Campus permits to be honored during events

Quarterly and annual campus parking permits will be valid in general event parking once the new parking structure is completed.

Faculty, staff and student permit holders, who have been required to pay the additional fee to park in special lots set aside for events in the Performing Arts Center, Mort Gym and other campus facilities, won’t have to pay the event fee once the structure is in use.

The university anticipates that the structure will provide enough parking to accommodate both event permit and campus permit holders.

Event parking will normally be in the structure, with the Grand Avenue surface lots available only to campus permit holders and non-events parking.

Event parking designated as “preferred” or “assigned” will remain restricted to invited guests. Campus permits will not be honored in those spaces.

For more information, call Vicki Stover, university vice president for administration, at ext. 6-2171.

 Clifford reception continues President's Arts Award

 Clifford Chapman of Shell Beach, longtime benefactor of the arts in San Luis Obispo County, is being honored for his tireless and enthusiastic support for the region’s cultural life.

Chapman has been chosen to receive the 2000 Cal Poly President’s Arts Award, which is presented each year to a person, family or organization that has contributed significantly to the cultural environment of San Luis Obispo County. The award also recognizes excellence for achievement in the arts.

"The San Luis Obispo Symphony, Cal Poly Arts, Pacific Repertory Opera, Mozart Fest and Performing Arts Center are among the many arts organizations to which Chapman has contributed his resources, dedication and enthusiasm," said President Baker.

Chapman, who serves on the Board of Directors for the Foundation for Performing Arts Center, was an early architect of the center’s development. Noting his role in the center’s development, Jim Jamieson, 1998 President’s Arts Award co-recipient (with his wife, Perry), said, “Not only did Cliff’s vision and dedication help build the facility, but his enduring commitment helps bring it to life at the center. He is truly a devoted advocate of the arts in San Luis Obispo County.
