Cal Poly Students to Unveil SLO Neighborhood Plans March 8

SAN LUIS OBISPO – Cal Poly city and regional planning students will present their plans for sustainable, transportation-oriented development in San Luis Obispo on Wednesday, March 8, at 9:30 a.m. in the San Luis Obispo County Government Center.

The one-hour presentation, followed by a group discussion, is open to the public and will take place in the first-floor Board of Supervisors chambers, 1055 Monterey St., San Luis Obispo.

The students' neighborhood plans cover the California/Taft/Murray neighborhood and the Broad and South streets "Roundhouse" district and will include ideas for preservation of open space, use of alternative transportation, city revenue increases and housing affordability.

The presentation is the culmination of six months work by graduating seniors in Professor D. Greg Doyle's community planning lab. The presentations and proposals will be available on CD. Refreshments will be served.

For more information, contact Doyle at (805) 756-2285.
