Get the Facts

Dear Editor:

The Rally Committee does not regulate or police any campus functions other than those which we have by our very nature chilled over ourselves. These functions and activities of the Rally Committee include basketball, fraternities, two block dances, motor contests, and several rallies.

There was no official representations from Rally Committee at the Wayneburger dance. I feel that if someone became obstinately to the point dance sponsors couldn't control him they should inform security. A check with security by the way revealed that this unknown individual was not a security officer of any type.

Why did Mr. Gordon Kennedy make insinuations against security and Rally Committee without first obtaining facts? Gordon has told me he didn't hear this man ever say he represented Rally Committee and could not tell me anyone who had heard him say this—Gordon doesn't even know his name! I see Gordon nearly every day and he never mentioned this disturbance to me to try to throw the Rally Committee off the point.

If he wanted to bring a charge against Rally Committee, why did Gordon write a letter to you? I feel that he should justify his remarks or withdraw them entirely. Basic rules of society demand that if a person publishes information it should be justifiable. Rally Committee did not disturb your dance. Why then did he levy these charges upon Rally Committee, Gary Gerhardt, Chairman Rally Committee.

Small Committee

Dear Editor:

It is sad to see that one who has gotten so far as college believes that one person makes up a committee, to wit "The Rally Committee." This seems to be Mr. Kennedy's belief or he is so strongly prejudiced against this organization that he has exploded the slightest adverse err to cast a shadow on it. Furthermore, he has been established beyond a doubt that Mr. Kennedy is not a member of the committee I think not, for if he would have put his foot as firmly in his mouth had any investigation been made. We feel it is our duty as Rally Committee members to protect our organization from false accusations, Terry Bliss, Glen Gillespy, Ed Plane.
