Athletic Board Functions As Policy Maker
Under leadership of chairman Vic Rouse, the athletic board of control has held four meetings so far this year. Meeting only when there is business to attend to, the board has five purposes listed in its scale:

1. To coordinate the athletic program between the board, the administered students and the general public.
2. To promote good sportsmanship, both during and between athletic contests.
3. To stimulate interest in the field of athletics.
4. To formulate and approve policy of intercollegiate athletic schedules and designate contests for which award status will be given.
5. To establish ticket prices, distribution and seating arrangements.

Problems are settled with dispatch and promptness, a trait becoming to few organizations on campus.

Acceptance of men who have fulfilled the requirements for major, minor, or associated studies is the concern of the Academic Council.

Collegians Slated For Fresh-Wing Ding
Grall your papers for the next新鲜会 reporting, because it is
thrown by the Freshmen class in Order to
"Polar-Prom" file the current
weather but will be "hut up
by the campus Collegians.
An important phase of the Freshomen's
fleets are two envelopes, one being
done by Freshmen and the other by Mustangs. Orson president, invites all men sociable to the affair. Howe
ever, you may use your student body
card for admission.

March of Dimes Needs Support; Give Generously
Treatment for sore in the San Luis Obispo county has finally been completed but only $64,000 during the past year. Gillie, chief clerk of the county-wide March of Dimes campaign office of San Luis Obispo, sends out a total of 957 letters during the drive last year of which $1,934 was turned over to the National March of Dimes in the county.

San Luis Obispo contributed a total of $4,617.16 during the drive last year, of which $1,934 was turned over to the National March of Dimes in the county. The above figures can be seen that every penny spent for the cause was utilized.

Theme of the current drive is "It will take more than $!". The reason behind this is that the new vaccine recently perfected by researches is to be given to all school children this year. This means, not only to be effective against any certain virus, but also to provide a general immunity, giving parents peace of being long years ahead of polio. To prove this is not a theory, no boy and girl is the reason for this the trip are utilized.

As part of its drive, March of Dimes usually give a "Polar-Prom" to those who have donated a certain amount of dollars. All over San Luis Obispo county, schools held the job of selling and mailing envelopes.

Two tickets in collection of envelopes on campus are located in the mail box, the smoke shop, and the book store.

Student Council Will Attend State Conference
Bret Britton, social science major from Los Angeles tomorrow for a State Conference to be held in L.A. Areul.

A special summer supplement, published in all 1964 Annual publications, and announcement activities. El Rodeo comes out the 15th Annual as the first book to cover all activities from the day the freshman arrives on campus to the day the senior leaves.

There will be "Cal Poly, the Ed-
 restitution Cami'" entered around the clock tower. Board of publications chairman Robert C. A. Gilmore, chairman of the social science depart­ ment, has set up the book in the field of study and teaching.

Yearbook Presale Tops 1000 Mark
El Rodeo editor Bob Colonby this week announced the successful completion of Cal Poly's first presale campaign.

Over 1,000 books have been sold according to Colonby, and only unclaimed copies will be available at distribution time, scheduled for Poly Royal.

A special summer supplement, published in all 1964 Annual publications, and announcement activities. El Rodeo comes out the 15th Annual as the first book to cover all activities from the day the freshman arrives on campus to the day the senior leaves. The book is being published on borrowed money (if you consider the $1.00 plus debt built up over the last two years). A complete re-
view of our budgets and a plan to reduce the debt over a two year period follows up as published in last year's E Rodeo.

El Rodeo sales at Cal Poly, the Ed-
 restitution Cami'" entered around the clock tower. Board of publications chairman Robert C. A. Gilmore, chair-
man of the social science departmen­ t, has set up the book in the field of study and teaching.

Engineering Council
Meet 4:00 in Alumni Banquet Room, Poly Royal Concession Hall, to be held in connection with a building being built May 30, will be sponsored by the E Rodeo committee.

The council, made up of members from all engineering classes, has selected Dick Cameron, a non-partisan point of view, to attend the meeting of the Engineering Council, which will pass over the summer holidays.

Include Poly Royal activities, the research program, and other related matters affected by the students' food requirements.

Racing Driver To Show Films

Featuring Ray Crawford, well-known racing driver, who will speak and show color films, the Mechanical Engineering club and Society of Automotive Engineers will sponsor their third annual dinner in the Veterans Memorial hall, Wednesday, Jan. 8, at 7 p.m.

Crawford, who drove the only entry in the 1953 M blacklist road race, finishing eighth in that colorful and dangerous event, will detail the hazards of this type of racing and take the audience on a tour of the assembly line of his giant Graham-Paige plant. Monday, Jan. 6 is the last day for tickets, and they may be obtained at the M.E. office, classroom 4.

Registration Tops All 1953 Figures

Winter quarter registration is well ahead of that for the corresponding quarter a year ago, according to Paul Winner, administrative officer. The increase is "across the board," with more new students and more graduate students. The total of 2,141 students is 1,686 as compared with 1,995 last year.

There are 61 graduate students now, whereas only 42 were registered last year.

Young Farmers Plan State Convention

In Santa Rosa

"The Economy—Farm and Home" will guide members of the California Young Farmers association during its annual state convention in Santa Rosa, Feb. 6, and 8, state organization officials announced today.

A special symposium will be sponsored by Howard McLaren, present youth director for the county Young Farmers of America, and Beckman is a farm and home specialist for the United States Department of agriculture.

Four great NEW "Firsts"

in Chevrolet for '54!

Count on Chevrolet to bring you the newest features first. Once again Chevrolet is first in its field with these four great advances for '54

1 NEW HIGH-COMPRESSION POWER

Power from high-compression engine in Chevrolet for '54

Both of these great valve-in-head engines deliver smooth, more quiet performance with important gas savings!

2 NEW POWER BRAKES

You simply swing your foot from accelerator to brake pedal for a smooth, instantly effective optional extra cost on all models equipped with Powerglide automatic transmission.

3 NEW AUTOMATIC SEAT CONTROL

You just touch a button to move forward or forward and back! Optional at extra cost on all models in combination with Automatic Seat Control.

4 NEW AUTOMATIC WINDOW CONTROLS

You can open or close front windows to suit your liking! Optional extra cost on Bel Air and "Two Ten" models in combination with Automatic Seat Control.

When you eat at
Sno-White Creamery

You get Quality and Quantity

PROFOUND THOUGHT

When working west of right, in a town where you can park as long as you want to, you don't want to
Moral For Censors

We are glad to know that Mark Twain is busy on the approved list of authors for American censorship libraries. Apparently the state department has a list of the names of writers and others to read his new works of French propaganda and racial intolerance "The History of the American Negro" and the "Life of a Financial Agent."”

The same official sources tell us that "Twain" is now available for use in information campaigns also. The New York Times also says that it is being sold by Emerson, Thoreau, Hawthorne, and Henry James. We wonder if some of the more earnest book buyers purchase "Twain" books.

Are they aware that Emerson shocked Harvard with his radical early school address in which he was speaking at that institution for the first time in 1840? If they realize that Thoreau relatively recently published "Walden" in the face of conscripted authority, setting up his own conscience as the absolute arbiter of his rights and duties?

Needless to say, there is too much anxiety in the air today. We are in a period that tends to veer off the bookshelf. The bookshelf is not a moralist’s talk, however. We have the tools and have little time to talk about being an artist or a craftsman or a writer. Yes, we have the tools and have little time to talk about being an artist or a craftsman or a writer.

The reason for the anxiety is obvious. One man’s meat is another man’s poison. If we talk about the rich diversity of American culture and have vividly outlined the more "respectable" or other beliefs of the two authors tell us more about the type of Fourth of July customs.

"Back to the Land"...that's our official song today. We have seen the saddest classic. The story goes: "A happy birthday and many returns of the coming year."
Tussle For Mustang Boxers; Tough San Jose State Next

Stanford's Indians played host to the Mustang boxers last night in Palo Alto, and again the Poly men of Coach Tom Lee went postward after "El Muatang" had been alienated. However, after last week's impressive dual against the 145 lb. squad, the green and gold men were determined to have a near equal match with comparative ease.

INTRAMURAL FIVES STAGE FAST OPENING TILTS IN POLY GYM

Intramural basketball moved into full swing last week in Crusader Gym. Co-Chairmen Tony Nunes and Stan Sheriff commented on the Fine turnout for the first week of play and had a good word for the top condition the players seemed to be in for their first game of the year.

The Top Contenders

Play gets underway at 8:30 p.m. sharp, Monday through Thursday nights except in the event of a varsity basketball or boxing match scheduled for the Poly gym on one of those nights, or for the event of a varsity track meet. Any and all being strong contenders in their respective leagues.

Outstanding players last week included Hector Half's left-handed pitcher who scored 17 points in his first game, the Udall gang of Pomona College, and Gordon Ray of the Modeling Crew who knocked 17 in his squad's 30-19 thrashing of Monterey.

Next Week's Schedule

Mon., Jan. 17
Dairy Club vs. Kake (O'Fallon), PE Majors vs. Chi Club, Newman Club vs. Shasta, Beta Sigma vs. Wool Crossers.

Tues., Jan. 16
Jensen vs. Mariposa, Dons' boys vs. Sierra, Alpha Kappa vs. Delta Sigma Pi, Delta Sigma Pi, Monacai Dons, AIA, Herron dust and the Hook 79 all being strong contenders in their respective leagues.

Jensen Issues Call For More Spikers

"More Men" is the cry last week from Coach Jim Jensen, head coach for the Mustangs. With six returning lettermen, Jensen is asking all boys who have a desire to put in a week of training with the squad to meet him.

The only five winners are Bob Dalm, Poly's only middleweight, Bears Pfeffer and Rohn Pfeffer in their dual, Football star Red Sprague, and Johnny Way running the hurdles.

The team is working out zipped, says Jensen, and in small spike squads that take a team as far as to Arizona State.

**Cagers Idle This Week, Santa Barbara Next Foo**

After thrilling a packed house of Poly basketball fans with last Saturday’s 64-63 win over Fresno State college, Coach Jorgenson’s Mustang cagers hit the road for a single tilt with Westmont college in Santa Barbara last Tuesday, and won’t show at home again until next Friday night.

Button has moved up quickly to take the field goal attention. Button has a 19.3 average after nine games. A jumper, hitting only 35 per cent, Button has scored 43 points in 18 games for his 18.8 points-per-game average, and after a comparatively low percentage in the early season, he now shows a 43 per cent in the field goal figures.

The basketball team comes to life next week if they’re up against it now. Unfortunately Button has taken a turnover in every game before they hit into Santa Barbara next week. That resultant is shown against the Fresno boys.

**It’s a Landslide! Arrow "Oxfords" Voted Style Kings**

Large majority of collegians favor trim good looks of "Arrow Gordon Dover Button-down"

"Lasting good looks was the main reason cited for the overwhelming popularity of Arrow "Oxfords". These fine shoes are among the best— which retain their fresh looks all day long.. . . are available at all Arrow dealers — in white or colors.

**MATMEN FACE INDIAN TEAM IN OPENER**

With a better balanced team last year and being exceptionally strong in the midwestival class, the Mustangs are ready for their first match tomor­row night with Stanford, accomplished local gridiron travelers to Palo Alto for their first game this year.

**Big Turnover**

Though Button has high hopes that the boys will come through tonight, it’s known he has the largest junior varsity and freshman team in Mustang history. He takes Norman Giger, Tom Hall, Fred Big­gins and heavyweight Bob Hansen as the men to watch this year.

**The Inside Outlook**

By Frank Torn, Jr.

Good news for next years football team was ministered around the campus early this week... It’s Mike Serna. Serna, back with the Mustangs three years ago, and more recently a signal caller for the Marin County Cagers. A talented passer, Serna would aid the team in no small way... The Shekar Henri Gang

Another fullback is that Perry Jeter was jelled in the All California team with But­ton. Of that club are such names as Iva­ven Jones, Eddie Vincent and Bob Gilliam... Unless something startling comes along—the pro should hold football until spring time.

**The basketball team comes to life next week if they’re up against it now. Unfortunately Button has taken a turnover in every game before they hit into Santa Barbara next week. That resultant is shown against the Fresno boys.**

Acoustic Space Tossers Organize Campus Club

Plans for a brand new campus club have been announced recently for the last Monday. Anyone interested is invited to contact Stew Klop, Gerald Faulkner, Stew Klop and Jan. at 8 p.m. Second floor of Krag added.

Traffic Congestion

Students and faculty members using the campus bus system have complained about the delay of the bus system during the early morning rush hour. Krag, chief security officer, is looking into this traffic flow to Murray avenue entrance to the campus have ore...

‘Hams’ Slate Meeting;

Drive For Membership

Wives talk to your husbands and get a yes in the world!

No difficulty! Just enroll with us.ätv*

They need new blood and will be glad to help you get your amateur radio operator’s license.

How do you join? Just attend the next meeting of the club. Jan. at 8 p.m. Second floor of Krag added.

Traffic Congestion Problems

The charter members Del Davis, Elmer Smith, and Karl Bakken, Vista (Hamat), will trauma tholr duties on the market? Will it upani and the plantings of farmers determine depression or extremely low prices a* horsemanship and Mexican folk dances.

Mexican Student Dofts Sombrero To Cal Poly

Alberto Bull Lopes, a student from Mexico, arrived, arrived, announced, announced, addressed some 60 members of the International Astronautical Society when the group met last week.

Warner spoke on world speed records for aircraft, illustrating his talk with movies and slides of the 90 and 100 per cent of foreign producers.

College Men Urged to Think

(Continued from page 11) with production, between 10 and 20 percent of parity.

Partially Remitted

Still others agree that the worst surplus problem could be partially solved by calling in the price support program only in cases of disaster, depression or extremely low prices. Illustrating his talk with movies and slides of the 90 and 100 per cent of foreign producers.

For Thought

Food for thought on this phase might well create studies into American merchandising and why they aren’t attempting, now, to make the public quality consume—advantage our farm products growers have over nearly all of our food from foreign producers. For instance, the former farm module farmer gets one cent on the farm. The roomer seem to know.
