TAKING THE DEFENSIVE... two rattlers, a bleached and a green, keep a wary eye on the Boyse's king snake in their common home in the Cal Poly biology lab. The Boyse family likes the snake... it's been hanging around for over one of his room mates. These reptiles are on exhibition today and may be seen in the Vet Guidance Center.

INSTRUCTOR FATTENS REPTILES FOR COLLEGE BIOLOGY MUSEUM

By Phil Keyser

The huge angry water moccasin hissed, formed a haystork, and struck. His target was one John Klipp, an assistant photographer, and the strike netted a perfect bullseye.

This action took place some little while ago, and Klipp is now recovering but he's nursed a healthy respect for all serpents ever since.

Vet Guidance Center Changes Bosses

A change in personnel in the Vet Guidance Center announced last week, will result in new leadership. John Enke, former chief of veterinary guidance at Poly, has been transferred to Merced where he will remain under the direction of Dr. Charles K. Bell, Professor of Veterinary Medicine at that school.

Enke brings with him a backlog of appointment and times in which some time was spent in this field of work. He has served in the California State Veterinarian's office. Enke has assumed the position of acting head of the new reunification of the Poly farm under supervision of Dr. W. T. Boyse.

A new addition to the Poly selection staff is Mr. Robert B. Campbell who recently enrolled for the summer quarter. Mr. Campbell has been invited to enter a course in which sufficient work has been done to allow him to assume the position of assistant to Mr. Enke.

Mr. Campbell was appointed to the staff of the Poly farm by the College Board of Control last week and will be in charge of the farm until the end of the current quarter.

Thoroughbred Colts Leave For Sale

Five promising Poly colts from the thoroughbred racing stable, left this week for the southland sale, according to Col. D. E. Earhart, long time Poly instructor in animal husbandry and director of the Poly College advisory service. The five colts are:

1. A small Australian in line. Clark returned from judging the livestock division and George Bennion, Cal Poly, headed the group of judges.

2. A small Australian in line. Clark returned from judging the livestock division and George Bennion, Cal Poly, headed the group of judges.

OUR CRUCIAL DECISION

PRO

About every three or four months, some bright campus character starts a rumor circulating about El Corral and other on-campus meeting places to the effect that the naval personnel co-educational in a very short time. Perhaps this is a good thing, because if enough of the right people hear the rumors they might do something about making it possible for voluteers for the war effort to be present on our campus.

Every Friday afternoon, about three or four hundred cars from Cal Poly campus head for highway 101. Where is this ultimate destination? You guessed it! Three or four girls and five or six boy friends in attendance at Poly and designated that they came home and take them to see Stan Kenton. How can they dance to Stan Kenton is good material for another editorial; but anyway every Friday afternoon a long caravan of cars heads for 101.

We are against co-education. We are convinced that co-education would be the ruination of Poly's all male campus. Education would be the ruination of Poly's all male campus. We are convinced that co-education would be the ruination of Poly's all male campus.

Withdrawal Forms Needed To Check-out

Students who plan to withdraw from the second six-week period should obtain all withdrawal forms from the Recorder Office, Admin. 102, Withdrawal forms must be completed before leaving campus through the student's campus to receive a hearing. It will not be necessary for a student to submit an application for withdrawal. Each student must be present at the fall registration. Each student must be present at the fall registration. Psychology Receives Canadian Twist

(Continued from Page One) he traded navigational instruction for educational work in the Canadian Veteran's Vocational program, he would have to leave for his growing family in Calgary, Alberta.

After building himself a new house he was asked why he left the new house and family to come to Poly. He replied that of the 18000 men in the field of education, Albert has been calculated. Apparently the men to re-enroll under their law upon re-enrollment.

UP SO HIGH

We went flying the other day. It was the first time we've ever been up in a light plane and it was indeed a thrill. Don Eley of the Mustang Flying Club, and a good friend of ours took us up in one of the club's cubes and we even let drive a 1-150.

Such a feeling of elation we never had. We flew over the campus for awhile and thought, "You suckers, you just ain't living."

The upshot of all this is that we've joined the Mustang Flying Club with the intent of flying to fly. Everyone should!

I have been asked by Mr. Roth to say a few words about football. If I thought this stuff would be more realistic, I might write it. I know Willie is kidding. If he weren't, I wouldn't write a thing. I'm just like all the other platoon writers; a lot of wonderful ideas, but I can't put them on paper. Shortage of ideas is no writing, no thinking.

I played football in the days of Stove Feller on the hill. He had what it takes, the right stuff, and the right spirit. Just look at him now. He's got to go in and put up his best effort, and then try to get to a base and have a chance to score. It's all in a day's work. If I thought this stuff would be more realistic, I might write it. I know Willie is kidding. If he weren't, I wouldn't write a thing.

PENNANT WINNERS PICKED FOR MAJOR LEAGUES
(Continued from page 3)
ito has hit his stride, along with Hendrick and Lindell. These sluggers are hard to get out once they start hitting. So the St. Louis Cardinals, with Williams, Blevins, and Doby, but what can they do without a winning pitcher?

NATIONALS DEDICATE
In the National league it looks like the Boston Braves, St. Louis Cardinals and the Pittsburgh Pirates will stage a photo finish. It looks like the Braves will have all two game winners this year in John Bain and Warren Spahn and that looks like the margin of victory from here. Besides these two, they have Blackford, Barrett, and Voll- felder. These ought to be good for at least thirty games. What more can Manager Shotton ask for in a pitching staff? In the hitting department they have Bux, a will, Hopp, Terzaghi, Dark, and Holmes leading the list. Even a Studier from San Joes could win those sluggers behind him.

CARDS BY A NOSE
St. Louis and Pittsburgh ought to battle it out for the runneup spot with the Cards leading them out to the end. In Harry Brecheen they have one of the top hurlers in the league. In fact if they had a more Brecheen on their pitching staff, Boston for the top honors, is Stan Musial plus a pitcher named Elmer Riddle are trying hard to keep the Cardinals hot. Stan, at the present time is hitting a cool .415. These ought to be good for at least thirty games. What more can Manager Shotton ask for in a pitching staff? In the hitting department they have Bux, a will, Hopp, Terzaghi, Dark, and Holmes leading the list. Even a Studier from San Joes could win those sluggers behind him.
