Brown Hopes for Radio
By Poly Royal Dotes

Cal Poly's campus radio station may be on the air for the first day of the 1988 Poly Royal was the hope expressed by Station Manager Orval Brown today.

At present the station is scheduled to operate for one half hour period the first day of the "Country Fair On A College Campus"—probably from 1 to 1:30 in the evening—according to Brown.

The newly formed organization will be written by the Poly Royal editorial board and supported entirely by student body funds.

Brown said approval of the student organization must be requested before the station can operate legally.

"It will be run similar to a regular radio station," Brown said.

He said "Cal Poly's" stations will be run by students and will be a good opportunity for them to further their experience in the broadcasting field.

Plans have already been formulated for an eight hour broadcast period, according to the Station Manager, who said the station will probably operate from 8 to 11 P.M.

When the full broadcasting schedule is started Brown stated, however, that this will not be possible without "very important station financial support.""

A sign-up sheet has been posted in the Student Activity Center, and any body desiring to join must sign up before the station is given a license, said Brown.

Students interested in establishing a radio station must be on hand at the meeting during the next Poly Royal meeting at the Chancellor's residence.

Copy Deadlines

The next issue of El Mustang will appear Tuesday, March 2. Copy deadlines is 1 P.M. today.

El Mustang is published by the Daily Mustang, Inc. under the authority of the Governor of the State of California. The opinions expressed are those of the writers and do not necessarily represent the views of the Poly Royal Planning Committee, Station managers, or others.

CU Sets Double Feature Tonight
At Campus Bijou

In cooperation with "Religion in Film Week," a double feature will be shown tonight in the AC Auditorium.

First film will be "Major Barbara," an objective study of the plays of George Bernard Shaw and the major religious theories of Islam and Judaism.

The second regular feature will be "Titanic," starring Barbara Stanwyck, Clifton Webb, and Robert Walker. It is the story of a husband and wife dramatically caught in one of the greatest sea tragedies in history—the sinking of the liner "Titanic" on her maiden voyage in 1912.

Poly Chassens Cop Awards at Tournament

First, second and a tie for third were the awards brought home by the Poly Chassens Cop at the tournament held at Pune Rickles Centurion for the fastest checkmate honors.

The tournament honors went to Charles Gold who had a 5-0 record. George Powers with a 4-1-1 record took second place and R. W. Jackson with a 3-2-2 record brought home the tie for third place award.
**TO SAY THE LEAST**

By Alton Pryor

When I find it hard to see a column, I always go to the barber shop. Yesterday, I made that stop. It's not that barbers know everything, but just that they tell you things you want to know. Here I have a ceiling higher. As I went through the door, he greeted me cheerfully. "What's the hell do you want?"

"Sidestepping his friendly wave with the razor, I answered, "With the formalties over, he began telling me everything I didn't want to know: that I wasn't much, but that you can't expect milk from a pumpkin.

"He riveted on the ties between a horse and a man, March 4," he reiterated.

"Pumpkin." I smiled.

"The Bonsai and Bons Club is throwing a dance tomorrow," he tried again.

"Now for ones they throwing it?" I asked.

"To Aid Farm Center," he answered. "Cost a dollar."

"Should be a blast. Bonsai is so peaceful. You should go and perhaps repair some lost cheerfulness."

"I am cheerful," I gritted, "and not so close with those slips of Whittman's town flooded by the rain," he informed me.

I heard it on the radio."

"I don't think," I said. "It was just a political rally."

"But the ceo won the election on Sunday with her Renault. She's the girl who wears the snobs an her Renault."

I corrected."

"First I heard, they were seeking out people with her Renault. They are still seeking out people with her Renault."

"How do you know?" I questioned.

"I have not heard anyone talking about 'Using' some students' Renault."

"Wants you supposed to get out?" he asked.

"No."

"Well will you get out?" he persisted.

"I don't."

"And that is to say the least."

**Printers to Hear Haavik Speak on Job Interviews**

Max Plu Pi, Society of Printing Engineers, will feature G. J. Haavik at an open meeting Thursday, March 6, at 7 P.M. in Arts, Bob according to Bob Hoggins, Club President.

Haavik, Supervisor of Organization Development for Continental Divisions, and members of his staff are seeking in college students, especially engineers. He will also tell how they can prepare for this career.

Two movies will be shown at the meeting. One will be on the production of the cars and the other will show the packaging industry as a whole.

Hoggin hopes every student interested in picking up a few pointers on gaining employment, will attend.

---

**The Student's Voice**

Dear Editor:

Last Thursday's CRE meeting at the AC Club, was privileged to have Dr. Fischer as their speaker. There was quite a turn out among college students who were interested in the talk which he spoke.

Unfortunately, the audience was not large. I believe the audience was not strong enough. I believe all the students should have been to the Bosch talk. It is important to attend these meetings to get the information while it is available.

I believe the students of this school should be given more consideration than this. It seems that we are both for the education, not for the entertainment, not for the information. It is important to attend these meetings to get the information while it is available.

Boxers Seek Win In Chico Tourney

Poly's unseeded boxers travel miles from home to participate in the annual 10-team tourney at Chico State tonight and tomorrow. For the first time, Chico State is the host of the tournament, and Coach Tom Loo's Mustangs are determined to make a splash among the participants from California and Chico State. The Mustangs have been working hard under the guidance of their coach, and many young fighters continue to improve, with each outing making them meaner.

Favorite, and Coach Tom Loo's Mustangs continue to show improvement. Don Taaaler (hwt.) who has yet to be defeated this season. Olympic silver medalist John Allen will be primed for the northern California and Chico State duals tonight and tomorrow. Coach John Allen indicated he would attend the tourney last weekend in Oakland, Cal. The Mustangs have turned in creditable performances last week-end in the Novice AAU tourney held in North Oakland. Fifteen standouts entered the San Francisco State dual cham-pionship which will be shooting against UCLA and several other fine teams.

The Squads Travel For Weekend Contests

Mustang men will be traveling to Berkeley, San Francisco and Chico State tonight and tomorrow. The Mustangs are in the running for honors, the Mustangs are vying for honors, the Mustangs are vying for the northern California and Chico State dual cham-pionship. A brief review of the Mustangs dual cham-pionship for the Mustangs dual cham-pionship will be shooting against UCLA and several other fine teams.

Cotf Baseballers Open Season Today

Today, February 28, 1958, the Poly baseballers open their intramural season against Stanford at Palo Alto. The Poly nine defeated an Alum- basket基地, 8t; Bob Williams, 1st; John Madden, 1st; Lew Gentry, 9t; Bar- kens, and Dale Rogers, 1st; Bob Beuker, 1st, and Cullen, P.

SCHOLARSHIPS TO TWO STUDENTS

Daniel Dickey of Los Angeles and Fred E. Taylor of Salinas, Mechanical Engineering Seniors at Cal Poly, have returned from Los Angeles where they were presented scholarships by Los Angeles Chapter 15 of the American Society of Tool Engineers (A.S.T.E.). Each was presented a check for $250 for outstanding work in his field. Presenting the award was George Adams, past chairman of the Education Committee, and newly elected treasurer of the Los Angeles Chapter.

Each year the Los Angeles Chapter of ASTE gives the scholarship to one Cal Poly student who takes one or more courses in tool engineering and whose general interest lies in the field of Tool Engineering or Production, Industrial Engineering, Tool Design, Plant Layout, Manufacturing, etc.
