Botanical Garden Dedicated; Hoover's Dream Comes True

A golden spade by student planter Richard Wexler, of Santa Barbara, and dedication of the Cal Poly Botanic Garden celebrated in style Monday, May 27.

The ceremony opened with an invocation by Dr. Frederick L. Gross, biological science instructor. The large crowd of students and visitors from San Luis Obispo were greeted with warm smiles by Dr. George Kibbey, president of the college, and the department's honorary fraternity president.

Why a Garden? A question asked by Robert Hoover, biology science instructor, then told of the importance of a garden to the environment.

Seven ROTC Students To Receive Bars

Seven students will receive their bars at Col. F. A. L. Leibled's in charge of the ceremony, to take place at the ROTC department. At the dedication, a ceremony of the wide variety of plant forms and their adaption to environment.

John P. Rodenmayer, Fort McPherson, The commander of the ROTC department, officially dedicated the garden to why it was created. Hoover science instructor, then told of the worthiness of the garden, and officially welcomed by President Julius A. McPhie.

Andrews Opens For Inspection; 63 Double Rooms

Due to open in September, the Andrews will hold interested students to support rope starting day, June 4, according to Mr. and Mrs. J. P. Hoover, hotel owner.

Hours of inspection will be from 9 a.m. to 5 p.m., avoiding the management will accept reservations from 1 a.m. on a first-come, first-served basis.

Open to Cal Poly students all majors, it is planned to have a cooperative, living program, the owners revealed. There are 96 double rooms and 5 single rooms. The entrance fee for inspection is $20 to $40 monthly. This includes a telephone in each room, full use of the beds with box springs and mattresses, access to modern appliances, weekly cleaning, a telephone in each room.

Garden Orpts

The garden's origin came in 1948, with a dream by Hoover. Future plans should be made constant. The eventual housing of want would aid the growth of few plants. A larger project might bring its own financing, he revealed.

The danger of vandalism must be faced. To solve this problem, a caretaker, a student, must be permanently employed. The maintenance staff of the garden will be students. They will guard valuable experiences from work in the garden.

The garden, located about a mile from the road from the safest houses and very near the Peterson Ranch, has 24 acres in the open and the students as well.

square Dance Open

Square Dance Open

Sponsorship of the dance is by the 10 ladies, 11 days, and 337 feet.

Robert Hoover, biology science instructor, then told of the importance of a garden to the environment.

CCAA Conference Meeting Scheduled For June 2-3

A meeting of the California Collegiate Athletic Association will be held Thursday and Friday, the Mar Monte Hotel in Santa Barbara. It is hoped this conference meeting will determine the status of the CCAA for the coming year.

The conference will convenes Thursday evening with the executive session, composed of the district officers, faculty representatives, and business managers of the major college libraries. The following colleges are present: San Francisco State, San José State, California Polytechnic College, Los Angeles State and Cal Poly.

Other colleges have been invited to attend the conference. These colleges who have accepted the invitation are San Jose State, San Francisco State, and the George Peabody College.

Robert Hoover, biology science instructor, then told of the importance of a garden to the environment.

Sporl Bulletin

Warmer days have come in the warm weather of Spring.

A meeting of the California Collegiate Athletic Association was held Thursday night, the Mar Monte Hotel in Santa Barbara. It is hoped this conference meeting will determine the status of the CCAA for the coming year.

When Uncle Harry can Tell Time; He Has a Brand New Watch

When Uncle Harry Winesnor attended a national convention of graduate managers at Dallas recently, he left a couple of guesses at "Big D"-one of which paid off.

The battery, that company that supplied Cal Poly's soccer equipment and whatnot, had a booth at the convention and asked managers of some other colleges to guess the number of rocks in a part of their display.

Friday night's winner predicted only two rocks; then came around later and made another.

Monday, he received a letter announcing that the second guess had won him a brand new Lord Elgin watch. He had made several guesses at "Big D" and had never won.

Uncle Harry wisely, that second-guessing pays, proved to be worth while.

Election June 1 May Revolutionize Poly Government

A proposed form of government change at all college in which the student body at Cal Poly if the student body approves the new form of government by-laws in a special election June 1.

Known as "three-branch government," the new government will be a legislative council, an executive council and a judicial council. It is designed to provide better representation of the student body, and to reduce the number of officials.

The Executive Council will be named, the system allows for an at-large council and by-laws in a special election June 1.

Robert Cuellar, the company that supplied Cal Poly's soccer equipment and whatnot, had a booth at the convention and asked managers of some other colleges to guess the number of rocks in a part of their display.

### Campus Crier’ MacKenzie Named Mustang Of Week

By Bill Gable

An unseen hand has been working diligently this year to notify students and campus guests of activities on the college schedule.

The hand belongs to Thurston MacKenzie, who behind the scenes, presents the college bulletin board located behind the Administration building.

The bulletin board is an important channel of campus communication and often requires hours to prepare. When figured on a weekly basis, it is viewed by approximately 100,000 people during the school year. Copies of the campus medium is a project of Alpha Phi Omega, service fraternity, and as a member Mustang MacKenzie volunteered his service to the interest.

The outstanding Mustang is a native of San Francisco and attended San Mateo junior college before coming to Cal Poly. He is an electronics major and has been active in many Alpha Phi Omega activities.

MacKenzie was selected by a vote of graduate students for his service to the college. If you know an outstanding Mustang, nominate him now in the ADH office.

**Crops Students To Valley Ranches**

More than 100 California State Polytechnic college students toured Ben Joachim valley ranches as part of the spring laboratory, Inspection in foreign areas, among Paul Dougherty, department head.

The annual field trip is the highlight of a spring lecture program, said Dougherty. "Students of animal husbandry, land economics and field trips are included.

$46 Mill

These instructors accompanied the students on the 400-mile round trip. They were Dougherty, Fred Vorties, and Roy Randles, a student instructor.

Other visits were to the federal slough operations of Cal Poly graduate Jim Pendelt, near Manteca, and the extensive alfalfa ranch of Elmer Mustano, near Manteca. Buyer for the Merced county extension office by Elmer Mustano, ranch manager, you know an outstanding Mustang, nominate him now in the ADH office.

**Why do more college men and women smoke Viceroy's than any other filter cigarette?**

BECAUSE ONLY VICEROY GIVES YOU A PURE, NON-MINERAL, NON-TOXIC FILTER WITH 20,000 FILTER TRAPS IN EVERY FILTER TIP!

1. Yes, only Viceroy has this filter composed of 20,000 tiny filter traps. You cannot obtain the same filtering action in any other cigarette.

2. Besides being non-mineral and non-oxide, this cellulosic filter never shreds or crumbles.

3. The Viceroy filter wasn’t just whipped up and rushed to market to meet the new and skyrocketing demand for filtered cigarettes. Viceroy pioneered. Started research well over 20 years ago to create the pure and perfect filter.

4. Smokers en masse report that filtered Viceroy have a finer flavor even than cigarettes without filters.

5. Viceroy draws so easily that you wouldn’t know, without looking, that it even had a filter tip... and Viceroy costs only a penny or two more than cigarettes without filters! That’s why more college men and women smoke VICEROYS than any other filter cigarette... that’s why Viceroy is the largest-selling filter cigarette in the world!

*plus Richer, Smoother Flavor*
Tribute To The Keepers ...

The work of Cal Poly's groundskeepers and custodian staff too frequently goes unnoticed these days. If we would take time out during the hustle-bustle from one class to the next to observe the terrific job our caretakers and custodians are doing, their importance would at once be apparent.

A stroll around the Library, for instance, will reveal a wide assortment of flowers now springing into a variety of color. The care with which they were planted, and the appealing distribution of the different types, is a testimony of a job well done by their keepers.

H.J.S.

The Offbeat

by Libby

More student activities. The majors and minors and collegiate quartet have just finished choosing the new musical theme for next year. The revue was announced to take place one night, following a week of difficult and very exciting practice, and敬业 the traditional musical number and songs of the swivel and the stud. Be there on time and stay for the entire program. Presented by the students of the College and sponsored by the Television Club.

The 1956 campus showed, for the first time, more women than men in the United States. Brava doesn't look like it around here.

Everyone get out to the pole and use your privilege of voting and vote for the new thro# branch government of color. The care with which they were planted, and the wide assortment of flowers now springing into a variety of color. The care with which they were planted, and the wide assortment of flowers now springing into a variety of color.

It's a hard weekend all right—a word of caution though, there will be many " boundary-drivers" on the road, so drive carefully if you expect to be around to take these finals.

California Assembly Honors PCI Boxers

Tom Lee, Mustang boxing coach, received a certificate from the California Legislature this past week commending the college on intercollegiate boxing.

This certificate concerns the Pacific Coast Intercollegiate Boxing Tournament held in Sacramento last March 15, 16 and 18. The certificate is an Assembly concurrent resolution and states: 

Whereas, The courage, skill and sportsmanship displayed by the participants in the boxing tournament won a source of pride to the College and fortunate enough to attend the tournament; and 

Whereas, Intercollegiate boxing is controlled as a means of fostering self-control, coordination, and courage in the young men of today who will be the leaders of tomorrow; now therefore, 

Whereas, The Intercollegiate Boxing Tournament was sponsored by the Assembly of California, the resorts thereof concerning, That the Legislature of the State of California extend its congratulations to all the participants in the Pacific Coast Intercollegiate Boxing Tournament... 

This resolution was signed by the member of the Assembly, Chief of the House and Secretary of the Senate and was adopted in Senate April 3, 1955.

HONORING BOXERS—Mustang boxing coach, Tom Lee proudly displays the resolution given to the college for its part in the Pacific Coast Intercollegiate Boxing tourney. College boxing has been commended by the state assembly.

Athletic Awards Given To 48

The Board of Athletic Control has announced the names of LaVerne Hobson, Javier Aguirre, Charles Hatcher, Roger Bing, Bill Brevault, Yia Brevault, and Lloyd Booth. These have been selected in 15 per cent of the college's dual meet matches of the season. 

Those who have qualified are below: 

Glen Nohl, gymnastics coach, submitted the following names for awards: Men qualifying must have at least 15 points for the five dual meets of the season. Roger Booth, 50; Bob Brudell, 51; Bob Goddard, 51; George Hennessee, 51; Phil Coffin, 51 and Jerry Kneup, 16. 

To qualify for a swimming award, the team members must have achieved 15 points during the season. Those qualifying are: Karl Bell, 46; Lewis Allen, 40; Dick Thompson, 46; Ted Tendal, 40; Bill Bryson, 92; Pete Collins, 66; George Boll, 84; Dick Greger, 48 and Dick back, 48. The winner was elected captain of the 1956 swimming team.

For the boxed Tom Lee submits the names of: 

Jimmy Faulkner, 82; Charles Hatcher, 82; Bob Brudell, 82; Tom Lee, 82; Paul Collins, 82; George Bolli, 82; Dick Greger, 50 and Dick back, 50. 

The following men have played sufficient time, or in several quarters in the conference to earn their basketball affiliation award for the 1954-55 season. Larry Maddox, Tony Norton, Gene Knott, Kyle Hall, Oveiilu, and Bill Klug. John Blum, Jim Carr and Dick Harvison.

Pierce Downs Poly; Locals Beat Idaho

Cal Poly’s rosters team compiled one of the last weekend’s playing events in Provo, Utah and with othertimes competing in the University of Idaho.

The Mustang first squad entered the season in Idaho and the second team compiled in Provo, Utah. Cal Poly totaled 100 points with the University of Idaho scoring 56.

Norman L. George won backtack riding and scored 147 points as all around cowboy of the meet.

Jerry Anderson captured the honors as all around cowboy of the meet.

In Utah Jim Jimenez played defense and in the Greens from the Mustang squad they do serious duty and the amount of time the man spend in actual action.

Rough Season

When questioned about the how the team will fare against what is considered one of the southern schools in the history of the college, Hughes stated that San Jose will probably be the roughest row next season and the rivalry of Fresno at state the second toughest.

Hughes stated that the spring season a very successful three weeks. He also mentioned that the drills, due to the help of these, of last year’s squad, have been very good.

Joe Bechman, Vic Rubera and Ferri Williams, all members of the 1954 Mustang team, have been helping the coaching staff get the team organized. All three are膝 and have been working with the team during the practice.

Spring ball has turned up some injuries and to date no men are nursing hurts. All of these injuries are what Hughes terms ‘Practice injuries and although none is

Kellogg Science Building Starts Expansion Construction started early this month on a science building at the Kellogg-Voorhls campus which will provide space for a four-year curricula in four fields and will double the enrollment by Sept., 1950. At present majors in FP, CP, OH and service and inspection take two years at the southern campus, then transfer to San Luis Obispo to complete the curricula.

The present enrollment is 400. First in a series of new facilities to accommodate more than 8,500 students by 1950, the science building will cost $1,228,041 on the basis of contracts awarded last month. It will be used for general class purposes until other buildings are completed. Present plans look to starting addition of the 3rd and 4th engineering instruction with majors in aeronautical, electronic, industrial and mechanical engineering. Business division majors are planned in accounting, real estate and insurance, office management and personnel administration, transportation and warehousing and marketing. Initial offering in liberal arts will be physical sciences, biological sciences, mathematics, English, physical science and social science. The new building will be 70,800 square feet in size and will contain eight general purpose rooms, 57 special purpose rooms, 27 special purpose of laboratory rooms, offices, and preparation and storage rooms. It will be a two-story, reinforced concrete structure with exposed surface.

Maynard Reynolds

or what model gasoline for your 1958 model car?

"You've probably heard it said that competition in an industry brings the customers better products ahead of time. "If you ever doubted it, you should have been looking over my shoulder lately. "I'm a research chemist for Union Oil. That's why, back in 1951—when Union was selling all the gasoline it could refine—the boss called me in. He said management wanted to know what kind of gasolines we'd have to be able to market in 1958 to satisfy cars then.

"We wanted gasoline that would start a cold engine in a wink and let you drive away without a warm-up. We took our test cars into snow country and worked at 20-below. "After studying trends in engine design, we set to work on our '58 model gasolines. We pushed octane right to the ceiling for the highest practical power and knock-rating. But we wanted more than power.

"We also wanted gasoline that wouldn't vaporlock. So we drove down into the desert and tested blends till we had one that would perform in an oven. "Well, when we had all the vital statistics we showed 'em to the men on the 12th floor. They took a long look at the facts, okayed $70,000,000 for a refinery expansion program. "As a result, we were able to introduce our 1958 model premium and regular gasolines in 1955—three years ahead of schedule. And more, are the customers taking them away from us?"

"F Maynard's true story points up again the big advantage of being a customer under America's free enterprise system. Because we compete with every other oil company for your business, we constantly have to introduce improved products to please you."

But if—as in Russia today—government had a monopoly on all business, there would be no incentive to bring you anything better. YOUR COMMENTS ARE INVITED. Write: The President, Union Oil Company, Union Oil Bldg., Los Angeles 17, Calif.

Crab Leather!

Proud Ranch Riders Enjoy Free-Swinging Polo Game

By Bob Norton

"Get that horse off my back. I don't want him near me!" members of the Proud Ranch, when playing polo. The game is not the only sport that most people are addicted to.

Called, "crab leather," the game originated in Florida, has drifted to California. The field, rules, and equipment have been changed to make it possible to play without expense and equipment. Polo has been changed, to make it possible to play without expensive equipment.

The field is 80 yards long, broken into five sections. The center section is 20 yards long, the sections on each side are 15 yards, and the border is 10 yards. The goal is 80 yards wide. The game originated in Florida, and has drifted to California. The field, rules, and equipment have been changed to make it possible to play without expense and equipment.

WINSTON tastes good—like a cigarette should!

Words sure getting around campus!

WINSTON brings flavor back to filter smoking!

College smokers are welcoming Winston In a filter cigarette — full, rich, tobacco flavor — when Winston came along!

Along with finer flavor, Winston also brings you a finer filter. The exclusive Winston filter works so effectively, yet lets the flavor come right through to you.

Smoke WINSTON the easy-drawing filter cigarette!
