Hafemeister wins national award for arms-control work

Physics professor David Hafemeister has been recognized by The American Physical Society for his work in the areas of arms control and nuclear weapons. He won the 1996 Leo Szilard Award for Physics in the Public Interest, given by the society's Forum on Physics and Society.

Hafemeister is being honored “for applying physics to issues of nuclear weapons proliferation, arms control, more efficient use of energy resources, and other matters of public policy; and for effective communication on such issues to the physics community, policy makers and the general public.”

World-renowned astronomer Carl Sagan is a past recipient of the award. He and six other scientists earned it for their study of the possibility of a “nuclear winter.”

Hafemeister came to Cal Poly in 1969. Since then he has spent more than eight years off campus working in government arms-policy circles. He has spent time at MIT, Lawrence Berkeley Laboratory, the State Department, Stanford and Princeton.

Hafemeister's interest in nuclear weapons and the arms race goes back to his post-graduate days working at the Los Alamos National Laboratory. He won an American Association for the Advancement of Science congressional fellowship to work on the staff of Sen. John Glenn of Ohio in 1975-76. The next year he served as science adviser to Glenn, and the next two years he spent in the State Department — first as special assistant to the undersecretary of state for security assistance, science and technology, then as expert consultant to the deputy assistant secretary of state for nuclear nonproliferation policy.

In 1988 Hafemeister testified before the Senate Foreign Relations Committee, and from 1990 to 1992 he served as one of three full-time professional staff members handling arms-control matters for the Senate Foreign Relations Committee. He was part of an official U.S. delegation that traveled to the Kremlin in the week the USSR ceased to exist to discuss the destruction of nuclear weapons.

In 1992-93, he again was a professional staff member to John Glenn, this time for the Governmental Affairs Committee, which Glenn chaired. Hafemeister served as chair of the American Physical Society Forum on Physics and Society during 1985-86. He is scheduled to receive the Szilard Award at the society's national meeting in May in Indiana.

Cal Poly signs irrigation pact with Vietnam

Cal Poly's Irrigation Training and Research Center has entered into an agreement with the Research Centre for Irrigation and Water Supply of Vietnam to bring California irrigation technology to Vietnam.

Charles Burt, director of Cal Poly’s center, and Dr. Nguyen Tuan Anh, director of the Vietnamese institute, signed a memorandum of understanding in Hanoi Dec. 12. Cal Poly’s irrigation center will help coordinate a joint venture and (Continued on page 6)

Faculty step increases approved by Baker

The Academic Senate has recommended and President Baker has approved the Performance Salary Step Increase Policy for faculty members on an interim basis for 1995-96.

Approximately $54,000 has been allocated for the awards. Major provisions of the policy include:

• Recipients are expected to be outstanding in teaching (or other professional performance) and at least meritorious in professional development and service.

• The period emphasized is five academic years preceding application.

• Any faculty unit employee (instructional faculty, librarian, counselor, or coach) may apply or be nominated by another faculty unit employee or academic administrator.

• Applications and nominations should be filed with department heads and chairs between Tuesday, Jan. 2, and Thursday, Jan. 25. Forms are available in department and deans' offices.

• Tenured faculty members on college and university committees will recommend and categorize applications as: highly recommended, recommended, or not recommended.

• President Baker will announce awards on Monday, April 1.

• The salary base of recipients will be permanently increased between one and four salary steps retroactive to Jan. 1, 1996.

For more information, contact Faculty Affairs at ext. 2844 or db044@oasis.
THREE NEW EXHIBITS

Library
Exhibits on Holocaust, 'Killing Fields' in Library
Exhibits designed to bring home the countless personal tragedies of two of the 20th century's worst atrocities will be on view beginning today (Jan. 5) through Sunday, Feb. 4, in the first-floor lobby of the Kennedy Library.

"Killing Fields," which illustrates conditions in Cambodia under the Pol Pot regime, and "6,000,000," which is about the Holocaust, are the works of artist Ed Leeper.

"6,000,000" contains 4,291 sheets of heavy paper on which 6 million marks have been made, one for each Jew murdered by the German government during World War II.

The stacked sheets of paper stand nearly 5 feet tall and measure 20 inches by 13 inches. Leeper, who is not Jewish, began the project in 1987 and completed it in 1991.

The exhibit also includes photographs of German extermination camps in Poland at Belzec, Sobibor, Majdanek, Auschwitz, Chelmno, and Treblinka.

"Killing Fields" is made up of more than 1,050 small "mug shots" of Cambodians who lost their lives in the late '70s under the Pol Pot government. The exhibit resulted from Leeper's 1991 trip to Vietnam and Cambodia, where he visited the high school where Pol Pot tortured thousands of Cambodians he considered enemies of the revolution.

Photographs of a 75-foot-high memorial pagoda filled with thousands of skulls are also part of the exhibit.

Leeper is retired from the U.S. Army. He served two tours and was wounded in the Korean War, and he served two tours in Vietnam.

Beginning today through Saturday, Jan. 20, the exhibit can be seen on Monday through Thursday, 7:30 am to 11 pm; Friday, 7:30 am to 5 pm; Saturday, noon to 5 pm; and Sunday, 1 to 11 pm.

U.S. Galerie
'3 Women: 3 Worlds' title of Galerie exhibit
An exhibit that celebrates the creativity of women is scheduled to run from Saturday, Jan. 6, until Saturday, Feb. 10, in the University Union Galerie.

The exhibit, titled "Three Women: Three Worlds," will help usher in Women's Week, set for Friday, Feb. 9, through Friday, Feb. 23.

The artists, Ada Charvalia, Betty Field-Haley, and Gail Lapins, each tell a different story through their paintings.

Charvalia paints pastel male and female nudes. She paints her figures at unusual angles and uncomfortable postures, and she diminishes the differences in male and female torsos by rendering pronounced musculature for both sexes, sometimes blurring the borderline between male and female.

Field-Haley is known for vivid watercolor landscapes that have a strong Oriental influence and capture the spirit, energy and peace she finds in the woods.

Lapins works in both acrylic and oil. Her paintings explore the emotions and realities of the human condition in all its forms.

"My imagery of man reflects the world and time we live in. I want my large canvases to surround the viewer, to stir senses other than sight," Lapins said.

The artists will be at a reception from 4 to 6 pm Sunday, Jan. 14, in the Galerie.

Galerie hours are Tuesday and Wednesday from 10 am to 5 pm; Thursday, 10 am to 8 pm; Friday, 10 am to 4 pm; and Saturday and Sunday, noon to 4 pm.

For more information, call the Galerie at ext. 1182.

University Art Gallery
Modern, upbeat Africa revealed in exhibit
Artist-author-professor Betty LaDuke will exhibit her paintings and color etchings of contemporary Africa from Monday, Jan. 8, through Sunday, Feb. 4, in the University Art Gallery in the Dexter Building.

Her travel to more than 20 Third World countries is the basis of her colorful paintings, which offer a glimpse into a quickly changing and evolving culture.

In conjunction with the exhibit, a benefit film screening, lecture and artist's reception have been scheduled on Sunday, Jan. 21.

The screening of the film, "Betty LaDuke: An Artist's Journey From the Bronx to Timbuktu," will be at 4 pm in the Palm Theatre in downtown San Luis Obispo. Tickets cost $8 for adults and $7 for students and will be sold at the door. Proceeds from the screening will benefit the University Art Gallery.

Back on campus, LaDuke will discuss her life and work at 6 pm in Room 213 in the Business Building. After LaDuke's talk, a reception will be held in the University Art Gallery.

University Art Gallery hours are 11 am to 4 pm daily and Wednesday from 7 to 9 pm.

Support for the exhibit is being provided by Cal Poly Arts, the university's Art and Design Department, and the campus's Instructionally Related Activities fund. The artist's reception is being sponsored by Cal Poly's Multicultural Center and the African-American Student Leadership Commission.
Music professor William Spiller will give his annual piano recital at 8 pm Saturday, Jan. 6, in the Theatre. He has chosen to play Partita No. 2 in C minor by J. S. Bach; Sonata in E-flat major, Op. 31, No. 3, by Beethoven; "Compositions" (1995), a new work by Cal Poly music professor John Russell; "Sonatina" by Maurice Ravel; and "Islamey" by Mili Balakirev.

Tickets for the recital are $10 and $8 for the public and $6 and $4 for students and senior citizens.

Quartetto Gelato, a Canadian quartet known for its irrepressible energy and infectious humor. The group is scheduled to play at 8 pm Saturday, Jan. 13, in the Theatre. Quartetto Gelato, which in Italian means Ice Cream Quartet, performs classical favorites, operatic arias, traditional melodies, tangos and gypsy fiddling.

The group is the brainchild of leader, violinist and tenor Peter de Sotto, who played in the violin section of the Toronto Symphony Orchestra for 10 years. Gelato has been hailed as a "musical sensation-in-waiting" and "the next stars of the crossover phenomenon." According to one critic, the quartet's members "are not only dripping with talent, but possess a wonderful sense of humor."

Tickets for the concert are $14 and $12 for the public and $12 and $10 for students and senior citizens.

The Pickle Family Circus will bring their brand of circus-without-animals to Cal Poly in two shows at 7 pm Wednesday and Thursday, Jan. 10-11, in the Theatre.

The group will perform their latest production, "Jump Cuts! The Circus Goes to Hollywood," in which a host of colorful characters go on a madcap romp through classic movie genres: swashbuckling adventure to a side-splitting Western, the back-alley detective story to a larger-than-life detective story with a cast of colorful characters. The performers integrate acrobatics, aerial work and juggling with original music, dance and stories.

Tickets are $10 and $8 for the public and $6 for students and senior citizens.

Music lovers who like their melodies mixed with a little fun will enjoy Quartetto Gelato, a Canadian quartet known for its distinct musical style. The performers integrate classical, contemporary, world music and jazz with their own original compositions.

Tickets for the performance are $18 and $16 for the public and $16 and $14 for students and senior citizens.

Auditions for 'Hecuba' to be held tonight at 7

The Theatre and Dance Department will hold auditions for the one-act tragedy "Hecuba" from 7 to 10 pm tonight (Jan. 5) in Room 212 in the Davidson Music Building.

Five males, nine females and two young boys will be cast in the play, set to run from Thursday through Saturday, Feb. 22-24.

The production, to be directed by department chair Al Schnupp, underscores the pain war brings to not only its victims, but its survivors as well.

Copies of the script are on reserve at the Kennedy Library.

For more information, call the Theatre and Dance Department at ext. 1465.

Performance to explore immigration and racism

Pakistani-German sisters have teamed up to present an original performance piece that will tell stories of immigration and racism at 8 pm Friday, Jan. 12, in Chumash Auditorium.

The show, titled "Currywurst: Not For Europeans Only," is being sponsored by Cal Poly's Women's Programs and Services and Multicultural Affairs. "Currywurst: Not For Europeans Only," is directed by her sister, Nina Kanga.

The title, "Currywurst," is taken from a popular German fast food. Proceeds from the show will be donated to the California Rural Legal Assistance fight against Proposition 187, the anti-immigration legislation passed by voters last June.

Suggested donations for the performance are $4 for students, children and low-income patrons and $6 for the public. No one will be turned away for lack of funds.

"Currywurst: Not For Europeans Only" is being sponsored by Cal Poly's Women's Programs and Services and Multicultural Center. For more information, call Women's Programs and Services at ext. 2600.
Videoconferences set on faculty development
A series of four video conferences presented by and for teachers interested in instructional development are scheduled during January.
Each workshop will include suggestions, live and prerecorded demonstrations, case studies, and open discussion.
The video conferences begin at 9:30 am and last about two hours. To participate, stop by Room 24 in the Education Building.
The schedule is:
- Creating Interaction I, Thursday, Jan. 11.
- Instructional Development II, Tuesday, Jan. 16.
- Creating Interaction II, Thursday, Jan. 18.
Most conferences will be broadcast on Cal Poly cable, channel 20. For more information, call Deby Ryan, Communications Services, at ext. 2215.

SIS+ training classes scheduled
Three SIS Plus training classes will be offered winter quarter, all in Chase Hall 104.
Employees need to complete a training session before they can access the student database.
- Wednesday, Jan. 24, from 9:30 to 11 am.
- Tuesday, Feb. 6, from 1:30 to 3 pm.
- Wednesday, Feb. 21, 9:30 to 11 am.
To reserve a space, call Jane Paris at ext. 2723.

Dairy science students win national contest
A group of Cal Poly dairy science students was awarded a $2,000 scholarship for winning the overall competition at the 74th Collegiate Dairy Product Evaluation Contest.
The team also came in first in the all-products category at the competition, held in Chicago.
Team members were seniors Kyle Jensen, John Devin Woodill, and Hai Ngo.
Woodill was named the top individual overall and won the All Products Award for placing 2nd in milk and butter. Hai Ngo took individual 3rd in butter. The team scored 2nd in ice cream, 6th in milk, 3rd in cottage cheese, 11th in cheddar, 4th in yogurt and 1st in butter.
The contest is sponsored by the Foundation of the Dairy and Food Industries Supply Association, U.S. Department of Agriculture, and American Dairy Science Association.
Student involvement in the competition each year is made possible by industry contributions, which cover 90 percent of the cost.

Communications staffer wins RideShare prize
Bob Anderson in the Communications office won an emergency survival kit valued at $25 in the fall quarter RideShare "Registry" prize drawing.
Every quarter a prize is awarded to a staff person who is enrolled in the registry program. To be eligible, an employee must walk, bike, carpool, vanpool, or take the bus to work at least 15 days a month.
For more information on the RideShare Registry program, call Commuter Services at ext. 6080.

Retired department head honored by nurserymen
Ronald Regan, who served as department head of the Ornamental Horticulture Department (now Environmental Horticultural Sciences) from 1977 to 1991, was honored by the California Association of Nurserymen.
He received the first Ron Regan Education and Career Award, instituted this year to recognize an individual, business, agency, school or chapter for "developing ways to educate students about the importance of plants and attract individuals into the field of horticulture as a career."

Cal Poly Women's Club to hold Jan. 30 event
The Cal Poly Women's Club has scheduled its next meeting for 1:30 pm Tuesday, Jan. 30, at the Unitarian Church in San Luis Obispo.
The program will include "Adult Storytime," narrated by club member Penny Sullivan-Plumb. Carolyn Van't Riet will talk about her adventures in Borneo last summer.
For more information, call Imelda Gentile at 549-9249.
Applications accepted for IRA program status

The Instructionally Related Activities Board is accepting applications for recognition as a new IRA program. Instructionally Related Activities are those student-focused activities and laboratory experiences that are partially sponsored by an academic discipline or department and are integrally related to their formal instructional programs.

Applications are due to the IRA Board by Friday, Feb. 2. Send completed applications to Jason Koehn, chair, IRA Advisory Board, ASI, UU 217A.

For an outline of the procedure for submitting a request, call Vicki Stover, associate vice president for administration and finance, at ext. 2171.

Once a program is recognized as an Instructionally Related Activity, the program will be asked to submit a budget proposal. It is the IRA Board's intent to introduce program evaluation in the budget process beginning fiscal year 1996-97.

Report accidents when injuries occur

Faculty and staff members are reminded of their responsibility to file a Student/Visitor Accident Report when students and visitors are injured on campus.

This includes students injured in an approved off-campus activity as well as in a classroom or laboratory or on a field trip. All types of accidents involving visitors and students on campus must also be reported.

The completed accident form should be sent to Administration and Finance. For information or to obtain copies of the report form, call Nancy Vilkitis at ext. 2171.

When students and visitors are injured in an ASI activity or an ASI facility such as the Recreation Center or the University Union, ASI accident reports should be sent to the ASI Business Office.

For information on the ASI accident report or to obtain copies of the report form, call Phil Philbin at ext. 5808.

Please don’t confuse the Student/Visitor Accident Report with the State of California Employer’s Report of Occupational Injury or Illness (Worker’s Compensation) or the Foundation Accident Report, which should be completed when student assistants, faculty members and staff members are injured on the job.

For copies of those reports, call Human Resources at ext. 5427, Foundation Human Resources, ext. 1121, for foundation employees, or ASI, ext. 1281, for ASI employees.

Faculty and staff members in charge of the event, class or activity in which an injury occurs, or those who witnessed the accident, should complete the report within 24 hours of the incident. In some cases, the report might have to be filed by the injured individual.

For Worker’s Compensation, the supervisor of the injured employee is responsible for submitting a report to the appropriate office.

Typesetting service available on campus

Typesetting and paste-up services are available from the Communications Office.

A $10 minimum charge will be billed for such items as business cards, letterhead and invitations.

Additional costs are $15 for each 8 1/2 inch by 11 inch page, such as curriculum and career flyers; $40-$50 for a basic three-fold brochure; and $40 for 11 inch by 17 inch posters.

Prices for larger or different typesetting projects will be determined when they are submitted.

Those prices (except for the $10 minimum) are for projects submitted on computer disks. If keyboarding is involved, a labor cost of $20 per hour will be added.

For more information call Darlene Slack, director, Communications, ext. 1711.
Rhoads, 69
Howard Rhoads, retired crop science professor, died Friday, Dec. 8, at his home in San Luis Obispo. He was born in Montana and earned a master’s degree from Montana State College. He and his wife moved to San Luis Obispo County in 1958, the same year he joined the Cal Poly faculty. After teaching for 27 years, he retired in 1983.
Contributions can be made to the Howard Rhoads Memorial Scholarship Endowment and mailed to Kellyn Zimmerlin, Government and Corporate Relations, Cal Poly.

Compton, 81
Luvenia Compton, a retired librarian, died Thursday, Dec. 7, at a San Luis Obispo hospital.
Compton was born in 1914 in West Virginia. She earned a master’s degree from the University of Kentucky. She came to Cal Poly in 1969 and retired in 1979.

Butzbach, 92
Arthur Butzbach, a retired education professor, died Thursday, Dec. 21, at a San Luis Obispo hospital. He was born in San Francisco and raised in San Jose. He earned bachelor’s, master’s and doctoral degrees from Stanford University.
Butzbach taught at Cal Poly from 1950 until 1970.

Cal Poly offers low-cost counseling
The Cal Poly Community Counseling Service offers personal, couple, group, family and child counseling to community members days and evenings Monday through Thursday. Fees for an hour-long session range from $3 to $15, depending on household income. No one is denied service for lack of funds.
The clinic is staffed by graduate students in the master’s degree program in psychology under the supervision of clinically licensed faculty members in the Psychology and Human Development Department.
Clinic staff members treat a range of psychological disorders and interpersonal problems. Emergency or crisis counseling is not available.
Individuals in need of crisis counseling should contact Hotline at 549-8989 or San Luis Obispo County Crisis Service, 781-4700.
The counseling service is located in the Education Building. To schedule an appointment, call ext. 1532 and a clinic staff member will return your call.

All publications should be reviewed
Departmental publications are reminded that all university publications going off campus (newsletters, brochures, etc.) should be sent to Darlene Slack, director of communications, for review prior to printing and distribution.
Requests for mailing labels from either User Support or Advancement Records and Systems also need to be approved by Slack, as well as the material to be mailed.
For more information, or to discuss a proposed publication, call Slack at ext. 1511.

...pact with Vietnam
marketing efforts by California manufacturers of irrigation equipment.
Agencies such as the World Bank and the United Nations’ Food and Agriculture Organization are expected to participate in the technology transfer.
Vietnam has identified approximately 5 million acres of land that can be irrigated with American drip and sprinkler irrigation.
While having a generally tropical climate, Vietnam has a six-month dry season in which irrigation is needed to achieve reasonable agricultural crop production.
Coffee, tea, rubber, pineapple and cassava could be planted in large areas of the Central Highlands, Burt said, where the only feasible irrigation methods are drip and sprinkler — technologies practically unknown in Vietnam.

Hearings set to discuss transportation issues
Hearings are scheduled for county residents concerned with regional bus service and traffic on the Cuesta Grade, and all employees affected are encouraged to participate.
The first hearing is scheduled for 9:30 am Wednesday, Jan. 10, in the Board of Supervisors’ chambers in the County Government Building downtown. The meeting will cover “unmet regional bus needs” — not San Luis Obispo city bus service.
People affected by regional routes are those from Morro Bay, Los Osos, Santa Maria, the Five Cities area, and the North County. Anyone who would like to see bus routes or times changed to meet specific needs is encouraged to attend this once-a-year hearing to express any concerns.
Those unable to attend can send signed letters via campus mail to Jacquie Paulsen, Commuter Services, for delivery before the hearing.
Two hearings dealing with Cuesta Grade are planned. The first will be from 3 to 8 pm Wednesday, Jan. 17, in the San Luis Obispo Veterans’ Memorial Building. The second will be from 10 am to 2 pm Saturday, Jan. 20, in the Atascadero City Hall Rotunda Room.
The public is being asked to consider leaving the Grade as is, adding a northbound truck lane only, or adding truck lanes both north and southbound.
It is estimated that more than 42 percent of Cal Poly employees live in the North County.
For more information, call Paulsen at ext. 6480.
‘Star Wars’ technology topic of Jan. 11 talk

One of the largest programs of President Ronald Reagan’s so-called “Star Wars” initiative will be the topic of a talk at 11 am Thursday, Jan. 11, in Room E-45 in the Science Building.

Tom Ramos, a scientist from the Lawrence Livermore National Laboratory, will discuss the physics principles and physical design challenges involved in designing an x-ray laser that was to be pumped by a thermonuclear blast.

The event is being held by the Cal State Alumni Association in celebration of the Year of Alumni.

Tickets are $24 for unlimited use of attractions, and parking will be free. Children two years and under get in free. Tickets are sold on a first-come, first-served basis, and orders must be received by Tuesday, Jan. 9.

For more information or to order tickets, call the Alumni Relations office at ext. 2586.

Solicitation of vacation, sick leave

Employees are asked to donate sick leave or vacation credits on behalf of Debbie Ross, office manager in Student Academic Services. Ross must take at least two months off from work because of a medical disability.

Donations of either sick leave or vacation credits will help her remain in full pay status during her absence. Anyone interested in donating credits should contact Sandy Edar in Campus Student Relations and Judicial Affairs at ext. 2794 for the Catastrophic Leave Donation form.

Eligible state employees may donate up to 16 hours total of sick leave and vacation credit per fiscal year in increments of one hour or more.

CSU goes to Disneyland

All CSU alumni, family and friends are invited to an exclusive night at Disneyland on Friday, Feb. 9.

The “Happiest Place on Earth” will hold a private party from 8 pm to 1 am. The event is being held by the Cal State Alumni Association in celebration of the Year of Alumni.

Tickets are $24 for unlimited use of attractions, and parking will be free. Children two years and under get in free. Tickets are sold on a first-come basis, and orders must be received by Tuesday, Jan. 9.

For more information or to order tickets, call the Alumni Relations office at ext. 2586.

Dateline

Admission charge - $  

FRIDAY, JANUARY 5
Exhibit: “6,000,000” and “Killing Fields.” Through Sunday, Feb. 4, Library Lobby.
Auditions: Try out for a part in “Hecuba,” the Theatre and Dance Department’s winter quarter production. Davidson Music Bldg. 212, 7 pm.
SATURDAY, JANUARY 6
Music: William Spiller (Music Department) will give a piano recital. Theatre, 8 pm. ($)
MONDAY, JANUARY 8
WEDNESDAY, JANUARY 10
Circus: Pickle Family Circus will perform “Jump Cuts! The Circus Goes to Hollywood.” Also on Thursday, Jan. 11. Theatre, 7 pm ($)

THURSDAY, JANUARY 11
Video Conference: Instructional Development II, Education Building, Room 24, 9:30 am.
Speaker: Tom Ramos (Lawrence-Livermore National Laboratory) will discuss “The Nuclear Pumped X-Ray Laser.” Science E45, 11 am.
Circus: Pickle Family Circus will perform “Jump Cuts! The Circus Goes to Hollywood.” Theatre, 7 pm. ($)

FRIDAY, JANUARY 12
Performance: Performance artist Susan Kanga will present “Curry-wurst: Not for Europeans Only.” Chumash, 8 pm. ($)

SATURDAY, JANUARY 13
Music: Quartetto Gelato will perform. Theatre, 8 pm. ($)

SUNDAY, JANUARY 14

MONDAY, JANUARY 15
Holiday: Campus will be closed in observance of Martin Luther King Jr.’s birthday.

TUESDAY, JANUARY 16
Video Conference: Instructional Development II, Education Building, Room 24, 9:30 am.

WEDNESDAY, JANUARY 17
Video Conference: Graphics II, Education Building, Room 24, 9:30 am.
Dance: Toronto Dance Theatre will perform. Theatre, 8 pm. ($)

THURSDAY, JANUARY 18
Video Conference: Instructional Development II, Education Building, Room 24, 9:30 am.

SUNDAY, JANUARY 21
Film: Lecture, Artist’s Reception: In conjunction with the exhibit, “Africa: Between Myth and Reality,” the film “Betty LaDuke: An Artist’s Journey from the BETA to Timbuktu,” will be shown at the Palm Theatre, downtown SLO, at 4 pm. ($) LaDuke will speak on her life and work in Room 213 in the Business Bldg. at 6 pm, and a reception will follow in the University Art Gallery (in Dexter). Exhibit continues through Sunday, Feb. 4.
Position vacancies

More information and applications for the following staff positions are available from the appropriate human resources office. Faxed applications and resumes will not be accepted in lieu of official application.

STATE (Adm. 110, ext. 2236 or job line at ext. 1533) Official application forms must be received by 4 pm of the closing date or be postmarked by the closing date.

CLOSING DATE: Jan. 19 66708: Senior Secretary, College of Agriculture (Unit 7), $2202-$2629/mo.
66709: Clerical Assistant I, Extended University Programs and Services (Unit 7), $1620-$1906/mo., temporary through 12/31/96 with annual reappointment as funding permits.

CLOSING DATE: Jan. 26 66057: Programmer II, Institutional Studies (Unit 9), $3159-$3807/mo.

FOUNDATION (Foundation Adm. Building, job line ext. 7107). All foundation applications must be received (not just postmarked) by 5 pm of the closing date. (No fees)

CLOSING DATE: Jan. 19 Customer Service Department Assistant, El Corral Bookstore, $1751-$2278/mo. Provides supervision of cashiering services in a high-volume retail environment while demonstrating positive customer service skills.

FACULTY (Adm. 312, ext. 2844) Candidates interested in positions on the faculty are invited to contact the appropriate dean or department head/chair. Ranks and salaries for faculty positions are commensurate with qualifications and experience (and time base where applicable) unless otherwise stated.

EXTENDED CLOSING DATE: Feb. 5 66306: Tenure-Track Position, Mathematics Department (805 756-2206). Assistant (preferred) or associate professor ($35,888 to $45,216) in Mathematics Education beginning fall 1996. Responsibilities include teaching methods courses for prospective K-12 teachers, supervising student teachers and senior projects, and teaching mathematics courses. Doctorate in mathematics education with the equivalent of a master's degree in mathematics, or doctorate in mathematics, is required. Pre-college teaching experience and a background in educational technology and assessment is desired. Send letter of application, resume, professional goals, three letters of reference, and transcript (unofficial OK initially) to: Chair, Screening Committee, Mathematics Department. CLOSING DATE: Feb. 16 or until filled.
66309 Tenure-Track Position, Computer Engineering Program (805 756-1229). Assistant professor for 1996-97 academic year, contingent upon available funding (faculty appointment in Computer Engineering Program with tenure department in Computer Science). Ph.D. in computer science, computer engineering, or electrical engineering required. Candidates must have a strong commitment to teaching excellence, dedication to professional development and broad-based knowledge of computer engineering. Specialty in Computer architecture and design preferred. Teaching and advising students primarily at the undergraduate level, as well as teaching at master's degree level in the Computer Science and Electrical Engineering departments. CLOSING DATE: Feb. 29 66305: Transportation Research Engineers/Engineering Lecturers (part-time, full-time), College of Engineering (805 756-5062). Academic and 12-month positions available, lecture classification; renewal of contract for an additional year subject to funding. M.S. in relevant discipline, or B.S. in relevant discipline plus two years' applicable experience required. Research topics include traffic management and control and IVHS technologies. Positions are available June or September 1996. Please send letter and resume requesting an application to Chair of the Search Committee, Recruitment Code 66309, College of Engineering, and arrange for the sending of official transcript(s) and three letters of reference.

CPR schedule

The Cal Poly Report will be published every Friday through winter quarter. Copy is due by 5 pm a week before the publication date. Please double-space all articles and send them to Jo Anna Lloyd, Communications, Hemenway Hall. Last-minute items can be faxed to ext. 6533 or e-mailed to JLloyd@calpoly.edu. For more information, call the Communications office at ext. 1511.
