Bob Herwig, former all-American football star and current basketball player at the University of California, joined the physical education staff at California State Polytechnic College. President Jack A. W. Pemister announced yesterday that Herwig will be assigned football duties at the college when he reports for duty on August 15, opening the new academic year, Sept. 1. The former all-American will coach freshman basketball, according to Robert Mott, director of athletics. Mott has announced that Herwig will also coach the regular varsity football and basketball teams, giving his duties at the opening of the academic year a new dimension to the athletic department.

Herwig played center on the University of California's "Thunder" team of 1938 and 1939. A participant in a Bowl game and a member of all-American teams, Herwig is the favorite to be named to All-American teams this year. The former athlete is well known to San Chapman and Herwig. Herwig was given a four-term letter and outstanding performance in his baseball and football coaching duties.

Herwig was introduced to the Poly staff by the athletic department with the opening of the academic year. Stenographer Mrs. White of the office has been appointed to handle the work of the athletic department.

department is growing in the school as the students begin to arrive for the new term. About 110 students will be on hand for the first day of classes, which will be held on July 25.

electrical work will be done on the third floor. The work will be supervised by the students, who will be responsible for the installation of the new equipment.

For the Fall Term, the department plans to offer courses in mathematics, physics, and chemistry. The courses will be taught by experienced instructors, and the department has contracted with the California State University to offer classes in advanced topics.

As the new term approaches, the department is already preparing for the fall season. The students are busy studying the course offerings and making plans for the upcoming term.
A Killer At Large

In the time it takes to read this article, one American will die from a smoking-related illness. Don't let it happen to you. Be aware of the risks, and choose not to smoke.

Nothing much happens with the exception of the thermometer. It's not sufficient to do the job. Result—a greater spread of.

Facility Softball Team Loses

By Thersa

It's not for the fact that there was a fly ball dropped in left field which will not happen in the future. All the men who didn't seem to have any sympathy for the other team didn't seem to have enough confidence to score and made the first win in the downtown softball league. Fortunately this week by Owen Servatius, gen. manager of the team.

The crew of instructors and others who made up the game in league competition. A good time was had by all.

The award of letters for last year's El Rodeo, names are:

John D. Lawson knocked a four bagger that brought in Leo Philpott and the game at nine-all. troutner wasn't sent in because though Hill Troutner was sent in to relieve H. M. Eckout who had done a brilliant job of holding the lights.

Hill needed relief, but to give both men a chance to get used to their first game in league competition. A couple of nights ago a dinner party was held by Betty Hunter this week according to a letter from the field, Poly's faculty indicated the only colleges on our staff putting out a weekly newspaper.

The weekends around San Luis Obispo are spent on the part of the students here at the college, but most of the other colleges were examined in order to compare the materials. The general consensus of opinion was that either Poly's or Poly's is the best. It's a close at hand.

It's a close at hand.

A Step Forward

Summer time at Cal Poly is a traditionally slack season. Damage to the college's facilities could mean many important projects must be indefinitely postponed.

FRIDAY, JULY 15, 1949

The way I see it, there are quite a few requests for me to write a column. Here's the deal, let's list them:

1. I want to resell my old piano.
2. I have a dog that won't stop barking at night.
3. My son is a terrible athlete.
4. My daughter is running away from home.
5. My Boss is a jerk.
6. My neighbor's dog keeps barking at night.
7. I want to build a shed.
8. My wife is always talking about getting a divorce.
9. My car won't start.
10. I have a leaky faucet.

I'll try to cover as many as possible in this column. If you don't like the ones I cover, just write me again!}

Prized Breeders Sale

(Continued from page 1)

Two new planes have arrived for Mustang flyers.

The Mustang flying club has made rapid improvements since the addition of two new airplanes. It was announced by Richard Allen, acting president of the club.

Last March the club's entire equipment consisted of two Piper Cubs, which were completely worked out. This year the club has increased its fleet to ten, including two Piper Cubs, a Cessna 140, and the other, a Cessna 140 model.

The new planes are being used for training purposes as well as general flying. Next month the club is planning to add a third airplane to the fleet.

Philadelphia receives milk and cream as far away as Indiana and Wisconsin.

Book Review

Princess Parkinson's Keyes has been given the role to save the human race. Her characterisa-

tion is that you know the individuals as far as she can. This

is particularly true in Cana A

Constance goes to France during the summer, she makes it to the Red Cross, "outrage." Among the people who are working in the field, she finds

her and are exceptionally brave for her when the second war

Western gear. Her courage is put to the test in the story, and she gains

for the first two years, it is also good.

The book is full of adventure and the book is that Princess Keyes makes you see that the real French people are not the hopeless degenerates that you temporarily report. She fought hard to make up for the mistakes of the war in progress.

The book is so real that you know Constance and Yvonne and their "new Nis and Bruce as well as their neighborhood and you are proud that you do.

Prized Breeders Sale

(Continued from page 1) an association sale. The yearlings are by the best and most famous sires and sons that stood in California during 1947 and out of a number of excellent, by previous standards, group of mares.

Caf. P. W. Cooper, who had made the field inspection of one signed yearlings and entered a written report on each to the sale selection committee, the report which was received was one of the best. The selection included a wide variety, bigger, better grown, and better made than those sold last year.

Pass Inspection

With only one or two exceptions, it was not expected that the passes would cause any new problems. The passes were reissued to Dr. Larry Smith, son of Dr. Smith, son of Dr. Smith, who had the task of insuring that the yearlings were on the right foot.

The Cal Poly consignment will go through the sales ring on Monday evening. The positions for sale by the consignment committee at the sales ring on Wednesday evening. The sale was started by the consignment committee at the sales ring on Tuesday evening.

The Cal Poly consignment, is slated for this evening.

To Choose From!

Five new items have arrived for Mustang flyers.

The Mustang flying club has made rapid improvements since the addition of two new airplanes. It was announced by Richard Allen, acting president of the club.

Last March the club's entire equipment consisted of two Piper Cubs, which were completely worked out. This year the club has increased its fleet to ten, including two Piper Cubs, a Cessna 140, and the other, a Cessna 140 model.

Poultry Sales Room  
Addition Will  
Increase Lab Space

The new wing of the poultry sales room will include a candling room, storage space and increase  
the poultry lab facilities, according to Benton R. Caldwell, poultry  
instructor. The present  
stairs will be  
conducted into  
that department's offices.

The construction was a joint project—Frank Piper, madam  
and other men—directed the carpenter  
work. Tad Graves, AC instruc-  
tor, supervised the installation of a  
radiant heating system, and Bill  
Chavez, electrical tech, comple-  
ted the wiring.

Last year radiant cells were im-  
bbedded in the concrete floors of  
several tiring houses as an exper-  
mint to determine the effec-  
tiveness of this type of heating.  

The area in the candling room  
must be kept approximately 60  
degrees. Radiant neatling will pro-  
vide adequate warmth for those  
candling during winter months,  
Caldwell said.

Faculty Softball Team in Slump

Again the gods of baseball were  
against the District No. 2 as they  
went for their second loss of the  
season in the same number of  
times out. Defeated last week by  
Ontario in two days, they were again  
brushed by Boulton’s delatement  
set Wednesday evening at Banks  
Field. In the final score of 10-7,  
Boulton won the win and another  
for the evening was loss.

road bridges of all kinds and sizes  
in the United States.

Campus Flyer Sees  
Country From Air

Hugh Haroldson of the mechanical  
department is in the process of  
building a small, two-place glider  
for the Poly faculty to fly and  
view the campus from above.  

In the late part of June, Harold-  
sen flew in the Bay area to view  
the Americas Society of Aeronau-  
tical Engineers convention. After  
the convention he flew to Fuller-  
sen, Calif., to visit with his sister  
and family. From there he flew  
back to Cal Poly only to get ready for his fly- 
ning with Haroldson.

Students  
planned to fly to Clevel-  
and, Ohio, to attend the Diesel  
Manufacturers Association conven- 
ion. Next visit will be in Tenne-  
ssee to see Bill Carter, graduate  
of Cal Poly. Then he plans to visit  
friends in Connecticut and New  
Jersey.
