Livestock Entered In Great Western; Judges Place at Utah

Entries in the Great Western Livestock Exposition in Salt Lake City, Utah, have been received for the desired numbers of the Cal Poly livestock team following the plans drawn on Saturday, Oct. 18. Students, faculty and staff of the College Union remained along with the Cal Poly Alumni in Ohio and returned to aid the injured players before their release from Toledo hospitals.

San Luis Obispo Country has...
Dear Editor,

This is an extremely hard task. This is the first in a series of letters to the Editor. I have heard of the tragedy involving your football team which occurred in Toledo Express Airport tonight.

I had the honor to cover this afternoon's game between Cal Poly and Bowling Green in my capacity as sport editor of the Star News. I must tell you now that the story of the first was no indication of the game that your school played.

Your team played the gentleman and they played hard and well. They represented your school to the utmost of their ability. We had breaks and you didn't which probably told the tale of the game.

I want to tell the higher up after the game that I am sure that the rest of the world will be greatly interested in what a fine person. In fact, after being shown the kind he was extremely cooperative with us.

To say that the news of the crash upset this campus would be an understatement. I'm sure that every student here, the members of the football team, the coaching staff, the administration, and faculty will join me in extending their deepest sympathy to your school and to the families of the deceased players.

Sincerely yours,
ROBERT HOVOR
Sports Editor, The Daily News

Vandenbergs Man Speaks
Here on Atlas Program

Ben J. Wernicki will speak to the American Rocket Society tonight at 7 p.m. in Ag B 60 on demonstration of the Atlas Weapon System.

Wernicki received his bachelor of science degree from the University of Wisconsin in 1956 in aerospace engineering. After graduation he worked for the Naval Ordnance Laboratory at Silver Springs, Md. until 1956. He has been employed by Convair Aerospace at Vandenberg as senior vice-president of the engineering support group for the Atlas ICBM since that time.

His work includes instrumentation requirements, data analysis, reliability, test planning, test procedures, and engineering. He will be supplemented with slides.

Mer-Man Drop Pair; State Tourney Next Week

While turning in an outstanding 26-0 performance against San Fernando State in the Poly pool last week, Coach Dick Anderson's water polo team came unplugged over the past weekend, losing to San Francisco State 11-8 Thursday night in the Bay Area, and dropping an 8-7 decision to U.C. Santa Barbara Friday in the winner's pool.

The Poly warriors, currently sporting a three-wide three-loss record against intercollegiate competition, held wins over Fresno State, Los Angeles State, and San Fernando State, while losses have come via Long Beach State, San Francisco State and UC Santa Barbara.

Anderson is currently sharpening his swimmers for the state meet, which will be held the following week at Poly. The San Francisco State meet Friday and San Joaquin Thursday since are scheduled to enter the tournament. In addition, the Poly men will also be entered in the champion Long Beach State, Los Angeles State, San Francisco State, San Joaquin Thursday since, and the state meet itself.

San Francisco Valley will be the third area team to date. Last year the team Martin declared the San Francisco Valley tourney winner.

"This year our team will travel further north than they ever were in the past. Ever since.

Bulldogs vs. Bullpups Friday
In Memorial Fund Contest

Collegiate football returns to Mustang Stadium next Friday night when the undefeated Hancock Junior College of Santa Monica, California, football squad meets the Fresno State College Jr. varsity in a contest with all proceeds earmarked for the Cal Poly Memorial Fund.

Through the joint efforts of the local Telegram Tribune newspaper, the game has become a reality. Both squads will donate their services Friday night in an effort to increase a fund to assist the families of the late Poly Mustang football players killed in the ill-fated air crash in Toledo, Ohio, Oct. 9. Donations for the memorial game will be $1 per person, general admission.

There will be no reserved seats for the contest.

Cal Poly football fans might take special pleasure in the success of the Hancock Junior College outfit, since the former Mustang quarterback, John Madden, and Dick Morrison, serve as assistant coaches under head coach, A. C. Gentile. With the Mustangs playing so well, there are plans to make the event a yearly occurrence.

The Poly fans can expect a real contest with all proceeds earmarked for the Cal Poly Memorial Fund.

The Bullpups from Fresno are undefeated this season, but fell to the Sun Bowl, Miami, 12-0 last Saturday.

The Poly team, which last week fell to the Sun Bowl, Miami, 25-0, will endeavor to turn the tables on the visitors from the north.

There will be no reserved seats for the contest.

During the game, a stereo music stand will be set up in the stands to assist the fans in their enjoyment of the contest.
Rodeo Team Takes Second Season Win
A total of 975 points gave the Cal Poly rodeo team its second victory of the season when they placed over five other college competitors at Temple, Aztec, recently.

The University of Arizona came in second, and 897 points followed by Arizona State in third.

Jack Sparrow took the title of all-around cowboy, in second place over five other college riders. He also placed in second go-round middle bronc riding and split fifth and sixth in the bull riding.

Kay Chilton won the second round of calf roping and was second in the average.

Rocky Reagan was second in second round of bronc riding and the average average. He was third in the third and the average average.

The tournament is under the direction of Physical Education major Judie Swart.
