Soph Dinner Date

Dinner offers Queen for an Evening

Royalty for an evening will be the lucky catch of a winner in the Sophomore Dinner Date draw, according to Soph Prexy Ed Wynken.

Hartnell College’s Homecoming queen and seven candidates (also ten or better yet trot down the tables tonight in the special assembly hall and take a look at their pictures) are making the trip all the way from Salinas to participate in what, according to Wynken, is “one of the biggest events of the year.”

June Hardie, Hartnell’s dear of women and Marilyn Mullin, another of the fallen in the battle for the honor of being the beautiful queen in connection with the Homecoming group have made arrangements for the girls’ housing and chauffering.

Plays are 40 cents each or 5 for 1.00. Entries are obtained from one of the Homecoming group members. Votes on the tables set up during the noon hour. Votes for the Soph and Junior classes will be cast during the general student body assembly on Nov. 21. Votes for the Soph and Junior classes will be cast during the general student body assembly on Nov. 21. Votes for the Soph and Junior classes will be cast during the general student body assembly on Nov. 21.

Letter to the Editor

Dear Editor:

Our Budget committee met last Thursday night and jumabled $89,000 into a complete assemble. It teemed to be a group on campus, The money was very poorly and improperly appropriated. It seems to me that Cal Poly la growing or there are too many groups asking for money. Approximately $10,000 was needed and this was turned down to the $89,000 amount. I ask you to do fair to cut things like our school paper (El Mustang), Poly Royal, one of the biggest things on this campus or any other kind, and others.

Famed Psychiatrist Speaks At Assembly

Dr. Douglas M. Kelley, noted Army Medical officer, was chief consulting psychiatrist and acting consulting psychiatrist of the European Theatre of Operations before being appointed psychiatric consultant to the Army Medical Department at the Nuremberg Trial. In this latter capacity, he assisted in the preparation of the war crime cases and the trial of the defendants. He is the author of the book "The Cell In Nuremberg," which describes his experiences.

"Psychiatry is rapidly expanding in its viewpoint, developing a concern for the individual," says Dr. Kelley.

NOSE, THROAT, and Accessory Organs not Adversely Affected by Smoking Chesterfieldes

A responsible consulting organization has reported the results of a continuing study by a competent medical specialist and his staff on the effects of smoking Chesterfieldes cigarettes.

A group of people from various walks of life was organized to smoke only Chesterfieldes. For six months this group of men and women smoked their normal amount of Chesterfieldes—10 to 40 a day. 45% of the group have smoked Chesterfieldes continuously from one to thirty years for an average of 10 years each.

At the beginning and at the end of the six-month period each smoker was given a thorough examination, including X-ray pictures, by the medical specialist and his assistants. The examination covered the sinuses as well as the nose, ears and throat.

The medical specialist, after a thorough examination of every member of the group, stated: "It is my opinion that the ears, nose, throat and accessory organs of all participating subjects examined by me were not adversely affected in the six-months period by smoking the cigarettes provided."
