Must have in-depth knowledge of relational database design, structure development, features, operations, programming and data access principles; knowledge of database access privileges and security standards; knowledge of structured systems analysis and programming techniques; and knowledge of structured systems analysis and programming techniques.

Weird Al Yankovic to appear Sept. 22

"Weird Al" Yankovic, rock 'n' roll's supreme parodist and its reigning "King of the Accordian," will appear on Wednesday, Sept. 22, as a 1999-2000 Cal Poly Arts Center event.

Yankovic will perform his traditional tone of polka medleys and original tunes at 8 p.m. in Harman Hall of the Performing Arts Center’s Concert Hall. Yankovic’s career began in 1979 when, as a Cal Poly architecture student, he recorded his first parody, "My Bologna," in the "acoustically perfect" men’s room across the hall from the building's main entrance.

USDA awards grant to College of Agriculture

The College of Agriculture has again been awarded a grant and been named a participant in the U.S. Department of Agriculture's Higher Education Multicultural Scholars Program. The college will receive $80,000 to support three incoming four-year students and two transfer students for two years as they complete their college education.

The USDA provides $4,500 per student per year and the college provides 25 percent matching funds. The funds may be used for tuition, fees, room and board and other educational expenses.

The scholarships, known as the All-American Scholarships, are awarded competitively. Applicants must have a GPA of at least 3.2 and qualifying SAT scores of at least 1150. Agricultural Education and Communication specialists have worked with Associate Dean David Webner to draft the proposal to the USDA. "These funds allow us to continue attracting top-notch students to our programs and offer them needed financial support. It also suggests the desire to maintain diversity within the College of Agriculture."

According to the USDA, the program is intended to "increase the multicultural diversity of the food, agricultural, scientific, and marketing workforce, and .....

Hendricks receives national honor

Bill Hendricks, a faculty member in the recreation administration program of the Resources Management Department, was presented with the national Excellence in Wildlife Management Research award by the U.S. Forest Service and the International Journal of Wilderness.

The award is given to individuals who conduct natural and social sciences research that contributes to the professional management of wildlife.

Summer CPR schedule

The Cal Poly Report is published every other week during summer quarter. Additional summer issues will be out Aug. 4 and 18 and Sept. 1. Articles due in the Communications Office by 10 a.m. Thursday for the following week’s edition. E-mail items to polnews@poly.edu by 10 a.m. Wednesday (if needed), fax to ext. 6-6533, or mail to the Communications Office, Heron Hall. For information, call ext. 6-1511.
James Nash, 74
James Nash, a physician and former director of Cal Poly’s Health Services, died from complications of diabetes July 1 in San Luis Obispo.

Nash came to Cal Poly as a medical officer in 1971. In 1981, he became director of Student Health Services, where he continued until his retirement in 1991. He is remembered for furnishing medical services to 16,000 students and overseeing a 20-bed, 24-hour-a-day infirmary, he wrote the 1985 Campus AIDS/HIV Guidelines and was a member of the Radiation Safety Committee.

During Nash’s tenure at Cal Poly, he also served on the staff at French, Sierra Vista and General hospitals.

Reprographics offers self-adhesive labels
Cal Poly self-adhesive mailing labels printed in green ink are available from Reprographics. Each sheet contains eight laser- and inkjet-compatible labels at a cost of 32.2 cents per sheet.

Reprographics can also personalize labels to include department name and mailing account number in black ink. For a sample of the generic label, call ext. 6-1955.

**‘Summer Shape-Up’**

health fair July 29

The Employee Assistance Program is sponsoring “Summer Shape-Up,” a health and wellness fair planned from 11 a.m. to 1 p.m. Thursday, July 29, in UU 220.

Participants will be given an opportunity to learn about summer activities from such organizations and businesses as Jamba Juice, the Red Cross, Mosaic Kay Cosmetics, the YMCA, Consumer Credit Counseling Service, SLO Swim Wear, Travel Time, and A.G. Edwards and Sons.

Attendees will also have a chance to win door prizes from Applebees, Jamba Juice, Konas, Kennedy Fitness, and House of Bread.

A flyer with additional details will be mailed out campuswide.

**CalPERS offers home loans**

CalPERS offers home loans at competitive rates and no points to its members.

The loans, for buying or refinancing a home, come with a free 60-day “lock rate” with two “lock down” opportunities. Homes can be financed up to 100 percent. For more information on CalPERS home loan, call 1st Advantage Mortgage at (805) 754-7446 or (919) 735-5526.

**Rules changed for credit/no-credit classes**

As of fall quarter, students will be allowed to enroll over the course of their undergraduate career in a maximum of 16 units on a self-selected credit/no-credit basis, without specific course constraints.

The existing two-course maximum per term and the 2.0 minimum GPA requirement will be enforced at the time of registration. Courses offered only as credit/no credit are not included in the 16-unit maximum.

The change implements Academic Senate Resolution AS-70-97/ACC. Academic Programs, Information Technology Services, and Academic Records collaborated to make the appropriate changes to the CULTURE and POWER registration systems.

For more information, call Jennifer Thomas at ext. 6-9514.

**Position vacancies**

Vacancy information and applications for the following positions are available from the appropriate Human Resources office. Information is also available on the Cal Poly jobs page (www.calpoly.edu click on “General Information”).

**STATE (Adm. 110, ext. 6-2236 or job line at ext. 6-5470)**

Official applications must be received by 5 p.m. on the closing date or be postmarked by the closing date.

- **Agriculture & Natural Resources**
  - Director (Unit 7)*
    - Closing date: Aug. 12 (2000-3222 - $70,400/yr.)
    - Position requires a master’s degree in a related field and a minimum of 10 years of progressively responsible managerial experience, including at least five years of supervisory experience.

- **Business Services - Admissions & Recruitment**
  - Coordinator I, College of Business Administration (Unit 7)*
    - Closing date: Aug. 11 (2000-3222 - $70,400/yr.)
    - Position requires a minimum of a bachelor’s degree in business administration, communications, or a related field and five years of progressively responsible recruitment experience.

- **College of Business Administration**
  - Coordinator I, College of Business Administration (Unit 7)*
    - Closing date: Aug. 10 (2000-3222 - $70,400/yr.)
    - Position requires a master’s degree in business administration or a related field and four years of progressively responsible experience in enrollment services.

- **College of Engineering**
  - Coordinator I, College of Engineering (Unit 7)*
    - Closing date: Aug. 9 (2000-3222 - $70,400/yr.)
    - Position requires a master’s degree in engineering or a related field and five years of progressively responsible experience in student recruitment services.

- **Facilities Management**
  - Project Manager, Access Control (Unit 7)*
    - Closing date: Aug. 8 (2000-3222 - $70,400/yr.)
    - Position requires a bachelor’s degree in engineering or a related field and five years of progressively responsible experience in project management.

- **Human Resources**
  - Office Manager, HR Services (Unit 8)*
    - Closing date: Aug. 7 (2000-3222 - $70,400/yr.)
    - Position requires a bachelor’s degree in business administration or a related field and four years of progressively responsible experience in human resources.

- **Information Technologies**
  - Director, Information Technologies (Unit 7)*
    - Closing date: Aug. 6 (2000-3222 - $70,400/yr.)
    - Position requires a master’s degree in information technology or a related field and five years of progressively responsible experience in information technology.

- **Jenner Institute**
  - Director, Jenner Institute (Unit 7)*
    - Closing date: Aug. 5 (2000-3222 - $70,400/yr.)
    - Position requires a master’s degree in microbiology, molecular biology, or a related field and five years of progressively responsible experience in research administration.

- **Office of the Provost**
  - Assistant Director, Office of the Provost (Unit 7)*
    - Closing date: Aug. 4 (2000-3222 - $70,400/yr.)
    - Position requires a master’s degree in administration or a related field and four years of progressively responsible experience in higher education administration.

- **Office of the President**
  - Director, Office of the President (Unit 7)*
    - Closing date: Aug. 3 (2000-3222 - $70,400/yr.)
    - Position requires a master’s degree in business administration or a related field and five years of progressively responsible experience in higher education administration.

- **Organizational Development**
  - Director, Organizational Development (Unit 7)*
    - Closing date: Aug. 2 (2000-3222 - $70,400/yr.)
    - Position requires a master’s degree in organizational development or a related field and five years of progressively responsible experience in organizational development.

- **Student Affairs**
  - Assistant Director, Student Affairs (Unit 7)*
    - Closing date: Aug. 1 (2000-3222 - $70,400/yr.)
    - Position requires a master’s degree in higher education administration or a related field and four years of progressively responsible experience in higher education administration.

Hendricks receives national honor
Bill Hendricks, a faculty member in the recreation administration program of the Resources Management Department, was presented with the national Excellence in Wilderness Management Research Award by the U.S. Forest Service and the International Journal of Wilderness.

The award is given to individuals who conduct natural and social sciences research that contributes to the professional management of wilderness. Hendricks has participated in the University of California, San Diego, and the College of Agriculture's research programs from around the United States, Canada and Europe attended the Wilderness Science Conference.

USAID awards grant to College of Agriculture
The College of Agriculture has again been awarded a grant and was named a participant in the U.S. Department of Agriculture Higher Education Multicultural Scholar Program.

The college will receive $80,000 to support three graduate students and two transfer students for two years as they complete their college education. The USAID provides $4,500 per student per year and the college provides 25 percent matching funds. The funds may be used for tuition, fees, room and board or educational expenses.

The scholarships, known as the All American Scholarships, are awarded competitively. Applicants must have GPA of at least 3.2 and qualifying SAT scores of at least 1150. Agricultural Education and Communication Systems faculty member Bill Hendricks, who worked with Associate Dean David Webner to draft the proposal to the USAID, said, "These funds allow us to continue attracting top-notch students to our programs and offer them needed financial support. It also supports our desire to maintain diversity within the College of Agriculture."

According to the USAID, the program is intended "to increase the multicultural diversity of the food, agricultural, scientific, and natural resources workforce, and...

POWER lets students build schedules anytime
This summer, in what is believed to be the only scheduling program of its kind, students have access to class schedules via the Web 24 hours a day, seven days a week, and then officially register on line weekdays from 7 am to 7 pm.

POWER (Poly Web Registration) creates student schedules from a list of open sections that is updated every five minutes.

The new system was developed by the technical staff of Academic Records as a supplement to the CAPTURE telephone registration system.

After a student reviews a list of the courses he or she wants, along with any time restrictions, POWER checks class availability and generates all possible schedule combinations. The student selects one of the schedules with the press of a button.

POWER also lets students see the number of seats remaining in a class and the professor who will be teaching it.

First available to students in the residence halls in fall 1998, POWER will be put into service for the campus fall registration, which begins July 23.

In addition to POWER's capability of generating student schedules, the system also allows students to add and drop classes on line and to select credit or non-credit grading options as appropriate.

POWER can be seen at www.power.calpoly.edu, for information, call Marcia Friedman, associate registrar, ext. 6-1269.

Summer CPR schedule
The Cal Poly Report is published every other week during summer quarter. Additional summer issues will be out Aug. 4 and 18 and Sept. 1.
