Position vacancies

Vacancy information and applications for the following positions are available through the Cal Poly Human Resources Office. Information can also be accessed from the Cal Poly home page on the World Wide Web address: www.calpoly.edu click on “General Information.”

STATE (Adm. 110, ext. 6-7256 or job list at ext. 6-1533). Official applications must be postmarked by 4 pm on the closing date or be postmarked by the closing date. (No fax.)

Application Deadline: March 15.

Applicants interested in the Distinguished Professor position are asked to contact the appropriate department head at the phone number listed. All applications must be submitted via the university’s e-Recruitment website. Department, College or Office (756-5009 or -5000). Assistant or associate professor level, starting September 1999.

Application Deadline: March 15.

Position: Tenure-Track Position, Agricultural Department (756-5009 or -5000). Assistant or associate professor level, starting September 1999.

To the community:

The CSU Board of Trustees has a policy requiring its presidents to be reviewed every three years. It is also the time for the review of President Baker. The process is intended to provide feedback to the board of trustees and to the campus community. Also, a random sampling of faculty, administration-managers, staff, and students are being invited to submit their individual comments. Reactions to any of the revised policies will be available and posted on the Cal Poly site at www.calpoly.edu. The report, a general summary will be prepared and submitted to the board of trustees in March 1999.

The faculty and staff and students The Master Plan Update Open Forums are open to all. The Jan. 27 forum will be held in UU General Conference Room of the San Luis Obispo campus. The Master Plan Update Open Forums will be held in UU.

The January 27 forum will be held in UU 220, and the Feb. 17 forum will be held in UU 220, both on Monday, Jan. 25, 7 pm. (Continued on page 5)

Involvement sought to craft Cal Poly future

The faculty and staff and students in helping craft Cal Poly’s future are invited to an open forum scheduled from 11 am to 1 pm Wednesday, Jan. 27, and repeated from 7 to 9 pm Wednesday, Feb. 7.

The Jan. 27 forum will be held in UU 220, and the Feb. 17 forum will be held in UU 220, both on Monday, Jan. 25, 7 pm. (Continued on page 5)

Baker to be reviewed; comments invited

The CSU Board of Trustees has a policy requiring its presidents to be reviewed every three years. It is also the time for the review of President Baker. The process is intended to provide feedback to the board of trustees and to the Chancellor about President Baker’s leadership and the current state of affairs at Cal Poly. It should also provide information that will further the university’s progress and assist President Baker in the leadership of Cal Poly.

While many of you may have participated in presidential reviews on previous occasions, the board of trustees revised its presidential review policy in January 1994, and a few new features are in place. First, as has been the policy practice in the past, a number of opportunities to explore a variety of creative sources, the Cal Poly site at www.calpoly.edu.

The January 27 forum will be held in UU 220, and the Feb. 17 forum will be held in UU 220, both on Monday, Jan. 25, 7 pm. (Continued on page 5)

Safety awareness efforts stepped up
Throughout the year, the campus promotes safety initiatives for all students, faculty and staff. Several new personal safety programs are under way and more will be in place soon.

Applicants sought for 'forgivable' loans
The 1999-2000 Forgivable Loan-Doctoral Incentive Program is seeking applicants.

The program is designed to increase the diversity of the pool of people qualified to fill teaching jobs at the 23 CSU campuses. Special consideration will be given to candidates whose proposed area of study falls where CSU campuses anticipate the greatest difficulty in filling positions. The program, which provides a stipend of $10,000 a year, is open to new and continuing full-time students enrolled in doctoral programs at accredited universities during the academic year.

Applications are due Feb. 28. For more information, call Cal Poly's Career Services at ext. 6-5529.

Berkeley researcher to talk on consciousness
Bernard J. Baars of The Wright Institute Berkeley will talk about the Redecision of Consciousness: Some Implications for Cognitive Science, Philosophy and Ethics at 9 a.m. Friday, Jan. 22, in Phillips Hall in the Cocon Center.

Baars is an interdisciplinary researcher in cognitive neuroscience credited with significant contributions to recent developments in consciousness studies. He will explain why consciousness has recently become a hot issue in contemporary philosophy and cognitive science — despite the fact that the subject had been virtually taboo for most of the century.

Until recently, philosophers in the Anglo-American tradition had viewed consciousness as an unsolvable para­dox, according to Cal Poly philosophy professor Paul Miklowitz. Paul Miklowitz, and he said scientists often viewed consciousness as "nothing but the soul of theology."

"But in the last few decades," Miklowitz said, "the analysis of first-person subjective experience has become central to the thinking of such philosophers as Daniel Dennett, John Searle and David Chalmers, while Nobel laureate Francis Crick and Gerald Edelman have addressed the question from the perspective of cognitive neuroscience."

Baars' presentation is part of the Philosophy at Poly Speakers Series sponsored by the Philosophy Department. For more information, call Miklowitz at ext. 6-2686.

Historian to discuss Washington, Canberra
The College of Architecture and Environmental Design kicks off its 1999 Historical Lecture Series with slide presentations on the U.S. and Australian capital cities by award-winning map historian Sean Reynolds.

Reynolds, professor emeritus at Cornell University, will give his first slide presentation, "Making the American Capital: The Planning and Development of Washington, D.C.," at 3 p.m. Monday, Jan. 25, in Room 213 in the Business Building.

His second presentation, at 10 a.m. Tuesday, Jan. 26, will focus on the international design competition held in 1912 for the Australian capital of Canberra. The presentation will be in the Architecture and Environmental Design Building, Room 105.

Reynolds' talk on Canberra will highlight the rich diversity of several meritorious plans that did not win the competition. The plans were thought to be lost until he discovered them recently in a collection in Australia. The find led to an exhibition at the University of Arizona.

Reynolds was recently designated a "planning pioneer" by the American Planning Association, which called him "the father of modern American city planning history."

His talk will focus on the controversy about the presentations and opportunities to meet Reynolds in person, contact P Nhiều Whack of the Cal Poly Career Center ext. 6-8331 or pcwpalk@calpoly.edu.

Learn to locate funding sources on line
The University Development Office has scheduled a hands-on training session from 3:15 to 4:15 p.m. Wednesday, Jan. 27, for faculty and administrative staff members to learn how to locate funding sources electronically.

Programs are located through the Web-based database service SPIN (Sponsored Programs Information Network).

SPIN is available to the entire campus and is readily accessible in many offices. For more information, call Miklowitz at ext. 6-2686.

CLIP AND SAVE

Note: New numbers for Info Booth
Call the Information Booth phone number and fax numbers will change on Monday, Feb. 1. They are: phone: ext. 6-2982 or e-mail joshiy@calpoly.edu.

...Cal Poly's Future
Spaces are available in a variety of winter quarter computer courses offered by Information Technology Services and the Kennedy Library.

Faculty members are particularly encouraged to consider courses that introduces CBTWeb: self-paced, Web-based training materials. The faculty training course is scheduled for the winter quarter, 3:30 p.m. Thursday, Jan. 28, in Chase Hall, Room 104.

Safety audits and tips were distributed to all students organizations and club advisors.

Flyers describing the campus Emergency Service, the Violence Intervention Program (VIP), and the Sexual-Assault-Free Environment Program are also available. These materials and the Winter 1999 Campus Safety Survey are on line at http://helpdesk.calpoly.edu. (Click on "Training"). For more details, please visit http://cbsp.calpoly.edu.

Recruitment under way for resident advisors
The Housing and Residential Life Department is seeking the faculty and staff to let students know that approximately 60 resident advisor positions are needed for the 1999-2000 academic year.

The position provides an opportunity for students to learn about themselves, develop leadership and human relations. Compensation is room and board for the academic year.

Interested students should call Terra at 6-5650 for more information.

year's BFGoodrich National Collegiate Invitational at Private Life. Hoisington's device improves the performance and stability of a yatoful, a type of parachute that looks like a wing. The "V-SAP" allows paragliders to change the surface area of the wing in mid-flight so they can glide higher even after traveling at high speeds.

...Computer training offered winter quarter
Forum participants will have an opportunity to express their views and are invited to join one or more task forces that will examine specific issues regarding the university's future.

The 10 task forces are: Built Environment and Technology, Utilities, Housing, Neighborhood, Land Use, Environmental Resources, Circulation, Economic Impacts, Intergovernmental Issues, and Public Information and Support Services.

The planning process will result in a comprehensive Master Plan for the campus's physical facilities. The current plan was approved by the CSU Board of Trustees in 1963. A major review is long overdue, according to Robert Kitamura, director of facilities planning.

"Currently the Dean's Enrollment Planning Advisory Committee is developing scenarios regarding the nature, extent, conditions and timing of possible enrollment growth," Dalton said. "The process will serve as a catalyst for thinking about educating students in different ways."

"Understanding the some enrollment growth proposals that do not require an increase in physical campus size, such as summer quarter and year-round operations, off-campus programs, internships and cooperative education, curriculum streamlining, improved space utilization, and the roles of distance-distributed learning," Dalton said.

University officials said there are no preconceived solutions to the enrollment increase, other than those that will take place without additional resources for facilities, teachers, and equipment.

For details, call Devyn Ryan, Cal Poly's Facilities Planning Information Coordinator, ext. 6-6880 or visit the Master Plan home page at http://transport.fas/calpoly.edu/Facilities_Planning/FPD/Cal/ index.htm or via Cal Poly's home page (www.calpoly.edu) under "What's New?"

Harry Belafonte to perform March 3
Harry Belafonte will perform at 8 p.m. Wednesday, March 3, in Harman Hall in the Performing Arts Center at Cohanzic.

Known primarily as a singer-songwriter, Belafonte is highly regarded as an actor and producer of movies, television productions, and television shows. He is also deeply committed to and involved in human rights struggles worldwide.

He is perhaps best remembered for his third album, "Clyp­pso," which became the first album to sell over 1 million copies. Its success set industry standards that the groundwork for the Grammys.

On his current tour, Belafonte gives a mix of old and new. His musicians and singers come from diverse backgrounds and his singing music has a heavy emphasis on African rhythms and Third World themes.

Among the student material such as "Banana Boat", and "Island in the Sun," Belafonte said, "but even the traditional material has been given a new spin. 'Island in the Main' will be recognized instantly, but it is presented differently. With audience participation, it's no longer just a song, it's a celebration."

Belafonte's appearance is a Cal Poly Arts Center/Performing Arts Ticket Office from 10 am to 6 pm weekdays and from 10 am to 4 pm Saturdays. To order by phone, dial 6-ARTS (6-2787); to order by fax, call 6-6088.

Student employee award nominations due
Remember: Nominations for the 1999-2000 Outstanding Student Employee of the Year award are due Monday, Feb. 1, to LaRon McDonald in the Financial Aid Office.

For a form, contact her at ext. 6-5885 or lmdonald@calpoly.edu or Joan Gavouis, Career Services, ext. 6-5790 or jmgavouis@calpoly.edu.
Department can consult on research, data analysis

The Statistics Department provides a consulting service to help with research design and data analysis in a variety of disciplines. The service is intended to support faculty and staff projects and research, as well as help students with senior project and graduate research.

John Groves, the main consultant for the quarter, can advise on data collection, experimental design, and analysis of research projects. He is also available to lead seminars and tutorials on requested topics and advise on computer packages available at Cal Poly. If some special area concerning statistical inference is of interest to a department or group, contact Groves to arrange lectures on the subject.

Groves’ office is in Room 109 in Faculty Offices East. He can be reached at ext. 6-2901, via e-mail at jgroves@calpoly.edu, or at 6-2700.

Walk-In Consulting Hours:
Monday: 3:10-5 pm
Tuesday and Wednesday: 3:10-4 pm
Office Hours for Students:
Monday - Thursday: 2:10-3 pm
Appointments can be scheduled by calling during walk-in consulting hours or during office hours for students.

Graduate student reception set

The Research and Graduate Programs office asks the faculty to make an announcement about the graduate student reception from 5 to 7 pm Friday, Jan. 22, in the Sandwich Plant.

The reception is designed to build a sense of community among graduate students from all campus programs.

Hosted by the Research and Graduate Programs office, the event will include hors d’oeuvres, music, and socializing. Information about the new Graduate Student Council will also be available.

Students planning to attend are asked to contact Becky Powell at bpowell@calpoly.edu or ext. 6-3238.

Media luminaries coming for forum Feb. 18-19

Some of America's best-known journalists and media personalities are coming to Cal Poly Feb. 18-19 to discuss the state of the media today.

Washington Post columnist and frequent "Meet the Press" panelist David Broder, show-business legend and advocate for "responsible television" Steve Allen, and retired New York Times executive editor Max Frankel are three of the panelists scheduled for a forum on "The Good, The Bad, & The Media."

The event will run from 8 to 10 pm Thursday, Feb. 18, and all day Friday, Feb. 19, in the Performing Arts Center.

Long-time television reporter and commentator Sander Vanocur will moderate the Feb. 18 evening panel, which will also include Time magazine "Public Eye" columnist Margaret Carlson, New York Times metropolitan editor Joyce Purnick, and New York public television station WNET president William Baker.

Local and regional media professionals will join the featured panelists for two separate discussions Friday: an 8:30-11:30 am session focusing on television and a 1-4 pm discussion of the print media. A summary session from 4 to 4:30 pm will wrap up the forum.

Everyone will be welcome at the free event and will have the opportunity to ask questions at all sessions except the wrap-up. Seating will be first-come.

The event, sponsored by the university, the Journalism Department, and the Washington, D.C.-based Committee of Concerned Journalists, has been organized by Herb Kamm, a special assistant to Vice President for Advancement Bill Boldt. Kamm, a long-time newsmen, is also an editorial writer for the San Luis Obispo Telegram-Tribune.

For more information, call Kamm at ext. 6-1600. [Enlarged text]

In the Dark On Where To Park?

In the Dark On Where To Park? will appear as a regular column in the Cal Poly Report to keep drivers advised of anticipated reserved parking spaces and lot closures. Certain campus events scheduled between 7 am and 5 pm Monday through Friday require reserved parking spaces. Commuters can plan ahead by checking the In the Dark On Where To Park? column, which will include closure dates, lot locations, and the number of spaces expected to be reserved.

For evening events using the Grand Avenue parking areas, Parking and Commuter Services is developing an event calendar accessible from departments' Web pages that will list lot closures and restrictions.

For more information, call Matt Carps of Parking and Commuter Services at ext. 6-6141.

Here's the first announcement:
- Thursday, Jan. 21: 75 spaces in the H-14 parking lot will be reserved for the Graphic Communication Advisory Board meeting from 8 am to 5 pm. Faculty and staff members who usually park in this area can use the C-1 or C-4 parking lots, accessible from California Blvd.

Latest Polyview now on line

Polyview, a collection of statistics on student characteristics, enrollment, financial aid, and degrees is available on line at http://www.calpoly.edu/-inststdy. In addition, the Institutional Planning and Analysis Web site includes the fall 1998 InfoBriefs and the 1997-98 Fact Book, a compilation of enrollment, college, and degree data from the previous academic year including some trend analysis. Institutional Planning and Analysis can also provide more detailed information for specific projects. Call ext. 6-2461 for help.
CAL POLY REPORT, JANUARY 20, 1999

Safety awareness efforts stepped up

Throughout the year, the campus promotes safety initiatives for all students, faculty and staff. Several new personal safety webpages are under way and more will be in place soon.

• Approximately 330 faculty members who teach in the late afternoon and evening hours were asked to discuss safety practices with their students and to encourage them to use the buddy system when walking.

• Safety topics and tips were distributed to all student organizations and club advisors.

• Flyers describing the campus Escort Service, the Violence Intervention Program (VIP), and the Sexual-Assault-Free Environment Program (SAFEP), and the Safer Campus Resource Program are being distributed.

• VIP posters that address the implications of alcohol misuse will be available soon.

• Safety meetings are being scheduled with sorority, library staff members, students in residence halls, and UU and Rec Center personnel.

• Campus department and residence halls will receive safety flyers and wallet-sized cards with resource phone numbers.

In 1998-99, 10 new safety initiatives should be directed to Marty Bragg, director of health and psychological services, at ext. 6-6529.

Applicants sought for forgivable loans

The 1999-2000 Forgivable Loan-Doc­umenting Employment (FLDE) Program is seeking applicants.

The program is designed to increase the diversity of the applicant pool by offering the opportunity of loan forgiveness to students enrolled in academic programs that do not offer state funding.

For more information, call Mkilowski at ext. 6-2686.

Historian to discuss Washington, Canberra

Bianca Rosenthal, choir of the Modern Languages and Literatures Depart­ment, will present "A Voyage to Russia: Images and Encounters" from noon to 1 pm Thursday, Jan. 21, in the Staff Dining Room.

The talk is the first in a series of Global Affairs Brown-Bag Luncheons for winter quarter.

Berkeley researcher to talk on consciousness

Bernard J. Baars of The Wright Insti­tute of Cognitive Science will discuss the Redecision of Consciousness: Some Implications for Cognitive Science, Philo­sophy and Ethics at 4 pm Friday, Jan. 22, in Phillips Hall in the Colan Center.

Baars is an interdisciplinary researcher in cognitive neuroscience credited with significant contributions to recent developments in consciousness studies.

He will explain why consciousness has recently become a hot issue incont­emporary philosophy and cognitive science — despite the fact that the subject had been virtually taboo for most of the century.

Recently, philosophers in the Anglo-American tradition had viewed consciousness as an unassailable set of para­doxes, according to Cal Poly philosophy professor Paul Mkilowski, and behavioral scientists often viewed consciousness as "nothing but the soul of theology."

"But it's the last few decades," Mkilowski said, "the analysis of first-person subjective experience has become central to the thinking of such philosophers as Daniel Dennett, John Searle and David Chalmers, while Nobel laureate Francis Crick and Gerald Edelman have addressed the question from the perspective of cognitive neuroscience.

He will discuss the current relevance of consciousness and other related topics such as Windows 95 to technical subjects such as Windows NT Server.

The presentation will be in the Architec­ture and Environmental Design Building, Room 105.

Reps talk on Canberra will highlight the rich diversity of several meritorious plans that did not win the competition. The plans were thought to be lost until he discovered them recently in a collection in Australia. The find led to an exhibit opening in February.

Reps talk on Canberra will highlight the rich diversity of several meritorious plans that did not win the competition. The plans were thought to be lost until he discovered them recently in a collection in Australia. The find led to an exhibit opening in February.

Reps was recently designated a "planning pioneer" by the American Planning Association for his "top-down" approach, which calls for "the father of modern American city planning history.

His presentation will focus on the presentations and opportunities to meet Reps in person, contact Paul Wick of the CSU Master Plan Office, at ext. 6-6331 or pkwick@calpoly.edu.

Learn to create funding sources on line

The CSU Master Planning Office has scheduled a hands-on training session from 3:15 to 4:15 pm Wednesday, Jan. 27, for faculty and staff to learn about the CSU Master Planning Office's computer program that will help faculty and staff members to learn how to locate funding sources electronically.

The program will be offered through the network-computer and office service (SPIN) of the University Information Technology Services.

The class in Chase Hall, Room 104, is limited to 15 people. To reserve seat, call 1-800-DEANS DESK (627-6050) or e-mail jostrye@calpoly.edu.

Computer training offered winter quarter

Spaces are available in a variety of winter quarter computer courses offered by Information Technology Services and the Kennedy Library.

Faculty members are particularly en­couraged to sign up, especially those that introduces CSUWeb: self-paced, Web-based training materials. The faculty training course is scheduled for 3:30 pm Thursday, Jan. 28, in Chase Hall, Room 104.

Safety tips and phone numbers will change their phone numbers will change.

Recruitment under way for resident advisors

The Housing and Residential Life Depart­ment is seeking faculty and staff to let students know that approximately 60 positions are open for the 1999-2000 academic year.

The position provides an opportunity for students to learn about themselves, develop their leadership skills, and their communi­cations. Compensation is room and board for the academic year.

Interested students should contact Tera at ext. 6-5650 for more information.

#93045: Tenure-Track Position, Agricultural Department (7565-0009) or 3000). Assistant or associate professor (tenure), starting September 1999.

Baker to be reviewed; comments invited

The CSU Board of Trustees has a policy requiring its presidents to be reviewed every third year. The 1999 review time for the review of President Baker. The board is intended to provide feedback to the board of trustees and to the Chancellor about President Baker's leadership and the current state of affairs at Cal Poly. It should also provide information that will further the university's progress and assist President Baker in the leadership of Cal Poly.

While many of you may have participated in presidential reviews on previous occasions, the board of trustees reviewed its presidential review policy in January 1994, and a few new features are in place. First, as has been the policy practice in the past, a number of the faculty members of the university and the chairs of its major constituent units, namely, the Academic Senate, the Alumni Association, the ASI, and the University Advisory Board, are being consulted for their comments with respect to certain criteria.

Also, a random sampling of faculty, administration-managers, staff, and the community are being invited to submit their individual comments.

One of the features of the revised policy is a clear communication of the review of the review and to allow those not selected either on an ex-officio or random basis to submit comments that respond to specific criteria.

The criteria posted on the CSU Website at www.calpoly.edu/presid/CRITER.jpg for the 1999 review.

Those wishing to submit confidential letters should do so by Feb. 13. Address the letters to: Dr. Charles B. Reed, Chancellor, California State University, 400 Golden Shore, Suite 324, Long Beach, CA 90802-4275.

Please keep in mind that every effort should be made to address the criteria, and neither unsigned letters nor petitions are accepted.

A report on the findings will be prepared and presented by President Baker and me prior to my presenting the report to the board of trustees in March 1999. None of the commentators will be identified by name. After the trustees receive the report, a general review of the university community will have numerous opportunities to express their comments with respect to certain criteria that should benefit the presidency and the university.

Sincerely,
Charles B. Reed, Chancellor

Involvement sought to chart Cal Poly future

The faculty and staff and students interested in helping chart Cal Poly's future are invited to an open forum scheduled from 11 am to 1 pm Wednesdays, Jan. 27, and repeated from 7 to 9 pm Wednesday, Feb. 7.

The Jan. 27 forum will be held in UU 230, and the Feb. 17 forum will be held in the Conference Room of the San Luis Obispo City-County Library at 995 Palm St. Those attending the Jan. 27 forum are welcome to bring lunch.

The Master Plan Update Forums are one step in a planning process that will explore what changes, if any, in facilities and enrollment are needed to help Cal Poly meet the educational and community needs.

During the three years, the campus and community will have valuable opportunities to explore a variety of creative solutions, said Linda Dalton, vice provost for institutional planning.
