Solved: Case Of The Missing Milk

While the campus dairy is undergoing renovation, supplies of milk at the campus dairy are being handled by the Harmony Dairy in San Luis Obispo—thus the Challenge trade name on milk in cafeterias and that sold in El Camarillo, etc.

When the dairy is completed, about Jan 1, the campus product—now too low to handle—will be handed over. Although present containers are smaller than Poly's bottle, it is in keeping with the present timing that a new container also be purchased in process and the Harmony unit is equipped for one and only one such container.

For Bronco Game

Forward Dean High leads the Cal Poly water polo squad in a powerful attack against the University of California at Los Angeles. The game will be held at the University of California at Los Angeles on Saturday, November 1.

The game will be played on the campus of the University of California at Los Angeles, at 2 p.m. Saturday, November 1.

End Seniors... Sponsored by Koppo Rho, service fraternity on campus, the 'wee-nie' selling event has been successful for this season. Youngsters, seven to 18 years of age, are eligible to take part. All they must bring is a minimum of spirit. You see, the song leaders are a new feature, as of last week's game.

That almost 10 dollars in taxes of all kinds will be collected this year for every 6 dollars that were collected in 1948—the peak year of World War II.

That almost 4 dollars in taxes of all kinds will be collected this year for every 1 dollar that was collected in 1943.

That, on the average, approximately 1 dollar out of every 4 dollars you pay for gasoline in the West goes for State and Federal taxes.

Student Grow Scholarship In Form Of Orchids

By Bill Long

Orchids, orchids, everywhere, is the impression received when viewing Off, student Bill Relinger's fourth and final collection in greenhouses number four.

Relinger, a 19 year old Freshman, started raising orchida at the advanced age of 14 when he received a trip to Mexico City. He grew the plants in the bathroom of his Coronado home, where they received necessary moisture. The plants flourished and Bill began adding specimens from all over the world, until now the collection totals 80,000 plants with an estimated value of $10,000.

Bill explains that of the total he will be sending nine to the advanced students, and the remainder will be sold, as until now they have been grown in glass tanks. Most of these small specimens will not bloom for six or eight years.

In 1959 he started a small florist business, the plants already established in orchid basins and he hopes to raise his own flowers and provide service to other students. Bill also plans to grow other various floral arrangements himself.

CONVENIENTLY LOCATED—SANTA ROSA & MASH"
The Mustang Flying club now has two certified flight instructors. Fran Adkins, chairman of the lounge program, greeted the members of the West Coast Housing unit. Several worthwhile projects are under way and the Poly View lounge is being kept buay by the Muatang Flyers. The duo are looking for volunteers. Anael Schoonover and Edgar Brandt's Marcia are Invited to Join In the fun. It's all free, too.

The next regular monthly meeting will be held Wednesday, Nov. 15, at 12, In Library, Room 114. Film and discussion of the month are urged to for the members that the group has a successful flight. The Muatang flyers are also making plans for a most successful FFA field day. Approximately 50 Future Farmers from Santa Barbara to Paso Robles arrived on campus Saturday afternoon when a demonstration in old beef cattle was held. A demonstration in music on the college's new laboratot was given by officer and member Danny Storer. The demonstration was followed by a discussion of the afternoon was carry on.

A group of people from various walks of life was organized to smoke only Chesterfield. For six months this group of men and women smoked their normal amount of Chesterfield—10 to 40 a day. 45% of the group have smoked Chesterfield continuously from one to thirty years for an average of 10 years each.

At the beginning and at the end of the six-month period each smoker was given a thorough examination, including X-ray pictures, by the medical specialist and his assistants. The examination covered the sinuses as well as the nose, ears and throat.

The medical specialist, after a thorough examination of every member of the group, stated: "It is my opinion that the smoke, noise, and accessory organs of all participating subjects examined by me were not adversely affected in the six-months period by smoking the cigarettes provided."
**Colts Travel To Yuba For Game With 49'ers**

Coach George Reese'sattering Colt football team trained for the town of Yuba today, where they'll meet the Yuba College 49'ers at 4 p.m. The yearling Mustangs will be out after their first win in three games tomorrow, and again rate at least an even break with the opposition.

With the only Mustangs ready to go for a run, the Prusso products may at last withstand the fast and furious dash—nothing they've threshold to do in many seasons. Last week against a relatively weak Porterville 20-yarder, Mono alone ran for 140 yards and put only, of Bob Larson, rebounding on the scoreboard when the Prussans were once Porterville notched three downs—something they've never done.

The Mustangs are short-handed, with the inactivity of Bob Larson, in action, and the 49'ers have the field against Yuba, though tackles Walden Williams is making a sore back and may see only limited action. Coach Gus Mannin's 49'ers have been playing 300 ball so far this season.

**CBgers Sharp In Early Drill**

Despite the meaning of basketball—coach, Ed Jergensen, common hit, allähich; all, with three, which look like a successful basketball season but under way last week as the Mustangs' charges began making yardage. In the Mustangs' second game, smoothing action, headed by all RHA center Angie Sutton, Jergensenlamines the fact that he will feel an inexperienced point in the San Francisco Olympic Club. In November 28 in their initial game of a tentative 20 game schedule. Other versatile are Bob Aguiar, Bill Ward, Gary Lohman, and Jerry Fredericks, up from the Han Francisco Olympic Club. With only five returning letter.-

The Mustang injury list has shown a little more if the seniors expect to get by Whittier. "We're going to have to show much improved defensively next week, since the beavers late last week. Mustangs went 110 yards in 15 carries and Larson scored on a run for 110 yards and two touchdowns in 11 carries.

When Whittier should start watching Brave and Laward a little too closely then Bobby Neal can always shake them up a little with his tryback. Though highly pleased with his team's showing against the Jug boys, coach Jorgensen thinks they have to be allowed a little more if the seniors expect to get by Whittier. "We're going to have to show much improved defensively next week, since the Mustangs went 110 yards in 15 carries and Larson scored on a run for 110 yards and two touchdowns in 11 carries.

**Varsity Faces Poets Tomorrow; Vies For Mythical Grid Title**

(Continued from page one) 400 yards on the ground—a new school record.

With "Boom Boom" Bravo and Bob Larson both bound of the grid and limb, the green and gold squad has a chance to knock off a team in the CCAA. Brave territories the center field while Laward sheds the middle— a combination's that the Mustangs will have to watch. With the addition of halfback Thad Morison to show the south, Morison already has 10 runs of 50 and 40 yards to his credit, and many think he's the top ball carrier on the Poly roster. Though highly pleased with his team's showing against the Jug boys, coach Jorgensen thinks they have to be allowed a little more if the seniors expect to get by Whittier.
