**PiecE OF MiND**

Dear campus community,

While registering for the fall quar¬

ter, many graduate students noticed that we paid a higher tuition fee than undergraduate students. Historically in the

CSU system, graduate students have paid the same rates as undergraduates. This differential was perceived as a significant deterrent for graduate students. Fortunately, graduate stu¬

dents have the chance to change the same percent reduction. Please join me in lobbying our California legislators to support Senate Bill 189.

Although Cal Poly tuition may seem reasonable, particularly in com¬
parison to the private insti¬

tutions which include specific campaign

rates and foundation fund-raising, and de¬

Planning a university-wide event?
Are you going to publicize it in the
Cal Poly Report?

Perhaps you’re also preparing a flyer
to send out Monday, Nov. 9.

Great. The Communications Office
will be there to help you.

We do, however, ask: If you plan to
publicize an activity or program in the
Cal Poly Report and if you also intend to
mail a flyer, please send just a small an-
nouncement for the Cal Poly Report.

We’d like to include basic info, the
what, where and when in a small one-
paragraph article, in which we’ll also
call readers to watch their mailboxes for
more information.

The event should be included in the
Dateline section as well.

To ensure we can run the article, we
will run a long, de-
tailed article on the event, and then we
will run it in the Cal Poly Report, which
highlights faculty and staff
members’ achievements.

We want to improve campus com-
unication on individual issues and help
explain university-wide policies and
procedures.

First day of classes coincides with religious holiday

Ross Hanahan, a high holy day marking the new year in the Jewish calendar, falls on Monday, Sept. 21, the first day of Cal Poly's fall quarter classes. Although state regulations do not allow a state university to designate any religious holiday other than Christmas (which does not occur during an institutional period) as an academic holiday, Cal Poly faculty will be urged to support students whose "observance of Rosh Hashanah in the traditional manner might prohibit their attending the first day of classes," said Paul Zingg, provost and vice president for academic affairs.

Students inquiring about the conflict have been told to seek permission from their professors to be absent the first day of the quarter. However, since the university cannot be sure all students have received these instructions, Zingg will ask the faculty not to drop any student or to adjust course requirements until the second day of class.

"Although we are a public institution subject to the First Amendment in these matters, we are a respectful community, and as such, we should be supportive of the wishes of our students to observe Rosh Hashanah," Zingg said.

Reducing stress is aim of Aug. 26 Health Fair

The campus community is invited to a free Health and Wellness Fair from 11 a.m. to 1 p.m. Wednesday, Aug. 26, in the Student Union. The fair will focus on reducing stress for employees and their families, and is sponsored by the Employment Services Department.

Information will be available from specialists in many health-related fields including aromatherapy, acupuncture, Nutrition, recreational therapy, occupational therapy, counseling, family and marriage counseling, stress reduction, massage therapy, health food, and the Consumer Counseling Center, SLO Athletic Club, and Body Work.

Door prizes will be given away. 0

FORMER DOMINGUEZ HILLS PRESIDENT TO WORK AT CAL POLY

Former Dominguez Hills president to work at Cal Poly

Robert C. Detweiler, retired president of California State University, Dominguez Hills, has been named a trustee professor at Cal Poly by CSU Chancellor Charles B. Reed.

Detweiler, 60, who began his academic career as a scholar of Colonial and Revolutionary American history and the history of slavery and racism in America, will bring to Cal Poly more than two decades of extensive management experience in the CSU, and his administrative experience in the CSU, and his service on several campus and system-wide commissions will benefit our university," Detweiler will also collaborate with Provost Paul Zingg on several administrative projects, including a Review of Extended Education and efforts to support campus diversity.

As president of the former Dominguez Hills campus in the south-central Los Angeles area for nine years, Detweiler has a strong record of growth and success, overseeing a 30 percent increase in enrollment that created a student body of 12,500. He also chaired the CSU Commission on Extended Education for several years.

"I am very pleased Dr. Detweiler chose to come to Cal Poly," President Warren J. Baker said. "His distinguished career as a scholar and teacher of American history, his many years of administrative experience in the CSU, and his academic and professional experience in California State University, Dominguez Hills, will be a tremendous asset to Cal Poly."
