**Military Ball Queen Contest Narrowed To Six Finalists**

"Finalists for the ROTC Military Ball have been announced and will be voted on soon," announced Pete Boudreau, vice chairman.

Dr. Arlene Kajiwara, one of the finalists, is a 19-year-old senior home economics major from Pacific Palisades, Calif. Judy Duboy, a 19-year-old freshman, is a member of the Music Club.

Judy Arnold, also an Education major, is a majorette with the Cal Poly majorettes.

**Petitions Now Available For Poly Royal Queen**

Petitions are now available in the Student Government Office for Poly Royal Queen. Any student who has a 2.0 grade point average or has a summing of mathematicians or above is eligible to enter the contest.

Queen chairman Mike McFloyd has announced that the petitions will be turned in to the Administration Building by Dec. 6 to the Student Government Office.

Any student who is interested in working with the Student Government Office is urged to leave his name and address in the AAB office.

**Judging Team Sweeps Great Western Show**

Cal Poly's 1941 Livestock Judging Team got off the ground by sweeping the Great Western Stock Show Judging contest, Nov. 20-25.

Sam Baldwin, Lead, and, Gordon Gibson, Fred; Robert Brown, 4th and Art Linton 5th.

Besides the individual placements, Poly's team was in second and twelfth judging and, in all other points, the champion team.

Fourty competitors were competing in order of placing from Fresno State, Ohio State, Cal Poly, Arizona State, Montana State, and Orange County UC Poly Royal Queen.

Mr. Richard Johnson, Poly Judging coach, accompanied the team to the Los Angeles contest.

**IAS Sponsor Model Meet At Strip Sunday**

A model airplane meet sponsored by the IAS will be held at the college airport Sunday Dec. 4. at 9 a.m.

The meet is open to hang-gliders, gliders, airplanes, and planes awarded from a local hobby shop.

Anyone having any type of model aircraft is invited to participate (just for the sport of flying), said George Garrel, IAS president.

The IAB members and guests held a picnic at Costa Mesa Park last Sunday.

**ICBM Engine Given To Aero Department**

Cal Poly's Aeronautical Engineering Department now has possession of the ICBM engine at the University's College of Science and Engineering.

"The 150,000-pound engine," Richardson says, "will be used by the department as a demonstration model," as it now is in the department's engineering laboratories.

First from Vandenberg Air Force Base, Calif. this fall, the missile was in flight for eight seconds and then landed safely on the base and the safety officer had to order the projectile destroyed.

"Filling in this need," Richardson adds, "is a new engine which will be developed through the efforts of Dr. Edward M. Rutherford, chairman of the Aeronautical Engineering Department. The 150,000 pound engine was donated to Cal Poly and the ICBM engineering laboratories.

**McPhee Hosts SAC; Praises Conduct**

President Julian A. McPhee was host to the Student Affairs Council at a traditional lambs' week in N. 116. After the lunch the president complimented the SAC and entire student body on their conduct during the preceding week.

McPhee said this fall was one of the best he has had in his career.

In a few words praising the Red Cross drive and interest during the dinner, McPhee said that this year's drive is the "most important" in the history of the university.
Red Cross Plays Major Role After Toledo Crash

BY CAROL BUCHER

American Red Cross played a major role in the tragic airplane crash in Toledo, Ohio. Cal Poly owns a large vote of thanks to the Toledo chapter and Toledo, Ohio chapters of the Red Cross.

On the night of the ill-fated plane crash, Red Cross workers were on the scene of the accident immediately. First information on the possible involvement of the Poly team was relayed to the local chapter at 11:15 p.m. Saturday by the Toledo branch. This information was given to college officials by 11:30 p.m.

President Herbert Kennedy was able to get the college the first official report from air lines officials as to the fact there were 80 survivors and two known fatalities. Funds were made available by the National Red Cross to transport Poly students into the three hospitals. The Ohio chapter reported 85 charter members had contacted all families involved.

In my opinion, the October issue of El Mustang was an excellent report on our student body. The year 1960 did not see a new student body. Again, may I express my deepest sympathy.

John Kennedy is the first president to have served in the U.S. Navy.
Hancock Outlasts Fresno JV's 36-26

A fiery Santa Maria delegation poured in a star-studded crowd of 8,600 at Poly Stadium last Friday night. It was the "derby game" between the Santa Maria and Central Catholic teams, and it was shaping up to be a memorable game, as the Bakersfield school's homecoming game was being played over in Fresno. Their teams both finished their seasons with a perfect 9-0 record.

The Bakersfield game opened with 2 minutes remaining in the first period when quarterback Tom Hennesy scored a touchdown from the 11. The score was 0-6, and the Bakersfield defense then held the Central Catholic offense scoreless for the rest of the game.

In the second period, the Central Catholic defense held the Bakersfield offense scoreless, and the score was still 0-6. In the third period, the Central Catholic defense held the Bakersfield offense scoreless again, and the score remained 0-6. In the fourth period, the Central Catholic defense held the Bakersfield offense scoreless, and the score remained 0-6. The Bakersfield defense then held the Central Catholic offense scoreless for the rest of the game, and the final score was 0-6.

Marching Band Salutes Famous Broadway Pair

Marching Band paid tribute to the late Oscar Hammerstein II and Richard Rodgers Friday night during half-time at the Fresno State-Humbold memorial game. \[...\]

British Story Featured

Books at High Noon takes back to Life, 116 on Nov. 16 for a review of "Daphnes and Dames," the autobiography of Jessica Milford. By Pat Clark. Miss Clark is the last of the younger daughters in the large family of Lord and Lady Redesdale, a splendid pair of Eng-lish aristocrats, in the style of Nancy Mitford, the well-known novelist. This is an especially tall- ing commentary on British upper-class life of pre-World War II days.

El Corral Will Be Open

El Corral fountain will be open during Thanksgiving holidays. On Wednesday, Friday and Saturday, refreshments will be served from 11 a.m. to 11 p.m. Lunch will be from 11 a.m. to 3 p.m. as it is yearly. No dinner will be served on these days.

On Thanksgiving Day, the fountain will be open from 11 a.m. to 3 p.m. as it is yearly. No dinner will be served on these days.

On Sunday, lunch will be served from 11 a.m. to 3 p.m. and dinner will be served from 4 p.m. to 9 p.m. Sunday calls for 10 p.m., served from noon to 1 p.m. for 110.

IBM WILL INTERVIEW NOVEMBER 30

Candidates for Bachelor or Masters Degrees are invited to discuss opportunities in:

Marketing and Sales

This is a unique opportunity to find out about the many career opportunities at IBM. The IBM representative can discuss with you typical jobs, training programs, chances for advancement, educational, financial rewards, and company benefits. The representative is the major factor that effect your future.

SOME FACTS ABOUT IBM:

An Unusual Growth Story: IBM has had one of the exceptional growth rates in industry. It has been a planned growth, based on ideas and products having an almost infinite application in our modern economy. Diverse and Important Products: IBM develops and manufactures a wide range of products in the data processing field. IBM computer and allied products play a vital role in the operations of business, industry, science, and government.

Across-the-Country Operations: Laboratory and manufacturing facilities are located in Endicott, Kingston, Owego, Poughkeepsie and Yorktown, New York; Burlington, Vermont; Lexington, Ken- tucky; San Jose, California; and Rochester, Minnesota. Headquarters is located in New York City with main and service offices in 118 major cities throughout the United States. The Accent is on the Individual: We care nothing about what type of work a person does at IBM, he is given all the responsibility he is able to handle, and all the support he needs to do his job. Advancement is by merit.

The areas in which IBM is engaged have an unlim- ited future. This is your opportunity to find out what that future has to offer you.

Call or stop in at your placement office and arrange an appointment with the IBM representa- tive for the date above. If you cannot attend an interview, write or call the manager of the nearest IBM office:

Mr. W. G. Palmer, Branch Manager
IBM Corporation
2855 W. Wilson Blvd.
Santa Monica, Cal.
GL 1-1611

You naturally have a better chance to grow with a growth company.
