Louisiana. Graduates of the Air Force pilot training program are assured of a monthly income up to $150 after only 12 months training. Pilot officer training is open to all male citizens between the ages of 20 and 26, who are in excellent physical condition, who have had two years of college, or can pass the qualifying examination to meet the requirements for the next consideration.

-- David Hoffmann

**EVERYONE MIGHT GURT**

The past is no good, and what can we call this year? It's no good. Everyone knows that.

Walking is good man. Everything he says is the gospel truth.

"It's too bad we can't have the elections over."

"We're not going to do anything about it."

"Carlsbad is a good town for us."

"I don't care who they pick for the council."
PLACEMENT OPEN

John E. Jones, placement secretary, announced today that there are still many jobs open for seniors graduating in June. Jones stated that those men who have not filled out a placement form with his office should do so as soon as possible. Jones stated that it was not compulsory for the men who have filled out an application to accept the job offered them.

"There are quite a number of state and county civil service jobs, also jobs with many large firms," said Jones.

Men who desire summer employment should contact Jones, Rm. 125, and fill out an application.

ERE'S NO FINER CIGARETTE THAN CHESTERFIELD.
I KNOW, IT'S MY BRAND."

"THE LADY FROM SHANGHAI"
A COLUMBIA PRODUCTION

WHY... I smoke Chesterfield

FROM A SERIES OF STATEMENTS BY PROMINENT TOBACCO FARMERS

I have done business with Lippett & Myers for over 40 years. They have the best crops in the house at the auctions. I am exclusively a Chesterfield smoker. I think they are the best cigarette made.

"Mr. A.B.C." TO VISIT POLY CAMPUS SOON WITH FREE CIGARETTES FOR ALL

"Mr. A.B.C." is about due to hit the campus again. He is the man who sneaks around asking students if the happen to have a cigarette, only he is not trying to put the bite on you for a free smoke. As a matter of fact he is doing exactly the opposite. If he finds that you are smoking the "right" cigarette, Chesterfield that is, he will reward you. Those students who can produce a pack of Chesterfields are given an additional pack free, just as general principle. Those students who are actually smoking a Chesterfield are loaded down with two free packs. Those few men who are neither carrying or smoking Chesterfields are given a single cigarette and a pat on the back.

Even a freshman will be able to figure out that it behooves him to carry and smoke the cigarette that satisfies. One hint: "Mr. A. B.C." is most likely to hang around El Corral, but then he might be anywhere on the campus, so keep a sharp look out for a small and smoky knot of people because in the middle of that bunch might be "Mr. A.B.C." with free cigarettes for you.
