Applications Open Soon For '53-'54 Publications Posts

Applications will be in order soon for many key publications posts, announces board of publicists and publicity control Chairman Jim Tant. These positions are open to anyone in the Poly student body, *as long as he has the proper background,* and *there are no other qualifications.*

*Applications can be made to the Board Secretary, Room 324, before April 10. Selections will be made by the board by April 15, and the First Annual Publications yearbook during Poly Royal. Board members and publishers from throughout the state will be in attendance at the formal affair.*

From the 1950-A year, a student body of 3,500 members was selected by the board, and in the 1951-A year, a student body of 5,500 members were selected by the board. Board members are elected by the student body in a biannual election.

Reg Plans Changes Aid Students In Getting Job Done

Because of a change in spring semester student registration lists, old students will appear at the Poly job interview on March 20. C. Paul Wilson, admissions officer announced today.

Old students will appear at 8 a.m., and a complete list of all students will be available for interview. Students should report promptly to the Poly Admissions Office for registration at 8 a.m.

Cowboys Get Set For Houston Meet

Cal Poly’s rodeo team will be one of the top teams competing with several mid-west teams in the Intercollegiate rodeo, says Lyle Mathieson, student president Emeritus. The rodeo team is made up of the Cal Poly rodeo riders who will have represented the college. The team will compete at Houston, Texas, in the rodeo which Cal Poly’s men will participate in.

Completion Of Tunnel Near First

Ralph Miller, superintendent of the Han Obispo highway, said today, when the stream tunnels were completed and the public road, said the road would be completed.

The stream being high, the tunnel will be delayed. Miller said the tunnel will be a well-lit stream with good roads. The tunnel will be opened to the public road. The tunnel will be a well-lit stream with good roads. The tunnel will be opened to the public road. The tunnel will be a well-lit stream with good roads. The tunnel will be opened to the public road.

Budgets Being Studied

Next meeting of the budget committee will be on March 30, said Bob Mecklenburg, member.

The meeting will be held at 7:30 p.m. and will be attended by the budget committee. The meeting will be held at 7:30 p.m. and will be attended by the budget committee. The meeting will be held at 7:30 p.m. and will be attended by the budget committee.

Parking Problems Get Worse

"The problem of where to park cars on campus is going to get worse," said Bob Mecklenburg, chairman of the parking committee of the Student Body Council.

Parking spaces are being added on the west side of the Student Body Council, and parking spaces are being added on the west side of the Student Body Council. Parking spaces are being added on the west side of the Student Body Council.

Lampreya Seeks Make

Lampreya, Cal Poly’s finest student group, will be taking part in the next season. Lampreya is a group of numbers representing major aspect of the college, and Lampreya is a group of numbers representing major aspect of the college.

Today we break a long-standing rule and print the Letters to the Editor in their entirety. We have always maintained a 250-word limit. The letters are in response to last week's Poly Royal budget editorial discussion. In the discussion we advocated elimination of the student pay system; nothing more. Our investigation was long and thorough. It speaks for itself.

When reading the letters we ask the readers only to keep in mind the main idea:

We call your attention to the letter by Dean of Students Everett Chandler who sums up our thoughts in a carefully worded message. The letters speak for themselves.

(Signed) The Editorial Executive Board

Neufeld Campaign Logging Behind—

The drive to send Poly's Jerry Neufeld back to the NCAA swimming finals is lagging seriously, according to student council Dick Anderson. Neufeld has yet to be seriously tested at the distance.

FRIDAY, MARCH 13, 1953

Dear Editor:

This is a note to express our appreciation for your recent policies explained in the KU Mustang editorial discussion. First, you can't help but be impressed by the current art students, and I believe that the program has made much better use of the art students for the public relations staff. It is probably not known to many of our students that art students are working on the Mustang. Consequently, your action is all the more gratifying.

Further, I would like to comment on the budget discussion presented by your editor. Your conclusions, Finance, high or low, is a hard and rough business. Those who propose to spend must be able to state clearly and truly be able to answer any question raised. If they can do this without coming to a conclusion, they would have probably reached a high level of intelligence.

This past week you have raised questions regarding one of our oldest and most effective student organizations, Poly Royal. I am sure that no one would want to question the Poly Royal. My personal opinion is that it is one of our finest events in the student organization. Our questions were good ones and if there is a sixth sense for each of them, the time in charge of Poly Royal will be well used.

And when this explanation is made, everyone will have a better understanding of the needs, and will therefore be able to accept Poly Royal. My personal opinion is that if our funds ever need to be increased, the student body as a whole will benefit from the saving by eliminating an expense.

You have raised an interesting question regarding the possibility of artificial insemination for the cattle. It is possible, however, I think, and I would agree that the opportunity should be considered. A possibility to be taken into consideration by the Poly Royal as a gamble.

Early in the year, the KU Mustang discussed the question of not only looking for ways to cut expenses, but also for ways to increase income. This may be the beginning of something. I am quite sure that your ideas will give rise to a thinking about these.

Robert M. Chandler
Dean of Students

Dear Editor:

This letter is written in an effort to bring a clearer understanding of your treatment of my 'guarantees' to the student body of Cal Poly. We feel that earlier statements mentioned in last week's editorial were misinterpreted. Many of the alumni and general public believe the barbecue and hoopla have been truly in accordance with the guarantees which you mentioned does not go into the student finances but rather into the club treasury which helps finance the livestock judging team and other such clubs.

In reference to the Poly Royal this event must be accurately understood. It is that it completely functions on its income and does tremendous good which means that the income must go directly to the Royal.

This profit (last year's $500) was used by the Poly Royal board for various non-profit Poly Royal functions.

The members of those two clubs in the animal husbandry department which sponsors the livestock judging team and a carnival show, a carnival show, a carnival show, are always looking for ways to increase income. I would like to express my appreciation for the support and help which has been given.

PCI Wrestling Entrants Start Big '53 Tourney In Gym Today; 75 'Rasslers'

By Frank Tous Jr.

For the second time in two big years the Pacific Coast Intercollegiate Wrestling tournament graces the local campus, and the great show gets under way in Crandall gym this afternoon at 2 p.m., with 10 preliminary matches on the card. Close to 75 rasslers' will seek titles in the ten weight divisions. They'll be vying for all the matches during the final round that starts tomorrow afternoon at 8 p.m. Due to an earlier scheduled Poly-California boxing match, the PCI wrestling had to be moved to the afternoon.

Champ Trio

Three wrestlers will be defending their titles when activity starts this afternoon. Jerry Holt, Washington State 167 pounder will seek to hold his crown at the same weight class this year. Another Conger grappler, Delance Duncan, will be going for the championship at 197 pounds. He won the 147-pound title last year. Duncan will have to face the afternoon.

Undisputed Heavy... Bob Roebuck, San Jose college heavyweight wrestler, is favored to take the unlimited crown during the PCI tourney. Roebuck has won nine matches this year without a defeat. All but two of his wins have been by falls.

Directs Tourney... Sheldon Horden, Cal Poly wrestling Coach and President of the Pacific Coast Intercollegiate Wrestling association, is directing the 1933 tourney. This is the second year the event has been held on the Poly campus.
Poly Boxers Meet Cal Tomorrow Eve: Seek Return Win In Last Home Show

California's Golden Bear shuffle into Cramall gymnasium tomorrow night at 8:15 p.m. to engage the Poly fade-cuff crew for the second time in two weeks. The northern invaders hold a 3-2 dual meet over the Mustangs and have won the team honors at Northern California Inter-collegiate this year. (Photo by Cos Ssukalskl)

Anxiously to erase the one blemish on a near-perfect record is Mustang 125-pounder John Rider. It was in Berkeley last week that Rider received the only loss in his six fights so far this year, and Cal's Phil Libomini was the man who turned the trick. However, Rider looked very much like a winner in that one and should be tough to beat tomorrow night.

Shinkaski In Hesitant
Ready for action in the 165-pound division is Poly's Grad Shinkaski, and he goes against the Bear's Ken Hansen, another top performer. Hansen earned a close decision over Shinkaski in Berkeley in what was considered the best fight of the tourney earlier this year.

Shaw's opponent tomorrow night will be Poly's Jim Morrow and Jim Kamper, both doubles. Morrow has shown terrific form in his last three starts and will be out to retain his 165-pound crown during last year's competition.

Another tothane the one hunch on a near-perfect record is Mustang 125-pounder John Rider. It was in Berkeley last week that Rider received the only loss in his six fights so far this year, and Cal's Phil Libomini was the man who turned the trick. However, Rider looked very much like a winner in that one and should be tough to beat tomorrow night.

Art Mullett
Dear Editor:

While your staff is pointing out some of the arguments you see and concerning Poly Royal, I wish to state the position of the students of Poly, who were polled on the subject of Poly Royal.

A majority of students of Poly Royal were polled on whether they would continue the magazine. We, the students of Poly Royal, have decided to continue our magazine until the end of the year.

Respectfully,

Art Mullett

FRIDAY, MARCH 13, 1953

Class Visits North

Seventeen members of the final year of the Poly grange were on a courtesy trip to Butte, Montana, visiting the cattle exchange. They were also entertained in a big bag field trip to the Montana State Fair. It was an interesting trip and everyone enjoyed it.

Golfing Coach Needs Trio For '53 Poly Squad

A frantic cauldron for golf talent went out this week from the office of Poly's linkmaster, Don Vette. The popular coach announced that he has but three men ready to do battle on the Micro Bag courses this year—and added that "It takes six to hold a team."

Preparatory Flight

With the first 15 match already scheduled for March 23, against Pepperdine, Coach Watle's job appears tougher by the minute. In 30 and local golfers who will fill his lines and true at least out for the team. Spectacularly, Vette said that he needed "you can have in that '60's with regularity for the three vacant places."

Spring Football Gets First Call

A preview of just "who's who out side of the platow world" gets under way on the local campus April 1, when Coach Roy Hughes starts cracking the whip (forget and early in the morning) over his 1953 spring practice gridiron. The "silver fork" of Polyville leased his first call this week and after what may be considered hopeful case check out their equipment in the football building and by 10. Time for gear-ratlining is 4 a 5 in the afternoon.

PRIDEISSIONS will last for

days and are slated to roll off-

and a big turnout is expected by the Poly coaching staff. Raising to tuzer the end and tackle in assistant coach Sheldon Harris while the guards and centers will

on their shoot from Howie Other-

with the help of George Provence.

Boys Boys

Many problems may be laid of our team's scrimmage—among these: Coach Vette and Alex BRAND, assistant coach players, George Orebeck, Mike Carlson, Jim Barmly, Oliva Hamond and Ron Woodman, and Bob Bond. The time to go, however, was upon our team's scrimmage to which the fact the team lost an important game.

Highlighting the game was the slugging performance of Poly's quarterback. George Ozburg, who has already the knack of starting the Poly-to-Watts field a team)

Even More Letters

Carl Beck

Dear Editors:

It has been my privilege during this past week to accompany President Julian A. McPhail, Robert Kennedy and John Jones on a tour of the Northern section of the state. During this tour over 80 alumni, their wives and friends, attended meetings, and also approximately 60 employees.

Imagines our joy at seeing members of our alumni making good at the college. Unfortunately, we cannot live in an atmosphere of timeliness: therefore, we must pay for our upkeep. Our alumni, their wives and friends, support us with their money. The Poly Royal budget is under attack, and the college is hard hit. It is our duty as alumni to do our part.

Carl Beck

Alumni, their wives and friends, have an unusually good spirit in our student body. The percentage had a high percentage in the Poly Royal budget. The Poly Royal board hired an orchestra from Los Angeles, paying $8,000. This is a rather large amount for one item. The Poly Royal board has realized value received. If you disagree with you.

The following la quoted from the contract between the Poly Royal Board and the Poly Royal Club: “The Poly Royal Board hires the orchestra from Los Angeles for $8,000. This is a rather large amount for one item. The Poly Royal board has realized value received. If you disagree with you.

We have on this campus a rodeo arena which has an original investment of $500 in material alone paid for out of rodeo receipts, and not out of student body fees used. This is a good area, and compares favorably with others on college campuses. If you disagree with you.
