STATE HATCHET MEN
Finger Wrong Guy

Some noisy nick in the state legislature has probably felt the same sense of irritation as if it were turned on him for it is deserved.

To wit, the following letter just received at Cal Poly, which is repeated in entirety . . . .

To whom it may concern:

A subpoena was recently issued to Mr. Henry W. Howe, Berkeley, California, to appear before the committee at hearings in Los Angeles. There are two people in Southern California with this name, one a radio commentator and the other a student at the California Polytechnic College (Vol. 14, No. 12, San Luis Obispo, California, January 29, 1954).

The subpoena was erroneously directed to Mr. Howe of Berkeley. The committee is now arranging to forward the correct subpoena to William O. Howe, San Luis Obispo, California. It appears the wrong name was used due to an error in the committee files and the committee filing mechanism does not reflect any corrections which have been made in the order of the names regarding him.

Very truly yours,

H. M. Harth, Chairman
Committee on Registration
California Polytechnic College
San Luis Obispo, California

HOWES MEMORIAL IS PLANNED

From the time of William "Ted" Howe's death there has been a growing interest in providing some type of permanent memorial to his memory.

Although no active campaign for funds has been carried out, publicity through student bulletins and reports in the local news media has resulted in $600 being turned over to the fund committee at the time of the Howe memorial.

A total of $600 is required, but it should be possible to obtain the balance without a drive. To do this, Prof. H. L. Quickroy, agronomy department head, has made an effort in the form of an "overhead" memory book on an easel with an attached artist's concept.

Hillcrest Lounge

Passed your hands out? Party your society, and your group. Look at next Monday, that is, comes the first day of baseball. The fresh Polar Prom, sponsored by the Poly student government and the Agriculture fraternity will be turned on this date. The punch bowl will hold 'boos and 'hoo's, women have been alerted.

Roadster Club

With the first day of Feb. 8 at 10 p.m. in the Poly campus (meaning almost anything, on this date, the Roadster Club will tab to the drum for the roadster road show. A glance at the five records with which the club has had contact during the past year. The club hopes to discover some of the applications of stock running-in for purposes of general upkeep of the auto, which they expect to see Poly graduates' Terminal and Brownfield at Westinghouse and Brownfield.

They will leave early Tuesday morning and return late Friday night, furnishing their own transportation and expenses. The trip will continue to San Francisco, Anderson, instructor, will accompany them.

Students expecting to make the trip are: Morton C. Evans, John Cameron, James McShan, John Burns, Walter B. Sluiter, John B. Long, Roy Bradbury, and John D. Bliss.

CARTER WILL ADDRESS IRREGULATION GROUP

With the first day of February comes the formal opening of the winter's meeting of the American Legislative Conference, at Fort Myer, Virginia, which will meet in Washington, D.C.

Carter will address the conference. He will speak on the subject of "The Future of the American Legislative Conference." He will speak on the subject of "The Future of the American Legislative Conference." The conference is made up of members of the state legislatures from all parts of the country. Each member is appointed by his state legislature to serve for one year. The conference meets once a year for a period of three days.

If any member of the conference is absent, his name is struck off the roll and a new member is appointed to fill his place.

Wrestlers Face San Jose

Wrestling Coach Sheldon Harden announced a revamping of the Mustang lineup for the local grapplers third match of the season—against rugged San Jose State tonight in "Prunes Valley." Feat improving Norm Gage will drop to the 133 pound division tonight, while Manuel Elias will forsake his regular 187 pound class to wrassle at 180. Moving in to strengthen the 187 pound class tonight, while Manuel Elias will forsake his regular 187 pound class to wrassle at 180.

Coach Harden listed his probable lineup for tonight's matches as follows: 133, Norm Gage; 150, Manuel Elias; 187, Dick Farnham; 197, Tom Hall; 220, Werner Dries; 268, Ron Keating; 177, Charles Dye; and heavyweight, Bill Walek or Bob Heaton.

Cagers Host Hot Gauchos

In Crandall Gym Tonight

By San Jose

The high riding Gauchos from the coastal region of Santa Barbara invade Crandall gym tonight for a crucial CCAA basketball tilt with the Mustangs. The contest will get underway at 8 p.m. Sporting one of the finest records in the southland, the charges of Coach Wilson are currently sitting on top of the CCAA standings, and are coming on burn heating an early season win over the Poly. LA. Gauchos. The Mustangs, led by fresh from Santa Barbara return, Coach Ed Wagoner, Mustangs have a solid problem tonight, in that they have been idle for nearly two weeks.

Bill Vinson

Word from the beach town has it that the Gauchos are blessed with height aside—and to offset the foregoing is counting on the backboard ability of forward Al Butcher, the All-CCAA performer who is fast rounding into his form. Another boy who should aid in this department is Bill McLaughlin, a big lads who hit for $8.5. Added to the list of the Mustangs against the Gauchos.

Probable starters for the Gauchos tonight include Welman Brown, McLaughlin, Knott, and Butcher at forward, with George Schnell on the boards.

Kappa Alpha Mu
Sponsors
Photo Contest

The ninth annual International Collegiate Photography contest sponsored by the Kappa Alpha Mu, national honorary fraternity in photograpb, is open to entering entries.

The contest is open to all college students, and pictures sent in must be postmarked not later than April 1, 1954. No entry fee is required.

Pictures will be judged in four classes: News, feature, sports, picture story or special. Pictures must have been made since April 1, 1953. Each photographer may enter ten pictures, but not more than five in any one class.

First place winners in each class will receive a $25 government bond.

Judging will take place in Houston, Texas, just prior to Kappa Alpha Mu's ninth annual convention. The first 50 best prints will be unveiled for their first ventilation. Here the 60 best prints will be selected from print entries throughout the nation.

For entry forms or additional information, write to Print Chairman, Mabel Stewart, Room 114, Walter Williams Hall, school of Journalism, University of Missouri, Columbia, Missouri.

PERUVIAN VISITORS...Enrolled at Cal Poly for intensive training in farm machinery, these two special students from Peru are among the working of a university class. Left to right are Eitel Campbell, instructor in agricultural engineering; Alberto P. Cedron and Julian Carrillo.

Alumni Tour Slated For Poly Officials

Julian A. McPherr, president of California State Polytechnic college, will visit southern California with the annual alumni tour, Feb. 1, it was announced under alumni officials. The trip will end Feb. 4.

Last year the college president visiting alumni on a tour of southern California, an annual alumni tour, Feb. 1, it was announced under alumni officials. The trip will end Feb. 4.

This year, there are about 80 American companies in the petroleum industry, alone, and it has been my experience that a feeling of genuine mutual friendliness and cooperation exists between your people and mine.

Thus did Julian Carboito Cedron, personable young agricultural engineer from Peru, tell up his feeling about modern American agriculture, the mining industry, Cedron added, "I am American in my soul, I have nothing but admiration for the way they conduct themselves and their business."

Four-Month Study

Cedron, who is enrolling in a 40-credit study tour of the United States, started his stay in California on the second annual alumni tour, Feb. 4. He was welcomed to the campus by J. C. Dean, director of students, residence hall, and then proceeded to the California Polytechnic school of Agriculture. At 8,000-acre California Poly, he visited former students, on ranches and in their places of business in order to better acquaint himself with the accomplishments of the alumni.

Did You Toss Away Your Future?

Information received from the Dean of Students' office reveals that 75 per cent of the freshmen have not applied for registration, and, with the best of intentions to return, have neglected to do so.

The returns are now in—"red-hot" who is now in Casd Los Angeles. At least 50 per cent of the students have had their lives saved by prompt disclosure of the dreaded TB. The latter group, although not necessarily afflicted by the disease, will have prompt further examination and treatment, if required.

The returns are well received in the suggestions made. Many of these men were reluctant to buck the line after October. Many of them were alarmed at the results of their personal tests, and many of them came here to have their minds put at ease. They are well advised that if they maintain their present course they will always be in the wrong.

The returns do not show a satisfactory amount of interest, but it is evident that the student government committee has taken the necessary steps to give the move the impetus it needs.

The returns are not adequate, but it is evident that the student government committee has taken the necessary steps to give the move the impetus it needs. As in the past, the returns show a decline in the number of students. This is due to the fact that the student government committee has taken the necessary steps to give the move the impetus it needs.

Democracy a Complex Process

"Internally this country has swung away from traditional democracy, but more of the pressure groups and alert and vocalistic minorities. Democracy is, we recall, only a form of government and it is not a complex entity."

The above quotation is from "The Golden Dawn," written by J. Ray Shute, LL.B. La Salle University, former state senator from North Carolina.

In terms of this country's swing away from traditional democracy, we would say that the student government committee has taken the necessary steps to give the move the impetus it needs. As in the past, the returns show a decline in the number of students. This is due to the fact that the student government committee has taken the necessary steps to give the move the impetus it needs. As in the past, the returns show a decline in the number of students. This is due to the fact that the student government committee has taken the necessary steps to give the move the impetus it needs.
Fourth Deuel Alarm Dreaded By Dietrich

By Dick Montague

It wasn't a wake or any other occasion for sorrow when recent­ly, at midnight, siren and every light, started. Curt Good­man, manager of Deuel dormitory, was seen slowly waving a lantern out a window.

Third Deuel Alarm... Two other alarms, one Short horn cattle breeder, and the second Horns, are consigned to two major sales by California State Polytechnic college.

The state was awake, and the students were proceeding to the state's leading Short horn cattle breeder举行的纯种牛销售。

Two other animals, one Short horn cattle breeder, and the second Horns, are consigned to two major sales by California State Polytechnic college.
