Below are all the new, previously unadvertised employment openings at the university. You may access full information about these and other, previously advertised positions at www.calpoly.edu or select "employment opportunities".

**STATE:** For a complete listing of employment opportunities for state staff and management positions, you can:
- Check the Human Resources and Employment Equity Web site at www.calpoly.edu, under Employment Opportunities;
- Come to the HREE office, Admin. 110, and view the posted positions;
- Call the HREE Job Line at ext. 6-1533.

For a listing of new openings, check The Tribune’s Sunday edition. If you have questions, please call HREE at ext. 6-2237.

**FACULTY** Candidates are asked to contact the appropriate department office at the phone number listed for more information or to request an application. Additional information and qualifications for each position may also be obtained on line at http://www.academic-personnel.calpoly.edu.

Please submit all application materials to the department head/chair unless otherwise specified in the ad. Rank, salary and experience (and time base where applicable), information and qualifications for each position are included in the ad. Phone number listed for more information and/or contact name.

**CAL POLY REPORT, APRIL 12, 2000**

**PAGE 6**
Math students earn top honors in contest

A team of Cal Poly students has once again finished among the world’s best in an international mathematics competition. The team was among five that earned an “Outstanding” designation and whose solution papers are to be published in the Journal of Undergraduate Mathematics and its Applications. Also, the Mathematical Association of America chose the Cal Poly team of Jeffrey Mintz, Aaron Newcomber and James Price to present their solution paper at the joint American Mathematical Society/Mathematics Association of America meeting to be held at UCLA in August.

In addition, Cal Poly’s team was among five that earned an “Outstanding” designation and whose solution papers are to be published in the Journal of Undergraduate Mathematics and its Applications. Also, the Mathematical Association of America chose the Cal Poly team of Jeffrey Mintz, Aaron Newcomber and James Price to present their solution paper at the joint American Mathematical Society/Mathematics Association of America meeting to be held at UCLA in August.

This year, of the more than 700 teams that began the competition, only 495 submitted a solution paper.

The competition, sponsored by the Consortium for Mathematics and its Applications, lasts 89 grueling hours. The contest begins on a Friday at 12:01 a.m., when each team is given two problems from which to chose one. The team must submit a typed solution paper for judging by 5 p.m. Monday.

ReMEMber quilt unveiling

The ReMEMber quilt, a project created as part of ReMEMber week at Cal Poly, will be unveiled in a special ceremony at 5:30 p.m. April 19 in San Luis Lounge.

The quilt, dedicated to the memory of former students Rachel Newhouse, Andrew Crawford, Kristi Marquet and victims and survivors of sexual violence, consists of 51 blocks that include the names of 80 victims and survivors.

The quilt unveiling will be part of ReMEMber Week. (See related story on page 1.)
Receptions set for dean finalists

Candidates for the position of dean of the College of Business have been invited to campus for interviews during April and May, and informal receptions have been scheduled to give the community an opportunity to meet them.

• As mentioned in the April 5 Cal Poly Report, Patricia Patterson, associate dean of the College of Business and chair, Management and Marketing Department, University of Wyoming, will be on campus Thursday and Friday (April 13-14). Please note that the time and place for her informal reception have been changed to 11 a.m.-noon Thursday in Room 114 in the Business Building.

• William Pendergast, dean, Fisher Graduate School of International Business, Monterey Institute of International Studies, will visit campus April 20-21. The reception is set for April 20.

• Darold T. Barnum, professor, Department of Managerial Studies, University of Illinois at Chicago, will be on campus April 27-28. The reception is planned for April 27.

• Jack A. Fuller, director, Division of Business Administration, West Virginia University at Morgantown, visits May 1-2. A reception is set for May 1.

• John C. Rogers, professor and marketing area coordinator, College of Business, Cal Poly, will be interviewing May 4-5. The reception is to be May 4. The receptions for Pendergast, Barnum, Fuller and Rogers will be from 4:30 to 5:30 p.m. in the Business Building, Room 341.

Tschohi to retire

Pat Tschohi, accounts receivable technician in Fiscal Services, will retire April 26 after 19 years of service. She has requested no formal retirement reception, but invites those wishing to say goodbye to stop by her office in Adm. 131 before April 26.

Abitia appointed

Fred Abitia has been appointed coordinator of the Industrial Technology Area in the College of Business through spring quarter 2000. A bita has been teaching at Cal Poly since 1969.

Creative writing winners to read during Open House

The student winners of the 30th annual Creative Writing Contest will read their fiction and poetry at 7 p.m. Saturday (April 15) in the Sandwich Plant as part of Open House.

This year's first-place poetry winner was journalism senior Rachel Robertsaw for her piece “No Consequence.” Second prize went to English senior Kathleen Marie Baldwin for “Running in the Halls,” and third place went to graduate English student Christopher Carruthers for a work titled “The Naming of Things.”

For fiction, Matthew Peyton, an education graduate student, won first prize for his short story “Visiting Day.” Second prize was awarded to Ryan Gallaugher for “Poodles,” and Monica Delmartini won third prize for “Lotbier Quadrille.” Gallaugher is an English senior and Delmartini is an environmental horticultural science senior.

At the reading, “Byzantium 2000,” Cal Poly’s award-winning literary journal of student fiction and poetry, will be on sale. The literary annual showcases the winners and honorable mentions of the campuswide Creative Writing Contest. Refreshments will be served.

The reading is sponsored by the College of Liberal Arts, the English Department, and the WriterSpeak program.

Greenpeace founder to speak Tuesday

Patrick Moore, founding member and former longtime leader of Greenpeace, the international organization that aims to bring attention to global environmental problems, will present “Trees are the Answer” at 7:30 p.m. Tuesday (April 18) in Philips Hall in the Performing Arts Center.

Moore will talk about forest ecology and explain how forests can play a powerful role in solving many current environmental problems. He has been a leader in the international environmental field for more than 25 years. He served for nine years as president of Greenpeace Canada and seven years as director of Greenpeace International.

Recently his focus has been on British Columbia and promoting sustainability and consensus building among competing environmental concerns, according to Norm Pillsbury, chair of the Natural Resources Management Department.

As a member of the Forest Alliance of British Columbia, Moore leads the process of developing the “principles of sustainable forestry” that have been adopted by a majority of the timber industry.

The talk is sponsored by the Natural Resources Management Department, Xi Sigma Pi Forestry Honor Society, ASI, and the Big Creek Lumber Co.

For more information, call the Natural Resources Management Department at ext. 6-2702. For more information on Moore, visit his Web site at www.greenspirit.com.

Riedisperger to talk on Haider, Austrian politics

History Professor Max Riedisperger will talk on Austrian politics, controversial right-winger Jorg Haider, and the European Union at 11 a.m. Thursday (April 13) in Fisher Science Room 286.

Riedisperger is widely recognized as an authority on Austrian politics and Haider, governor of the Austrian state of Carinthia.

The history professor has interviewed Haider on several occasions and last year went to Austria to follow his Freedom Party campaign in state elections.

Riedisperger has written a book and numerous chapters, articles and papers on the party and its forerunner. "Jorg Haider is not the Nazi people make him out to be," said Riedisperger.

Second prize was awarded to Ryan Gallaugher for “Poodles,” and Monica Delmartini won third prize for “Lotbier Quadrille.” Gallaugher is an English senior and Delmartini is an environmental horticultural science senior.

At the reading, “Byzantium 2000,” Cal Poly’s award-winning literary journal of student fiction and poetry, will be on sale. The literary annual showcases the winners and honorable mentions of the campuswide Creative Writing Contest. Refreshments will be served.

The reading is sponsored by the College of Liberal Arts, the English Department, and the WriterSpeak program.

Friday Foundation Board meeting canceled

The Foundation Board of Directors meeting scheduled for Friday (April 14) has been canceled.

The next meeting will be the annual meeting to be held May 12.
Cal State L.A. prof to give Math Colloquium

Gerald Beer, mathematics professor at Cal State L.A., will present "Boundedness in Metric Space" at the next Mathematics Colloquium 4:10-5 p.m. Thursday (April 13) in Room 201 in the Science North Building.

For more information, call the Mathematics Department at ext. 2206.

Chancellor Reed approves forestry master's degree

CSU Chancellor Reed has approved Cal Poly's proposal for a Master of Science in forestry sciences effective spring 2000. The program has been assigned CSU program code number 01141. The master's program is in the Natural Resources Management Department in the College of Agriculture.

Ani DiFranco to perform at Rec Center April 20

Singer-songwriter Ani DiFranco will bring her unique brand of folk, funk and soul to the Recreation Center at 8:30 p.m. April 20.

Guest band Hammell on Trial will also perform.

DiFranco has been described as a "punk folk singer" with a "voice that can rock the boat one minute and cradle it the next."

She has recorded 13 albums since 1990 and tours on the acoustic, college and rock-club circuit across the country.

"Tomato Mania" at Poly Plant Shop

The Poly Plant Shop at the Environmental Horticultural Science Unit on Via Cretea will sell unusual varieties of student-grown tomato plants from noon to 5 p.m. April 21 and 9 a.m.-4 p.m. April 22.

The plants, in nursery containers, will be available, including some that are white, pink, green, yellow, orange, purple, black, striped and, of course, red.

'Vertical gardens' anyone? At Poly Plant Shop

The Poly Plant Shop at the Environmental Horticultural Science Unit on Via Cretea will sell unusual varieties of student-grown tomato plants from noon to 5 p.m. April 21 and 9 a.m.-4 p.m. April 22.

The plants, in nursery containers, will be available, including some that are white, pink, green, yellow, orange, purple, black, striped and, of course, red.

Health, Counseling Services accredited

Cal Poly's Health and Counseling Services unit has received a full three-year accreditation from the Accreditation Association for Ambulatory Health Care, a recognition given to fewer than 10 percent of college health centers.

"This is quite an affirmation of our efforts to deliver quality health and psychological care to the Cal Poly student body," said Martin Bragg, director of health and counseling services.

The accreditation process included a lengthy self-evaluation followed by an on-site review by an AACHC physician. The on-site review studied patient care, quality improvement efforts and the campus Health Center's facilities.

Health and Counseling Services provides primary health care and counseling services and has on-site laboratory, pharmacy and X-ray facilities. Health and Counseling Services also has a Health Education department that provides extensive programming to promote healthy lifestyle choices in the campus community.

ITS offers more software for less money

Cal Poly is working to make more software titles available to campus computer users while saving money for the institution through "KeyServer," a program that eliminates the need for buying individual software licenses.

Information Technology Services (ITS) is offering faculty members free access to such software programs as Photoshop, PageMaker, Illustrator, Acrobat, Dreamweaver, Director, Fireworks, Delta Graph, and Sound Edit.

Access to KeyServer is free to faculty members and is available to non-faculty personnel for a nominal annual charge.

"KeyServer is being implemented to take advantage of concurrent software licensing to better meet the needs of our customers," said Marshes Epstein, ITS training coordinator. "KeyServer works in much the same way as a library, with software licenses being checked in and out automatically."

There is no observable difference in response time between "keyed" and regular software because each keyed software package still resides on the computer's local hard drive. Over the Cal Poly network, the user's computer will instantaneously get a "key" from the KeyServer to allow the desired application to run.

The major benefit is that a software license is not connected to a specific machine. When a user quits the application, its license is relinquished back to the central pool of software for use by others.

KeyServer is intended to increase use and save money by allowing a large number of people to use the same software without having to buy individual licenses.

To get access and to learn more about KeyServer, contact the ITS KeyServer administrator at keyserver Reflects the Cal Polys Health Education at ext. 6-6059 or visit the KeyServer Web page at http://keyserver.calpoly.edu.

E-mail to Credit Report

A reminder: All information submitted to Public Affairs for the next edition of The Credit Report must be sent by e-mail to polynews@polymail@calpoly.edu.

An on-line form should be ready soon as an alternate way to submit information.

Photos are welcome. Please send those through campus mail to Public Affairs.

The deadline is May 1.
Open University class rosters to be mailed

The first class rosters for students enrolling through the Extended Education program (also Concurrent Enrollment) are to be mailed to instructors April 19.

A second class roster will be mailed May 3.

The Open University program through Extended Education enrolls only those people who are not Cal Poly students to enroll in university courses.

For more information, call Vivian Steele, Extended Education, at ext. 6-2053.

El Corral to conduct faculty survey

El Corral Bookstore is conducting a comprehensive survey of faculty members to help improve its operations.

From this survey of pricing and book stock selection, academic software, store hours, and special events, faculty members' opinions play an important role and carry a great deal of weight on campus, according to Frank Cavaley, director of El Corral.

The goal of the survey is to address key issues affecting faculty members' satisfaction with store operations.

The survey was developed for El Corral by the National Association of College Stores, of which El Corral is a member.

To ensure objectivity with the results, completed survey forms will be forwarded to a UCI analysis team. The verbatim report of comments will be completed by the association's research staff.

Surveys are being sent in campus mail.

For more information, call Theresa Kaiser at ext. 6-5157.

Math students earn top honors in contest

A team of Cal Poly students has once again finished among the world's best in an international mathematics competition.

The team was among five that earned an "Outstanding" designation and whose solution papers are to be published in the Journal of Undergraduate Mathematics and its Applications.

Also, the Mathematical Association of America chose the Cal Poly team of Jeffrey Mintz, Aaron Newcomber and James Price to present their solution paper at the Joint American Mathematical Society/Mathematics Association of America meeting to be held at UCLA in August.

In addition, Cal Poly's team was among five that earned an "Outstanding" designation and whose solution papers are to be published in the Journal of Undergraduate Mathematics and its Applications.

Kelly-Moore Paint pledges $300,000 to Science & Math

The Kelly-Moore Paint Co. has pledged $300,000 to establish a fellowship in the name of its founder, Bill Moore, to support student research and advanced study in the polymers and coatings program in the Chemistry and Biochemistry Department.

The Bill Moore Coatings Research Fellowship will be given to students whose degree emphasis is in coatings chemistry and students with an educational background in coatings technology.

Kelly-Moore established the fellowship to promote the study of polymers and coatings and to help advanced students learn how to conduct research that might have direct application to the coatings industry.

In special circumstances, the award might be given to a post-doctoral research fellow working in coatings technology.

Joe Cristiano, president and chief executive officer of Kelly-Moore said, "Cal Poly has been a wonderful source of candidates for employment in Kelly-Moore. They have a very effective industry-related program, and we are proud to have the name of our founder, Bill Moore, associated with the university."

The donation by Kelly-Moore is pledged over three years.

Solicitation of sick leave, vacation

Patricia Vargas, administrative support coordinator in Health Services, has qualiﬁed for personal catastrophic leave. Eligible state employees may donate vacation credit and sick leave to help her remain in full-pay status during an extended absence.

To donate leave, request the Catastrophic Leave Donation form from solicitation coordinator Vivian Phillips, Health Services, ext. 6-5279 or by e-mail.

CSEA employees (Units 2, 5, 7 and 9) may donate up to 32 hours and all other eligible state employees may donate up to a total 16 hours sick leave and vacation credits per fiscal year in increments of one hour or more.

College of Ag sponsors lectures for all faculty

The College of Agriculture recently sponsored two workshops for all faculty members titled "Critical Thinking: The Cornerstone of Education."

The first was part of a U.S. Department of Agriculture Higher Education award granted to Cindy Heus, a faculty member in the Food Science and Nutrition Department.

Jeff Johnston of the Department of Educational Services at St. George's University, located on Grenada and other Caribbean islands, conducted the workshops, designed to help faculty members teach their students to think critically.

The premise of the workshops was based on John Chaffee's book "The Thinker's Way," where he said, "you can shape yourself into the person you want to be, and you can construct an effective and fulfilling life. In order to do so you will have to think critically, live creatively, and choose freely."

The grant was a collaboration between Cal Poly and the University of Idaho. For more information, contact Mary Pedersen, professor of food science and nutrition, at ext. 6-6130 or by e-mail at mpederson@calpoly.edu.

Professor Mallareddy included in 'Who's Who'

Harap Mallareddy, long time civil and environmental engineering professor, has been selected for inclusion in the sixth edition of "Who's Who Among America's Teachers, 2000." Approximately 2,500 teachers in the United States are so honored each year.

To be included in the publication teachers must be nominated by former students who have been cited for academic excellence in higher education by members or named "outstanding" in either "Who's Who Among American High School Students" or "The National Dean's List." Mallareddy has been teaching at Cal Poly since 1981.

From left, Provost Paul Zingg and Chemistry and Biochemistry Professor Dane Jones accept a $300,000 token check from Mark Minamyer, senior vice president, manufacturing of Kelly-Moore Paint pledges SJOO,000 to Science & Math
Position vacancies
Below are the new, previously unadvertised employment openings at the university. You will find full text information about these and other, previously advertised positions at www.calpoly.edu or select "employment opportunities." 

STATE: For a complete listing of employment opportunities for state staff and management positions, you can:
  • Check the Human Resources and Employment Equity Web site at www.calpoly.edu, under Employment Opportunities;
  • Come to the HREE office, Admin. 110, and view the posted positions;
  • Call the HREE Job Line at ext. 6-1533.

For a listing of new openings, check The Tribune’s Sunday edition. If you have questions, please call HREE at ext. 6-2327.

FACULTY Candidates are asked to contact the appropriate department head or office at the phone number listed for more information or to request an application. Additional information and qualifications for each position may also be obtained on line at https://www.academic-personnel.calpoly.edu. Please submit all application materials to the department head or office unless otherwise specified in the ad. Rank and salary are commensurate with qualifications and experience (and time base where applicable), unless otherwise stated.

• #0346: Part-Time Lecturer Pool, Mathematics (ext. 6-2206). Closing date: May 19.
• #0367: Assistant/Associate Professor, Bioresource and Agricultural Engineering (ext. 6-2378). Closing date: June 1.

FOUNDATION (Foundation Admin., Building job line at ext. 6-7197). All Foundation applications must be received (not just postmarked) by 5 p.m. of the closing date. (No faxes.)

Readvertisement: Project Director, Mesa Agricultural Initiative, College of Agriculture, $39,480-46,422/year. Closing date: Open until filled; review of applications begins April 28.

Gift Clubs Assistant, Principal Gifts and the Centennial Campaign, $10,350-13,363/hr. part time, 30 hours/week. Closing date: April 21.

ASSOCIATED STUDENTS INC. is accepting applications for the following positions:
Complete position descriptions and applications are available at the ASI Business Office, University Union, Room 212, M-F, 8 a.m.-5 p.m., ext. 6-5800. All applications must be received by 5 p.m. of the noted closing date. AA/ROE.

ASI Events Assistant Coordinator, $31,025-$40,800, 10-month position. Closing date: Open until filled; review of applications begins May 15. Anticipated starting date: July 5.

Coordinator for Rose Float, $45,235-$60,948/year. Closing date: Open until filled; review of applications begins May 15. Anticipated starting date July 3.

...ReMember Week
Continued from page 1
Street in San Luis Obispo. The concert is sponsored by the university’s Sexual Assault Recovery and Prevention Center and ReMember.

The first of a two-part series of self-defense classes, designed to teach women how to protect themselves, will be given from 10 a.m. to noon Monday (April 17) by Sexual Assault Recovery and Prevention Outreach Coordinator Amy Prokop. Information and class in the series will be 10 a.m.-noon on April 19.

University Police Officer Jennifer Estelle will conduct self-defense workshops for men from 1 to 3 p.m. Tuesday (April 18) and 1-3 p.m. April 20. Estelle’s classes are not a series.

All the self-defense classes will be in the Martial Arts Room in the Rec Center. Registration is recommended; call the Women’s Center at ext. 6-2600 to reserve a place.

The San Luis Obispo Economic Opportunity Commission will present a ReMember “Speak-Out” 11 a.m.-4 p.m. Tuesday (April 18) in Chumash Auditorium to provide an open forum for men and women to discuss assaults and gender issues.

“A Red Handprint Ceremony,” in which a symbolic handprint will be painted on the Lansing Hall, is set for April 19. The handprints represent the locations on campus where a sexual assault has occurred. The time for the ceremony has not yet set.

A ReMember quilt unveiling from 5:30 to 6:30 p.m. April 19 will pay tribute to victims and survivors named on the quilt and honor those who created the quilt blocks. (See related story, page 5.)

After the quilt is unveiled in San Luis Lounge in the UC, Cal Poly’s eighth annual “Take Back the Night” will begin, at 7 p.m., in Chumash Auditorium.

“Take Back the Night” speaker Deanna Gale will talk about her own experiences in surviving violence and sexual assault. An open microphone session at 7 p.m. April 20 at Mission Plaza in San Luis Obispo will provide an opportunity for anyone to talk about sexual assault. After the session, a silent candlelight walk dedicated to Smart, Newhouse and Crawford will take place.

Safety awareness demonstrations will be given by members of the Cal Poly University Police, Cuesta Police and the San Luis Obispo Police departments from 6:30 to 9:30 p.m. April 20 during Farmers Market in San Luis Obispo.

For more information, call Student Community Services at ext. 6-3834.

Students visit Honduras to help hurricane victims
Nine Cal Poly students traveled to Honduras to help victims of Hurricane Mitch.

Instead of taking exotic vacation destinations to relax during spring break, nine Cal Poly students went to Honduras to help victims of the hurricane that destroyed much of the country in 1998.

The trip was sponsored by Student Community Services and was the organization’s first international service event.

“Hurricane Mitch left more than 2 million people homeless, hopeless, and living in subhuman conditions,” said Matt Hay, a student volunteer and third-year ecology and systematic biology junior.

“We witnessed naked children running in the streets and six-person families living in tiny homes made of only a tarp,” Hay said. “The visions of poverty shocked the group and made us realize the great economic disparity between the United States and Honduras.”

ReMember Week Week aims to increase personal safety
Cal Poly’s ReMember Week, set for Sunday (April 16) through April 20, will include activities ranging from self-defense classes and a community concert to a candlelight walk and safety awareness demonstrations — all designed to help spread the message of personal safety.

The ReMember program started in spring 1999 to support all survivors of sexual assault and as a reminder of the tragic consequences.

Three women students, Rachael Newhouse and Audria Crawford, who were lost to violence, and Kristin Smart, who has been missing since 1996.

Local bands Jive ‘N Direct and Sumbrose 32 will kick off the week with a Community Awareness Concert from 2 to 5 p.m. Sunday (April 16) on the back patio at Kona's Downtown Deli on Higuera Street.
