Bears Bite Mustangs, In 3-2 Tilt At Berkeley

Bennett Belts Homer In 9th, But Cal Tailles Final Run

Edward West, Berkeley, March 28. (CP)—After Mustang first baseman Bob Bennett had tied the score by pounding a 3-run homer in the ninth, the Golden Bears came gripping right back in the home half of the final inning to score two more runs to give third baseman Frank Beregnowski and Bob Bennett their fourth and fifth victories of the season. It was Bennett's first hit and the first runs for the Bears against the Mustangs since the first game of the series.

Printing Student Assigned To President Lines

Bob Holland, a printing student at California State Polytechnic College, will leave this week aboard President Linnea, foreman for the builder, the S. J. Amoroso company of San Francisco. The ground was first broken in the middle of December, 1911, the corporation was laid by Mrs. Walter Frazier Decker on Sept. 18 of last year. The company is planning to occupy the first floor of the building when it is completed. The second floor rooms will be the proposed dining room and the first floor, the Browning Room.

The Browning Room will be occupied by Alpha Phi, the campus' largest and most luxurious lounge. It will be the proposed dining room and the first floor, the Browning Room.

Famed Race Rider Visits Campus thoroughbred Unit

Jockey Johnny Longden, one of the world's greatest turf riders, visited the University of Redlands Polytechnic college this week. His visit was arranged by Dr. Charles W. Ellison, director of the school, and he is said to have liked what he saw.

Young Longden, a head taller than his father and a rider to his own right, is beginning his first quarter at Cal Poly. He's got the right stuff to make his father's name. Yesteryears, he is a top horse breeding center in the West, and he is said to have liked what he saw.

The famed jockey flew into San Bernardino, according to the head of the Polytechnic school. It was arranged by the Polytechnic school and the Corps of Cadets. William lands attended.

Redlands Students Evaluate Faculty

A student evaluation of instructors system has recently been instituted at the Polytechnic college. Floyd G. Wilson, dean of education and administration, says the plan is an attempt to help the college's curriculum committees find new instructors with new teaching abilities. Instructors are asked to evaluate certain undesirable traits.

Instructors are asked to evaluate certain undesirable traits.

The ticket will cost students $60 a week and $60 a week in the form of meals. It will include eggs, coffee, rolls, beans and ice cream. Ray Harwood, Poly Royal board member, has stated that this will be the first attempt to measure the instructor's popularity.

New Meal Ticket Given Trial Period

A new type of meal ticket has been announced by Donald N. Nelson, college business manager. The ticket will cost students $80 a week and 10 cents in the form of meals. It will include eggs, coffee, rolls, beans and ice cream. Ray Harwood, Poly Royal board member, has stated that this will be the first attempt to measure the instructor's popularity.

Penguins Mobile South To Observe Speed Runs

The Penguinsmobile South, a group of college students who are interested in the study of horse racing, went to Golden Gate Fields to observe a speed racing meet. The meet was held on the campus.

The ticket will cost students $60 a week and 10 cents in the form of meals. It will include eggs, coffee, rolls, beans and ice cream. Ray Harwood, Poly Royal board member, has stated that this will be the first attempt to measure the instructor's popularity.

Sophomore Class Sponsors '49 Poly Royal Carnival

The Poly Royal Carnival, a new feature of Poly's annual "Country Fair on a College Campus," will take place the evening of April 29. Dave Strathearn, sophomore class president, announced the event, designed especially for the younger Poly Royal guests and college alumni, will be held in the Poly Union and will include all of the standard carnival attractions. The carnival will be held on April 29 and will be open to students who prefer a less competitive environment. POLY CLUB NEWS

ARCHITECTURE CLUB

The architects got together in the El Corral Thursday night to discuss the many problems concerning the Coronation Ball. Different designs and motifs were presented by the architects, and students and faculty attended the meeting. The final decision will be made by the architects, and the final design will be selected next week.

ELECTRICAL AND PHONETICS

The electrical and phonetics students held their meeting last Tuesday evening, featuring a guest speaker who discussed the electrical systems and phonetics equipment used in the building. The meeting was well attended, and the students were able to ask questions and improve their understanding of these subjects.

BUSINESS CENTERED AROUND POLY

Business is centered around Poly Royal on the first floor and the Poly Royal student club house on the second floor. The club house is open every night, and students are encouraged to attend social events and participate in club activities.

BOOTS AND SPURS

The Boots and Spurs meeting was held last week, with a special guest speaker who discussed the history and significance of cowboy culture. The meeting was well attended, and students showed interest in learning more about this aspect of American history.

NATURAL HISTORY CLUB

The Natural History Club met last Thursday night to discuss the many problems concerning the natural history of the area. The club members were interested in learning more about the local flora and fauna, and they discussed ideas for future field trips and projects.

MAINTENANCE ENGINEERS

The Maintenance Engineers club held their meeting last Wednesday night, discussing the role of maintenance in the operation of the building. The club members were interested in learning more about the technical aspects of maintenance work and how they can contribute to the success of the project.

POLYESTER CLUB

"Poly Vinyl" has been chosen as the theme for the Poly Royal annual dance which will take place in Campbell gym tomorrow at 8:00 p.m. Local students will be dressed in Poly Royal attire, and the dance will feature music and entertainment appropriate to the theme.

INTERNATIONAL RELATIONS

The International Relations club met last Thursday evening, discussing the role of international relations in the operation of the building. The club members were interested in learning more about the current global issues and how their project can contribute to international understanding.

LIBRARY COMPLETION DATE SET FOR MAY 24

The completion date for the library has been set for May 24, according to an announcement made by the project manager. The library is expected to be completed in time for the start of the fall semester, and students and faculty are encouraged to use the facility once it is opened.

FRIDAY APRIL 1, 1949
Behind the Chutes

by Bob Walker

The arena door was swung wide last weekend.

Bucking horses, brahma bulls, calves and steers were pieced along an alley leading from the Fine Arts building to the Multi-Purpose field. A loudspeaker announced that the gate to the chutes was about to open and the audience was invited to go over and watch the events as they occurred.

The Cal Poly cowboys split and took different rides in the chutes. The team was supervised by Rod Head, Bob Doner, Larry Smith, and several other judges. The team worked the Brahma stock for the show with the best results. Larry Smith made a straight out to Gilmour in Hollywood. The Butte County, Calif., cowboy earned an additional $50 in the rodeo. Larry Smith was the only rider that rode both alligators and a rhinoceros.

Cal Poly's drive begins Monday, April 4. If you care, you will have the chance to see a Wild West show, this is the one to see.

In spite of fortune due to the nick grass, this appeal is our responsibility alone. If we refuse to see and ignore the financial needs that exist, we are only being shortsighted. A relief campaign is opening on this campus—"Another relief campaign?" Not quite. This one is different. This one is ours.

AUSTRIA... this is the main daily meal for Austrian students at the University of Vienna—a dumpling, beets, and gravy. Compare this meal with what you eat. Without WSSF help, Austrian students would not even get this much food.

Costumes For '49 Poly Royal
Faculty Fashion Show

On March 22 an unusual thing happened at Cal Poly. There was a Fashion Show in the gymnasium, and a great many women were on hand to see just what the local stylists had to offer in spring and summer clothing. The theme was Emmett Bloom, the narrator, of the faculty who served. Her committee consisted of Mrs. Har¬

Old-fashioned style and Mrs. Carl B. sweeping the entire arrangements. It was a big job and everyone cooperated and a great many things were done.

The committee consisted of Mrs. Hor¬

old P. Harrison, Mrs. C. W. Mc¬

knott, George Drum, C. 0. Me¬

rorl, Vance Lewis, Mar¬

E. McFarland, Jamea McDonald,

Gray, Jenny Hambrouk, Vivle Han¬

It was brought to my attention lately that there is a famine in the female of the earth. The American woman is considered the most attractive and well-dressed woman in the world. She has humor, wit, culture, attractive features, and there are very few serious lacks.

She has fought for her right to vote, and she has been generally successful; she has lost this fight, but will keep the balance. There are influences of the outside world as well as her sharpness of competition. The latest of this evolution is the work of the woman. Women discovered they could do work that they let them. Women have been turned out of the factory, or the fisherman, eventually the woman discovered that she could have all the things that men could have, and she has stopped her work to start the desire for clothes, books, antiques and also starting to hold the job in a commercial sense. We no longer have to spend months in bed when we're ill or have children. Women are almost always present from good, whereas we can park the kids.

What is happening to the home life in America? Have we invariably lost our healthy homesides along with our feminity? Have we become so efficient and so shortsighted that we can't give up what little we gain material advantages to get our home life so we saw last year? I talked to Marie Coveney in Cay to the Recreation Halls, It is sponsored by the military order of the Purple Heart. Very, coincidentally, April 6th is the birthday of our President.

Of course, the California Polytechnic Women's Economic Club had a show occupied everybody's thoughts last week. The general theme was set for making it the income and it would. Even the rain didn't dampen anyone's spirit. A lot of the white and pink outfits owned up to this. We re more than happy to spend months in bed when we're ill or have children. Women are almost always present from good, whereas we can park the kids.

I'm not suggesting that women go back to the day's agan and become the dead and down slaves of the male element. I'm saying that in a world where a relative relationship of the economic, social, and political elements depend so much on the individual circumstances historically important for women in America needs a stronger nation of educated, intelligent people. We who are educated are bound, in all fairness, to supply the brain power to the world of tomorrow. If we can't have children who we have the heart to ask someone else to raise, we can do a little more. Can we prove that we can sacrifice a little in our life and in our home life, and we'll be here. Can we prove that we can do a little more.

Some of the general office girls were invited to a surprise party celebrating the American Woman's Birthday last week. I promised Mr. Couper wouldn't talk anything about the birthday, but that the attending were all theаз and Lee Livelihoods.
Dear Editor,

I think you're missing a letter after the word "ability." It should be "ability." Not "abilty."
Spring Gridsters Undergo First Contact Session

"Man's the blood that has already been shed in the field of battle." Napoleon once exclaimed while in the midst of the battle.

This makes the statement upon important about the results of the first scrimmage held last Friday. Poly's players emerged victorious over the Mustangs, giving them a head start in the season.

Criticism has been received concerning the team's performance in the field, but the players are responding positively to the feedback. The Mustangs are looking forward to improving and narrowing the gap with their rivals.

Colts Run Over S. B. Frosh; 52-23

By Walt Rohs

Kolts scored a hit better than their big brothers as they defeated S.B. Frosh 52-23 by the 2nd pitch of the day, putting their team in the lead.

The second double was made by the home team, putting them ahead by two runs. Kolts continued their dominance, hitting the ball hard and driving in runs consistently.

The other two local double winners for the day were Bill Redden and Bill Christian, who both topped up the score. The final high point man was Bob Wainwright with 11 runs and 88 points.

Rough Schedule Faces Motmen On Trek North

By A. B. Berrie

Boasting a league record of two wins and one loss, the Mustangs are preparing for a grueling road trip on which they will face four teams in the next five days.

The half-mile time was set by Ted Darling, who clocked 3:08.2 in the opening game of the season. Wainwright, who received fourth place in both the competitive quarter mile, astounded the crowd with his performance.

For Poly, trying Swain looked well, with an impressive time of 3:13.4. Wainwright from wire to wire, clocked in at 5:20 for a very good effort.

The other double winner was Bill Wainwright, who landed his first point on the bases.

Fred Prior's toss of 50 foot, 8 inch throw with the 15 points could be a game changer in the future.

For sales, one 60th leather jacket, $40, has shown strong interest from the team. Poly should contact Colts Poly track coach to track down a possible buyer.

The Celery Goofers, Tigers In Three Way Meet

A well-rounded Occidental college track team walked off with the honors last Saturday afternoon at Santa Clara after setting records in a triangular meet with Cal Poly and Santa Barbara college. The meet was based on both the reciprocal dual and dual meet competition. Oxy won the triangular affair with 75 points, the Goofers were second with 51½, and Cal Poly was third with 29½. As in the reciprocal dual, the Mustangs lost to Oxy and Santa Barbara by the scores of 86-84, and 74-64 respectively. Oxy ran out the Gauchos by a dual score of 10½ to 64½, the relay being the deciding event.

Although the Mustangs didn't show up too well in the dual scores, the meet was highlighted by several startling early-season racing performances. The only first for the Mustangs was a high-school record 888 feet by John Lancy, with a high of 898 feet in the long jump, which is thought to be the greatest difference in the scoring column. Although the Mustangs broke their own relay mark by five seconds, they were nipped in the final stretch by a hand-driving Westwood squad.

John Atkin and Bill Maxwell continued their winning ways during the weekend's meet. Atkin and Dick Krise took first and second place for the Mustangs in the mile with times of 4:43 and 4:48 respectively. Despite the Mustangs' losing showing in the dual meet, their relay team of Lancy, Busch, and John Lancy took third at a still going strong. After receiving their preparations, that's just what we need. A few conferences that will help put the Mustangs on the winning track.

Colts Win Over Varsity Reserves

Colts went wild away from their second straight victory yesterday with an exciting 10-7 triumph over the varsity subs with speed and power. The Celts collected 16 hits to the Mustangs' seven, with seven errors on the Celts' part.

The Celts took off with three runs in the first inning, and added two runs in the fourth inning. The Mustangs scored four in the second inning and one in the seventh.
