Students Debate Merits Of 3-Branched Government

NOTE: What was to be a compromise and essay form of student representation, known as "Three-Branched Government," will Biology Park's present form of government. This would include an executive branch, a legislative branch, and a judicial branch. The executive branch would consist of the student body council, the legislative branch would consist of the student senate, and the judicial branch would consist of the judicial council. The purpose of this new form of government would be to provide a more effective form of student representation, one that would address the concerns of all students, regardless of their political affiliations or personal interests.

Editor, El Mustang

Our country operates under a three-branch government, executive, legislative, and judicial. We should call Poly do the same.

Recognizing flaws in the existing structure, the Student Affairs Council, after much discussion, decided to investigate possibilities of a new kind of student representation. What would this new form of government look like? What should it include?

Who's Our Present System?

Let's take a look at the 19 representatives on the Student Affairs council, who would have the power and authority to control the budget and to make decisions about spending money on groups, individuals, or departments. The council is made up of 17 students, one non-student, and one student representative from each of the major organizations on campus.

What would the council be responsible for? The council would be responsible for making decisions about the budget, as well as for making decisions about spending money on individual students or departments.

Poly Mustang, "More Than Fire In Students' Store Concern" By John McCall

Conversions, procedures, and policies as practised by El Mustang bookstore have meant more smoke than actual fire. This student bearing questions were all filled in the architectural auditorium, the usual place for gatherings, yet the sign for the Architectural auditorium was to be changed.

The students bearing questions in the Architectural auditorium were all filled in the Architectural auditorium, the usual place for gatherings, yet the sign for the Architectural auditorium was to be changed.

The Architectural auditorium is used for many purposes, such as lectures, meetings, and other events, but it is also used as a convenient way to store books.

A three-year-old car was recently recovered by the police after it was stolen from the garage of a residence. The owner of the car had reported it stolen and the police were able to trace it to its current location.

The car had been used by the thief in the commission of several other crimes, including a break-in and a robbery. The thief was eventually apprehended and the car was returned to its owner.

The police would like to remind all residents to be vigilant and report any suspicious activity immediately.
ROTCH Holds Fourth Annual Military Ball

A colorful crowd of brass-polished ROTC cadets, their dates and invited guests packed the Camp Ben Lomis Officers' Club Saturday night for the Fourth Annual Military ball. Dancing stopped midway in the evening to announce the crowning of Kay Webb, UCLA lovely, courted by cadet Bob Farmer, Miss Webb, chosen as queen from the tablet present, was crowned by last year's queen, Mrs. Jane Digby, whose husband, a previous holder of the Golden Blade society. Sponsored by the Golden Blade, the dance was centered around "The Frontier" theme and was attended by more than 500 couples. Guests present included: Col. C. F. A. Liscio, Col. Boren, commanding officer of Camp Ben Lomis Officers, Col. Boren, until commander of the reserve and several faculty members including Dr. Robert Maker and Dr. Lowry.

"That's NOT like mother used to make" cries Bob Davenport when he looks with hunger at Bob Neason's and arrangement of candy. But by the time he's back through school they'll probably haveleared the "no-open-air-out-of-school" method in the meantime it's open-air-out-of-school.

Hot Cakes, Sausage For Entire Campus

Cal Poly Grange will host the entire campus at a breakfast Sunday morning in Library 112 ABC. According to Bob O'Dell, Grange manager, the breakfast will feature sausages, sausage, juice and coffee, prepared by wives of the Orange members. The event will be open to everyone on campus at 7:30, with a special child's plate for 50 cents. Food will be served from 7:30 to 8:30 am.

Tickets are on sale in the library from Dorothy Conner in the morning, or anytime during the day. Tickets are $1 for adults, 50 cents for children, and 45 and 46. Tickets may also be purchased at the breakfast.

At their last meeting, the Cal Poly group was invited to a dance at the Kdna Farm center. "We will have plenty of girls, and we want Poly to furnish the men," said O'Dell.

CAMPUS INTERVIEWS FOR ENGINEERING AND SCIENCE EMPLOYMENT OPPORTUNITIES

Announces!
Monday, February 13, 1956

offered to persons trained in.

ELECTRONICS AERODYNAMICS
AERONAUTICS MATHEMATICS

MECHANICS THERMODYNAMICS

CONVAIR, Pomona, California offers challenging opportunities in one of the most modern aeronautics engineering departments in the country.

The division, located in Southern California, is engaged in research, design and production of special weapon systems for the U.S. Navy Bureau of Ordnance. The well-known guided MISSILE "TERRIER" is a product of this division.

The training program for engineers with no previous experience generally includes an orientation to the department and division, product familiarization, and first work assignments in the test laboratories or design groups working with experienced engineers.

Contact your Placement Office for time and place of interviews.

S R I K E S plats and pares

By Jack Rector

Mat Peas Pl said that our championship team is ready for their first game.

"We have trained hard and are ready for action," said Pl.

The match will be held Feb. 17 in Cardinal gym, at the usual time of 8 p.m.

The fighters of Coach Tom Lee dropped their first match of the season two weeks ago in Reno, Nev. against a powerful University of Nevada team. In the match only three Poly arms were raised - Lee, Bowers in the lightweight, and Jack Blake, Rudy Brooks in the lightweight.

Expected to be on the front line this week will be California at 135 pounds, Leavler 150 pounds, Godin 175 pounds, Brooks 180 pounds, Bowers and Blake in the heavyweight.

Here is the rundown of the Cal Poly, University of Nevada matches:

195 lbs. Marlin U. N. d. La basrito CP.
180 lbs. Leavler CP. d. Short U. N.
175 lbs. Ernst U. N. d. Godin CP.
160 lbs. Carl CP. d. Long U. N.
150 lbs. Malfot U. N. d. Godin CP.
145 lbs. Brooks CP. TKO Smith CP.
141 lbs. Shaw CP. d. Griggs CP.
137 lbs. Osmasl U. N. d. Buccola CP.

Waltz Contest Feature Of Poly Union Dance

A Valentine theme will adorn the dance, according to Don Walker, chair of the dance committee. "It should prove to be a lot of fun for everyone," said Walker. "It should prove to be a lot of fun for everyone," said Walker. "It should prove to be a lot of fun for everyone," said Walker. "It should prove to be a lot of fun for everyone," said Walker. "It should prove to be a lot of fun for everyone," said Walker.

Refreshments are available at the Hillcrest lounge tomorrow night.

Outings Committee Planning Many Events

After the successful skating party at Pismo Beach, project number one of the College Union Outings committee, Chairman Dave Johnson reports that plans are under way for many more for the coming year. Among the events will be a "scream" and beach party for later in the year.

Gordon says there are also a limited number of openings for interested students on the Outings committee.

That's The Trouble With Wrestling! Losers A Must

The trouble with any sport is that someone has to lose, and in wrestling they are getting their share of the minus end of the scorecard.

Last Thursday and Friday the matmen of Cal Poly held their spring tour tryouts for the team which will take part in the annual intercollegiate dual matches at San Jose State College. The team is under the direction of Coach Charlie Travis. Mike Mosher, Don Students are reminded of the high school varsity show tonight and tomorrow night in the high school auditorium. This show should prove to be quite outstanding.

The Majors and Minors are to sing Saturday before the Worthy Matmen in the Mason Temple at 8:15. Members of the Major Minors and Majors include Otto Hquette, George Setzer, and Charlie Travis. Mike Mosher, Don course, but there are some of the highlights that. That Bratman may not get an opportunity to sing with the Men's Glee club.

Coach Faces Task of Thinning Out Poly Horsehiders

By Mike O’Dell—

With some of the top row serving and collegiate ball clubs of the Pacific Coast on the 1955 football schedule, Coach Howie O’Dalendar, Cal Poly’s football coach, is facing the task of thinning out a turnover of over 50 veteran Mustangs.

Potent Clubs on List

University of California at Berkeley, Fresno State and several private service clubs head the list of opposition for this year’s squad. Stepping up the Pacific Coast conference to meet the powerful Golden Bears, the Mustangs are expecting this year’s squad to be at their usual forte with a big line and a strong backfield.

Heading the list of service clubs are the Gay Rattlers of the Marine Corps, NFL champions in ’53, and recognized in the past as one of the nation’s feared diamond machines on the coast, guaranteeing to display their regular "plate power potential" throughout the year.

Jorgie Starts Ninth Year;

He began his coaching career in high school and junior colleges, coming here in 1947. "Basketball, and other sports, has grown considerably since I began coaching here," comments Jorgenson. "Greatly, there have been many good players and past the overall ability of today’s athletes."

Jorgenson had watched many Mustangs grow great come and go to higher achievements. "Some of the boys having gone through school here have done very well," says Jorgenson. "Take my instance, Hank Morokl, an all-conference guard while with the great and gold quintet who is now coaching at Caltech high school.

The coach mentions the line as the following the all-time vast team. Among the names of the center who have gone through the school and to the university and junior college to beyond, including many "great players" to the Mustangs. The list numbers several names, including Cal Poly and the University of California at Berkeley.

This year’s Mustangs are expected to be at their usual forte with a big line and a strong backfield. The line is expected to be at their usual forte with a big line and a strong backfield.

Interrupts Halfway Mark; Tight Competition Last Half

Interrupted basketball play reached the halfway mark this week, with tight competition predicted for the championship game. Nine teams are sharing first place honors in their respective leagues.

Monday's league play found Trojan dorm, Coop and club, and 76-6. Last week saw Trojans downing the Wolves in 68-61, while Vikings defeated Broncos dorm 71-61, and the Coop club won over the Hathaway House Hoopsters 61-1 in Wednesday's competition the Hampackers and Poly Phase are currently tied for league leadership. The Hampackers narrowly escaped defeat at the hands of Monterey State on Tuesday, with the rest of play remaining, Jim More and a Fast break from Schoel and the give the Hampackers a slim 66-2-1 victory. Poly Phase battled Lexington dorm with a 68-41 Thursday's hit for league honors finds the Hasta Hilltoppers and Poly Phase sharing the lead. Bucs with the table tops in the league, Poly Phase is the local team that has the edge on the scoreboard.

The following games are scheduled for next week's Interrupts.

Dr. Mott Reschedules Recreational Hours

Re-announcement of on-campus recreational facilities was made this week by physical education department Dr. Robert Mott. The following hours are official:

- Gymnasiums: Open Sunday afternoon, 9-4 p.m.
- Monday through Friday afternoon and evening there is no class scheduled.

- Monday through Friday, 9:30-10:30 p.m.; Monday and Sunday afternoon, 9-4 p.m.

Intramural sports have the gym occupied 8 to 10 p.m. Monday through Thursday. Specials are extended.

Yacht Fourth At Avila

What seemed to be a gusty battle against any Cornellian club entry sailed into fourth spot in the first race during last Sunday's regatta at Avila. Next race is slated for Oct. 23, starting at 1 p.m.

It was very windy with white caps, but the weather was warm with scattered clouds, according to Fleet Captain Andrew McBride. The "Mustang" was skippered by Robert Mott. One of the Cornellians sailed into fourth spot on the Cornellian flagship. The maize and blue were the third and fourth finishing teams, respectively.

New Million Dollar Engineering Building Slated For Campus

by Ron Greenstein

Another phase of Poly's huge master building program will be under way in June or July when contractors start work on the new engineering building. It will be located on the east side of the campus, near the present engineering buildings. The new building will house the New Million Dollar Engineering department, which includes aeronautical engineering, drafting lab, five electronic labs, and shops. The building will contain 11,400,000 square feet of floor space. The new building will provide facilities for all the mechanical and aeronautical engineering laboratory needs.

The present engineering building program is a $4,000,000 project that is being completed under the supervision of structural engineer Robert B. Pugh, who has a family of five. He said, "I'm going to be patient, but unfortunately the site takes most of the time on the horizon."

On paper, coach Jorgenson's best season was during 1952-53 when his team collected 21 wins and had just six defeats. "On the whole, we've had some successful seasons, community Jorgenson and the Aggies have had a total of 13 wins over eight seasons. Overall, during the regular season, his teams have won 132 games and lost 95. He is now beginning his sixth year as our basketball coach which means that he has coached Poly's basketball team for a total of 13 years. Coach Jorgenson's team has never lost to the Aggies.

The welding department is scheduled to be moved to the new engineering building. The welding department is considered as one of the finest in the country.

The welding department is scheduled to be moved by the end of this month. The welding department is headed by Mr. Wiley, welding department head. The welding department is considered as one of the finest in the country.
