Well, we were half right last week, aht Native Dancer didn't win the Derby, but we were right with the Derby, Chuck is Correspondent in Lexington, Ky., and had a tip about Native Dancer's chances.

At the tip he said, "Native Dancer was the odds-on favorite. When I saw his horse's face I knew it was going to be a winner, but it wasNative Dancer's face, not the horse's." So we were right, but we were wrong. The horse got the money, and the money is a good thing.

Spring Practice Actually Starts; Game Next Week

That much-discussed spring football practice really did take place last week, and the Poly football team is now ready to go into the spring season.

The team, under the direction of Coach Roy Hughes, has been practicing for the past two weeks. Hughes has been working hard to get the team into shape for the upcoming season, and the team has been making good progress.

The team is expected to continue practicing for the next two weeks, and the first game of the season is scheduled for April 10.

Added Talent

The last week of the final week of practice enabled a few more boys to get in a little action. The final week of practice is usually a time when the Poly football team is loaded with talent, and the Poly team is expected to have a strong team this year.

Names of the probable starting lineup in the intra-squad game included: Bobby Bohr, quarterback; Bill Johnson, halfback; and Ivan Biloxi, center. These are the probable starters for the Poly football team.

On The Other Hand

The other club should find Stan Sharp's at center, George Cocker- ton at guard, Bob Bostock and Curt Deed at halfback, and Bob Lawton at tackle.
