Big Rooting Section To Follow Grid 11 To SJ For Spartan-Mustang Fay

By William E. Thomas

Over 600 Mustangs are expected to grab their Spartan seats tomorrow night in time for the 8 p.m. kickoff which will see Cal Poly and San Jose State revive an old rivalry in the California Polytechnic Stadium. The game was Cal Poly's strongest foe of the season and a win is needed to keep up the team's momentum before after coming from behind last week against Cal State Los Angeles.

The Spartans will be out to show that this past Saturday's 34-26 defeat to Cal Poly was no fluke and that they should be backed in the bush.

Poly boasts a record of six wins and two losses this season, compared to San Jose's four wins and three losses. 

San Jose had won four straight, but dropped its past two games with CofF and Stanford.

Chairman of the Spartan's potency, Coach Hughes has told his gridela's defensive line, "We're through being a second half team."

"San Jose is a good team and if they get behind San Jose, the Mustangs are just too strong."

The Spartans held a six-week old lead in the South Bay Conference to take over the two colleges. Dates back to 1949, it was the initial stage of the four. Since then, the Mustangs have captured six of the seven showdowns, with San Jose left the CCAA to go independent and has been outscored by Cal Poly, CCAA, and most of the other schools.

Through 1947-48, Poly tallied 4,996, San Jose 4,994. The 1948-49 season saw Poly's 4,803 top the 4,745 for San Jose. However, built in January, Hughes in 1949 took over the job as the team's center coach. With Bronzan, with a 29-23-2 record in 1954-55, Poly's first season, Bronzan said the Spartans are just too strong.

Progress Being Made On Temporary College Union

by Alton Pryor

A big problem confronting completion of a long delayed college union is the clearing for use of a low new building constructed and donated by various organizations and individuals.

According to Dan Lawler, activities director, approximately $6,000 in a trust fund which will go to a building fund when the building is built to immediate use.

Students should make every effort to see that the college union board does not have a building which the students are going to have to modify.

Dan Lawler pointed out that the college union board does not have an adequate student body and is trying to get a building which the students are going to have to modify. The board is planning to have a day on which everyone is going to get together and get things going. The board is planning to have a day on which everyone is going to get together and get things going.

**Mustangs Of The Week**

**Circle K Elects District Officers**

New district officers elected at last week's Circle K convention were Bob Hoising, president; Barbara Merkey, vice president; and Steve Biemann, secretary-treasurer. They were chosen at Mustangs of the Week.

**Cotton Tour Ends Today**

Today more than two dozen California dollars are taking a trip around the world, are winding up their tour by investigating the San Joaquin Valley agriculture.

Yesterday students visited the extensive operations of the Ciborra West Farming program with emphasis placed on machine and hand picking of cotton. They also visited the Ciborra-West cotton plant at Delano.

Their tour took them to the Kern County Land and Credit company's modern barn where they watched their 4000-acre farm operation of the United States Cotton Station near Delano. Here, they were conducted on a tour of new breeding and cultural experiments.

Early this morning, they stopped at the United States Cotton Station near Hanford. There, they were conducted on a tour of new breeding and cultural experiments.

**This Is Jazz?**

Here is the latest definition of Progressive Jazz as it appeared in the L.B.C.C. Viking: "The steady progression to a melody is first established, along with the main theme. Then in turn the violin solo presents their antematically interpreted theme, and after they express their ideas the melody is again presented. The tension remains satisfying throughout. Get it?"

**Tenderly** and others. The gang will sing with us. Keep It up.

**Muster who doesn't know the words.**

For abatement.

New horse player in the College is Bob Alberti, an EJ freshman. He hails from Bakersfield, Calif., which is located In the Mojave Desert, Cornelius, Bob. The Olas Club is busy wrapping a "All-A-Dale" and Barbara Merkey, secretary-treasurer, is changing the party next.

Not too long ago, a certain College played at a school dance in the gym, stood up to do a solo. Suddenly he became so engrossed in his music that when he got down and turned to leave, he fell off the edge of the stage. It's like I say these Collegians, what next. No names-O.K., Chuck? Additional groups. The Majes, a n d M Inors and the Collegiate Quartet traveled to San Jose two nights ago. From what I hear, Poly went there on its own.
Fellowship Awards Offered Students:
Dr. Robert Rankin, executive director of Rockefeller Brothers Theological Fellowship, will discuss the awards, fellowship for theological study at a morning session, Tuesday, November 2, at 7:40 a.m.
Fellowships are awarded for one year to qualified persons, with a second year available for any year's study. The recipients may attend any theological school fully accredited by the American Association of Theological Schools. Applications are being received by Dr. Robert J. Rankin, director, Rockefeller Brothers Theological Fellowship.

Phono 422

College Quips
Woman students appearing to pick a husband at Rolla show had better transfer to more fertile grounds, according to the "Phono Daily" after inspecting the 99 per cent ratio between men and women. "Wonder if they've heard of Cal Poly?"

The Daily Californian made the following suggestion to reporters traveling to the UCLA game last weekend: "Take one emu out of its equivalent."

A Minute Case of Inanity was the name given to a Halloween stage piece at URF. The stuff "inanity" must be a new brand, 100 per cent fake.

Mayor George Spring of San Jose rode the streets of Stockton on an old run about the other day, the penalty for San Jose's loss to College of Pacific. He pulled the spurs in a bond and had to make a sharp left turn at the corner of the Stockton metropolis.

Reading through the Bulldog's Bark, publication of Santa Maria's B-A-A, was a new brand, 100 per cent fake. The recipient may add a year to qualification paraona, with a penalty for Son Joaa a loss to Cal Poly. In their account of Saturday's match. "However, at meal times in the campus cafeteria they were perfectly filled and good not eat." Growl this bark.......

Calendar of Events

Why do more college men and women smoke VICEROYs than any other filter cigarette?

Because only Viceroy gives you 20,000 filter traps in every filter tip, made from a pure natural substance—cellulose—found in delicious fruits and other edibles!

1. You, only Viceroy has this filter composed of 20,000 tiny filter traps. You cannot obtain the same filtering action in any other cigarette.

2. The Viceroy filter wasn't just whipped up and rushed to market to meet the new and skyrocketing demand for filter cigarettes. Viceroy pioneered. Started research more than 20 years ago to create the pure and perfect filter.

3. Smokers on masse report that filtered Viceroy's have a finer flavor even than cigarettes without filters. Rich, satisfying, yet pleasantly mild.

4. Viceroy draws so easily that you wouldn't know, without looking, that it even had a filter tip...and Viceroy's are only a penny or two more than any other cigarette...that's why Viceroy is the largest-selling filter cigarette in the world!
This Thing Humor

El Mustang, in the eyes of some campus inhabitants, is a failure. The reason: No humor. Admittedly our humorous streak has "scarcely been." Humor, for the most part, is not our forte.

What is the role of El Mustang? Your weekly newspaper is here to serve the Cal Poly community—a very important segment of San Luis Obispo county. This single community has more than 6,000 members. They depend on this weekly newspaper to keep them informed. What just happened yesterday and what will occur tomorrow are their primary concern. In no matter or sense is El Mustang a humor magazine. Lacking in our weekly four to eight pages is satire, risque cartoons, side-splitting funnies and an access of racy features. These may have a place, but not in a newspaper.

This Thing Humor

What few stop to think out for themselves, is that El Mustang is not alone on this stand; in fact, it would be alone if it weren't. In searching through nearly 100 college newspapers, we fail to find oven one joke, as surprisingly few opportunities in this world for graduates in the publication, designed to serve and we hope please a majority of our campus inhabitants, is lacking.

Munger is Example of Cal Poly Product

Gordon R. Munger, 1955 Air Conditioning graduate, is an example of the quality of product turned out by the Poly system of education. Munger has had many fires, high paying jobs before being employed—first for the Diebold Corporation, Fiberglass Corporation in Toledo, Ohio.

This large business organization wishes to hire students in the field of engineering for the assembly of heat exchangers.

Munger has been many fires, high paying jobs before being employed—first for the Diebold Corporation, Fiberglass Corporation in Toledo, Ohio.

This large business organization wishes to hire students in the field of engineering for the assembly of heat exchangers.

The purchase of one magazine does not assure the purchase of another: your space is reserved for all or any of these three weeklies.

Page Five

Novice Boxing Tourney Month Away; Championship Potential Looks Good

"November 29, 1955 and December 1 will be the dates for the annual novice boxing tournament," announces head mentor Tom Lee. Coach Lee urges all those interested in participating to sign up now. The Mustangs have been plagued by injuries, and last year's varsity lineup was crippled by a host of ailments.

This tournament, one of the best in the country, will attract many topnotch boxers who will work hard to keep their fitness. Coach Lee and his varsity boxers will be on hand to help anyone who wishes to improve. The Mustangs have been practicing hard, and there are many boxers who are working hard to keep their fitness levels up.

Wrestling Tourney Signups Sought

Coach Sheldon Herndon still is calling all who wish to try out for the wrestling team. The team will be practicing on Tuesday nights at 5:30 p.m. and Wednesday nights at 7 p.m.

The Mustangs have a strong team this year, and are looking forward to a successful season. They will be competing in the Pacific Coast Intercollegiates, and have a chance to win the championship.

Winston brings flavor back to filter smoking!

You'll both go for this cigarette.

Winston Tastes Good!

\[ \text{Collage smokers all over the country are welcoming Winston with open arms! This king-size filter cigarette gives you real tobacco flavor. The full, rich flavor really comes through to you because the exclusive Winston filter works so effectively. In short: Winston tastes good — like a cigarette should!} \]
Poly Band Puts In Many Hours Behind The Scenes

By Larry Litchfield

Cal Poly's 46-piece marching band puts in over 400 man-hours a week, though often displaying the finished product before the public eye in just a few minutes. Though taken pretty much for granted, there would probably be many a howl if these 46 men showed up at a football game in civilian clothes, left their instruments at home and proceeded to walk on the same as a normal spectator.

Football games are not the band's only activity. It also appears at rallies, assemblies and parades. The Poly Symphonic Band's most high-light of the year, Difficulties in organizing the band in September lie in three categories:

1. There is a big difference on the part of members who have never marched before, particularly the different types of bands.

2. Football is not the only activity. It also appears at rallies, assemblies and parades.

3. Difficulties in organizing the band in September lie in three categories:

(a) It takes a lot of time to teach the band to walk.

(b) It is hard to get the man to march together.

(c) The band must have a marching band capable of making clean turns, maneuvers and quarter-marches.

At the same time he must stand perfect, watch the drum major for signals, and play the music correctly.

Difficulties arise in scheduling, and the band is never present ten minutes except at the evening's performance. Because of this, same men come only twice a week, while others have only one meeting per week. From the experience of Major Phil Johannesen of Arroyo Grande has been a non-marching job.

No band is a success without top-notch officers. These are the men who make the plans and help carry them through. This year the president is Larry Taylor from Redding. Other officers include manager, Dick Redi of Anaheim; vice president, Lee McEnery; secretary, Frank Whalen; and treasurer, Dennis Craig of Williams. Other Band Representatives are Don Pizzi of San Luis Obispo.

Band men will tell you that they have to work hard. For in the three days a week they meet, they must be able to learn at least six marches, ten novelty tunes, four school songs and the "Star Mining" lead-in. They must develop stunts, with the special musts that entail certain distances from the men in front and those on either side.

Architects Design Yuletide Greetings

Members of the American Institute of Architects have been making greeting cards in preparation for the Christmas season.

Anyone desiring to order cards may write to the architects' department office or by contacting any A.I.A. member. The cards are available in five different designs. Delivery may be placed for any number of a particular design. Cards are $5 per dozen.

These cards are hand-made by architects. Proceeds from the sale of the cards will be used to pay out the costs of producing the cards. The cards are available in five different designs. Delivery may be placed for any number of a particular design. Cards are $5 per dozen.
