Students Will Decide New Government Plan

The Customers Always Write....

Dear Editor:

You asked us, do you students of Cal Poly, want your student government run by your department heads? If so, you have come to vote on the new form of government which has been proposed. The proponents of this form of government believe that the present government is too large and too impersonal. The department heads should control the student committees which are completely left out.

With the new amendments coming into effect, the student body president will have a new position. The student body president will have a new position.

The banquet, for all AHTE members, will be held in the student union. The banquet will be at your disposal. The banquet will be at your disposal.

Riders and Ropers Take First Victory

Larry Fanning rode his riding horse in his first ride at the Elliston Rodeo, Bakersfield, and took six more animals during the ten rides to lead the Poly team to victory.

"Mutt" Rainendorf, captain of the team and last year’s National Interscholastic Rodeo Association bull-dogging champion, was first in the all-around event title, and was first in the bull-dogging event.

The Poly team captured their first victories in this season’s spring rodeo with 474 points. Washington State captured 700 and Oregon Technical dropped them from the top. Fresno State, with a score of 700, was third, with 677 points.

The Mustangs are headed by Jerry Fanning, Frank Johnson, Check Hulce, and Bill Zilkos, while Jerry Fanning was first in the riding event.

Fanning was the only contestant in the entire rodeo to make a qualifying ride in the bull-riding. Other members of the Poly team placed high in several events adding points to the team total.

George "Hot" Putnam, a horse riding specialist, returned home to find his wife had presented him with a six pound six ounce baby girl.
