Ron Davey Elected Student Body President

Ron Davey, junior crops production major, this week was elected chairman of the board of student control, replacing Bill Woods, former chairman, who has resigned.

Woods reportedly resigned his post due to "stakeholders." He states to board members, at their Tuesday afternoon meeting, Davey expressed his desire to handle all campus control up to a "professional level." With the completion of her last milking are left to right, Phil Burnes, according to Bill McNab.

New Council Will Solve 'Em for You

The Council for Married Resident Students is the newest organization on campus in 1968 to deal with better living problems on the campus.

Poly's three sections of married living quarters each have a representative, states Richard Borba, Poly View representative.

The board meets on the first and third Mondays. Borba is the legman and represents the Poly View on the Inter-dorm council.

"The purpose of my job," says Borba, "is to transfer all complaints and suggestions for the improvements of facilities, sanitary conditions and other remarks which have been discussed by the board to Don Watts, housing director."

Borba comments that some of the current problems are the need cleaner and more sanitary rest rooms, wash houses and the installation of clothes dryers.

Budget Deadline

Budget committee head Donne Henschen announced that the deadline this year is March 1. The committee is hoping to have a budget in time to get the annual event on.

Bud fees and instructions will be available at the student affixes office as of about Feb. 3. "Even though forms are not yet ready," states Henschen, "organizations should immediately begin budgeting for the new year."
Trench Not Burial For Probation Men

Have you been wondering what the digging is all about? The big dig, from Power house to Ad building, is for a new steam line that will replace the old, small in both size and efficiency. The mayor, Ralph W. Miller, superintendent of buildings and grounds, says. "This is the first stage of master plan utilities," Miller concludes.

Tri-Beta Makers Plans

Tri-Beta alumni have announced their program of activities for the remainder of the school year. Feb. 9, installation of provisional members; Dr. Arnold Dean speaking on graduate school; Feb. 18, business meeting, report of all committees chairman; Mar. 6, talk by Eric Liljeström—"Orchids, Their Culture and Propagation" are interested. The program is under the direction of Richard Nyström.

DO YOU BARN TIMM AND TEE?

The reason for this is that today's factory employee has far more and more elaborate tools to work with. For example, the average Union Oil employee of 1900 had only about $6,000 worth of tools. Today's average Union Oil employee has over $60,000 in tools at his disposal.

Most people die. And they earn it with 15 fewer hours of work.* The average factory employee in the U.S. earns $1.05 per hour in 1960. Today the average factory employee earns $5.05 per hour. When you convert these earnings into real dollars,** today's factory employee earns 8.4 times as much as his counterpart of 1880. Most people do. And they earn it with far fewer hours of work. When you convert these earnings into real dollars, the average Union Oil employee of 1800 had only about $6,000 worth of tools. Today's average Union Oil employee has over $60,000 in tools at his disposal.

Because of these tools, he can produce more and thus create many times more wealth with his day's work. And the more wealth he creates, the more he earns. The tools that make this possible are provided by Union Oil's 88,600 share owners. Therefore, the employee's earnings are directly related to how much money the share owners put into tools.

The tools provide an incentive to put more money into tools unless they can anticipate a reasonable compensation. That's why the incentive to put money into tools must be preserved.

For only in that way can we Americans continue to produce more, create more wealth, and thus earn more than any other people in the world.

Poly Hosts Visitors

Taking advantage of freedom afforded by their school's activities, Career day, a group from Templeton high school visited Cal Poly this week, contemplating the courses offered.

No Game Tonight: Numerous Injuries

El Jorgensen, head Cal Poly basketball coach, announced today the temporary cancellation of the Mustang—Camp Roberts easy game scheduled for Friday night in Fullerton gym.

The Mustangs' reserve physician and team doctor, has advised that I cancel Friday's game because of player illness and injuries, Jorgensen says.

Center Glenn Kemper, Guards Days

Jorgensen also disclosed that forward Dick Delaurentis are either under or have been under treatment for influenza or colds, the exact status.

Another injury was added to the list following Tuesday's game in Fresno. Forward Charles Rana has

Keep Cars At Dorms Urges Chief Steiner

Numerous complaints have been received from Ventura residents regarding students with SC stickers on their cars parked in that area.

Sterling Gives Address

Sterling, former electronics engineer, addressed a group of students, civilians and military personnel. His talk clarified translator applications and he gave a description of the equipment, its significance, and character.

Arms Left In New Dorm Areas

Chief Security Officer Ernest Steiner cautioned residents of the dorms that they may leave their cars parked there. No inventory has been available for such parking area.

Care left in the new dorm areas should be left in such a place to left for emergency vehicles to move around the next area, Steiner urged.

Sterling cautioned residents of the dorms that they may leave their cars parked there. No inventory has been available for such parking area.

Dedication of two show cabinets to
the memory of Army Sergeant
Lee Levering, former student who
fell in Korea, featured the Cal Poly
Royal Growers association meeting
left week.

Mr. and Mrs. C. G. Levering,
Lee's parents, presented a check
for $1500 to the college to estab-
lish the L. G. Levering Memorial
Fund. The amount was con-
tributed by Warner "Snuffy"
Smith, student sheep-herd, 43-44
and 45, for whom Lee worked on
the ranch Juat before being called into
service. The Fund is open to all
Poly Royal members for first call for
those students especially interested in
sheep or who have a sheep herd.

The Leverings showed motion
pictures and slides of Lee and his
sheep, including several Poly Royal
showmanship contests.

College Students Do Have Hearts!  

Mrs. Levine Penley, retired librarian from Cal Poly's Kelllogg-Voorhis campus, discovered this week that the Cal Poly students haven't forgotten her many years of service at San Luis Obispo campus.

Beginning last Saturday, and continuing throughout the month of February, a group of volunteer student workers will paint Mustangs, hang signs and landscape her garden.

Sponsoring the project are two student groups: the Young Farmers club and Lambda Pi Epsilon, a predominantly agricultural fraternity.系

Hughes Says New Rule Won't Hurt Poly Grid

By Frank Tours, Jr.
El Mustang Sports Editor

Ever since the NCAA rules committee put the football world on notice with their "kicking" announcement that the free-substitution rule was no more, grid coaches from every corner of the nation have been besieged with the "whaddaya think, coach?" question. So we asked the "silver fox" of Cal Poly, coach Roy Hughes, what he thought. Forthwith, his answer:

"Well, it's okay. As far as Cal Poly is concerned, this Hail Mary pass of theirs is just another change. Right now I can see only three men coming back from the 1952 squad who can play only "our way." Some of the outstanding backs in last year's second team are going to play on offense, if you'll think back. Bob Smith and Thad Warner are top-notch men. Bob Smith was an outstanding tackler and was an outstanding halfback in 1951. He argued that "Boom Boom" Bravo can handle defensive duties. Not so with any of the players. In 1952, the Poly quarterback was a firm believer in the '53 scheduler. Besides, both of them Impressive for college boxers.

Hughes did say, however, that he thought the free substitution rule and the subsequent "platoon" brand of football are more likely to make college football a more popular sport. "The new rule will naturally limit the number of substitutions which will be made in any game. The Poly team to boat, regardless of whether or not Halfback Alex Prouse has the experience, have been training this year to handle the new rule. There is no doubt that the Poly team will be a strong team and will have the speed they showed under platoon football."

The Poly team will be a strong team and will have the speed they showed under platoon football.

The INSIDE OUTLOOK

By Frank Town, Jr.

Inside outlook the latest schedule of events for Poly fans. Reeling full well that thou-

sands of avid "Inside Outlook" fans are looking for more accurate predictions of sporting events, we are nevertheless forced to devi-

date from such truth in order to get to more important issues.

Too Much Crying

Leaves a lot of you guys are breathing under the impression the "new" all-purpose student body card is supposed to take care of everything in the way of athletic charter and holder about paying a hefty fine basketball game in a little investigating of you start asking like a band of would-be Beatles. In case you've forgotten, you VOTED to pay a total of 10 sporting events during the '53-'54 season, down, you chow for two football games, a three-dollar charge for two consecutive basketball games, and a 50-cent rally for three home meetings.

This comes to the staggering total of $15. If you thought it was all over, go ahead. If you disparaged Mustangs and are getting yourselves into a good start on the road to oblivion.. 'Twas should be ashamed of yourselves.

Game on 2/1 Minutes

If, by chance you don't accept the blame, bring on at least half true, we suggest a chaste with the May, 1946, minutes of the board of athletic coun-

dealing with keen.

REMEMBER, There Are Now TWO CORKY'S
For This We Sing

...may your story be told, of friendship, of courage and stalwart sons of old.

What does All Hall Green and Gold mean to you?

We ask that question to numerous Cal Poly men in hopes their answers would be an inspiration to students who in the past have been disrespectful in leaving college functions early before its singing.

Senior animal husbandman Howard Coburn, Paso Robles, is the most musical member of the Cal Poly Glee Club. Every time I sing All Hall it holds something new, something unexplainable. I’ve been in glee club four years and that’s why.

Feeling of Belonging

"It makes me happy," he says, "a part of the whole student body. In other words it’s a feeling of belonging. In fact, I get so happy when I sing our national anthem, say the pledge of allegiance, and sing the alma mater.

In the meantime, senior Dick Hallock, San Francisco, who by the way, is also a glee club member, answered in this way. "Patriotic events are fired up by the presence of our alma mater."

"It’s a symbol of campus life; a token of happy memories; a tradition that’s been passed on through the years.

The administration of Smith, Stahl, and two students accompanying the student body, from a formal ceremony, to the Associated Students, to the Associated Students, to the Associated Students, and on to the Associated Students."

It’s Unexplainable.

When the question is asked, why, the only answer that’s necessary, yet so meaningful, it’s nearly unexplainable.

"It’s a symbol of campus life," one man has said, meaning which it has, and that’s why so much disrespect.

Just last week, at an assembly, when our nationally-known men’s glee club is completing its musical selections prior to All Hall’s singing, even then men got up and walked out.

At basketball games, at last fall’s football sessions, at assemblies last year—the very same, unexplainable thing happened.

We ask that question of the young men, and they will answer, it’s to have come from here. Seriously, I’d have to think about it..."

And so we continue to gather what might be termed testimonials of what Cal Poly’s Alma Mater really means. And at last gone of old,..,

Even though nearly three weeks have elapsed since recognition month, many of our students are still interested to find out what Cal Poly’s Bread Bowl is doing in the years to come.

First, a plan that began in Jim Darnel’s administration three years ago. This plan, spearheaded by Jim Darnel, was to adopt a formula that would provide a complete, budgetary recommendation for the coming year by June of the current year.

Net Farce

Man responsible for the first plan with the work already done over three years are many one Cal Poly, a truth that, although many are gone already, the spirit of the program is not to be followed and action to be taken is..."

Progress is Traditionally Painful

"Progress is traditionally painful but, in a small way it is equalled here. In other words, publications and Poly Royal, in their present state, are just a small piece of what we have done."

Also, student assembly leaders have in mind the fact that the defunct budget proposals last year will be followed by the budget of this year’s SAC following the same general pattern. If..."

Second, is the problem of governing. Do you let the student body have its say? Is there to be a revamped organization?

Betty Crooke, and Cresta and hilda has started to cope with this problem by naming..."
