### Position vacancies

Below are all the new, previously unadvertised employment openings at the university. You may access full information about these and other, previously advertised positions at www.calpoly.edu (scroll down and select “employment opportunities under the Faculty/Staff Services heading”).

#### STATE:

- For a complete listing of employment opportunities for state staff and management positions, you can:
  - Check the Human Resources and Employment Equity Web site at www.calpoly.edu, under Employment Opportunities;
  - Come to the HREE office, Admin. 110, and view the posted positions;
  - Call the HREE Job Line at ext. 4-1333.

For a listing of new openings, check The Tribune’s Sunday edition.

If you have questions, please call HREE at ext. 4-2377.

### gravy award-winning singer Natalie Cole, accompanied by an 18-piece orchestra, will perform a retrospective concert featuring songs from her 25-year career on Sunday, June 11. The concert is part of the Performing Arts Center’s 2000-2001 season.

Natalie Cole’s career has included pop, soul and standards, with chart-topping hits such as “This Will Be An Everlasting Love,” “I’ve Got Love on My Mind,” “Our Love,” “Sephiscated Lady” and “Miss You Like Crazy.”

One of her most notable albums was the 1991 “Unforgettable With Love,” a tribute to her father, legendary Nat “King” Cole. The recording won seven Grammy Awards and was considered one of the most honored albums of the decade.

Cole followed up that milestone with “Take a Look,” which sold more than 1 million copies, and her 1996 “Stardust,” which features rare songs originally recorded by her father, Sarah Vaughan, Dinah Washington and others.

Tickets are $38 to $54 and can be bought at the Performing Arts Center ticket office 10 a.m.-6 p.m. weekdays and 10 a.m.-4 p.m. on Saturday. To order by phone, call ext. 6-ARTS (6-2787); to order by fax, dial 6-0888.

### DatelInE

Saturaday, June 10:
Commencement: Colleges of Agriculture, Liberal Arts, and Science, and Mathematics, plus UCTE and Statewide Nursing Program, 9 a.m. - Students in these colleges are invited to join in the parade when walking in the Grand March.

Colleges of Business and Engineering, 2 p.m. - Students in these colleges are invited to join in the parade when walking in the Grand March.

Sunday, June 11:
Quarter Break: Through Sunday, June 18.

Monday, June 19:
Summer quarter classes begin.

### Six students picked for “Quest for Best”

Cal Poly has chosen six students who have demonstrated significant leadership skills and community service achievements to receive the university’s first “Quest for the Best” award.

The winners were students who met the requirements for “did it right” in the university’s experience. The students and their mentors were feted at a recent awards banquet, where the students were presented with a plaque and $300 each.

Those recognized were:

- Jessica Boiselle, a mechanical engineering student from Shasta Lake, who selected as her mentor Rachel Kozden, director of the Women’s Engineering Program.
- Charles Chin, a business major from Sunnyvale and mentor Cindee Bennett-Thompson, a senior admissions officer.

### Five chosen for staff scholarships

Five students who are either staff members or children of staff members have been chosen as recipients of the Cal Poly Staff Scholarships.

Patricia Van Belleghem, a senior in history, works in the Institutional Planning and Analysis office. She “is a role model for me,” said her sister, who “is highly motivated, determined and willing to go the extra mile...”
... Distinguished teachers (Continued from page 1)

Other comments included:
- "Mike Geringer is truly dynamic and a genuine human being who has been, and will continue to be, a positive factor in the lives of many people."
- "When we come to class each day, Professor Geringer is always firing up and ready to go. He commands such respect in how he teaches that students strive to meet his challenges."

He earned a Bachelor of Science degree from the School of Business at Indiana University in Bloomington and a master’s and a doctorate from the Graduate School of Business at the University of Washington in Seattle.

Hallick, who maintains an "open-door" policy with his students, believes teaching is the art, science and philosophy of motivating students to learn. He teaches introductory soil science, soil and water conversation, fertilizers and plant nutrition, urban erosion control, and rangeland management.

Students said:
- "Professor Hallick is the most interactive teacher I've ever had. He adjures his teaching plan to fit the personality of each class, as well as adjusts it to the class's needs and questions."
- "Professor Hallick’s teaching plan is always meant to push the class to their fullest potential. He doesn't stress grades, he stresses knowledge.
- "He really seems to know it all. He challenges us to get him off the subject, but he always - without fail - finds a way to relate it back to the original topic.

Hallick earned a bachelor’s and a master’s degree in range management and a doctorate in soils and plant nutrition, all from UC Davis.

Staley, who was named Computer Science Teacher of the Year in 1993, 1998 and 1999, teaches computer programming, accelerated introduction to computer science, and object-oriented graphical user interface design.

Student comments included:
- "Professor Staley has lots of real-world experience. Up until now, he has been able to answer any question I have ever put to him. He is able to tie in real-world practice with class work. He is the best teacher I have ever had."
- "There is a group of students on campus known as the ‘Staley Support Group’. They work with Dr. Staley on real-world applications in a real working environment, preparing them for what they can expect in the real world."
- "Every day his class is a challenge, but engaging one."
- Projects push students to extend topics discussed in lecture, not just reiterate them overall."

Staley earned a bachelor’s degree in mathematics and English from Principia College in Illinois and a master’s and a doctorate in computer science and a doctorate in computer engineering from UC Santa Barbara.

The distinguished teachers are nominated by students and alumni of the university. Cal Poly has named 114 distinguished professors since the award program began in 1964.

Cattle Judging Team wins regional contest

The Cal Poly Dairy Cattle Judging Team placed first out of eight teams at the Richmond, Utah, Western Spring National Judging Contest.

Cal Poly had the top four individuals in "reasons" and the top individual overall.

Team members are Becky Dantzic, an agricultural business junior; Lucas Denis, dairy science junior; and Janna McClelland, agronomy business junior, and Nancy Deutsch, a dairy science junior.

The team is coached by Dairy Science Professor Stan Henderson.

Faculty members give ‘last lecture ever’

Several faculty members participated in Housing and Residential Life’s "Last Lecture Series," which involved talking to residence hall students on any topic as if it were the teacher’s "last lecture ever."

Those who participated were Scott Vernon in the College of Agriculture, who spoke on "Old Times at Upper Tophill"; Peggy Rice, College of Science and Mathematics, "My Last Lecture! No Way! A Few Things I Want You to Take into the Future"; Joe Grimes, College of Engineering, "Learning From the Curve of Life: Mistakes, Lessons in Life, and How I Learned From Them"; and Charise Cheney, College of Liberal Arts, "Hip-Hop Rules."

Moustafa re-appointed as chair of ME

Safwat Moustafa, chair of the Mechanical Engineering Department since 1994, has been re-appointed by Dean of Engineering Peter Lee for another three-year term.

June 14 deadline for next Report

This is the last Cal Poly Report for spring quarter. The deadline for the first issue of summer quarter is 10 a.m. June 14. Submit articles by e-mail to polynews@poly.edu.

Nelson appointed

Craig Nelson, interim director of the Cal Poly Fund office since 1998, was appointed director, effective May 22.

Service Awards Committee seeks new members

The 2000 Service Awards Luncheon Committee is seeking new members and invites interested employees to meet from 11 a.m. to noon June 22 in Room 220 in Faculty Offices East.

Anyone interested in serving but not able to attend the meeting is asked to contact Lori Williams by e-mail at billiams@calpoly.edu or by phone at ext. 6-5267.

Extension offers youth nature program

Extended Education is offering a summer environmental sciences program that will give young people in grades 3-6 opportunities for exploring the natural world.

Each week of the Nature Explorers program will include field trips and hikes, experiments, crafts, hands-on nature study, outdoor eco-games and summer-time fun. The sessions are:
- July 17-21, "Exploring Morro Bay."
- July 24-28, "Ute Pools."
- July 31-Aug. 4, "Marine Mammals."
- Aug. 7-11, "Rock-Hounding."
- Aug. 14-18, "Native Awareness."

The weeklong sessions are from 9 a.m. to noon each day. The fee is $135 per four-day session. For a brochure and application form, call DJinn Ruffner at Extended Education, ext. 6-2003 or 9-1696.

Women’s Center offers programs, services

The Women’s Center recently held an open house to showcase its programs and services and to become more visible on campus.

The center aims to create and sustain an environment that promotes personal, educational and professional growth for women and to integrate educational involvement into women’s programs.

Although the Women’s Center focuses more on women, men are encouraged to visit and take part in center activities and volunteer at events.

The center offers a variety of services to students and faculty members, including referrals to agencies and programs on and off campus, a meeting place for clubs and a lending library, computers, a safe and positive environment to talk to other students, leadership opportunities and senior project ideas.

The Women’s Center promotes and supports such programs as S.A.F.E.R., a sexual assault awareness program; the Women’s Resource Center, an organization that seeks to bring equality to women’s participation in political, economic and social spheres; and Take Back the Night, an event that protests violence against women.

The Women’s Center recently became involved in ReMemberWeek, which includes a candlelight walk downtown at Farmer’s Market and a free movie, "Standing Strong Women," which educates students about staying safe and in control situations with members of the opposite sex.

For more information on the Women’s Center or its programs and services, call Susanne Kelley, Women’s Center advisor, at ext. 6-2600, or stop by UI 217.

Eight win prizes at health fair

Gift certificates and other prizes at the Employee Assistance Program’s May 17 health and wellness fair went to Marcia Friedman, Academic Records; Matt Gaines, a guest; Chris Goetsch, Payroll; Donna Lister, Library; Lynne Nagahara, Academic Affairs; and Jacki Pocock, Aerospace. Students, Academic Affairs; Virginia Shober, Library; and Vivian Steele, Extended Education.

Library sponsors summer faculty workshops

The Kennedy Library and the Provost’s Office are sponsoring summer workshops and services for the faculty.

July, August, and early September will include five two-day workshops on integrating information competence into courses, along with a series of mini-workshops titled MySyllabus, MyElectronic Coursepack, MyLibrary and Creating Digital Collections.

Other services that are at the faculty with the electronic teaching-learning environment will also be available.

For more information, go to www.lib.calpoly.edu/summer. If you have questions, call Sallie Halden at ext. 6-2403 or e-mail her.
Distinguished teachers

Cal Poly had the top four individuals in "reasons" and the top individual overall.

Team members are Becky Dantz, agronomy junior; Lucas Denis, dairy science junior; and Jenna McClelland, agronomy junior, and Nancy Deutsch, a dairy science junior.

The team is coached by Dairy Science Professor Stan Henderson.

Faculty members give 'last lecture ever'

Several faculty members participated in Housing and Residential Life's "Last Lecture Series," which involved talking to residence hall students on any topic as if it were the teacher's "last lecture ever."

Those who participated were Scott Vernon in the College of Agriculture, who spoke on "Owl Times at Upton "Owl”; Peggy Rice, College of Science and Mathematics, "My Last Lecture! No Way! A Few Tricks I'll Take into the Future"; Joe Grimes, College of Engineering, "Learning From the Curve of Life: Mistakes, Lessons in Life, and How I Learned From Them"; and Charise Cheney, College of Liberal Arts, "Hip-Hop Rules."

Moustafa re-appointed as chair of ME

Safwat Moustafa, chair of the Mechanical Engineering Department since 1998, has been re-appointed by Dean of Engineering Peter Lee for another three-year term.

The content's three parts included a written report and an oral presentation on design, women's and men's sports, and a 40-mile road race.

Team members were Ryan Vaughan, a mechanical engineering major; Jason Lake, industrial engineering; Ben Filson, mechanical engineering; Maggie Franchisco, mechanical engineering; Kris Lathrop, industrial engineering; John Pocock, aerospace engineering; Ryan Fowler, aerospace engineering; Alex Jahn, soil science; and Judy Poonwarp, ecology and systematic biology.

The team's faculty advisor is Mechanical Engineering Professor Fred Friedman.

June 14 deadline for next Report

This is the last Cal Poly Report for spring quarter. The deadline for the first issue of summer quarter is 10 a.m. June 14. Submit articles by e-mail to polynews@polymail.

Nelson appointed

Craig Nelson, interim director of the Cal Poly Fund office since 1998, was appointed director, effective May 22.

Service Awards Committee seeks new members

The 2000 Service Awards Luncheon Committee is seeking new members and invites interested employees to a meeting from 11 a.m. to noon June 22 in Room 229 in College of Science.

Anyone interested in serving but not able to attend the meeting is asked to contact Lori Williams by e-mail at hilj-allen@ calpoly.edu or by phone at ext. 6-5267.

Extension offers youth nature program

Extended Education is offering a summer environmental sciences program that will give youngsters in grades 3-6 opportunities for exploring the natural world.

...‘Quest’ students

Continued from page 1

Julie Hopper, biological sciences major from Folsom, and member of Phil Bailey, dean of the College of Science and Mathematics.

Natalie Jewell, biological sciences major, Axtioch, and mentor Jan Simok, professor of chemistry and biochemistry.

Damian Johnson, agrirusiness major from Santa Maria, and mentor Soncia Lilly, executive director of the Associated Students Inc.

John Moffatt, agrirusiness major from Lake Isabella, and mentor Lilly.

Diosville is vice president of the Americans Society of Mechanical Engineers and community service director for the Society of Women Engineers. She has volunteered in a number of programs, including Habitat for Humanity. She has also helped clean up highways and cities and last spring traveled to Honduras with a group of students to help build an imminant in a village damaged during Hurricane Mitch in 1998. Chin has been active in the American Marketing Association and the Sci Club. He has been a Week of Welcome leader, served on ASI committees, volunteered at the San Luis Obispo County Juvenile Hall and is currently a College of Business Ambassador. As a Poly Rep, Chin spends several hours a week giving campus tours and visiting high schools and community colleges.

Hopper, as a member of the service fraternity Alpha Phi Omega, has helped with beach clean-ups, blood-bank drives, and charity organizations. While serving as an ASI director for the College of Science and Mathematics, she organized a massive student educational campaign urging the Legislature to allocate $92 million to the CSU. “The entire campaign was successful,” Hopper said.

Jewell has been a resident advisor in the residence halls and served as the Residual Life and Relations Liaison for the ASI while serving on the Environmental Council of Student Community Services. Jewell planted trees, cleaned up creeks and visited retirement homes. She is working on a vegetation survey of a wetland area in Poly Canyon, a self-directed research project.

Johnson is chair of the ASI Board of Directors. His activities include serving on the Homecoming Committee, being a representative for the Association of Student Advancement Programs, working with the homeless shelter and food drives, and volunteering in elementary schools and at a firefighter. His most memorable college experience was being crowned 1999-2000 Homecoming King.

Moffatt is president of ASI and served as its executive vice president in 1998-99. He has been active in the Agribusiness Management Club, College Reporters and Agricultural Communicators of Tomorrow organization. He has also volunteered with the Cal Poly Agricultural Board of Directors, Special Olympics and the Cal Poly Tractor Pull, held during the university’s Open House in April.

The Quest for the Best Award is a campus-wide leadership recognition program initiated by Vice President for Student Affairs Juan Gonzalez and supported by corporate sponsors. For more information, call Polly Harrigan in Student Affairs at ext. 6-1521.

Natalie Cole to perform Aug. 16

Grammy-award-winning singer Natalie Cole, accompanied by an 18-piece orchestra, will perform a retrospective concert featuring songs from her 25-year career at 8 p.m. Aug. 16 in Harman Hall in the Performing Arts Center.

Hopper was recruited to Cal Poly Arts’ first Center Stage attraction for the 2000-2001 season. Cole’s career has included pop, soul and standards, with chart-topping hits such as “This Will Be (An Everlasting Love),” “I’ve Got Love on My Mind,” “Our Love,” “Satisfied Lady,” and “Miss You Like Crazy.”

One of her most notable albums was the 1991 “Unforgettable With Love,” a tribute to her father, legendary Nat King Cole. The recording won seven Grammy Awards and was considered one of the most honored albums of the decade.

Cole followed up that milestone with “Take a Look,” which sold more than 1 million copies, and her 1996 “Starstruck,” which features rare songs originally recorded by her father, Sarah Vaughan, Dinah Washington and others.

Tickets are $38 to $54 and can be bought at the Performing Arts ticket office 10 a.m.-6 p.m. weekdays and 10 a.m.-4 p.m. on Saturday. To order by phone, call ext. 6-ARTS (6-2787); to order by fax, dial 6-7088.

Position vacancies

Below are all the new, previously unadvertised employment openings at the university. You may access full information about these and other, previously advertised positions at www.calpoly.edu (scroll down and select “employment opportunities under the Faculty/Staff Services heading”).

STATE: For a complete list of employment opportunities for state staff and management positions, you can:
• Check the Human Resources and Employment Equity Website at www.calpoly.edu, under Employment Opportunities;
• Come to the HREE office, Adm. 110, and view the posted positions;
• Call the HREE Job Line at ext. 6-1533.

For a listing of new openings, check The Tribune’s Sunday edition. If you have questions, please call HREE at ext. 6-2337.

FOUNDATION (Foundation Adm. Building, job line at ext. 6-7187). All Foundation applications must be received (not just postmarked) by 5 p.m. of the closing date. (No faxes.)

Administrative Support Assistant II, Planned Giving and Endowments: $12,425-$15,515/hr. Closing date: June 16.

Development Writer, Corporate and Foundation Relations: $28,426-$34,176/yr. Closing date: June 23.

FACULTY Candidates are asked to contact the appropriate department office at the phone number and for more information or to request an application. Additional information and qualifications for each position can also be obtained on line at http://www.academic-personnel.calpoly.edu. Please submit all application materials to the department head/chaire unless otherwise specified in the ad. Rank and salary are commensurate with qualifications and experience (and time base where applicable), unless otherwise stated.

#0565: Part-time Lecturer Position, Biology and Agricultural Engineering Department (ext. 6-2378). Closing date: July 5.

Cal Poly wins second fund-raising award

Cal Poly has for the second consecutive year won a Circle of Excellence in Educational Fund-Raising Award from the Council for Advancement and Support of Education, an international organization dedicated to helping institutions advance their educational programs. It is one of two California State University institutions to receive the award for superior overall fund-raising performance and one of 43 nationwide.

The winning institutions are selected on such criteria as the pattern of growth in total support, an evaluation of what contributed to the total support, the overall breadth of the program, the pattern of growth in each program area, the pattern of growth among alumni donors and individual donors, the impact of the 12 largest gifts on total support, total support in relation to the alumni base, and the type of institution.

In selecting the winners, judges recognize programs that show solid growth, breadth in the base of support, and other indications of a mature, well-maintained program.

Six students picked in ‘Quest for Best’

Cal Poly has chosen six students who have demonstrated significant leadership skills and community service achievements to receive the university’s first “Quest for the Best” award.

The winners were students who were named a mentor — a faculty or staff member who “made a difference” in their university experience. The students and their mentors were feted at a recent awards banquet, where the students were presented with a plaque and $300 each.

Those recognized were:
• Jessica Boisseau, a mechanical engineering student from Shasta Lake, who was selected as mentor Rachel Koones, director of the Women’s Engineering Program;
• Charles Chin, a business major from Sunnyvale and mentor Cindy Bennett-Thompson, a senior admissions officer.

Five chosen for staff scholarships

Five students who are either staff members or family members of staff members have been chosen as recipients of the Cal Poly Staff Scholarships.

Patricia Van Belleghem and Lori Ann Walters, both university employees, and Chantal Lavoux, Lisa Powell and Dev Thew, dependents of staff members, will receive a total of $1,109 and be recognized during Fall Convocation week.

Van Belleghem, a senior in history, works in the Institutional Planning and Analysis Office. She “is a role model I deeply respect,” Chin said. “She is highly motivated, determined and willing to go the extra mile...”
