‘Curtain Going Up!’ on Cal Poly Arts season

Using the traditional backstage phrase “Curtain Going Up!” as its theme – to signify the moment a stage dream becomes reality – Cal Poly Arts is set to begin its first season in the new Performing Arts Center.

In celebration of the center’s completion, Cal Poly Arts has also increased the scope and number of its offerings, up from 26 to 31. In addition, two new program series were created: Cal Poly Presents and New Directions.

Cal Poly Presents will showcase big-name, mainstream shows and artists, while New Directions events will lean toward the unconventional and experimental.

Cal Poly Presents series
- The Cal Poly Presents series will open Thursday, Oct. 17, with national touring production of The Who’s Broadway musical, “Tommy.” Winner of five Tony Awards, “Tommy” was considered groundbreaking for daring to fuse the worlds of opera and rock music. Today, the allegory of the “pinball wizard” comes spectacularly to life as a fully staged, dazzling musical production.
- Monday, April 7 - Performance artist, movie-maker, and actor Spaulding Gray will perform his latest work, “Slippery Slope,” about the trials and rewards of being an “older,” 40-something father.
- Friday, Feb. 21 - Renowned, piano-playing PBS comedian Mark Russell will bring his wry, witty insights to the Cal Poly stage.
- Wednesday, May 25 - The national touring production of “Kiss of the Spider Woman,” a multiple Tony-winner starring Argentine sensation Sandra Guida, will be staged.

New Directions series
- The first New Directions event will be The Whirling Dervishes on Thursday, Jan. 23. Hailed by critics in Los Angeles and San Francisco, the troupe of musicians, scholars and devotees of Turkey’s Mevlevi Order mesmerizes audiences with its reenactment of a religious ceremony.
- Tuesday, Feb. 18 - New York performance artist Danny Hoch will give San Luis Obispo residents a taste of the Big Apple. The Village Voice named him “Culture’s Best and Brightest” for his dazzling assortment of perfectly rendered New Yorkers.

Great Performances series
- The Carnegie Hall Jazz Band will inaugurate the always-popular Great Performances series on Thursday, Nov. 7. Under the direction of jazz master John Faddis, the big band excels at no-holds-barred jazz, diving into re-worked classics.
- Tuesday, Jan. 28 - Japan’s legendary percussionists, Kodo, will thrill theatergoers with their blood-coursing, heart-pounding performance.
- Friday, Jan. 31 - The Israel Camarata Orchestra will perform.
- Tuesday, March 18 - The renowned Polish folk dance company Mazowsze will make its second Cal Poly appearance.

Family Arts series
- The 1996-97 Family Arts series premieres Tuesday, Oct. 15, with Dr. Dinosaur, a fun-filled educational story about dinosaurs who start a Saturday morning children’s television show.
- Friday, Nov. 8 - TheatreWorks/USA will stage its musical production about “Curious George,” a lovably mischievous monkey.
- Saturday, March 22 - Sesame Street’s Bob McGrath will appear in (Continued on page 2)

Major utilities project gets under way

Preliminary work has begun on a $23 million upgrade of Cal Poly’s heating, electrical and water systems that will at times be a mess but won’t stop any campus activities.

The project, dubbed “utilidor” for the mile-long underground “corridor” that will be built to house the utilities, is expected to take 20 months to complete. The trench will loop around the campus’s Perimeter Road.

All campus activities will continue during the construction. Classes will be held, facilities will be open, and public events will be staged.

Director of Facilities Planning Robert Kitamura is working closely with representatives from the construction company, Swinerton and Walberg, to minimize disruption to the campus.

“We expect there to be scheduled road, sidewalk and bike-lane closures and utilities disruptions,” Kitamura said, “but the work is being carefully planned in stages to minimize the impact.”

“While most parking lots will remain accessible, we are encouraging everyone to consider using alternative transportation when possible, including car pools, van pools and buses,” Kitamura said.

For up-to-date information about the project, detours and planned disruptions, call the “utilidor hotline” at ext. 6808.
ASI’s Harrigan resigns; Lilly named to post

ASI Executive Director Polly Harrigan has resigned the post effective Aug. 31. Soncia Lilly, assistant to Vice President for Student Affairs Juan Gonzalez, has been chosen to serve in the position through June 1998, ASI President Steve McShane has announced.

Harrigan will take on Lilly’s job, aiding Gonzalez in the oversight and management of the Student Affairs Division.

“Polly’s special talents and experience will be a great asset to the Student Affairs Division,” Gonzalez said. “She has served the ASI well for more than three years and established an admirable trust and rapport with students.”

Lilly was appointed to the ASI post by student body officers after a recommendation by a search committee that included the officers as well as other students, university managers, Harrigan, and Gonzalez.

Departments are encouraged to monitor lodging expense reimbursement claims.

Students to be surveyed during fall registration

When students call CAPTURE to register for fall quarter, they will be asked if they “have the interest and ability to participate in NCAA-sanctioned intercollegiate athletics competition,” to which they can answer “yes,” “no,” or “decline to respond.”

The Institutional Studies office asks the faculty and staff to help make students aware of the survey and to let them know they will be asked this question only once during the fall registration period.

Students are being queried because the CSU CAL-NOW consent decree concerning equal opportunity for women stipulates that a biennial survey be conducted among currently enrolled and prospective students.
